Executive Summary

On December 11, 2018, the city council unanimously directed staff to begin the process for accepting applications for candidates to fill the city council vacancy by appointment. The city clerk's office posted the vacancy notice and application online on December 13, 2018. Applications were received and verified by the city clerk's office until Thursday, January 10, 2019 at 5:30 p.m. The city clerk's office received 24 applications.

The city council also directed staff to schedule a special meeting to interview candidates on January 15 at 6:00 p.m. with the opportunity for applicants to present their qualifications for the position. The City Council may make a decision at this special meeting or may direct staff to place the matter on the January 22, 2019 City Council agenda.

Discussion

The appointment process to fill the Council vacancy has minimal cost implications, with the majority of the cost

being staff time. Under Government Code section 36512, the Council would have until February 9, 2019 to fill the vacancy by appointment, which is the date 60 days after the December 11, 2018 swearing in of Mayor-Elect Rebecca Jones. Such an appointment would be for the unexpired term of the City Councilmember seat held by then Councilmember Jones, which ends in December 2020.

The City Council should note that an appointment process involves many details which are not expressly addressed by any laws or regulations. However, general qualifications for applicants are similar to those of candidates running in a regular election, such as:

- An applicant must be 18 years of age and a citizen of the United States
- An applicant must be a resident and registered voter of the City of San Marcos
- A person is disqualified from holding any office upon conviction of designated crimes as specified in the Constitution and the laws of the State of California

The applicants listed in the attachments have all met these minimum qualifications for this office. As previously stated, there is no specified process for appointing someone to fill a City Council vacancy. The city council requested applicants to provide an application and resume of their qualifications for the position. All the individuals have been invited to attend the special meeting where the City Council will interview candidates separately and each applicant will have the opportunity to present their qualifications and discuss their candidacy with the City Council during this public meeting.

After the interviews have been conducted the city council will have the opportunity to discuss the candidates' qualifications and make a decision regarding an appointment. The City Council may make a decision at this special meeting or may direct staff to place the matter on the January 22, 2019 City Council agenda.

The other method for filling the vacated Council seat would be by calling a special election. If the Council does not call an election or make an appointment by February 9, 2019, pursuant to the Government Code the vacancy will be filled at the next regularly-established election. If the City Council desires to pursue this process, City staff would work with the County Registrar of Voters (Registrar) to schedule an election on the next regularly-established election date. Staff would then bring back for City Council approval resolutions to call the election and consolidate with a state-wide election on the applicable state-wide election date.

Staff had previously estimated that the cost of a special election would like be in the \$550,000 to \$600,000 range and possibly even higher.

APPLICATION FOR APPOINTIVE POSITION

WHAT ACTIVITIES OF THE COMMISSION/COMMITTEE/BOARD (1ST PREFERENCE) ARE:

MOST INTERESTING TO YOU? The opportunity to represent the citizens of San Marcos at the policy-making level of the City Council. The opportunity to represent the leadership of San Marcos in public and in the media. The opportunity to enhance further the amazing potential of the "Educational Hub" of NCSD.

LEAST INTERESTING TO YOU? I have no interest in campaigning for office, including the upcoming District 4 election in 2020. My personality is naturally positive and encouraging, and campaigns can be the opposite. If appointed, I will represent our fine city in a professional, positive, and diplomatic manner.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

As San Marcos City Council members, we should lead in a unified and objective manner to optimize future developments already planned, while also continuously taking into account the needs and concerns of all stakeholders.

We have outgrown our indoor recreational facilities, specifically Corky Smith Gym, and there is additional potential for innovation and development in this area. We can construct a new facility using private (non-city) funds; a place that would be additive not only to city-run sports programs but also enhance commerce and education in the city and surrounding areas.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

Since 2015, my grassroots team has led an ambitious project to develop a multi-use Sports, Community, Occupational, Recreation and Educational (SCORE!) center that would become a signature landmark for the city of San Marcos. This project has evolved into a 501c3 non-profit organization with the placeholder name of San Marcos Mega GamePlex, Inc or "MGP". Escondido has the SD Zoo Safari Park, California Center for the Arts, and Cruisin' Grand...

Vista has The Wave WaterPark and Moonlight Amphitheater...

