

Agenda

MEETING OF THE SAN MARCOS COMMUNITY FOUNDATION

WEDNESDAY, AUGUST 12, 2015 – 6:00 P.M.

**MEETING OF THE
SAN MARCOS COMMUNITY FOUNDATION
GRANT FUNDING COMMITTEE**

**SAN MARCOS ROOM
1 CIVIC CENTER DRIVE
SAN MARCOS, CA 92069**

Cell Phones: As a courtesy to others, please silence your cell phone or pager during the meeting and engage in conversations outside the meeting room.

Americans with Disabilities Act: If you need special assistance to participate in this meeting, please contact the Board Secretary at (760) 744-1050, ext. 3121. Notification 48 hours in advance will enable the City to make reasonable arrangements to ensure accessibility to this meeting. Assisted listening devices are available for the hearing impaired. Please see the Board Secretary if you wish to use this device.

Public Comment: If you wish to address the Board on any agenda item, please complete a “Request to Speak” form. Be sure to indicate which item number you wish to address. Comments are limited to FIVE minutes.

The Oral Communication segment of the agenda is for the purpose of allowing the public to address the Board on any matter NOT listed on the agenda. The Board is prohibited by state law from taking action on items NOT listed on the Agenda. However, they may refer the matter to staff for a future report and recommendation. If you wish to speak under “Oral Communications,” please complete a “Request to Speak” form as noted above.

Agendas: Agenda packets are available for public inspection 72 hours prior to scheduled meetings at the Administration Department located on the second floor of City Hall, 1 Civic Center Drive, San Marcos, during normal business hours.

AGENDA

CALL TO ORDER

ROLL CALL

Project Name: Residential Services Program Date Submitted: 6/10/2015	Total # of people served: 85 Total # of San Marcos residents served: 85	Amount Requested: \$ 5,000
Non-Profit Organization Name and Address, Website Casa de Amparo 325 Buena Creek Road San Marcos, CA 92069 www.casadeamparo.org		Contact Person – Name, Title & Phone, email Katherine M. Karpe, CFRE Director of Development 760-754-5500 kkarpe@casadeamparo.org
<p><u>Briefly describe your request for funds (to be expanded upon in narrative for regular grant):</u></p> <p>Casa de Amparo is respectfully requesting support for our Residential Services Program which improves the quality of life for children and teens who have been removed from their homes due to child abuse or neglect. Residential Services is a Level 12 licensed group home, meaning the majority of residents are dealing with significant behavioral and mental health challenges as a result of their maltreatment. The program's services are trauma-informed and therapeutically-based to ensure that each resident receives the necessary tools to succeed once they leave our care. Residential Services accommodates up to 42 youth simultaneously, prenatal to 18 years old, while supporting approximately 85 residents throughout the year. The program's ultimate goal is to assist residents as they overcome the traumatic effects of abuse and neglect so they can enter their next stage in life as healthy, productive members of our community.</p>		
<p><u>Briefly describe the significance of your request to the San Marcos community:</u></p> <p>Residential Services provides the community's most vulnerable children with an opportunity to overcome horrific events in their lives and grow into healthy young adults. All residents in the program are residents of San Marcos and are active members of the community through school, work or recreation. Our programs are aimed at the treatment and prevention of child abuse and neglect in our community with the goal of ending generational cycles of abuse and creating a community where children are provided the opportunity to thrive. By assisting children as they overcome the trauma of abuse, we are able to prepare them academically, emotionally and developmentally to excel as young adults and into the future.</p>		
<p>Please attach the following items. Both Mini-Grant & Regular:</p> <ol style="list-style-type: none">1. Budget for request (use SMCF Budget Worksheet)2. Dear Taxpayer:

This is in response to your Jan. 16, 2014, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(3) of the Internal Revenue Code in a determination letter issued in August 1979.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

Sincerely yours,

Tamera Ripperda
Director, Exempt Organizations

Casa de Amparo
2015 Board of Directors Roster

100% of Casa de Amparo's Board of Directors contributes to the organization, including annual and capital gifts.

Executive Director

Tamara Fleck-Myers, LMFT

Regular Grant Narrative

Casa de Amparo's mission is to support those affected by and at risk of child abuse and neglect through a range of programs and services that promote healing, growth and healthy relationships. The organization was established in 1978 in California as a 501(c)(3) and has been providing supportive services to San Diego County residents for over 37 years. Casa de Amparo provides a continuum of trauma-informed services that promotes overall individual wellness, family enrichment, reunification and preservation through programs focused on child abuse prevention, intervention and parent education. Casa de Amparo's goals are to break the cycle of family violence, prevent behaviors which endanger children and implement programs and services that further the organization's mission. Casa de Amparo's services and programs support approximately 1,000 children and 750 families annually. Programs include:

- **Residential Services** provides licensed group home care and intensive treatment services to foster youth, ages 6 to 18, who have been removed from their homes due to abuse and neglect. Residential Services also has a specialized pregnant and parenting licensed group home that serves young families and is the only provider of this service in San Diego County.
- The **Hayward Child Development Center** offers daily support and therapeutic preschool for families and children, 18 months to 5 years of age, and evidence-based parent education and in-home support for at-risk, low-income families.
- **New Directions** transitional housing program was established in 2008 and helps young adults, ages 18-24, and their families, transition from the foster care system to independence through intensive case management and support services designed to foster self-sufficiency.
- **Young Parent Network** addresses the needs of pregnant and parenting youth ages 24 and younger struggling with the emotional, financial, and personal demands of being a parent.
- **Family Visitation** provides supervised, neutral visits for parents and children that have been separated and are working toward healthy reunification, if appropriate.
- **Counseling Services** includes assessments, crisis intervention and individual, group and family counseling for all of Casa de Amparo's programs listed here, as well as other community families through outpatient counseling.

Casa de Amparo is respectfully requesting \$5,000 from the San Marcos Community Foundation to offset expenses associated with Residential Services, our most underfunded program. Casa de Amparo's Residential Services opened in 1978 and provides 24-hour trauma-informed child abuse treatment and support for approximately 85 foster youth removed from their homes due to abuse or neglect each year. The program ensures that regardless of a child's medical condition, behavioral challenge or length of time in our care, every resident has access to an environment where they have the fullest range of healthy childhood experiences and ultimately maximize their level of independence as young adults. Support from the San Marcos Community Foundation will continue to benefit the individualized treatment for residents affected by child abuse and neglect in San Marcos by ensuring they receive the highest level of care through the following services:

- Medical assessments and coordination with specialists for residents with special health care needs
- Transportation to all medical appointments and supervised visits with extended family members, including all prenatal appointments for our pregnant and parenting youth
- Individual counseling and group therapy with licensed clinicians and pre-licensure interns
- Tutoring for residents facing educational challenges
- Literacy skill building
- Job readiness for teens nearing emancipation from foster care
- Nutritious meals and snacks for each resident, every day of the year.
- Nutrition education on healthy eating habits and budgeting
- Recreational and therapeutic activities incorporating art, music, life skills, sports and outdoor activities

Casa de Amparo continues to increase offerings and expand our footprint in San Diego County by remaining responsive to the needs of children and families in the community. Those suffering from and impacted by child abuse and neglect are thriving at the Casa Kids Campus, a place of healing in which they can be proud, while our organization can prosper and grow to help additional underserved populations. Our three Residential Services cottages, counseling offices, library, medical services suite, expansive outdoor learning areas, arts and recreation rooms, basketball court, soccer field, picnic areas and gardens provide convenience and accessibility. The Campus improves and enhances our ability to support additional children and meet continuously evolving needs by integrating education, physical wellness, mental and behavioral health and life skills for residents. In 2014 Casa de Amparo began supporting pregnant and parenting teen moms in the foster care system; this increased the capacity of Residential Services from 20 to 42 residents (including 10 infants). During the current fiscal year, July 1, 2014 – April 30, 2015, Residential Services has served 80 children with over 7,400 bednights.

Casa de Amparo uses "Social Solutions Efforts to Outcomes" (ETO) software for confidential and secure data collection, such as bednights, demographics and number of unduplicated youth served. This is our main source for tracking outcomes and qualitative/quantitative results and has been customized by our Database Manager to meet the individualized needs and outcomes of all of our programs. Outcomes, participation and demographic reports are reviewed monthly by our Program Managers and reported to funders in an effort to share the impact of their support. Casa de Amparo also monitors each individual's progress in Residential Services by using the County's Functional Assessment Rating Scale (CFARS) measuring physical, emotional, behavioral and academic development. In measuring children at intake, six months of care and discharge, we anticipate the following percentages of children to show improvement in the following areas upon discharge:

- 85% to show improvement in ADL functioning (=adult daily living activities)
- 80% to show improvement with substance use
- 80% to show improvement in relationships (=interpersonal, hyperactivity, cognitive thought process)

Partnering with the San Marcos Community Foundation and our local community, we can help end the prevalent problem of child abuse and neglect. With support from the Foundation, the future can be one where children are safe, nurtured and provided with the opportunity to thrive without the fear of abuse or neglect. Your support will be leveraged with other current and new partners dedicated to the community's most pressing needs. Casa de Amparo appreciates your thoughtful consideration in supporting our Casa Kids and looks forward to strengthening our partnership that directly benefits San Marcos's most vulnerable children.

