AFFIDAVIT OF POSTING

Agenda packets are available for public inspection 72 hours prior to scheduled meetings at the Community Services Department located at the Community Center, 3 Civic Center Drive, San Marcos, during normal business hours. Any agenda-related writings or documents provided to a majority of the commission after distribution of the agenda packet are available for public inspection at the time of distribution in the Council Chambers. I, Krystal Mainprize-Sawyer, Community Services Secretary, City of San Marcos, hereby certify that I caused the posting of this agenda on the bulletin board at the entrance of the City Council Chambers on Friday, April 10, 2015.

Date: April 10, 2015

Krystal Mainprize-Sawyer

The City of San Marcos is committed to making its programs, services and activities accessible to individuals with disabilities. If you require accommodation to participate in this meeting or any other City programs, service or activity, please contact the City Clerk's office at 1 Civic Center Drive, San Marcos, CA 92069-2949, or call (760) 744-1050.

REPORTS AND OTHER BUSINESS

4. Adult Sports Report

James Daza, Recreation Supervisor has been with the City for 20 years this May and said he is happy to still be with the City. The gymnasium is a 26,000 square foot facility with 3 full-size basketball courts, a multipurpose room and the Courts and Sports Office.

**COMMUNITY SERVICES COMMISSION
CITY OF SAN MARCOS
MARCH 18, 2015
PAGE TWO:**

The Youth Sports Council (YSC) was established in 2013 and although we have had challenges it serves a good purpose for the City and has been a great addition to San Marcos.

James reported on all the Youth Sports leagues updating the Commission on the number of participants in the program and the parks where they practice and hold games.

A youth tournament sports guide was created and will be given to all the visitors of San Marcos including the club teams and rec teams. The guide has information on where to stay in San Marcos, what to do and where to eat. One of the cool features of the guide is a map that will give you all of the features of a park when you hover over it.

Adult sports leagues are offered three times a year with a Spring, Summer and Fall season. The adult softball program has 320 teams with over 5,000 participants and generates \$142,000 in revenue. The leagues play mainly at San Elijo and Hollandia Park. Arena Soccer has 159 teams with over 2,000 participants and \$66,000 in revenue generated. One item being replaced down the road is the dashboard at both arenas. Basketball has 120 teams and San Marcos has one of the most competitive leagues in San Diego County. Many cities struggle to maintain an adult basketball program and we consistently have over 40 teams each season. The revenue generated is over \$43,000 for adult basketball.

Contractual adult leagues include adult volleyball with 28 teams and 144 participants. It is a contractual league run by Dick Letterman and it is a very popular program. Other contractual leagues include North County Community Soccer League, Leonesa, and the Latin and American Soccer League. These three organizations have almost 300 teams and they rent our fields which is a great source of revenue for the City.

CSUSM women's and men's basketball teams use our facility for practice every day of the week. They are building their own facility so this revenue source will end but in the meantime we are hosting them. The City Gymnasium hosted two men's college basketball games division NEI for Saint Catherine's. The Boy's and Girl's Club children were able to come watch a college basketball game at the Gym.

James will host more tournaments when possible and we will host Triple Crown Sports this year for the second time. James is working on having local business advertising at both arena venues.

**COMMUNITY SERVICES COMMISSION
CITY OF SAN MARCOS
MARCH 18, 2015
PAGE THREE:**

Chair Franklin thanked James for his 20 years of service and asked how he cultivates the collaboration with the School District. Staff noted that the City of San Marcos has a great working relationship with the School District. Dr. Holt and the School Board support the community and they partner with us on many levels. The School District also attends the Youth Sports Council and gives their input.

Chair Franklin asked if we have any potential groups to fill the place of the CSUSM basketball team when their facility opens. James noted it will be difficult to fill because it's used in the daytime, but Saint Catherine's is a possibility as well as charter schools who may need gym space.

Commissioner Maas asked if the parks have the right infrastructure to attract tournaments? James noted Walnut Grove Park is the best venue for tournaments because it is a large park and for most tournaments you need 6-8 fields onsite. James said we would love to have more parks that could accommodate large tournaments.