Carlsbad has The Flower Fields, LEGOLAND and its beaches...

Oceanside has Oceanside Pier, Old Mission San Luis Rey, and its beaches...

San Marcos has colleges & a university, + the potential for a unique attraction: LET'S BUILD SOMETHING AMAZING TOGETHER!

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THIS COMMISSION/COMMITTEE/BOARD?

No conflicts of interest. My business in City Hall pays the same market-rate rent as all other tenants. The rent is paid by Kingsview Asset Management, and not by my S-corporation.

OTHER RELEVANT EXPERIENCE/EXPERTISE

As Vice President of the Twin Oaks Valley Ranch Association HOA, my ideas were vetted then implemented to install capital improvements, to host homeowner events, and to replace an under-performing management company - with much improved service, and -20% lower cost. Furthermore, my career and volunteer background contains 20+ years of leadership experience with documented innovative improvements across many different arenas. (my current resume is attached to this application)

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THIS COMMISSION/COMMITTEE/BOARD YOU SELECTED?

There are two meetings held on the second and fourth Tuesdays of every month. This is a part-time position that requires up to 20 hours/week of commitment to serve effectively. It is expected to study & understand policy issues, to attend public events, and to participate in other commissions and committees county-wide.

Have you ever attended a meeting of this Commission/Committee/Board? NO YES If so, how many? Several _____

Dimitris P. Magemeneas

Executive Summary

Accomplished **leader** that has assimilated a lifetime of experience and education into a mindset of enthusiastically enabling others to confidently achieve their goals.

On the job, an organized and effective business **director** that orchestrates staff and allies to help clients be comfortable and confident with their financial strategies.

In the community, a tireless and committed **volunteer** that identifies needs and opportunities, then communicates and plans activities to improve upon the status quo.

Out in public, an inspiring and knowledgeable **public speaker** with a long history of teaching principles of success in personal finance, career management and business building.

Overall, a **continuous networker** and **lifelong learner** that truly believes anything is possible!

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:	
MOST INTERESTING TO YOU?	The most interesting activity of the City Council is the ability of the Council to set policies that promote the quality of life in San Marcos.
MOST CHALLENGING TO YOU?	The most challenging aspect of being on the City Council is weighing the arguments/interests of the various stakeholders in the city.
WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?	
<p>I would like to see the City continue to work on projects that improve the quality of life for the residents of San Marcos. Specifically I would like to see the City continue to look for ways to increase housing affordability and improve traffic flow throughout the city. Secondarily I would like to ensure that the City continue its prudent fiscal course while also looking for ways to improve City infrastructure and recreational assets.</p>	
HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?	
<p>I would have the City look at improving technology utilized at intersections across the city. The city should ensure that we're at the forefront of traffic management technology and practices. I also would make sure that new developments are planned with appropriate traffic mitigation plans. I would also like to see the City identify areas of the that could be targeted for denser growth providing more cost effective housing to residents and located near transit options.</p> <p>As I did during my time on Budget Review Committee I would continue sound budget planning with an eye towards having sufficient funds to support future growth and meeting future obligations. The City must constantly be monitoring not just its current obligations but future pension obligations. Future non-residential development should be geared towards expanding our tax base in a way that does not directly compete with Amazon.</p>	
PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?	
N/A	
OTHER RELEVANT EXPERIENCE/EXPERTISE	
WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?	
<p>The City Council sets priorities and direction for the city. This includes approving the budget as developed by city staff. The city manager executes the day to day activities of the government under the general supervision of the Council.</p>

PROFESSIONAL EXPERIENCE

OCEANEERING INTERNATIONAL, San Diego, CA

11/2015 - Present

Staff Cost and Project Analyst

Managed all financial aspects for operational government contract performed at the Secret/SAP level. Responsible for developing project activity and corporate forecasts. Monitored monthly project profitability and performed monthly variance analysis. Created and presented monthly Financial Status Reviews with government Contracting Office Representative (COR) and customer financial staff. Managed relationship with customer and subcontractor financial staff.