Independent Auditor's Report

To the Board of Directors
Casa de Amparo
San Marcos, California

Report on the Financial Statements

We have audited the accompanying financial statements of Casa de Amparo (the "Organization"), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Casa de Amparo as of June 30, 2014, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Report on Summarized Comparative Information

The financial statements of Casa de Amparo as of June 30, 2013, were audited by other auditors whose report dated November 8, 2013, expressed an unmodified opinion on those statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2013, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 6, 2014 on our consideration of Casa de Amparo's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Casa de Amparo's internal control over financial reporting and compliance.

Other Matter

Our audit was conducted for the purpose of forming an opinion on the financial statements of the Organization taken as a whole. The accompanying supplementary information on pages 32 through 44 is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, other additional procedures in accordance with auditing standards generally accepted in the United States of America, and in conformity with the CDE Audit Guide issued by the California Department of Education. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

Casa de Amparo

Notes to Financial Statements

1. Organization and Summary of Significant Accounting Policies

Nature of Activities

Casa de Amparo (the "Organization") was established in 1978 in California as a non-profit corporation and is recognized as a 501(c)(3) Tax Exempt organization by the IRS. Casa de Amparo's mission is to support those affected by and at risk of child abuse or neglect through a range of programs and services that promote healing, growth, and healthy relationships.

Casa de Amparo is a community leader, providing programs and collaborative solutions addressing the physical, clinical, social, and emotional effects of child abuse and neglect. The organization currently offers six integrated child abuse prevention/remediation programs: The Hayward Child Development Center, providing therapeutic preschool and childcare as well as parent education; Family Visitation Services, providing supervised visits and promoting healthy family relationships and reunification; Residential Services, providing 24/7 care and supervision, support and therapeutic care for children 6-18 removed from the home due to abuse or neglect; the New Directions transitional housing and support program for former foster youth working toward achieving sustainable independence; the Young Parent Network, providing support to pregnant or parenting youth aged 24 and younger; and Counseling Services, providing trauma-informed therapy and case management for children and families experiencing or at-risk of child abuse. Unique in the community, Casa de Amparo's Residential Services program serves foster youth ages 6-18 years of age including children with special healthcare needs. The organization's continuum of services promotes family enrichment, reunification and preservation through programming focused on child and parent education, as well as child abuse prevention and intervention.

In June 2012, Casa de Amparo officially opened the Casa Kids Campus on 11.4 acres owned by the organization in the Twin Oaks Valley area of San Marcos. Residential Services and administrative offices, formerly in Oceanside, are now located on the new campus. Also located on the Casa Kids Campus are apartments for New Directions participants, Inland Family Visitation Services, and Counseling Services. The acres of land on the Casa Kids Campus provide open space for children and families including an open playing field, basketball court, two age-appropriate play structures, barbeque and picnic areas, community gardens, benches, walking paths, and other open sports areas. Convenience, accessibility, welcoming child-friendly interiors, and sustainable landscaping add to a comforting, healing and efficient environment for children and families receiving services throughout Casa de Amparo's programs. The new facility incorporates design concepts to provide a nurturing and calming environment for children and families. In addition to being LEED (Leadership in Energy and Environmental Design) certified, the campus is ADA (Americans with Disabilities Act) compliant and well equipped to meet the needs of children and families, including children who are medically fragile or who have disabilities. The new campus greatly increases the organization's capacity to serve greater numbers of children and families throughout San Diego County and to increase and enhance programs to meet evolving needs.

Basis of Presentation

The financial statements of the Organization have been prepared on the accrual basis of accounting which is in accordance with U.S. generally accepted accounting principles and, accordingly, reflect all significant receivables, payables, and other liabilities.

Casa de Amparo

Notes to Financial Statements

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Financial Statement Presentation

The Organization reports information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

- Unrestricted net assets represent expendable funds available for operations, which are not otherwise limited by donor restrictions.
- Temporarily restricted net assets consist of contributed funds subject to donor-imposed restrictions contingent upon specific performance of a future event or a specific passage of time before the Organization may spend the funds.
- Permanently restricted net assets are subject to irrevocable donor restrictions requiring that the assets be maintained in perpetuity usually for the purpose of generating investment income to fund current operations.

Accounts Receivable

Accounts receivable arise in the normal course of operations. It is the policy of management to review the outstanding accounts receivable at year end, as well as the bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts for uncollectible amounts. No allowance was considered necessary at June 30, 2014 and 2013 as management believes that all amounts are collectible.

Pledges Receivable

Unconditional promises to give cash and other assets are recognized as contribution revenue and receivables in the period in which the promise is received. Depending on the existence and nature of donor-imposed restrictions, unconditional promises to give are reported either as unrestricted support that increases unrestricted net assets or as restricted support that increases permanently restricted or temporarily restricted net assets.

Pledges that are expected to be collected within one year are recorded at their net realizable value. Pledges that are expected to be collected in future years are discounted to their estimated net present value, see Note 3. After pledges are originally recorded, an allowance for uncollectible pledges may be established based on specific circumstances. No allowance has been made for the years ended June 30, 2014 and 2013.

Investments

Investments with readily determinable fair values are reported at fair value with realized and unrealized gains and losses included in the change in net assets.

Casa de Amparo

Notes to Financial Statements

Property and Equipment

Acquisitions of property and equipment of \$5,000 or more are capitalized. Property and equipment are stated at cost, or if donated, at the approximate fair market value at the date of donation. Expenditures for maintenance and repairs are charged against operations. Depreciation is computed using the straight-line method over the estimated useful lives of the related assets of five to 45 years.

	<i>Years</i>
Buildings	20 - 45
Furniture and equipment	5 - 7
Vehicles	5

Valuation of Long-Lived Assets

Accounting Standards Codification ("ASC") Topic 360, *Property, Plant, and Equipment* requires that long-lived assets and certain identifiable intangibles to be held and used by the Organization be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

Impairment, which is determined based upon the estimated fair value of the asset, is recorded when estimated undiscounted cash flows expected to be generated by the asset is insufficient to recover its net carrying value. As of June 30, 2014, the Organization did not identify any events or circumstances that would require the recognition of an impairment loss under this standard.

Revenue and Support

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions.

Revenue from grants/contracts is recognized to the extent of eligible costs incurred up to an amount not to exceed the total grant/contract authorized. Any amounts received in advance are deferred until eligible costs are incurred.

Cash and Cash Equivalents

The Organization considers cash on hand and short term investments with original maturities of three months or less to be cash and cash equivalents.

Casa de Amparo

Notes to Financial Statements

Donated Stock

In accordance with authoritative guidance, investments in equity securities with readily determinable fair market values and all debt securities are reported at fair value with gains and losses included in the statement of activities. Realized gains and losses on the sale of securities are based upon the original cost of the security, as determined by the specific identification method. Unrealized gains and losses represent the change in the fair market value of the individual investments for the year or since the acquisition date if acquired during the year and are recorded in the statement of activities as part of current year operations.

Securities acquired by gift are recorded at their fair market value at the date of the gift. The Organization's policy is to liquidate all gifts of securities immediately upon receipt.

Reclassification

Certain amounts in the 2013 financial statements have been reclassified to conform with the 2014 classifications. These reclassifications have no effect on total net assets.

Contributed Materials and Services

Contributed materials are recorded at their fair market value where an objective basis is available to measure their value. Such items are capitalized or charged to operations as appropriate. Certain contributed items are auctioned at the Organization's special events. Contributed items are included in the statements of activities as contributions and program and special event expenses. The Organization receives a substantial amount of services donated by volunteers in carrying out the Organization's program services. The services do not meet the criteria as contributions and are, therefore, not recognized in the financial statements.

Contribution of Long Lived Assets

Donations of property and equipment are reported as unrestricted support unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Income Taxes

The Organization is a qualified nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701(d) of the California Revenue and Taxation Code. This exemption is for all income taxes except for those assessed on unrelated business income, if any. The Organization is not a private foundation.

The Organization uses a loss contingencies approach for evaluating uncertain tax positions and continually evaluates changes in tax law and new authoritative rulings. Management believes that the Organization has no uncertain tax positions. At June 30, 2014 the federal statute of limitations remains open for the 2011 through 2014 tax years. The statute of limitations for the state income tax returns remain open for the 2010 through 2014 tax years.

Casa de Amparo

Notes to Financial Statements

Restricted Cash

The Organization has restricted cash of \$550,172 and \$303,633 held at Wells Fargo Bank as of June 30, 2014 and 2013, respectively, for capital improvements and payments on the debt related to the Casa Kids Campus.

Fair Value Measurements

The Organization defines fair value as the exchange price that would be received for an asset or paid for a liability in the principal or most advantageous market. The Organization applies fair value measurements to assets and liabilities that are required to be recorded at fair value under generally accepted accounting principles. Fair value measurement techniques maximize the use of observable inputs and minimize the use of unobservable inputs, and are categorized in a fair value hierarchy based on the transparency of inputs. The three levels are defined as follows:

- Level 1* - Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.
- Level 2* - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the same term of the financial instrument.
- Level 3* - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

The carrying value of cash, receivables, and payables approximates fair value as of June 30, 2014, due to the relative short maturities of these instruments. The loan payable approximates fair value as the loan was obtained at market value and there have been no significant changes in interest rates.