Commissioner Smith asked if the department is advertising to attract more tournaments. Staff noted we have to turn tournaments away because our regular groups are using the fields and because of the routine maintenance and field closures from the Public Works Department.

Commissioner Towsley commended James for doing a great job leading the Youth Sports Council. Towsley mentioned that there are advertising opportunities in the Sports Tournament Guide.

Commissioner Lindsay thanked James for his report and years of service and recalls the gymnasium being impacted and asked for his opinion as to whether the basketball courts and fields are the most impacted programs. James said definitely the youth and club basketball programs and the fields are impacted the most. The CSUSM use does not impact the community very much because it's before school lets out. The gymnasium is completely booked afterschool and weekends not allowing any outside groups like a charter school to use the facility. James said the SMUSD is working with us and allowing youth sports to use their gymnasiums and they even reduced the fees to make it more feasible for the groups.

Commissioner Walter asked if indoor soccer is still highly impacted to the point where we have to turn people away. James noted Bradley Park and Sunset is used every day until 9:30 pm and if we had another arena he could certainly book it up.

**COMMUNITY SERVICES COMMISSION
CITY OF SAN MARCOS
MARCH 18, 2015
PAGE FOUR:**

5. City Council Report April 28th

Staff noted the Commission Report will be given to the City Council on April 28th. Staff wanted Commissioners input on the topics for reporting. Staff said we have many options including how to meet the needs of the baby boomers who are retiring at 11,000 a day, increased attendance and options for special interest classes, and we could speak about all the special events our department holds, or any other topics the Commission suggests. Another suggestion for discussion was all the time and work that has been put into the Youth Sports Commission and the issues that have been overcome.

6. Beautify Bradley Park

Commissioner Towsley is at Bradley Park often for her son's games and Bradley. The park is high profile and there has been some incredible upgrades to the park in the past two years but an aspect of the park that could be improved is the curb appeal. Towsley noted the park has five equipment bins and if those just received a fresh coat of paint, they would look nice and uniform. The gravel in some areas has eroded and a lot of the pathways don't have delineation and or edging on them. If the gravel was evened out and raked and some edging material placed, it would be much improved. Commissioner Towsley said it would be ideal to have a community appreciation day where the neighbors and youth sports participants can pick up trash because the park is beautiful. It just needs a little care.

Staff noted they will mention all of this at the next monthly meeting with Public Works and determine what resources we have available and see if we can incorporate volunteers. One challenge with this park is the environmental sensitivity so we would need input from waste water and it may require a special permit to clean out the waterway. Staff will discuss this with the correct departments and get back to the Commission.

Commissioner Towsley asked if the area of land at the far eastern upper level of the park was owned by the City. Staff noted we have a master plan for Bradley Park and the area is proposed to be a 90 foot baseball facility with a 350 foot fence line to accommodate adult baseball.

Commissioner Walter said Bradley serves a lot of families and people. It's the oldest park in our City and is deserving of some care.

**COMMUNITY SERVICES COMMISSION
CITY OF SAN MARCOS
MARCH 18, 2015
PAGE FIVE:**

7. Discovery Bowl as a Signature Event

Commissioner Towsley thought it was time to revisit the Discovery Bowl as Commissioner Rios had discussed at a previous meeting. Towsley would like to help this effort if the Commission wishes to do so. Commissioner Towsley explained this event is the varsity football game between the two high schools in San Marcos. Staff noted he has reached out to Barry Zeait who is the ASB Principal at San Marcos High School and this event has great spirit. Staff noted in Chula Vista the Kiwanis service organization supported the event and they had a big trophy that went back and forth. Staff has been brainstorming as to what the Commission could do to support the event but it needs a service club or organization to back the event and get it organized.

Commissioner Walter will volunteer to be on an exploratory committee for this event.

8. PAWS with Friends Event April 25th

Staff explained that one of the Friends Board Members has taken the lead on this event and has created a PAWS event including an agility course, 5k Walk and pancake breakfast. The event has corporate and many grooming and pet shop sponsors and it will be a great event. The money raised for the event will go towards enhancing our dog parks by adding play components. If any Commissioners would like to assist with the event, let staff know and we will get them in touch with Lori on the Friends Board.