- Developed all cost and finance requirements for three proposals leading to the awarding of three option years of current contract. Teamed with engineers and key subcontractor personnel to ensure that all funding requirements were included in proposals. Total award of all three option years was in excess of \$150 Mil.
- Prepared ad hoc analysis and performance reports to program management and project team in evaluating emergent operational requirements. Tracked the financial performance of all project activities ensuring that 100% of all task directives were fully funded. Evaluated all project activities for financial performance and briefed results for program manager and customer staff.
- Instituted bi-monthly invoicing of project costs. Directly lead to a decrease in Days Sold Outstanding from 75 days to 45 days.

WACO FILTERS, Norristown, PA

11/2014 - 6/2015

Strategic Pricing Leader

Monitored sales activity and profitability. Approved price deviation requests from a sales team that numbered 20 people nationwide. Developed reports that tracked and logged product sales performance, as well as analyzed the competition and benchmarked their products as part of developing a value-based pricing system.

- Created and implemented a from-scratch pricing authority matrix that delegated pricing authority to regional sales leaders, cut the average time necessary to get special pricing quotes to customers from 4 hours to 2 hours, and increased profit margin by 10%.
- Led value-based, statistical pricing market studies in the San Diego and Miami markets that resulted in changes to business strategy. Changes included hiring new salespeople in both markets and retaining current warehouse location in San Diego that was slated for relocation to a new market after analysis discovered its location was in fact strategic, thus avoiding up to \$60K in moving costs.
- Studied internal pricing levels and ensured that price increases from affiliated companies were passed through to customers. Price increases ranged from 2% to 15% and represented revenue losses that had to be avoided.

JOHN DEERE WATER/RIVULIS IRRIGATION, San Diego, CA

4/2014 - 11/2014

Global Sales Analyst

Tracked the daily sales of 56 salespeople worldwide and monitored dealer productivity.

- Created and implemented a new global sales compensation program for sales reps and managers in North America, Europe, Africa, South America, India, and Australia that emphasized both volume and profitability and included a commission program. The program retained 80% of staff during a time of crisis for the company—the division had been spun off and the entire staff had been approached by a competitor who tried to hire them away within the first 6 months.
- Worked with general managers around the world to establish new sales territories and appropriate sales goals and profitability targets for each individual sales territory, thereby implementing metrics and instituting sales efficiencies into a company that previously had not been held accountable for its performance.
- Created new sales reporting procedures that allowed the CEO to track the performance of individual sales representatives and managers against budgeted goals worldwide. Took data from SAP and migrated it to Excel, giving greater visibility to which sales territories were performing well and achieved its goal of enabling the CEO to see immediately which salespeople were achieving their targets and which were not.

JOHN DEERE WATER (JDW), San Marcos, CA

10/2010 - 4/2014

Pricing Analyst

Ensured all data in SAP was correct, reviewed accuracy of dealer assignments to the proper channel, and supported customer service to ensure everything was correct at time of order entry.

- Developed pricing best practices and implemented new global pricing systems that were adopted worldwide, led to greater pricing stability and predictability through common pricing structures and practices, and promoted significantly improved global pricing visibility to senior management, increasing margin by 5%.
- Integrated business and pricing processes and developed change management plans for globally impacted teams, resulting in greater alignment with Ag & Turf's pricing systems and procedures, integration into John Deere's sales and marketing force, and a common policy and procedure.
- Implemented value-based pricing processes that successfully migrated North American pricing to a value-based system, resulting in more competitive pricing for all product lines and proper market position for the company.
- Led the new product introduction for the Metal Filter line, allowing for expansion of product lines and offering a more complete irrigation solution to the marketplace. Generated \$1M in revenue by the third year in a highly conservative, slow-to-adopt market.

MARYSVILLE PAINT INCORPORATED, Marysville, WA

8/2010 - 6/2013

Senior Accountant

Oversaw all financial aspects of a family-owned retail paint store chain, generating \$1.5 million in annual revenue. Managed all cash flow, accounts payable, tax, and other financial responsibilities of the business, including filing quarterly income taxes.

- Performed Net Present Value and Internal Rate of Return analysis for the acquisition of a second retail location in Bellingham, WA that enabled the negotiation of a \$50,000 lower purchase price.