Functional Allocation of Expenses

The Organization allocates its expenses on a functional basis among its various programs and supporting services. Expenditures which can be identified with a specific program or support service are allocated directly, according to their natural expenditure classification. Costs that are common to several functions are allocated among the program and supporting services on the basis of time records, space utilized, and estimates made by the Organization's management.

Comparative Totals

The financial statements include certain prior year summarized comparative information. With respect to the statement of activities, the prior year information is presented in total, not by net asset class. With respect to the statement of functional expenses, the prior year expenses are presented by expense classification in total rather than functional category. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, such information should be read in conjunction with the Organization's financial statements for the year ended June 30, 2013 from which the summarized information was derived.

Casa de Amparo

Notes to Financial Statements

Subsequent Events

The Organization has evaluated subsequent events through November 6, 2014, which is the date the financial statements were available to be issued.

2. Concentration of Credit Risk

Cash

The Organization maintains cash balances at several financial institutions. The balances are insured by the Federal Deposit Insurance Corporation (FDIC) and the Securities Investor Protection Corporation (SIPC). On May 20, 2009, the Helping Families Save Their Homes Act temporarily increased FDIC deposit insurance limits from \$100,000 to \$250,000 until December 31, 2013. The Dodd-Frank Wall Street Reform Act on July 21, 2010 made the higher limits permanent. The SIPC is a non-profit membership corporation funded by its member securities broker-dealers. The SIPC is not a government agency or regulatory agency. The Organization's uninsured cash balance was \$3,051,722 at June 30, 2014 at top tier rated institutions.

Revenue and Receivables

The Organization received approximately 60% and 55% of its revenue from government contracts for the years ended June 30, 2014 and 2013, respectively. Significant revenue from the government contracts includes, for the year ended June 30, 2014, the Organization received \$1,801,489, or 27% of its total revenue for its Foster Care Group Home and \$1,098,916, or 16% of its total revenue for its New Directions program. For the year ended June 30, 2013, the Organization received \$1,290,806 or 23% of its total revenue for its Foster Care Group Home and \$820,877, or 15% of its total revenue for its New Directions program.

Pledges receivable of \$400,000 are due from three individuals or foundations at June 30, 2014. Pledge payments of \$166,805 were collected during the year ended June 30, 2014. Pledges receivable of \$450,000 are due from four individuals at June 30, 2013. Pledge payments of \$272,187 were collected during the year ended June 30, 2013.

3. Pledges Receivable

Pledges receivable consist of the following at June 30:

	2014	2013
Gross pledges receivable	\$ 472,830	\$ 484,635
Less imputed discount	(10,391)	(12,730)
	\$ 462,439	\$ 471,905
Pledges receivable consist of the following:		
Due in less than one year	\$ 232,830	\$ 201,465
Due in one to five years	240,000	283,170
	\$ 472,830	\$ 484,635

The net present value for the pledges due in more than one year is discounted at the rate of .93% to 8%.

Casa de Amparo

Notes to Financial Statements

During the year ended June 30, 2010, the Organization received a conditional pledge for up to \$2,000,000. The pledging organization committed to match contributions designated to the Twin Oaks Building Campaign dollar for dollar not to exceed \$400,000 per year for five years. The Organization has earned and received \$2,000,000 of matching contributions from the pledging organization as of June 30, 2013.

4. Assets Held By Others

The Organization's investments consist of endowment funds held by the San Diego Foundation and the Jewish Community Foundation. Both foundations manage a balanced pool portfolio. San Diego Foundation has variance power over the funds. A portion of these funds are considered permanently or temporarily restricted.

The San Diego Foundation's endowment funds are invested in a diversified portfolio which invests 57% in domestic and international equities, 20% in alternative funds, 17% in fixed income, and 6% in real estate. The San Diego Foundation's distribution allocation policy is to disburse 5% annually, based upon endowment principal market value over the last 36 months. These calculations are made on a monthly basis. If the market value of the endowment principal of any fund, at the end of each month, is less than the initial value of all the contributions made to endowment principal, then distributions will be limited to interest and dividends received.

The Jewish Community Foundation's endowment funds are invested in an endowment pool which invests 54% in domestic and international equities, 31% in multi-strategy funds, 10% in fixed income, and 5% in real assets.

The pooled investments are categorized as level 3 because they have no direct observable inputs.

The following table presents the fair value measurement hierarchy and the balanced pool asset allocation at June 30, 2014 and 2013:

<i>June 30, 2014</i>	Level 1	Level 2	Level 3	Total
Endowment Investment Pool - San Diego Foundation	\$ -	\$ -	\$ 214,607	\$ 214,607
Endowment Investment Pool - Jewish Community Foundation	-	-	191,243	191,243
Fair value, end of year	\$ -	\$ -	\$ 405,850	\$ 405,850
<i>June 30, 2013</i>	Level 1	Level 2	Level 3	Total
Endowment Investment Pool - San Diego Foundation	\$ -	\$ -	\$ 187,084	\$ 187,084
Endowment Investment Pool - Jewish Community Foundation	-	-	149,798	149,798
Fair value, end of year	\$ -	\$ -	\$ 336,882	\$ 336,882

Casa de Amparo

Notes to Financial Statements

Changes in the fair value of level 3 investments from the balanced pool assets for the year ended June 30, 2014 and 2013 are as follows:

<i>June 30, 2014</i>	San Diego Foundation	Jewish Community Foundation	Total
Fair value, beginning of year	\$ 187,084	\$ 149,798	\$ 336,882
Contributions	-	21,262	21,262
Change in value	27,523	20,183	47,706
Fair value, end of year	\$ 214,607	\$ 191,243	\$ 405,850

<i>June 30, 2013</i>	San Diego Foundation	Jewish Community Foundation	Total
Fair value, beginning of year	\$ 171,312	\$ 62,720	\$ 234,032
Contributions	-	82,120	82,120
Change in value	15,772	4,958	20,730
Fair value, end of year	\$ 187,084	\$ 149,798	\$ 336,882

5. Property and Equipment

Property and equipment consist of the following at June 30:

	2014	2013
Land	\$ 916,587	\$ 916,587
Buildings	13,628,685	13,628,685
Furniture and equipment	155,803	155,803
Vehicles	207,111	112,285
	14,908,186	14,813,360
Less accumulated depreciation	(1,223,779)	(836,988)
	\$ 13,684,407	\$ 13,976,372

Depreciation and amortization expense related to property and equipment was \$386,791 and \$388,766 for the years ended June 30, 2014 and 2013, respectively.

6. Loan Payable

During fiscal year 2013, permanent financing of the Casa Kids Campus was secured in the form of a loan, combined with an interest rate swap, entered into with Wells Fargo Bank effective August 1, 2012. The loan totaled \$3,524,631 with 30% of the amount being at a variable rate of LIBOR plus 2.5 percentage points and the remaining 70% at a fixed rate of 3.51%. The loan is for a period of five years. The swap is used to fix the variable rate loan amount at an interest rate of 3.51%. The original notional amount of the swap was \$2,467,242 and the general terms are to receive the LIBOR floating amount and pay fixed interest. The Organization is accounting for the derivative contract according to ASC 815 which requires a derivative contract to be recorded as an asset or liability on the balance sheet at its fair value. Gains or losses will be recorded currently in earnings. The notional amount of the swap as of June 30, 2014 and 2013 was \$2,309,716 and \$2,396,862, respectively. The fair value of the swap has been recorded as a liability and totals

Casa de Amparo

Notes to Financial Statements

\$20,014 and \$12,193 at June 30, 2014 and 2013, respectively. Principle payments on the loan for the first two months of fiscal year 2014-2015 are \$10,438 per month and for the remaining ten months are \$10,836 per month. The loan payable balance as of June 30, 2014 and June 30, 2013 was \$3,114,003 and \$3,238,490, respectively. The Organization is in compliance with all covenants at June 30, 2014. The loan payable is secured by the Casa Kids Campus.

The aggregate principal payments due under the loan are as follows:

<i>Years ending June 30,</i>	
2015	\$ 129,236
2016	134,172
2017	2,850,595
	\$ 3,114,003

7. Note Payable

The Organization has a loan agreement that was executed on June 10, 2005 with the City of Oceanside that was used to finance costs of the child development and family services center in Ivey Ranch. The note matures June 11, 2015. Principal and annual accrued interest of 5% is due at maturity. The loan and accrued interest will be forgiven June 11, 2015 if the Organization complies with all restrictions and encumbrances as noted in the loan agreement. The note is secured by the Organization's assets. The outstanding balance was \$45,606 as of June 30, 2014 and 2013, respectively.

8. Contingencies and Commitments

Government Contracts

The Organization receives a significant portion of its revenues from government contracts which are subject to audits. No provision has been made for any liabilities that may arise from such audits since the amounts, if any, cannot be determined. Management believes that any liability which may result from these audits is not significant.