ORAL COMMUNICATIONS

Report from the Community Services Director:

Staff noted we recently hired Brenda Sylvia to replace the Senior Center Director position and she is coming to us from City of Cordova and Roseville where she previously worked. She graduated from San Diego State University and worked for Poway and Carlsbad cities in the past. She has a very diverse set of skills and we feel "we hit the jack pot". Staff will have her attend an upcoming meeting so the Commission can meet her.

Staff noted the 4th of July committee will be forming and starting again in April. Staff noted the committee helps to solicit and raise funds for the 4th of July event which is self-sustaining through donations.

**COMMUNITY SERVICES COMMISSION
CITY OF SAN MARCOS
MARCH 18, 2015
PAGE SIX:**

Staff noted we are currently looking into different food services for the Senior Center and three candidates were interviewed. The dynamic of meals for seniors has changed quite a bit and the number meals being served is starting to drop off because the baby boomer population is looking for a different type of meal.

Staff noted two candidates have been selected for the aquatics upgrades. The enhancement projects have been split into two projects. Aquatic Design will be bringing Las Posas up to speed. Woodland Park is a challenging project and we are looking into opportunities to work with the SMUSD. For now Jeff Cats and Associates has been tasked with looking at several options for Woodland Park. The first option is to open Woodland with a safe and usable pool for the public, and the second option is to make it a competitive pool with a recreation component to meet the needs of the community and the school water sports programs. The other option is a grandiose design with a 50 meter pool and a fully enhanced recreational component including water slides. The design consultants will come to the Commission to give a report once they get further along.

Staff noted the budget process is in full swing and we have had some changes within the department pertaining to full time and part time employees. There have been changes based on the Obama Care policies and providing health care to staff who work more than a certain number of hours per pay period. Along with this, it changes the Pers and Pars retirement plans for employees. These changes will affect the budget as the expenses will be more but staff is happy to forecast a 14% increase in revenue by the end of the fiscal year.

Staff noted the Friends of San Marcos Park and Recreation will be reporting to the Commission at an upcoming meeting.

Staff noted Ron Vinluan is working hard on collecting information on the use of drones at parks and will report to the Commission in April.

Staff noted neighbors near Double Peak Park have brought to our attention an issue with people parking outside the gates of the park and causing problems including making noise late at night and disturbing the neighbors. Staff has involved the Sheriff's Department and other City departments to make a plan to change the dynamics and impact these issues. The Traffic Commission will also be changing some signage on Double Peak to help alleviate these issues.

Staff has evaluated the fencing at Connors Park and we have made some changes to the fencing so it directs any traffic around the park so no one jumps the park fencing.

**COMMUNITY SERVICES COMMISSION
CITY OF SAN MARCOS
MARCH 18, 2015
PAGE SEVEN:**

Staff is hoping we don't get to a level 3 drought because we won't be able to water the 140,000 square feet of sod going in our parks this spring. Fields are being replaced at San Elijo, Las Posas, and Walnut Grove. We will evaluate if our wells can handle the watering.

Commissioner Maas asked if there is any opportunity to replace the turf with artificial turf? Staff noted there is a SB 47 issue with sports players ingesting the rubber material from the turf and there is increased cases of cancer happening with the players. California Parks and Recreation along with National Parks and Recreation Association are doing their own study to try and figure out their stance on this issue.

Commissioner Walter lives in the Discovery Hills area and the Rangers came by his house and went door to door to all the neighbors talking about the impact of the Trails Day event. Walter feels this gesture is great for the neighborhood and solves any issues before they start.

Commissioner Maas attended Trails Day and it was an awesome event. Maas also attended the San Marcos Alive event and it was also great. She said her favorite part was watching all the different dance demonstrations.

Commissioner Smith attended Trails Day and thought it was super fun. She was really impressed with the safety issues that were addressed. Some of the safety measures taken were water and snack stations along the hike, visors for people to wear if they forgot to bring one, and she thought having a hike leader follow each group of hikers to assist if needed was a great. She heard everyone saying how happy they were that all the trails are open and it helped give a feeling of closure to the fires.

Commissioner Towsley thanked staff for this informative report.