CEATUS MEDIA GROUP, Pacific Beach, CA

2/2010 - 4/2010

Financial Analyst Intern

Developed reports and recommendations for improving margin performance. New data facilitated senior leadership in changing how the company recorded employee labor and improved the accuracy of the firm's profitability data.

- Created a financial model that combined data from all aspects of the firm's operations and led to a 100% improvement in the firm's cost accounting.

BOOZ ALLEN HAMILTON, San Diego, CA

3/2008 - 6/2009

Cost Analyst

Utilized advanced Excel skills to build and manage large Excel financial models that determined how much the client/Navy could purchase based on costs. Supported program and budget manager to ensure all requests were achieved and submitted on time.

- Estimated the cost of defense acquisition programs with budgets in excess of \$400 million.
- Responded to data requests and reporting needs of multiple clients to ensure that the Navy's defense acquisition process ran smoothly.

MILITARY EXPERIENCE

US NAVY RESERVE, San Diego, CA

2004 - Present

First Class Petty Officer

EDUCATION

SAN DIEGO STATE UNIVERSITY, San Diego, CA

MBA, Finance, 2010

- Culminating Experience: Built a business model for a start-up renewable energy firm. Analyzed product concept to determine what cost they could bring the product to market at and validate their central assumption for why someone would buy their product. Evaluated whether their central idea of storing power at night and selling it during the day was financially feasible. At the end of the project, their cost was unfortunately higher than their price point.

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? 1) Working collaboratively to adopt policies and programs that enhance our quality of life. 2) Evaluating and considering private and public projects promoting sustainability and smart growth principles that will shape the build-out of San Marcos. 3) Developing programs for strengthening our local economy and community engagement. 4) Ensuring a fiscally responsible budget and proper stewardship of our local resources.

MOST CHALLENGING TO YOU? 1) Addressing Public Employee Retirement System (PERS) unfunded liability issues in a manner that will not compromise the long-term financial stability of the City. 2) Responding to state-mandates regarding a variety of concerns pertaining to housing, business, transportation, etc. that impact our ability to address those issues locally.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

- 1) Updating the 2013 General Plan and zoning code to reflect current community values and vision.
- 2) Improving traffic flows during peak hours of travel including better synchronization of traffic signals.
- 3) Streamlining some of the City development application processes while maintaining adequate opportunities for public input.
- 4) Improving aesthetics along Hwy 78 through San Marcos by enhancing landscaping, installing gateway features, and eliminating billboard signs.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

A collaborative approach involving all affected stakeholders would be vital to ensure the success of any project or program. A core group of key community members/stakeholders would be appropriate to head up any project or program that has major city-wide implications. It would be important to conduct thorough community outreach when soliciting the opinions and ideas of local residents and business owners as an opportunity to enhance the project or program. Any final decisions would need to be conducted in an open and transparent fashion to maintain trust and support with the community.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

I am currently employed by the City of Escondido as the Assistant City Manager. As a resident of San Marcos, if I am appointed to the City Council I would feel obligated to refrain from participating on any committee of elected officials that include the Escondido City Council. I would also abstain from voting on any issues where San Marcos and Escondido have opposing counsel on legal matters.

OTHER RELEVANT EXPERIENCE/EXPERTISE

I have a Bachelor of Science Degree in Urban Planning with 30+ years of municipal experience, serving as Community Development Director and Assistant City Manager for the City of Escondido. I am familiar with City Council protocols, municipal general plans, ordinances, development agreements, housing regulations, the California Environmental Quality Act (CEQA), engineering design standards, public works and community service programming, emergency service provisions, city and department budgets, and other governmental operations.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

The City Council's primary role involves establishing and adopting policies and programs, including the annual budget, for the City Manager to implement through a variety of staff and resources. The City Council also appoints members of the community to citizen commissions who make recommendations on various matters for City Council consideration. In their duties, the City Council members should also listen to the concerns of their community, be empathetic, factual, well informed, and willing to be flexible based on new information and circumstances.

Have you ever attended a meeting of this City Council?

NO YES If so, how many? About 5

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? It's my honor to represent the City of San Marcos when I'm out in the community -- whether attending an official event or serving lunch at the Senior Center.