Operating Leases

The Organization leased program facilities and administrative offices under non-cancelable operating leases which expire at various dates through July 2017. The Organization also leases office equipment under an operating lease which expires April 2017. Total rent expense was \$250,715 and \$150,821 for the years ended June 30, 2014 and 2013, respectively.

Future minimum lease payments under operating leases are due as follows:

<i>Years ending June 30,</i>	
2015	\$ 49,848
2016	44,397
2017	47,636
2018	3,559
	\$ 145,440

Casa de Amparo

Notes to Financial Statements

The Organization leases real property from the City of Oceanside located at Ivey Ranch Park. The Organization constructed a facility on the Ivey Ranch property that is used for the Haywood Child Development Center. The lease commenced in 2007 with a term of 35 years and an option to extend an additional 25 years. Rent is free as long as the facility is used exclusively to provide child development, care, education, family visitation and counseling services. The unamortized fair value of the free rent is reported as land lease in the statements of financial position. Amortization of the free use of land was \$53,193 and \$53,193 for the years ended June 30, 2014 and 2013, respectively.

9. Temporarily Restricted Net Assets

Temporarily restricted net assets were comprised of the following as of June 30:

	2014	2013
Land Lease - Ivey Ranch	\$ 1,338,696	\$ 1,391,889
Pledges Restricted Due to Time	100,000	-
Permanently Restricted Investment Earnings	39,323	29,980
	\$ 1,478,019	\$ 1,421,869

Net assets in the amounts of \$519,868 and \$636,917 were released from donor restrictions by incurring expenses satisfying the purpose or time restrictions specified by donors for the years ended June 30, 2014 and 2013, respectively.

10. Permanently Restricted Net Assets

Permanently restricted net assets were made up of the initial principal of two endowments held at the San Diego Foundation as follows as of June 30:

	2014	2013
Teppler Endowment	\$ 12,738	\$ 12,738
Satler Endowment	50,000	50,000
	\$ 62,738	\$ 62,738

The purpose of the permanently restricted net assets is to support the general mission of the Organization.

11. Endowment Investments

Authoritative guidance requires the Organization to classify a portion of a donor-restricted endowment fund of perpetual duration as permanently restricted net assets. Specifically, the portion classified as permanently restricted shall be (a) the amount of the fund that must be retained permanently per explicit donor stipulations or (b) in the absence of such stipulations, the amount which the Organization board determines must be retained (preserved) permanently consistent with the *Uniform Prudent Management of Institutional Funds Act* ("UPMIFA").

In accordance with authoritative guidance, the amount that is classified as permanently restricted net assets is not reduced by losses on investments of the fund or by the Organization's appropriations from the fund unless required by the donor. Furthermore, the portion of the fund

Casa de Amparo

Notes to Financial Statements

that is not classified as permanently restricted net assets must be classified as temporarily restricted net assets until appropriated for expenditure by the Organization. Such appropriation is deemed to occur upon the Organization's governing board's approval of expenditures in the current period. Once the appropriation for expenditure has occurred, the appropriated amount is reclassified to unrestricted net assets.

UPMIFA states that, absent explicit donor instructions to the contrary, assets in an endowment fund are donor-restricted assets until appropriated by the Organization. The Organization interprets this to mean that all earnings on a donor-restricted endowment gift are restricted assets. As such, per authoritative guidance, such earnings are classified as temporarily restricted net assets (time restricted) until appropriated by the Organization.

UPMIFA became effective in California for endowment funds existing on or established after January 1, 2009. The law defines an endowment fund to mean an institutional fund (excluding assets that an institution designate as an endowment fund for its own use) that, under the terms of a gift instrument, is not wholly expendable by the institution on a current basis. The law establishes various factors for the Organization to consider in its determination as to whether to appropriate or accumulate the endowment fund.

Absent explicit donor instructions to the contrary, the Organization interprets UPMIFA to have eliminated the historic dollar value limitation when considering endowment spending, instead providing guidelines for such spending (referred to as "appropriation" in UPMIFA). In accordance with UPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Organization
- (7) The investment policy of the Organization

Due to the relatively small size of its endowment, the Organization has not enacted a policy of spending principal or principal appreciation of the funds. The Organization has invested the funds for total return and is limiting spending to interest and dividends to enhance the growth of the funds. The Organization believes it is beneficial to defer endowment spending to more rapidly increase the endowment to a size that will have a meaningful impact in stabilizing the revenues of the Organization.

The Organization considers the value of the endowment gift to be considered for appropriation under UPMIFA to be equal to the sum of the original gift (and any subsequent donations) plus accumulated investment earnings, less accumulated investment losses and appropriations for expenditure by the Organization at any point in time. Thus, pursuant to this interpretation of UPMIFA, the total value of the Organization's donor-restricted endowment funds was \$102,061 and \$89,034 at June 30, 2014 and 2013, respectively.

Although the Organization believes that the historic dollar value is not required by UPMIFA in the determination of the endowment spending, the Organization's governing board believes that, absent explicit donor instructions to the contrary, it is appropriate for the Organization to permanently retain the historic dollar value of the donor-restricted endowment gifts as permanently restricted net assets.

Casa de Amparo

Notes to Financial Statements

Endowment and board-designated endowment funds are invested with a strong equity bias towards significant diversification across investments with fundamentally different risk characteristics. In general, assets are invested in funds that provide liquidity and diversification of security specific risk at reasonable cost. The funds are invested with a long-term horizon without attempting to time market movements. Allocations to asset classes are maintained in accordance with the long-term policy targets and ranges approved by the Operations Committee and the Board of Directors.

Endowment net asset composition by type of fund for the year ended June 30, 2014 is as follows:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Board-designated	\$ 303,789	\$ -	\$ -	\$ 303,789
Donor-restricted	-	39,323	62,738	102,061
Total Funds	\$ 303,789	\$ 39,323	\$ 62,738	\$ 405,850

The following reflects the changes in invested endowment assets for the year ended June 30:

	Unrestricted	Temporarily Restricted	Permanently Restricted	Total
Endowment assets, June 30, 2012	\$ 152,280	\$ 19,014	\$ 62,738	\$ 234,032
Investment return:	13,448	7,282	-	20,730
Net depreciation (realized and unrealized)	-	-	-	-
Total Investment return	13,448	7,282	-	20,730
Board designated additions	82,120	-	-	82,120
Appropriation of endowment assets for expenditure	-	-	-	-
Endowment assets, June 30, 2013	\$ 247,848	\$ 26,296	\$ 62,738	\$ 336,882
Investment return:	34,679	13,027	-	47,706
Net depreciation (realized and unrealized)	-	-	-	-
Total Investment return	34,679	13,027	-	47,706
Board designated additions	21,262	-	-	21,262
Appropriation of endowment assets for expenditure	-	-	-	-
Endowment assets, June 30, 2014	\$ 303,789	\$ 39,323	\$ 62,738	\$ 405,850

12. Pension Plan

The Organization sponsors a non-contributory 403(b) retirement plan covering all employees who have completed 90 days of eligible service. Contributions to the retirement plan are at the discretion of each employee. There were no contributions by the Organization for the years ended June 30, 2014 and 2013, respectively.

Casa de Amparo

Notes to Schedule of Expenditures of Federal, State and Other Awards

Note 1 - Basis of Presentation

The accompanying Schedule of Federal, State and Other Awards (the "Schedule") includes the federal grant activity of Casa de Amparo under programs of the federal government for the year ended June 30, 2014. The information in this Schedule is presented in accordance with the requirements of the Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Because the Schedule presents only a selected portion of the operations of Casa de Amparo, it is not intended to and does not present the financial position, changes in net assets or cash flows of Casa de Amparo.

The accompanying Schedule of Federal, State and Other Awards includes non-federal grants. The non-federal grant awards were presented in accordance with the California Department of Education Audit Guide.

Note 2 - Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the Cost Principles for Non-profit Organizations wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Board of Directors
Casa de Amparo
San Marcos, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Casa de Amparo (the "Organization"), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 6, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the organization's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance in Accordance with OMB Circular A-133

To the Board of Directors
Casa de Amparo
San Marcos, California

Report on Compliance for Each Major Federal Program

We have audited Casa de Amparo's (the "Organization") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on the Organization's major federal program for the year ended June 30, 2014. The Organization's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for the Organization's major federal program based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Organization's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for the major federal program. However, our audit does not provide a legal determination of the Organization's compliance.

Opinion on Each Major Federal Program

In our opinion, the Organization complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of the Organization is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Organization's internal control over compliance with the types of requirements that could have a direct and material effect on the major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Schedule of Findings and Recommendations for the Child Development Services

Financial Reporting Findings

None noted

Compliance

Child Development Programs Findings

None noted

Status of Prior Year Findings and Recommendations

2013-01 A required Notice of Action was not contained in the Family Data File

Information on Federal and/or State Program(s) - Child Development Programs
CSPP2434 and CCTR2225

Criteria - Child Care & Development Funding Terms and Conditions the contractor shall complete a Notice of Action, Recipient of Services when changes are made to the service agreement. Such changes may include, but are not limited to, an increase or decrease in parent fees, an increase or decrease in the amount of services, or termination of services. The Notices of Action ("NOA") forms are to be retained in the Family Data File for each participant.