Commissioner Lindsay asked if Simmons Park is utilized as a sports field. Staff noted that currently it is not and we are dealing with this issue. Commissioner Lindsay noted it is a lesser known park and if the field is not officially utilized we could use it as we are short on field space. Staff noted we have had this discussion with Public Works and the grass planted is not a sports grass and we try to keep this park non-programmed so the public has an area to utilize without programmed sports using it. Commissioner Lindsay noted the park on Questhaven in San Elijo Hills has replaced all the grass and it is used basically as a practice field for sports groups. It may be better if it is controlled rather than non-controlled and if the City worked with the San Elijo Community Association maybe they could allocate and regulate the park. Staff noted if they wish to do that the City would work with them on scheduling the field for them.

**COMMUNITY SERVICES COMMISSION
CITY OF SAN MARCOS
MARCH 18, 2015
PAGE EIGHT:**

Commissioner Lindsay commented that the Trails Day Event was a very well organized event. It had excellent promotion and the signage on the major streets was a help. One of the rangers counted over 120 people and it could certainly expand and grow over the years.

Commissioner Maas noted the City's Facebook page is very limited and she took some great photos of the event and was not able to post the pictures. Staff apologized and said the photos can be posted on the Friends of San Marcos Parks and Recreation Facebook page.

Chair Franklin thanked staff for keeping the Commissioners informed with his updates. Franklin noted CSUSM has a drone and is interested to see how this will work with the information Ron collects. Franklin is excited for our upcoming staff and commission meeting and suggested the Gymnasium for the location.

Comments

1. Last year our pools did not open until April. We opened a month earlier this year for Saturday open swim.
2. San Marcos Alive had less attendance because the larger school groups who normally participate were unable to.
3. The Youth Classes are higher because our Archery Class had 35 different participants this month and all the classes have slightly higher enrollment this month.
4. In 2014 we held a Audition in March but all the rehearsals for show were held in April. This year both the audition and 8 rehearsals were held in March which is why March of 2015 has such high total entrances.
5. Only one camp day was held in March of 2014 and two camp days were held in 2015. So we are right on.
6. The trips change each year and each month so it will not ever be consistent. I included the trip schedule.

SAN MARCOS SENIOR CENTER

TRAILBLAZERS

Office Hours: 9 am to 1 pm
(760) 744-5535, ext. 3609

Travel with us, meet new friends and see the World.

Your recreation destination...

San Marcos
Parks & Recreation

We invite you to join

Friends of San Marcos

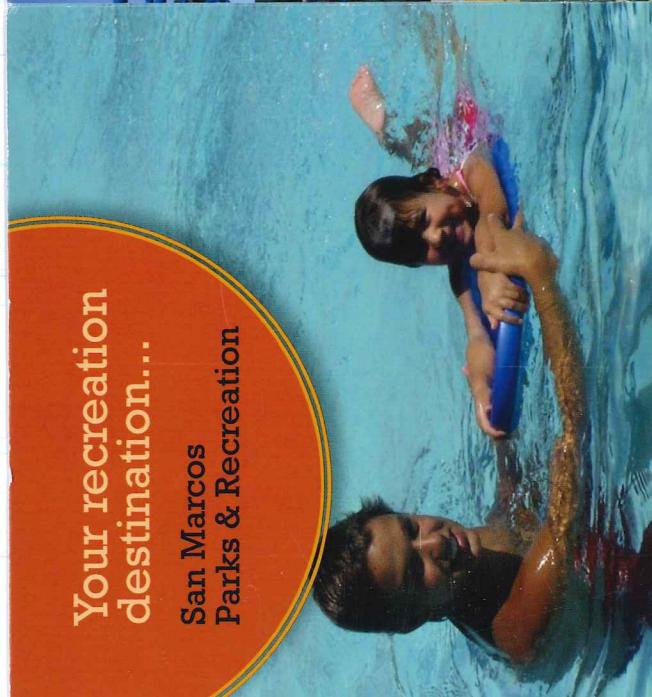

Parks & Recreation

A 501(c) (3) nonprofit organization | Tax ID 90-0984640

Please complete the form below and return to:

San Marcos Community Services
3 Civic Center Drive • San Marcos, CA 92069
Attn: Friends of San Marcos

or join online at friendsofsanimarcos.org

Features & Benefits

By becoming a **FRIEND** you will receive:

Join the **Friends of San Marcos Parks & Recreation** and demonstrate your support for quality parks and recreation programs by promoting:

- Community engagement
- Safety and security
- Enjoyment and fun
- Health and wellness
- Preservation of environmental resources
- Economic development

Window cling identifying you as a **Friend of San Marcos Parks & Recreation**.