MOST CHALLENGING TO YOU? Identifying and mentoring emerging leaders in the community to help recruit future leaders of our city.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

As the gem of North County, San Marcos is a very desirable place to live. We must be vigilante of the balance between growth, opportunity and livability for today and the future. I'd like to see the City and the San Marcos Unified School District (SMUSD) have a more symbiotic relationship -- as our population grows, we must collaborate on infrastructure that best serves the growing interests of our residents. Maintain and increase our presence with Innovate 78 as well as CSUSM and Palomar College for the greater good of the community. Build a greater sense of community pride based on shared responsibility as neighbors.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

Actively participation as a member of the task force established for collaboration between the City and SMUSD.

Create a city mentoring program to encourage new people to join the Commissions, Committees or Boards.

Include representatives from Innovate 78, CSUSM and Palomar College to city events and activities.

Take additional time to be visible and interact with residents to get the pulse of our city and report back.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

Not applicable.

OTHER RELEVANT EXPERIENCE/EXPERTISE

With an averaged 90% attendance on the Parks & Recreation Commission for 5 yrs, contributed towards oversight of \$4M P&L, 19 full-time staff, and 9 departments; I delivered presentations before City Council; I initiated and led the digital fundraising efforts and social media presence for the annual fireworks show. As Vice President of my HOA, I oversee a multi-million dollar budget for 122 homeowners in San Marcos. Regular volunteer at schools. Successful entrepreneur overseeing budgets, expenses, operating capital, cross-functional teams.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

As a member of City Council and various agency boards, represent the citizens of San Marcos with regular attendance twice a month at public meetings to hear residents and work with city staff to ensure we are using resources responsibly and overseeing the effective delivery of services.

Have you ever attended a meeting of this City Council?

NO YES If so, how many? 4 _____

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? Working with a newly elected Mayor and this council on shaping the vision for the City of San Marcos. As both a small business owner and resident of San Marcos, my perspectives on the city are developed by numerous conversations I have with our patrons and my neighbors.

MOST CHALLENGING TO YOU? Of course we know traffic, school over-crowding and affordable housing are hot button concerns. These are not simple easily fixed topics. But how we go about crafting the solutions in a legal and fiducially responsible manner will always present the largest challenges for me.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

I am a fan of anything and everything which would continue to foster great civic pride and a better sense of what it means to be part of the San Marcos community. We have an amazing footprint of trails that provide ample outdoor opportunities. I believe this is very unique in this part of North County. Since moving here in 2006, I have also been amazed at both the depth and quality of recreational facilities which exist for the community. I am also a cyclist in my spare time and think that San Marcos has improved on the safety for cyclists but San Marcos Boulevard is still a very scary artery through the city when I am on my bike.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

I believe that the City of San Marcos operates with sound business practices. As a lean organization and one that prioritizes fiscal responsibility, I would expect to work within this framework on any new projects or programs. I am very pragmatic about money being spent on projects which benefit the community as a whole. In this manner, I believe my approach would be simple. If the community develops a demonstrated need and the city can afford to provide the solution then it is the responsibility of the elected officials to work on removing the obstacles, secure the funding to push the project past the finish line. But demonstrated need must also be weighed against the long term goals and funding of the city without creating undue pressure on the budget.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

None that I can think of with the exception of the business that I operate here in San Marcos. But I don't believe this poses a conflict.

OTHER RELEVANT EXPERIENCE/EXPERTISE**WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?**

I believe that members of any council (and especially one that is civic focused) should be great listeners, exceptional at problem solving and able to view issues from multiple perspectives allowing creative solutions to emerge. This city council will also be focused on working within the new district representation to better serve the constituents who elected them.

Have you ever attended a meeting of this City Council?

NO YES If so, how many? _____

Tomme Arthur

Objective: To secure the nomination and appointment for the vacancy on the San Marcos City Council.

Profile: I am 4th generation Native San Diegan who grew up in the Rolando Area in the city. I moved to San Marcos in April of 2006 when we opened Port Brewing Company in the original Stone Brewery Building space located at 155 Mata Way. As one of the Co-Founders and Chief Operating Owners, I have been tasked with all fields of experience relating to the day to day operations of our business.

