## **OLD BUSINESS**

### **1. SANTA'S VILLAGE**

Chair Andrews noted many Commissioners attended and asked if one of the new Commissioners would like to give a rundown of the event.

Commissioner Istvanyi noted the event overall went well after they found a few of the missing pictures they had taken. Istvanyi noted for next year it would be beneficial to have the camera on a tripod so you didn't have to adjust the camera each time a photo is taken. Istvanyi also requested to have a large sign stating the times Santa will be taking pictures.

Commissioner Morrison said overall the event went very well and everyone was having fun.

Staff advisor Overman thanked the Commissioner who worked the event. Commissioners took 350 photos and collected \$330.48 in donations.

### **2. COMPOSTING PROJECT SUBCOMMITTEE**

Commissioner Manika showed Commissioners a sample of the liter bottle composter. Manika explained how to make the composter and for the Family Night event the bottles composters can be made in advance. Manika asked Commissioners to collect 2 liter bottles for the project. Manika can bring some compost from his backyard for the kids to put in there composter. At Family Night they can read a story about composting and then tell them briefly about what composting is. The parts of the composter can be preassembled and then they can put it together.

Commissioner Vongsachang suggested doing a short skit for the kids which engages the children and makes it more fun. Manika said that's a great idea and the subcommittee can meet in advance to coordinate the skit.

**3. KIDS CONNECT TO CULTURE**

Commissioner Madhava noted they will choose two cultures and do two events at the Library in 2017. Commissioner Andrews noted we need to set a date with the Library so the Commission can start planning the event.

**WRITTEN COMMUNICATION**