Condition - During testing of reporting, the prior auditors noted the following exceptions:

- One of the five children tested in the eligibility testing did not have a Notice of Action for his termination of services within his Family Data File.

Questioned Costs - None

Context - This is a condition identified per review of the Organization's compliance with specified requirements.

Effect - The Organization was not in compliance with the Funding Terms and Conditions of the contracts.

Cause - The CD Form 7617, Notices of Action was not completed and/or retained in the family data file.

Recommendation - The prior auditors recommended that the Organization develop policies and procedures to ensure all required forms are maintained within each child's family data file.

Views of Responsible Officials and Planned Corrective Actions - The Manager of the Child Development Center, who was employed at the time the missing NOA was due, is no longer with Casa de Amparo. The current Child Development Center Manager has gone through all family data files for current participants to ensure they are complete. A Child Development Center checklist is prepared by the Child Development Center manager for each file to verify all required documents, including NOAs, are maintained. An administrative Quality Assurance Plan and a site specific Child Development Center Quality Assurance Plan are in place and address Child Development Center chart audits. The Child Development Center Manager and the Director of Community Programs have been trained on and are responsible for the implementation of the Child Development Center Quality Assurance Plan, including chart audits.

Current status - The Organization successfully implemented additional control procedures to ensure all required forms are maintained within each child's family data file.

Non-Profit Organization Name and Address, Website North County Health Services (NCHS) 150 Valpreda Road San Marcos, CA 92069 www.nchs-health.org		Contact Person – Name, Title & Phone, email Alta Farley Grant Writer (760) 736-8723 Alta.farley@nchs-health.org
Briefly describe your request for funds (to be expanded upon in narrative for regular grant): NCHS respectfully requests a \$3,453 grant to replace a vaccine refrigerator at NCHS San Marcos Pediatrics (shared with NCHS QuickCare) that is out of compliance with Centers for Disease Control Standards. The new pharmacy-grade refrigerator will be dedicated to the storage of vaccines and other biologics at an even temperature range while the unit doors are opened and closed throughout each clinical day. The unit will be large enough to hold inventory needed during the busiest point in the year without crowding, such as during the fall flu vaccine season. This San Marcos Community Foundation grant will have long lasting impact over many years, helping NCHS to build capacity to function at higher levels of care and efficiency.		
Briefly describe the significance of your request to the San Marcos community: A grant from San Marcos Community Foundation will ensure that there is ample, appropriate and secure storage for over 15,000 vaccines administered annually at NCHS San Marcos Health Center (average 60/day). These vaccines provide vital preventive health for San Marcos' primarily working poor individuals and families. Properly stored and handled vaccines play a strong role in keeping San Marcos residents healthy. From childhood vaccines for mumps, measles and rubella to pneumonia and shingles vaccines for seniors, NCHS provides critical preventive medicine for San Marcos' primarily low- and extremely low-income residents. NCHS' wide array of safety net services provide increased access, high quality medical and dental care, and health education to prevent more severe conditions, spread of disease, loss of days from school and work, and the over-use of emergency rooms.		
Please attach the following items. Both Mini-Grant & Regular: 1. Budget for request (use SMCF Budget Worksheet) 2. Annual Operating budget for the organization or unit 3. Federal & State Tax ID numbers 4. Board of Directors listing with affiliations 5. Regular Grants Only: a. 1-2 page narrative b. First 2 pages of Federal 990 c. Most recent year-end Statement or Audit including any management letters associated with Audit. d. Signature of President or Authorized Officer on Application e. Optional: letters of support		Expected date project will begin/end: 8/15/15 ongoing Date by which funds will be expended: 12/31/15 Signature of President or Authorized Officer  Irma Cota, President & CEO July 1, 2015 Name, Title Date Submit Via Mail, In Person or Via Email to: San Marcos Community Foundation c/o City of San Marcos 1 Civic Center Drive San Marcos, CA 92069 Email (PDF Format): wkaserman@san-marcos.net

North County Health Project, Inc. Proposal

to San Marcos Community Foundation

ORGANIZATION INFORMATION:

North County Health Project, Inc., aka North County Health Services (NCHS) is a 501(c)(3) federally qualified health center that began as an all volunteer organization in 1971. Its **mission** is *"to improve the health status of our diverse communities by providing quality healthcare that is comprehensive, affordable, and culturally sensitive."*

Based in San Marcos, NCHS has served San Marcos residents since 1976. NCHS' two San Marcos locations served 30,908 patients (107,047 visits) in 2014. Ninety-seven percent (98%) of patients who reported incomes were at or below 200% of the federal poverty level (75% were below 100% FPL). Patients identified themselves as 70% Hispanic, 25% White, 3% Asian, 1% African American, and 1% other or mixed race; 46% of patients were children aged 19 and under. Patients are not turned away due to their level of ability to pay for services.

NCHS' comprehensive services include adult and pediatric primary care, internal medicine, obstetrics, gynecology, perinatology, family planning, dentistry, behavioral health, radiology, lab, and a full range of enabling services, such as transportation and language interpretation. NCHS also conducts extensive outreach and assists eligible families to apply for, enroll and utilize their health insurance and is a certified Covered CA Enrollment Entity.

In addition to clinical services, NCHS has a wide range of programs in North County that focus on early prevention to maximize health outcomes. NCHS' WIC (Women, Infants and Children supplemental nutrition program) serves almost 12,000 women and children monthly. NCHS' Project All Ready, provides 3,000 preschoolers annually with vision and hearing screenings. All Star Teeth provides dental screenings for children 18 months to 12 years old, and helps their parents establish a dental/medical home at NCHS. Through NCHS' Family Nutrition Program, registered dietitians provide nutrition education and training for families with young children to form good nutritional habits from an early age.

NCHS also operates one of San Diego County's largest and most comprehensive HIV care and treatment programs. Other vital federal and state programs include medical and dental services for homeless individuals, teen pregnancy prevention, and mental health support groups.

All of NCHS' primary care health centers have received the National Committee for Quality Assurance prestigious Patient-Centered Medical Home (PCMH) level 3 recognition. This distinction recognizes long-term patient relationships, and continued improvements to quality and efficiency of care.

PROJECT: Pharmacy Grade Vaccine Refrigerator for NCHS San Marcos Health Center

North County Health Services respectfully requests a \$3,453 grant from the San Marcos Community Foundation to purchase a new vaccine refrigerator to replace an existing unit at NCHS San Marcos Health Center Pediatrics that is no longer in compliance with Centers for Disease Control Standards.

Vaccines play a vital role in preventive medicine. They have made serious diseases like Measles, Mumps, Polio, Hepatitis A & B and Tetanus much more rare than in the past. A major

North County Health Project, Inc. Proposal

to San Marcos Community Foundation

immunization issue is appropriate storage and handling. Nationally, preventable disease rates have increased in part because of inappropriate storage and handling of vaccines. Exposing stored vaccines above or below the recommended temperature ranges can decrease potency and reduce the effectiveness and protection they provide. Storage and handling errors can cost thousands of dollars in wasted vaccine and revaccination, as well as loss of patient confidence when repeat doses are required. It is better to not vaccinate than to administer a dose of vaccine that has been mishandled. By adhering to newer Centers for Disease Control requirements for storing and handling vaccines, physicians and clinical staff can ensure that patients will get the full benefit of the vaccines they receive.

Through this project, NCHS will replace an older model dual refrigerator/freezer that is out of compliance with Centers for Disease Control requirements. NCHS will purchase a new and larger Pharmacy Grade, VFC-rated (Vaccines for Children) refrigerator for San Marcos Pediatrics, which will be shared with San Marcos QuickCare (urgent care services). The refrigerator will be used to store vaccines, such as for measles, mumps, rubella, varicella, pneumonia, polio, Hepatitis A, Hepatitis B, Diphtheria and Tetanus. The new unit will be able to maintain an even temperature range while the unit doors are opened and closed throughout each clinical day, and throughout the year. The refrigerator will be dedicated to the storage of biologics (vaccines, medications and test specimens) and large enough to hold inventory needed during the busiest point in the year without crowding, such as during fall flu vaccine season. The refrigerator will feature an external, programmable thermostat with a temperature display. The thermostat includes an alarm that sounds when the temperature has gone outside of the programmed temperature range. The refrigerator includes a factory installed side mounted lock to secure important content from unauthorized handlers.

PROJECT BENEFITS:

A grant from San Marcos Community Foundation will ensure that there is ample, appropriate and secure storage for over 15,000 vaccines administered annually at NCHS San Marcos Health Center (average 60/day). Properly stored and handled vaccines play a strong role in keeping San Marcos residents healthy. From childhood vaccines for mumps, measles and rubella to pneumonia and shingles vaccines for seniors, NCHS provides critical preventive medicine for San Marcos' primarily low- and extremely low-income residents.

Without NCHS' wide array of safety net services, San Marcos' low-income residents might go without crucial care, leading to more severe conditions. This can cause further spread of disease and contribute to days lost from school and work. Oftentimes these untreated, preventable conditions may lead families to resort to emergency rooms when symptoms become dire. NCHS cares for patients during all stages of their lives and does not turn patients away due to their level of ability to pay for services.