- Opportunities to receive discounts and passes to special programs.
- First notice about important legislation or local governmental decisions that may affect your parks and recreation opportunities and tips on how **you can make a difference!**
- Pride of in being "in the know" with periodic "Did You Know?" facts that can make social gatherings a little more interesting.

Yes, I want to make a difference by supporting local parks, trails, programs and events in San Marcos through Friends of Parks & Recreation. I understand I will receive occasional emails and e-newsletters highlighting important events and activities that are happening with my support!

Annual fee is \$25/household.

Friends of San Marcos Parks & Recreation

a nonprofit organization

Did you know?
San Marcos has
more than 62 miles
of multi-use trails
(hiking, biking and
equestrian).

Did you know?

Did you know?

86% of San Marcos residents surveyed indicated that they or someone in their household typically visits San Marcos parks, trails or recreation facilities at least once per month, with more than 53% doing so weekly.

Advocate for the health and happiness of the community and visitors of San Marcos by enhancing the City's Parks & Recreation programs and facilities.

MISSION

Become a member and join those who are helping to improve the health and economic strength of the community through parks & recreation.

VALUES

Commitment

Dedicated to responsible stewardship
Collaboration
Reaching out and working together
to realize shared goals

Vitality

A vibrant and energetic view of life

Examples of upcoming projects to be supported by the **FRIENDS**...