This has meant working with local city government agencies (Fire, Sheriff, Office of the City Manager and even regional organizations like Vallecitos Water District). As a brewery we are also operated as a heavily regulated business with incredibly high level reporting and compliance at both the state and federal levels.

In short, my time as Chief Operating Owner at Port Brewing and The Lost Abbey has required me to navigate the complexities of a multitude of agencies in order to ensure the success and growth of our company. While this has not always been easy, it has affirmed the role of organizational structure with regard to sound business operations.

Work Experience:

January 2005 to Present-

Co-Founder and Chief Operating Owner Port Brewing and The Lost Abbey

155 Mata Way Suite 104 San Marcos, CA. 92069.

May 1997 through January 2005- Head Brewer at Pizza Port Solana Beach.

March 1996 through April 2006- Assistant Brewer at Cervecerias La Cruda (San Diego).

Education:

San Diego State University- Fall of 1996 Started course work for Master's in English

Northern Arizona University- 1991 through 1995

(Graduated with Bachelor of Arts degree in English)

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? We are in a wonderful city for the citizens, businesses and students that choose to live here as the best place in SD County. All of the city departments currently operate at an exceptional level. Most interesting activity would be to continue this excellence.

MOST CHALLENGING TO YOU? Keep residential and commercial development at a level that works for the infrastructure in San Marcos and N San Diego County...

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

I am most familiar with city mgt, parks & recreation, public safety, city works, and planning. All these departments are doing an outstanding job. Although, areas that can be improved are fire safety public awareness, water & resource conservation, and assisting the city and school with projected growth.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

I would really appreciate the opportunity to discuss projects, programs, ideas, etc. at an interview.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

My involvement in organizations have always been to promote student development in FFA/leadership, while working for San Marcos School District the past 28 years, community/school improvement with Kiwanis and City Chamber of Commerce, and agricultural/food science awareness as an ag educator and participant with SD County Fair. I always promote making San Marcos a better place to live and can't think of any conflict of interest.

OTHER RELEVANT EXPERIENCE/EXPERTISE

I have +4000 former students/alumni living in the area and several have encouraged me to continue making a positive influence on peoples lives. What better way, than to serve on the city council to help make everyone proud of where we live. Also, as a teacher and FFA Advisor, my expectations for students were to perform community service hours, which put me in contact with many businesses, community leaders, and civic organizations.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

I want to be the voice for the citizens of San Marcos and be a team player with the council to make the right decisions to help the best city in San Diego County and all of us move forward.

Have you ever attended a meeting of this City Council?

NO YES If so, how many? +6

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? Housing Element, Climate Action Plan, Public Schools: Working on these key environmental issues with city staff and stakeholders can assure San Marcos remains a beautiful and safe city in which to live, raise a family and work.

MOST CHALLENGING TO YOU? Homelessness: The San Diego County Regional Task Force reports that over 14% of the County's homeless are in inland North County.
Fire Safety: Assuring that our firefighters have the resources necessary for public safety.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

* San Marcos Creek District offers intriguing ideas for making San Marcos a destination city for shopping and entertainment. Working with planners to make this vision a reality has been challenging. I believe my expertise and time with the City of San Diego, working with city planners on major projects including Horton Plaza and the Marina District, will be of benefit to the overall implementation of the San Marcos Creek District vision.

* Continuing to address our Housing Element while coordinating with SMUSD to assure that public schools are at pace with growth is a tremendous challenge and paramount to any smart growth planning.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

I would approach most tasks by first consulting the CIP Program to provide the City with the financial strategy for infrastructure improvements by coordinating and identifying dependable funding sources using the five part plan.

IDENTIFY: Identify the issues, problems and concerns of our city residents through staff or stakeholders

PLAN: Meet with staff and experts to plan solutions

BUDGET: Develop an accounting method for budgeting

CONSENSUS: Get support for the plan and its solutions

IMPLEMENT: After approval, follow up the implementation and evaluate impact

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

I have no pending real estate or clients who are relying on the City of San Marcos for any approvals, permits or planning.