SAN MARCOS COMMUNITY FOUNDATION Budget Worksheet

Provide an itemized list of expenses for this project:
(example – 72 bicycle helmets at \$7.80 each including tax = \$561.60)

1 - Frigidaire Commercial Reprigerator, VFC Approved	\$ 2,872.75
	\$

the Seller.

Limited Warranty:

The Seller warrants to the Buyer that the goods sold to the Buyer are free of operating defects under normal use for a period of 2 years from the date of delivery. The Seller will provide the necessary parts and labor to provide such operating condition. While under warranty repair, there is no shipping charge for ZIP codes 90000 through 93599 (a technician will be dispatched to the Buyer). Buyers in all other ZIP codes are responsible for shipping under warranty. The Warranty does not cover operator error, operator misuse, nor repair by third party. The Warranty does not cover damage due to misuse, fire, flood, insufficient utility requirements, natural disasters or other external forces. While extensive efforts have been made to cosmetically detail the equipment, this Warranty does not extend to cosmetic defects such as rust, paint, trim, dents and dings. Nor does the Warranty extend to insulation. The Seller is not responsible for any training or instruction with respect to the equipment and assumes that the Buyer knows what is being purchased and how to safely and correctly operate the equipment. Warranty does not include seals, valve gaskets, bulbs, filters, and all other short-wear or consumable items.

To order:

Please call our offices to confirm availability and to estimate shipping time frames. Please provide 'bill to' and 'ship to' information, along with a purchasing contact for our records. Thank you for choosing Cascade Scientific.

Dear Taxpayer:

This is in response to your Sep. 06, 2011, request for information regarding your tax-exempt status.

Our records indicate that you were recognized as exempt under section 501(c)(3) of the Internal Revenue Code in a determination letter issued in July, 1973.

Our records also indicate that you are not a private foundation within the meaning of section 509(a) of the Code because you are described in section(s) 509(a)(1) and 170(b)(1)(A)(vi).

Donors may deduct contributions to you as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to you or for your use are deductible for Federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

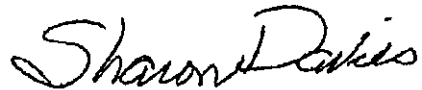

Please refer to our website www.irs.gov/eo for information regarding filing requirements. Specifically, section 6033(j) of the Code provides that failure to file an annual information return for three consecutive years results in revocation of tax-exempt status as of the filing due date of the third return for organizations required to file. We will publish a list of organizations whose tax-exempt status was revoked under section 6033(j) of the Code on our website beginning in early 2011.

EO:JCS:ch

North County Health Project Incorporated
170 West Mission
San Marcos, CA 92069

Purpose: Charitable
Form of Organization: Corporation
Accounting Period Ending: August 31
Organization Number: 676146

Gentlemen:

Based on the information submitted and provided your present operations continue unchanged or conform to those proposed in your application, you are exempt from State franchise or income tax under Section 23701d, Revenue and Taxation Code. Any change in operation, character or purpose of the organization must be reported immediately to this office so that we may determine the effect on your exempt status. Any change of name or address also must be reported.

You are required to file Form 199 (Exempt Organization Annual Information Return) or Form 199B (Exempt Organization Annual Information Statement) on or before the 15th day of the 5th month (4-1/2 months) after the close of your accounting period. See annual instructions with forms for requirements.

You are not required to file state franchise or income tax returns unless you have income subject to the unrelated business income tax under Section 23731 of the Code. In this event, you are required to file Form 109 (Exempt Organization Business Income Tax Return) by the 15th day of the 3rd month (2-1/2 months) after the close of your annual accounting period.

Contributions made to you are deductible by donors as provided by Sections 17214 through 17216.2 and 24357 through 24359 of the Code, unless your purpose is testing for Public Safety.

If the organization is incorporating or is a foreign corporation qualifying to do business in California, this approval will expire unless incorporation or qualification is completed within 30 days.

Exemption from federal income or other taxes and other state taxes requires separate applications.

Part III Statement of Program Service AccomplishmentsCheck if Schedule O contains a response or note to any line in this Part III ☐**1** Briefly describe the organization's mission:

North County Health Services' (NCHS) mission is to improve the health status of our diverse communities by providing quality health care that is comprehensive, affordable and culturally sensitive. During the year, NCHS provided 233,003 visits to 54,305 patients.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? ☐ Yes ☒ No

If "Yes," describe these new services on Schedule O.

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No

If "Yes," describe these changes on Schedule O.

4 Describe the organization's program service accomplishments for each of its three largest program services, as measured by expenses. Section 501(c)(3) and 501(c)(4) organizations are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

Report on the Financial Statements

We have audited the accompanying financial statements of North County Health Project, Inc., d/b/a North County Health Services (the "Center"), which comprise the balance sheets as of December 31, 2014 and 2013 and the related statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of North County Health Project, Inc., d/b/a North County Health Services as of December 31, 2014 and 2013 and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Other Legal and Regulatory Requirements

In accordance with Government Auditing Standards, we have also issued our report dated April 22, 2014, on our consideration of the entity's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

Our audit was performed for the purpose of forming an opinion on the basic financial statements of the Center taken as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for the purpose of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**North County Health Project, Inc.
d/b/a North County Health Services
Consolidated Notes to Financial Statements
December 31, 2014 and 2013**

Note 1: Summary of Significant Accounting Policies

Organization and Operations

North County Health Project, Inc., d/b/a North County Health Services (the "Center"), is a federally qualified health center that works to further its mission to "improve the health status of our diverse communities by providing quality health care that is comprehensive, affordable and culturally sensitive." The Center primarily earns revenues by providing medical, dental and mental health services through clinics located in Carlsbad, Encinitas, Oceanside, Ramona and San Marcos, California. In October 2008 the Center formed a new 501(c) (3) California nonprofit public benefit corporations named NCHS-Loma Alta. The purpose of the new corporation is to support the charitable purpose and activities of the Center, including the holding of New Market Tax Credit Loan.

The Center derives its support through grants and contracts with the U.S. Department of Health and Human Services ("DHHS"), US Department of Agriculture ("USDA"), the State of California, the County of San Diego, and various other entities. Additionally, revenues are derived from patient fees and third party charges.

Cash and Cash Equivalents

The Center considers all liquid investments, other than those limited as to use, with original maturities of three months or less to be cash equivalents. At December 31, 2014 and 2013, cash equivalents consisted primarily of checking, savings, and money market accounts. Of the cash balances as of December 31, 2014 and 2013, \$814,954 and \$1,152,242 respectively was covered by federal depository insurance and \$15,708,648 and \$13,511,148, respectively, was uninsured.

Investment Return

Investment return is comprised of interest income and is reported in the statements of operations.

Patient Accounts Receivable

The Center reports patient accounts receivable for services rendered at estimated net realizable amounts from third-party payers, patients and others. The Center provides an allowance for uncollectible accounts based upon a review of outstanding receivables, historical collection information and existing economic conditions. As a service to the patient, the Center bills third-party payers directly and bills the patient when the patient's liability is determined. Patient account receivables are due in full when billed. Accounts are considered delinquent and subsequently written off as bad debts and sent to collections based on individual credit evaluation and specific circumstances of the account.

Third-Party Contractual Agreements

The Center has agreements with Medicare that provide payments under a cost-based reimbursement system and with Medi-Cal that provide payments under the Prospective Payment System ("PPS"). In the case of Medicare, reasonable estimates are made and reported in the period services are rendered, and differences between the estimates and actual receipts are included in the statement of operations in the period in which they are determined. In the case of Medi-Cal, payments under the PPS system are final, unless the number of reimbursable visits is changed as a result of an audit by the State of California, Department of Healthcare Services. In addition, under the Medi-Cal PPS, the Center may apply for a change-in-scope of services annually. This process may result in additional Medi-Cal reimbursement for the Center.

Consolidated Notes to Financial Statements
December 31, 2014 and 2013

Note 1: Summary of Significant Accounting Policies (Continued)

Inventories

Inventories consist of pharmaceutical, medical and office supplies and are stated at cost. Due to rapid turnover of supplies, cost approximates market value.

Assets Limited As to Use

Assets limited as to use include cash held by trustee related to Center debt agreements, and assets set aside for deferred retirement benefits.

Property and Equipment

Land, building and equipment are carried at cost or estimated fair value at date of acquisition. The Center capitalizes all acquisitions greater than \$5,000 and such assets are depreciated on a straight-line basis over the estimated useful life of each asset. Leasehold improvements are depreciated over the shorter of the lease term or their respective estimated useful lives. Certain property and equipment have been purchased with grant funds received from various federal agencies. Such items, or a portion thereof, may be reclaimed by the federal government if not used to further the grant's objectives.

Donations of property and equipment are reported at fair market value as an increase in unrestricted net assets unless the donor restricts use of the assets. Monetary gifts that must be used to acquire property and equipment are reported as restricted support. The expiration of such restrictions is reported as an increase in unrestricted net assets when the donated asset is placed in service. Donor restricted contributions for property and equipment whose restrictions are met within the same year as received are reported as unrestricted contributions. Construction-in-progress is recorded at cost and is capitalized upon completion. Depreciation is recorded when construction is substantially complete and the assets are placed in service.