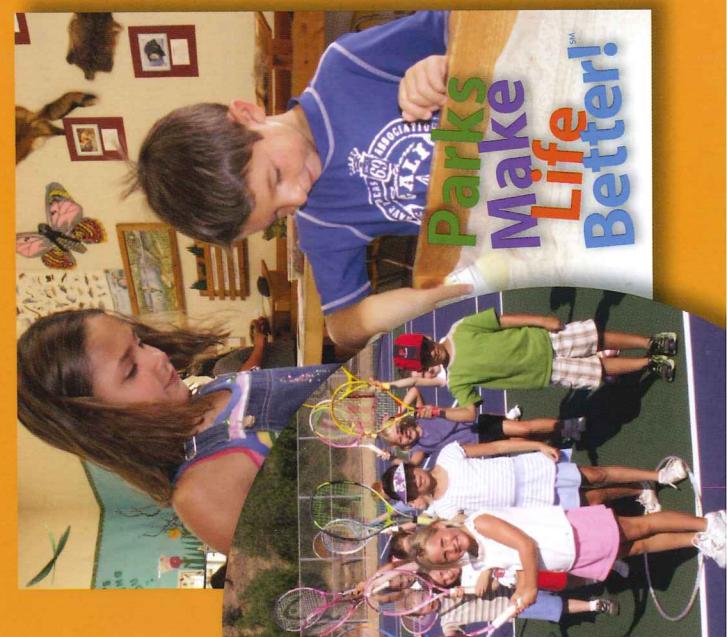

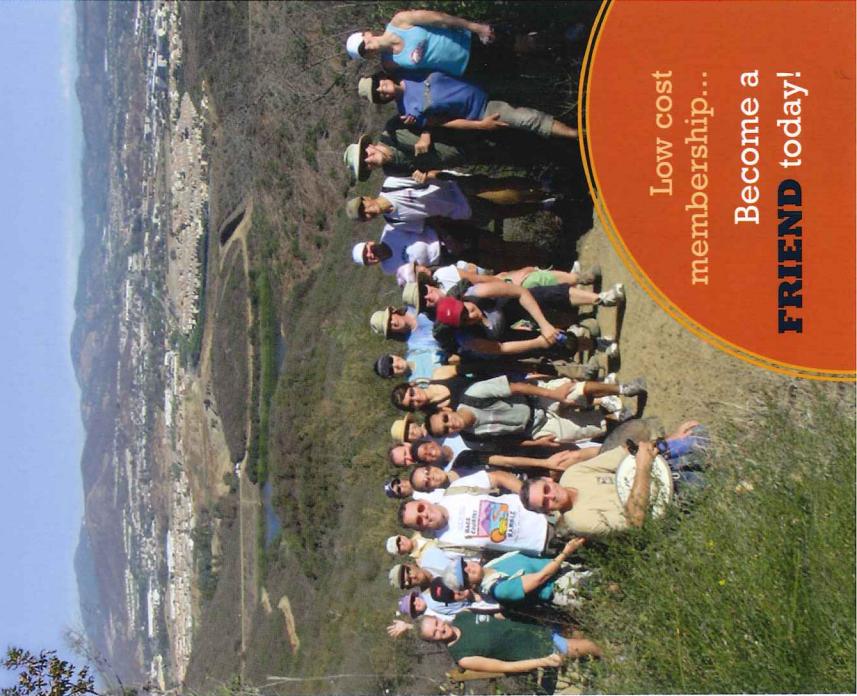

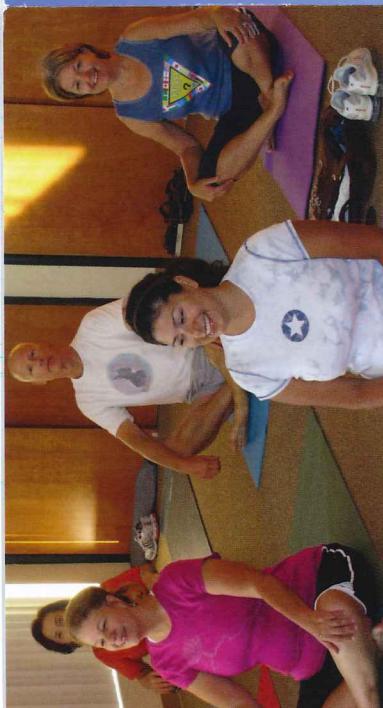

- Increasing and improving signage on the trail system
- Enhancing park features at Bradley Park to provide more usable space for all San Marcos residents
- Permaculture Food Forest at Jack's Pond

HOLD HARMLESS/INDEMNIFICATION AGREEMENT

Applicant represents and agrees as follows:

- Applicant has received, reviewed and fully understands the Policies and Regulations for use of the facility. Applicant and all members of applicant's group or organization shall abide by the Policies and Regulations.
- Applicant has inspected the City property or premises proposed for use and has determined that they are in a safe and appropriate condition for the activities planned. Applicant and all members of applicant's group or organization hereby ensure that said property or premises will be kept and operated in a safe and appropriate condition.
- Applicant waives, releases and discharges any and all claims for or right to claim damages for any personal injury or property damage that may occur to it, members of its group or organization or anyone directly or indirectly employed by it or them as a result of Applicant's use of the City's facilities. This release is intended to discharge in advance the City of San Marcos, the San Marcos Redevelopment Agency and their elected and appointed boards, officers, agents and employees from and against any and all liability that may arise out of negligence or carelessness on the part of the City or its employees.
- Applicant and the members of applicant's group or organization, individually and collectively, hereby agree that: Applicant shall indemnify and hold harmless City of San Marcos, the San Marcos Redevelopment Agency and their elected and appointed boards, officers, agents and employees from and against all claims, damages, losses and expenses including attorney fees arising out of the performance of the activities described herein, caused in whole or in part by any negligent act or omission of the Applicant or any member of Applicant's group or organization, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, except where caused by the gross negligence or willful misconduct of the City, its subdivisions, officers, agents or employees.
- Applicant is expressly authorized to bind each and all of the members of applicant's group or organization.

BUCK MARTIN, COMMUNITY SERVICES DIRECTOR

Some Cities in the SD County that allow remote control/park flyers

San Diego

- Fiesta island (AMA)
- Torrey pines glider port (AMA)
Gliders only non- motorized, must check in with “Gulls” prior to flying at site

Coronado

- Glorietta bay (AMA)

Vista

- Currently Closed

Carlsbad

- Any sport field that is unoccupied and has natural surface, only during park hours
- AMA

What is AMA?

