To accommodate what is happening legislatively and given the existing March 1, 2016 deadline, the proposed ordinances are framed as ordinances which are interim urgency, urgency and regular course, to place regulations in effect by that deadline in case the Governor does not sign AB 21 removing the deadline. If AB 21 has been chaptered by the time the City Council considers the proposed ordinances, the recommended approach to the City Council will be to adopt the ordinance in due course as the urgency actions will no longer be necessary.