Use of Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Temporarily and Permanently Restricted Net Assets

Contributions, including government grants and contracts, are recorded as either temporarily or permanently restricted revenue if they are received with donor stipulations that limit the use of the donated asset. When a donor restriction expires, that is, when a stipulated time restrictions ends or purpose restriction is accomplished, temporarily restricted assets are reclassified to unrestricted net assets and reported in the statement of operations and changes in net assets as net assets released from restrictions. Donor-restricted contributions whose restrictions expire during the same fiscal year are recognized as unrestricted revenue.

Donated Supplies

The Center recognizes donated pharmaceuticals at fair value. Donated pharmaceuticals totaling \$63,359 and \$350,974 are recorded as contribution revenue and supplies and other expense for the years ended December 31, 2014 and 2013, respectively.

**North County Health Project, Inc.
d/b/a North County Health Services
Consolidated Notes to Financial Statements
December 31, 2014 and 2013**

Note 1: Summary of Significant Accounting Policies (Continued)

Income Taxes

The Center has been recognized as exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701(d) of the State of California Revenue and Taxation Code by the IRS and Franchise Tax Board, respectively. Accordingly, no provision for income taxes is included in the accompanying financial statements. The tax years of 2010 through 2013 remain open and subject to examination by the appropriate agencies in the United States and California.

Net Patient Service Revenue

The Center has agreements with third-party payers that provide for payments to the Center at amounts different from its established rates. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payers and others for services rendered, including estimated retroactive adjustments. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered and such estimated amounts are revised in future periods as adjustments become known.

Contributions

Unconditional promises to give cash and other assets are accrued at estimated fair value at the date each promise is received. Gifts received with donor stipulations are reported as either temporarily or permanently restricted support. When a donor restriction expires, that is, when a time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified and reported as an increase in unrestricted net assets. Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions. Conditional contributions are reported as liabilities until the condition is eliminated or the contributed assets are returned to the donor.

Excess of Revenues Over Expenses

The consolidated statements of operations include the excess of revenues over expenses. Changes in unrestricted net assets which are excluded from excess of revenues over expenses, consistent with industry practice, include unrealized gains and losses on investments other than trading securities, permanent transfers to and from affiliates for other than goods and services and contributions of long-lived assets (including assets acquired using contributions and grants to be used for the purpose of acquiring such assets).

Reclassification

Certain reclassifications have been made to the 2013 financial statements to conform to the 2014 financial statement presentation. These reclassifications had no effect on the changes in net assets.

Subsequent Events

The Center has evaluated all events and transactions that have occurred after December 31, 2014 and through April 14, 2015, the date of the financial statements and notes to financial statement were available to be issued. During this period no events or transactions occurred that would require adjustments of the financial statements or disclosure in the accompanying notes.

December 31, 2014 and 2013

Note 2: Fair Value of Financial Instruments

Financial Accounting Standards Board's (FASB) Accounting Standard Codification (ASC) 820, *Fair Value Measurements and Disclosures*, requires the fair value of financial assets and liabilities to be determined using a specific fair-value hierarchy. The objective of the fair value measurement of financial instruments is to reflect the hypothetical amounts at which the Center could sell assets or transfer liabilities in an orderly transaction between market participants at the measurement date. FASB ASC 820 describes three levels of inputs that may be used to measure fair value:

Level 1 - Quoted prices in active markets for identical assets;

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets;

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets.

The following table presents the fair value measurements of assets recognized in the accompanying balance sheets measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2014:

	Fair Value	Fair Value Measurement Using		
		Level 1	Level 2	Level 3
December 31, 2014:				
Money market funds	\$ 2,386,928	\$ 2,386,928	\$ -	\$ -
Bonds	704,951	-	704,951	-
CDs	280,046	280,046	-	-
Equity	3,778,318	3,778,318	-	-
Life insurance contracts	1,805,749	1,805,749	-	-
Total	<u>\$ 8,955,992</u>	<u>\$ 8,251,041</u>	<u>\$ 704,951</u>	<u>\$ -</u>
December 31, 2013:				
Money market funds	\$ 2,968,313	\$ 2,968,313	\$ -	\$ -
Stocks	33,540	33,540	-	-
Life insurance contracts	1,805,749	1,805,749	-	-
Total	<u>\$ 4,807,602</u>	<u>\$ 4,807,602</u>	<u>\$ -</u>	<u>\$ -</u>

The carrying amounts reported in the balance sheets for other financial assets and liabilities that are not measured at fair value on a recurring basis including patient accounts receivable, grant and other receivables, estimated third-party payor settlements, accounts payable and other accrued expenses, accrued payroll and related liabilities, deferred revenue, and long term debt approximate fair value.

**North County Health Project, Inc.
d/b/a North County Health Services
Consolidated Notes to Financial Statements
December 31, 2014 and 2013**

Note 3: Grant Revenue

The Center is the recipient of Consolidated Health Center (CHC) grants from the U.S. Department of Health and Human Services. The general purpose of the grants is to provide expanded health care service delivery for residents of northern San Diego County, California. Terms of the grants generally provide for funding of the Center's operations based on an approved budget. During the years ended December 31, 2014 and 2013, the Center recognized \$6,192,468 and \$5,850,733 in CHC grant revenue, respectively. Grant revenue is recognized as qualifying expenditures are incurred over the grant period.

In addition to the CHC grants, the Center receives financial support from other federal, state and private sources. Generally, such support requires compliance with terms and conditions specified in grant agreements or award letters and must be renewed on an annual basis.

Note 4: Net Patient Service Revenue

The Center is approved as a Federally Qualified Health Center (FQHC) for both Medicare and Medi-Cal reimbursement purposes. The Center has agreements with third-party payers that provide for payments to the Center at amounts different from its established rates. These payment arrangements include:

Medicare

Covered FQHC services rendered to Medicare program beneficiaries are paid based on a cost reimbursement methodology. The Center is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of an annual cost report by the Center and audit thereof by the Medicare fiscal intermediary. Services not covered under the FQHC benefit are paid based on established fee schedules.

Medi-Cal

Covered FQHC services rendered to Medi-Cal program beneficiaries are paid based on a prospective reimbursement methodology. The Center is reimbursed a set encounter rate for all services provided under the plan. Services not covered under the FQHC benefit are paid based on established fee schedules.

Approximately 86% and 81% of net patient service revenues are from participation in the Medicare and state-sponsored Medi-Cal programs for the years ended December 31, 2014 and 2013, respectively. Laws and regulations governing the Medicare and Medi-Cal programs are complex and subject to interpretation and change. As a result, it is reasonably possible that recorded estimates will change materially in the near term.

The Center has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations and preferred provider organizations. The basis for payment to the Center under these agreements includes prospectively determined rates and discounts from established charges. The Center also has agreements for capitated patients for which North County Health Services receives a fixed amount per month per member to take care of member's primary and specialty medical care.

North County Health Project, Inc.
d/b/a North County Health Services
Consolidated Notes to Financial Statements
December 31, 2014 and 2013

Note 5: Concentrations of Credit Risk

The Center grants credit without collateral to its patients, most of who are area residents and are insured under third-party payer agreements. The mix of receivables from patients and third-party payers at December 31, 2014 and 2013, was:

	2014	2013
Medicare	5%	7%
Medi-Cal	42%	47%
Other third-party payers	40%	31%
Private Pay	14%	15%
	<u>100%</u>	<u>100%</u>

Note 6: Deferred Grant Revenue

Deferred grant revenue consist of the following at December 31, 2014 and 2013:

	2014	2013
Tides Foundation	\$ 2,019	\$ 6,057
Blue Shield of California Foundation	71,720	13,704
Leichtag Foundation	9,049	5,673
California Community Foundation	-	42,641
CHF ER Program	35,000	35,000
Kaiser Permanente Provision PT	25,000	25,000
Other	130,466	113,441
	<u>\$ 273,254</u>	<u>\$ 241,516</u>

Note 7: Line-of-Credit

The Center has a \$2,000,000 line-of-credit; expiring July 1, 2017. The line of credit is collateralized by receivables. At December 31, 2014 and 2013, there was no balance outstanding on the line-of-credit.

d/b/a North County Health Services
Consolidated Notes to Financial Statements
December 31, 2014 and 2013**