OTHER RELEVANT EXPERIENCE/EXPERTISE

While at the City of San Diego's City Attorney's Office, I supervised the Criminal Division and was part of the reorganization of that Division. As the result of my efforts of working with the City Manager and Staff, I was able to implement a Domestic Violence Unit and staff it with prosecutors, paralegals, investigators and administrative staff. That Unit is now one of the State's most modeled units for domestic violence outreach and prosecution.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

The City Council generally acts as the legislative branch of the city government, as well as its policy-making body. The chief responsibility of the City Council is to establish policies for the effective and efficient delivery of municipal services to the City.

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? I think VIBE interests me the most. It's a wonderful event where the community really gets involved to help their neighbors. It was also encouraging to see local business owners donate their time and resources.

MOST CHALLENGING TO YOU? Finding solutions for traffic congestion presents the most challenge to me. I believe this issue will become more serious in the near future if we are unable to find an effective resolution.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

1. Improvements to local infrastructure to help alleviate traffic congestion
2. More cultural events like art shows, local theatre productions and outdoor music festivals
3. Fostering goodwill international relations by adopting sister cities with foreign countries
4. More local outreach programs for families

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

1. To help alleviate traffic congestion, a local shuttle bus can reduce the numbers of cars in the street. There are 25 schools in our community. The shuttle bus can help provide transportation for those students. To implement this, the council can organize a task force to create the best possible routes and also get residents to participate. We can also approach developers for funding because congestion is directly related to the increasing number of housing developments.
2. Community parks and schools can be utilized for cultural events. We can provide an incentive to motivate more programs
3. In order to establish diplomatic ties with a sister city, we can research and contact city councils from foreign countries and develop programs that are feasible for sharing culture and goodwill relations.
4. I believe San Marcos residents are a community loving people. A task force composed of a diverse demographic would be one way we can develop programs for local outreach to the families.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

N/A

OTHER RELEVANT EXPERIENCE/EXPERTISE

As a local church pastor, I have experience in serving our community. For the National Day of Prayer, I worked with other clergies, and played a leading role in organizing the local faith groups. For the past eleven years, I have also led the invocation for city council meetings. Through my experience in serving the community, whether it's providing rotating shelters for the homeless in the winter, promoting music concerts at our church or participating in VIBE, I have really come to know and love the people in this city.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

The council's responsibility is to improve and enhance the quality of life for its residents. Whether it's setting policy, approving budgets or making decisions on the use of land, the council must always serve the interests of San Marcos and take the lead in engaging local residents. Leadership role is to enable the city residents to build strong relationships, and to increase citizenship.

Have you ever attended a meeting of this City Council?

 NO YES If so, how many? 20+

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? Ensuring quality development projects that balance growth and open space needs.
Collaborating with and supporting local schools, businesses and youth organizations.
Supporting our public safety departments.

MOST CHALLENGING TO YOU? The desire to respond to every social media or news comment when inaccurate or misinformed.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

Improve communication and proactive collaboration with SMUSD, Palomar and CSUSM on schools and development.
Reanalyze Capital Improvement Projects to update timing and funding allocations for infrastructure, if appropriate.
Reanalyze Emergency Evacuation Routes and procedures throughout the City.
Ensure safe routes to school for students and parents.
Ensure quality design and construction of infill projects along City's main corridors.
Attract and support a variety of business sizes and types

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

These projects / programs require inputs from the residents and businesses of our City in conjunction with the technical experts of each project type. We must encourage and listen to public input early in the process, not at the end of the process. We must consider the tangible findings and recommendations provided by technical experts in every facet of the proposed action.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

Not aware of any conflicts.

OTHER RELEVANT EXPERIENCE/EXPERTISE

In my 21+ year professional career, I often prepare for and present to Planning Commissions, City Councils and Board of Supervisors throughout Southern California. So, I have an in-depth understanding of the amount of time and resources required to take a project application through the entitlement process. I also know where to push and pull on a project in order to achieve an optimal outcome.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

As a representative of the residents and businesses of San Marcos, I will make important decisions after considering public input, project application materials, staff analysis/recommendations and fellow Council member comments with an eye on short term and long term fiscal responsibility.

Have you ever attended a meeting of this City Council?

NO YES If so, how many? over 20 _____

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU?

I want to work with community members, businesses and stakeholders to create programs and projects beneficial to community health, wealth and prosperity. I also want to work with educational issues, small businesses, the equestrian community and agricultural issues.