- AMA is the Academy of Model Aeronautics.
- AMA is the world's largest model aviation organization, representing a membership of more than 150,000 from every walk of life, income level and age group.
- AMA is a self-supporting, non-profit organization whose purpose is to promote development of model aviation as a recognized sport and worthwhile recreation activity.
- AMA is an organization open to anyone interested in model aviation.
- AMA is the official national body for model aviation in the United States. AMA sanctions more than a thousand model competitions throughout the country each year, and certifies official model flying records on a national and international level.
- AMA is the organizer of the annual National Aeromodeling Championships, the world's largest model airplane competition.
- AMA is the chartering organization for more than 2,500 model airplane clubs across the country. AMA offers its chartered clubs official contest sanction, insurance, and assistance in getting and keeping flying sites. Flying site assistance and disaster relief funds are available to chartered clubs.
- AMA is the voice of its membership, providing liaison with the Federal Aviation Administration, the Federal Communications Commission, and other government agencies through our national headquarters in Muncie, Indiana. AMA also works with local governments, zoning boards, and parks departments to promote the interests of local chartered clubs.
- AMA is an associate member of the National Aeronautic Association. Through NAA, AMA is recognized by the Fédération Aéronautique Internationale (FAI), the world governing body of all aviation activity, as the only organization which may direct U.S. participation in international aeromodeling activities.
- For more detailed information, contact the Academy of Model Aeronautics, Marketing Department, 5161 E. Memorial Drive, Muncie, Indiana, 47302 or telephone 1-765-287-1256.

AMA Vision

We, the members of the Academy of Model Aeronautics, are the pathway to the future of aeromodeling and are committed to making modeling the foremost sport/hobby in the world.

This vision is accomplished through:

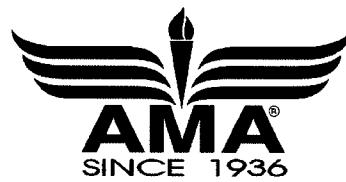

- Affiliation with its valued associates, the modeling industry and governments;
- A process of continuous improvement;
- A commitment to leadership, quality, education and scientific/technical development; and,
- A safe, secure, enjoyable modeling environment.

AMA Mission

The Academy of Model Aeronautics is a world-class association of modelers organized for the purpose of promotion, development, education, advancement, and safeguard of modeling activities. The Academy provides leadership, organization, competition, communication, protection, representation, recognition, education and scientific/technical development to modelers.

PARK PILOT PROGRAM

Park Flyer Definition

Park flyer models will weigh 2 pounds or less and be incapable of reaching speeds greater than 60 mph. They must be electric or rubber powered, or of any similar *quiet* means of propulsion. Models should be remotely controlled or flown with a control line, remain within the pilot's line of sight at all times, and always be flown safely by the operator.

Safe Operating Recommendations

- Inspect your model before every flight to make certain it is airworthy.
- Be aware of any other radio frequency user who may present an interference problem.
- Always be courteous and respectful of other users of your selected flight area.
- Choose an area clear of obstacles and large enough to safely accommodate your flying activity.
- Make certain this area is clear of friends and spectators prior to launching your aircraft.
- Be aware of other activities in the vicinity of your flight path that could cause potential conflict.
- Carefully plan your flight path prior to launch.
- Abide by any and all established AMA National Model Aircraft Safety Code.

Park Flyer Definition

Park flyer models will weigh 2 pounds or less and be incapable of reaching speeds greater than 60 mph. They must be electric or rubber powered, or of any similar *quiet* means of propulsion. Models should be remotely controlled or flown with a control line, remain within the pilot's line of sight at all times, and always be flown safely by the operator.

A Park Flyer site can be either an outdoor or an indoor venue. When

flying at sites specifically designed for Park Flyers, the pilot will keep the model within the established flight boundaries of the field. Members need to take into consideration several factors, including piloting ability, weight, size, and speed of the Park Flyer model, to determine if a Park Flyer site is an appropriate venue for flying a particular model. The test should be, "Can I fly this model safely and quietly at this flying site?"