Note 8: Long-Term Debt

	2014	2013
On February 5, 2010 NCHS-Loma Alta entered into a New Market Tax Credit loan agreement through Impact V CDE3 LLC/NCB-Capital Impact. The agreement consists of three loans in the amounts of \$4,483,500, \$1,891,500 and \$750,000 for a total of \$7,125,000. All three promissory notes bear an annual interest rate of 5.546% and mature on February 4, 2016 at which time the principal balance of \$7,125,000 is due in full. The three notes are secured by the Oceanside real property.	\$7,125,000	\$7,125,000
The Center entered into a loan agreement with City National Bank on December 1, 2010 in the amount of \$4,500,000. These funds were used to refinance existing debt in January 2011 and to purchase property that was formerly being leased. This agreement consists of two loans in the amounts of \$3,500,000 and \$1,000,000. Series A loan is in the amount of \$3,500,000 and bears an interest rate of 4.32% with a maturity date of January 1, 2026. The Series B loan in the amount of \$1,000,000 and bears an interest rate of 4.1% with a maturity date of January 1, 2021. Collateral for these loans include real property.	3,451,379	3,736,165
The Center entered into a loan agreement with City National Bank on July 1, 2014 in the amount of \$3,000,000 as Series C of the above loan. These funds were used for continued improvements to the Mission Mesa clinic site. The loan bears interest at a fixed rate of 3.94% per annum with a maturity date of June 1, 2024. Collateral for this loan includes real property.	2,897,696	-
Auto loans at 2.94% to 3.44% interest payable in monthly installments. Loans expire at various times through 2019. Secured by vehicle.	76,995	-
The Center entered into a loan agreement with the City of Carlsbad on February 15, 2012 in the amount of \$1,130,000. These funds were allocated from a Community Block Development Grant (CDBG) as a no interest, deferred, and forgivable loan to be used for the acquisition of property for a health center to serve low income households. The loan has a term of 20 years and is forgivable upon the expiration of the term of the loan if the property has been maintained and operated as a health center consistent with the conditions of the loan.	1,029,808	1,066,798
Total long term debt	14,580,878	11,927,963
Less: current portion	(574,058)	(284,787)
	<u>\$14,006,820</u>	<u>\$11,643,176</u>

**North County Health Project, Inc.
d/b/a North County Health Services
Consolidated Notes to Financial Statements
December 31, 2014 and 2013**

Note 8: Long-Term Debt (Continued)

Interest expense for the year ended December 31, 2014 was \$663,150 and future principal payments are as follows for the years ended December 31:

Year	Principal
2015	\$ 574,061
2016	7,722,502
2017	623,281
2018	628,165
2019	650,205
Thereafter	4,382,664
Total	<u>\$14,580,878</u>

Note 9: Commitments and Contingencies

Operating Leases

Non-cancelable operating leases for the Center's facilities expire in various years through 2021. Future minimum lease payments are as follows: \$411,966 in 2015; \$321,017 in 2016; \$268,681 in 2017; \$145,461 in 2018; \$112,514 in 2019 and \$123,360 thereafter.

Self-Insurance

The Center was self-insured for employee worker's compensation insurance benefits prior to December 1, 2006 when the Center chose to purchase workers' compensation coverage for future claims.

The accrual for self-insurance is evaluated periodically throughout the fiscal year for adequacy based on staffing changes. The Center is liable for all workers' compensation claims up to \$250,000 that occurred through November 30, 2006. Individual claims that exceed the \$250,000 per claim self-insurance deductible are fully insured by a third-party insurance company. There is no aggregate deductible.

Pension Plan

The Center has a 403(b) defined contribution pension plan covering substantially all employees who meet the eligibility requirements. The Center provides a discretionary match of eligible employee contributions to the plan up to 4% of employees' salaries. Pension expense related to the 403(b) defined contribution pension plan was \$589,981 and \$552,394 for the years ended December 31, 2014 and 2013, respectively.

The Center provides a 457(b) deferred compensation plan for certain providers and executive management as a retention benefit. Under the terms of this plan, the deferred compensation liability and related assets limited as to use are recorded by the Center and are subject to the general creditors of the Center. Expense related to the 457(b) deferred compensation plan was \$341,795 and \$329,963 for the years ended December 31, 2014 and 2013, respectively.

North County Health Project, Inc.
d/b/a North County Health Services
Consolidated Notes to Financial Statements
December 31, 2014 and 2013

Note 9: Commitments and Contingencies (Continued)

Malpractice Claims

The U.S. Department of Health and Human Services has deemed the Center and its practicing physicians covered under the Federal Tort Claims Act (FTCA) for damage for personal injury, including death, resulting from the performance of medical, surgical, dental and related functions. FTCA coverage is comparable to an occurrence policy without a monetary cap. Accounting principles generally accepted in the United States of America require a health care provider to accrue the expense of its share of malpractice claim costs, if any, for any reported and unreported incidents of potential improper professional service occurring during the year by estimating the probable ultimate costs of the incidents. Based upon the Center's claim experience, no such accrual has been made. It is reasonably possible that this estimate could change materially in the near term.

The Center is the defendant in class action litigation involving incorrect payroll wage statements and other payroll errors. The Center is a participant in ongoing negotiations to resolve this lawsuit and has accrued an estimated liability related to these settlement negotiations. The Center believes that the ultimate resolution of the matter, which is expected to occur within the year, will not result in any additional loss above what has been accrued.

The Center has other on-going litigation claims as result of its normal course of operations; however, in the opinion of management, these claims will not have a material adverse effect upon the financial statements.

Forgivable Loan

The Center entered into a loan agreement with the City of Carlsbad on February 15, 2012 in the amount of \$1,130,000. These funds were allocated from a Community Block Development Grant as a no interest, deferred, and forgivable loan to be used for the acquisition of property for a clinic to serve low income households. The loan has a term of 20 years and is forgivable upon the expiration of the term of the loan if the property has been maintained and operated as a clinic consistent with the conditions of the loan. The loan is being amortized over the life of the agreement, but in the case the Center does not maintain the clinic, the Center may be liable to refund the entire amount of the original loan to the City of Carlsbad.

Note 10: Functional Expenses

The Center provides healthcare services to residents within its service area. Expenses related to providing these services are as follows:

	2014	2013
Healthcare program services	\$37,515,443	\$37,097,655
General and administrative	11,408,248	7,916,432
Fundraising	259,623	314,935
	<u>\$49,183,314</u>	<u>\$45,329,022</u>

Independent Accountants' Report on Consolidating Schedules

Board of Directors
North County Health Project, Inc.
d/b/a North County Health Services
San Marcos, California

We have audited and reported separately herein on the consolidated financial statements of North County Project, Inc., d/b/a North County Health Services (the "Center") as of and for the year ended December 31, 2014.

Our audit was conducted for the purpose of forming an opinion on the financial statements of North County Project, Inc., d/b/a North County Health Services taken as a whole. The consolidating information include in page 17 through 19 is presented for purposes of additional analysis and is not a required part of the financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

**North County Health Project, Inc.
d/b/a North County Health Services
Notes to Schedule of Expenditures of Federal Awards
Year Ended December 31, 2014**

Note A: Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (the "Schedule") summarizes the expenditures of North County Health Services (the "Center") under programs of the federal government for the year ended December 31, 2014. Because the Schedule presents only a selected portion of the operations of the Center, it is not intended to, and does not, present the financial position, changes in net assets, or cash flows for the Center.

For purposes of the Schedule, federal awards include all grants and contracts entered into directly between the Center, agencies, and departments of the federal government. The awards are classified into major program categories in accordance with the provisions of Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Government and Non-Profit Organizations.

Note B: Basis of Accounting

For purposes of the Schedule, expenditures for federal programs are recognized on the accrual basis of accounting. Expenditures are determined using the cost accounting principles and procedures set forth in OMB Circular A-122, Cost Principles for Non-Profit Organizations.

Note C: Relationship of Schedule of Expenditures of Federal Awards to Financial Statements

Consistent with management's policy, federal awards are recorded in various revenue categories. As a result, the amount of total federal awards expended on the Schedule does not agree to total grant revenue on the Statement of Operations and Changes in Net Assets as presented in the Center's Report on Audited Financial Statements.

Note D: Pass-Through Awards

North County Project, Inc., d/b/a North County Health Services provided federal awards to subrecipients as follows:

Cluster/Program	Subrecipient	CFDA Number	Amount Expended
Grants to provide Outpatient Early Intervention Services with Respect to HIV Disease	Vista Community Clinic	93.918	\$ 97,259
			<u>\$ 97,259</u>

**Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with Government Auditing Standards**

Independent Auditor's Report

Board of Directors
North County Health Project, Inc.
d/b/a North County Health Services
San Marcos, California

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of North County Health Project, Inc., d/b/a North County Health Services (the "Center"), which comprise the balance sheets as of December 31, 2014 and 2013 and the related statements of operations and changes in net assets, and cash flows for the years then ended, and the related notes to the financial statements, and have issued our report thereon dated April 14, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered North County Health Project, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Center's internal control. Accordingly, we do not express an opinion on the effectiveness of Center's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Center's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether North County Health Project, Inc.'s, d/b/a North County Health Services financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CARW. LLP

Fresno, California
April 14, 2015

Report on Compliance For Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

Independent Auditor's Report

Board of Directors
North County Health Project, Inc.
d/b/a North County Health Services
San Marcos, California

Report on Compliance for Each Major Federal Program

We have audited North County Health Project, Inc.'s, d/b/a North County Health Services (the "Center") compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the Center's major federal programs for the year ended December 31, 2014. The Center's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Center's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Center's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Center's compliance.

Opinion on Each Major Federal Program

In our opinion, North County Health Project, Inc., d/b/a North County Health Services complied, in all material respects, with the requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2014

Report on Internal Control Over Compliance

Management of North County Health Project, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Center's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Center's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133

We have audited the financial statements of the Center as of and for the year ended December 31, 2014, and have issued our report thereon dated April 14, 2015, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.
