Stephanie Walker with San Marcos Youth Baseball reported on items including season schedules, the introduction of Shetland for 5-6 year olds, hosted events, travel team successes and participation statistics. She stated there were 800 players this spring season and of that more than 80% were San Marcos residents. Some events that SMYBB will host this year include the Wood Bat tournament, Halloween tournament and Home Run for Chelsea event. San Marcos Youth Baseball is focused on league unity by eliminating the North and South divisions. A challenge they face is to stay competitive with other local leagues that offer more travel teams.

She also thanked the City and staff for their support and field maintenance. She gave a special thanks to the following staff; James Daza, Eric Leichter, Taylor Oshinski, Krystal Mainprize, Art Sotelo and Stew Rutledge for their efforts.

**5. Annual Staff Report, 4th of July Fireworks Fundraiser – Slideshow**

Program Manager Holly Malan reported on the Fourth of July Fundraising totals. The goal was to raise \$30,000 this year, which was \$5,000 more than previous years. The committee was very diligent in getting new donors this year that helped contribute to our goal. The total amount received was \$28,134. The Go Fund Me goal was set at \$5,000 and the total reached was \$4,350. Youth Ambassadors collected the highest ever in cash donations, at the event collecting \$970. A new Snap Chat geo filter was added this year and there were 10,438 views, 1400 swipes and 240 uses. Holly thanked the committee for their commitment and contributions.

Commissioner Mockus thanked all staff and volunteers. She also requested to have more trash receptacles around the snack bar and restrooms for next year.

Commissioner Towsley said that everyone did a fantastic job. She also requested that the committee focus on promoting the VIP areas for next year.

Chair Franklin thanked Holly Malan and staff for a job well done. He gave a special thanks to Commissioner Towsley for her marketing expertise and fundraising efforts. He requested to have more speakers added around the stage; there were several people at the event who could not hear the announcements.

Chair Franklin stated he saw drones in the area and that it's a safety concern if a drone crashes or gets hit by fireworks. He also thanked the Youth Ambassadors for doing a great job.

## **6. Smoking in Parks Policy – Moved to item 5**

Director Buck Martin summarized community concerns presented by Club Live at the May and June Commission meeting, current city policy regarding smoking in designated areas, staff response to the concerns, and follow up plans. Mr. Martin sent a memo to City Manager Jack Griffin, outlining the presentations provided by Club Live as well as a brief history of the smoking in parks issue. The memo also listed the steps staff planned to take over the next six months:

- Increase enforcement of the current smoking ordinance via Rangers and other Parks and Recreation Staff.
- Work with the Office of Communications to develop an outreach plan aimed at encouraging proper use of public parks and adherence to rules, including designated smoking areas.
- Monitor the results of these steps for approximately six months and then return to the Commission with further recommendations.

Speaker Letty Robles with the San Marcos Prevention Coalition reported information gathered from a survey conducted in San Marcos. The results of the survey showed the main concern of community members is with under aged drinking and smoking/vaping in public areas. Youth and community members support removal of designated smoking areas in the parks as well as the majority surveyed support 100% smoke free parks.

Speaker K.C. Strang, father, San Marcos resident and soccer coach, Executive Director of the San Marcos Prevention Coalition, member of the County of San Diego Behavioral Health Advisory Board, and chairperson of the San Marcos Palomar Health Community Action Council, voiced his support to make all parks in San Marcos smoke free.

He stated that the County of San Diego has a Live Well Initiative that attributes 3 behaviors that result in four diseases that cause over 50% percent of deaths in San Diego. Tobacco use is one of those behaviors. The City of San Marcos is a Live Well Partner and removing the designated smoking areas from our parks fits into this partnership. He is also proud of San Marcos Middle School youth for being brave and bringing this issue forward.

Mr. Strang displayed an example of an electronic cigarette called a "jewel", that is popular with young people. It is used to vape liquid nicotine, but can also be used to vape drugs.

Speaker Jessica Perales with the Vista Community Clinic stated that middle and high school students are purchasing electronic cigarettes in local stores, online and via Snap Chat.

Chair Franklin requested staff to reassess the designated smoking areas and to investigate how other cities are enforcing No Smoking in the parks and what has been working for them.

Recreational Supervisor I Holly Payad reported on program areas including the Contractual Enrichment Classes and Specialty Camps. The contractual enrichment program offers year round classes, camps, and clinics for all ages. Holly explained the process for becoming a contractual instructor with the city. She also reported on class attendance, refund policy, and program outlook. Specialty camps are classes offered to school aged children during summer and holiday breaks. Camps are weeklong clinics with various offerings including STEM, art, cooking theater, sports and dance.

Holly reported on other areas she supervises including, front office staff, facility rentals, and Santos Village.

Commissioner Smith made a recommendation to post class proration information on the city website.

### **5. Commercial Use Policy, Senior Management Analyst Darren Chamow – PPT**

Senior Management Analyst Darren Chamow reported on the new Commercial Use Policy. The policy establishes a process to allow activities or services in parks for groups/individuals who charge a fee. The policy would also utilize currently unused park space that can potentially earn revenue, organize and update the system of tracking commercial users.

The policy covers commercial use space, commercial use photography and non-mobile attractions. It does not cover sports fields, commercial filming and mobile food vendors.

Major changes made to the process include requiring a permit for commercial use groups, approval from P&R Commission on a quarterly basis, meeting insurance requirements, new hourly fees and designated use areas.

Darren explained each area of the policy, the limitations, and the approval process. The Policy will be implemented starting October 1, 2018 and posted on the city website.

QA: Commissioner Towsley asked if the City has ever received hot air balloon requests and if it's ever been discussed. Staff will look into this and get back to her.

Commissioner Crain stated his concern regarding street vendors especially since it will conflict with sports group's concessions.

Commissioner Lindsay asked if archery at a picnic reservation would need to get a Special Events permit or is it considered mobile vending. Staff will get back to the commission regarding Archery.

### **6. Senior Activity Center Fitness Zone Park Naming Application -**

Program Manager Holly Malan re-presented the Park naming report for the Fitness Zone and reviewed notes from the December 16, 2017 Commission meeting.

She presented the completed park naming application with the proposed name, Mark J. Noy, Jr Adult Fitness Zone. The nomination was based on the fact that the estate of Mr. Noy Jr. made a significant monetary donation to the San Marcos Senior Activity Center.

The application had limited information on the individual since he had passed away in 2011.

Vice Chair Lindsay shared additional information he found on Ancestry.com

Commissioners agreed to have the proposed name go through the Park Naming Process steps since an area is being named after an individual.

Commissioner Hernandez asked if a criminal background check is part of the park naming process. Director Buck Martin will speak to the Sheriff's Department and will follow up with the commission regarding criminal background checks on individuals.

This item will be brought back in October to have the Commissioners vote on the proposed name.