MOST CHALLENGING TO YOU?

The work it takes to strike the best balance between stakeholders to come up with creative and innovative solutions to the many challenges of creating a safe and healthy community.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

Create better ways for people's voices to be heard, perhaps with city-to-citizen forums, continued and improved use of media sources.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

Working with city staff, organizations, businesses and stakeholders formulating a process for community interactions and dialogue, especially utilizing the Civic Center for maximum effectiveness.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

None to my knowledge.

OTHER RELEVANT EXPERIENCE/EXPERTISE

As vice-chairman of the San Marcos trails Advisory Board, I successfully steered us through the implementation of 65 miles of hiking, biking and equestrian trails. I worked with residents, developers and City Council on a daily basis as a community volunteer. I also worked on Walnut Grove Park issues helping create a multi-use facility. This took several years of research and resident meetings through which we were able to communicate to city leaders the need for expanding park uses beyond soccer fields.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

City Council is responsible for operating city government in a fair, efficient and legal manner, managing city resources and personnel to the best benefit of the community. City Council members must be the face of the community in larger county and state issues affecting the community. Council should work as a team to do the most we can for the community with the best use of resources.

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? Understanding how we can best provide a sustainable environment for all of the citizens here in San Marcos now and for those who want to come to San Marcos in the future.
Work toward traffic, growth and pedestrian mobility solutions that are state of the art.

MOST CHALLENGING TO YOU? Finding traffic solutions that are technology based and effective.
Develop and promote standards for growth that provide solid solutions for the middle class
Building on the City's trails system and additional pedestrian mobility.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

With ever changing technology, I would like to make sure San Marcos is staying on the forefront of any new technology or programs that may help alleviate our traffic issues.

As legislation continues to affect how local government can and will provide housing to an ever growing population, I would like to see San Marcos take full advantage of all possible avenues to provide reasonable housing solutions for the workforce here in San Marcos.

The San Marcos Creek Project has been around for many years and I would like to see more progress in its development.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

I would suggest we look at other cities to see how they have implemented new technology to assist with their traffic flow issues. I would also reach out to businesses that are on the forefront of developing programs and technology that might apply to San Marcos.

I would like to see San Marcos fully explore the options we have available to promote orderly, sound development of middle class or median price housing. In doing so, we should always look to see how any development might also help with any infrastructure and services needs we currently have or that would be needed to serve new development.

The Creek project still has a lot of potential as a key focal point of the downtown area. Granted, there are financial issues that cause prospective partners to shy away, however, I feel with the right motivation and a strong demonstration by the City that we are serious about the project, we can find willing partners to make the Creek project a reality.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

I have no known conflicts.

OTHER RELEVANT EXPERIENCE/EXPERTISE

Please see my attached past City Council accomplishment sheet.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

To work together in a non-partisan, cooperative, manner to serve the citizens of the City through establishing policies and procedures that best meet the needs of those citizens.

Have you ever attended a meeting of this City Council?

NO YES If so, how many? over 200

Mark J Loscher, Resume

Executive Summary

For over 40 years I have successfully started, developed and maintained a number of businesses.

Starting as early as 21 years old I developed my desire to be an entrepreneur. In the 1970s I helped start and develop companies in the Video and Audio business in the 1980s temporary help companies and Real Estate companies in the 1990s and 2000s.

As a result of these various industries and companies that I owned I gained a great insight into how to build, run and turn a profit in different types of industries. My experience with hiring, training and managing numerous individuals over the years gives me a very good basis for how to work with all types of individuals. I have had to learn to solve problems of many different types; personnel, accounting, strategic planning, and financial management.

Early in my career my focus was on personal sales. My numbers were always among the best in my field. Later I developed more into recruiting, training and managing my sales and administrative staff. I am proud of the number of people I have helped to start a career and ultimately become very successful in their own right. As my businesses grew, my personal focus was more on the back end of the business, finance and accounting. I successfully negotiated numerous contracts to the benefit of our various companies. The most recent venture was a Real Estate company. We had 8 offices with over 375 agents and in our last full year of sales we topped the 1 Billion dollar mark in gross sales, all in the North County San Diego area.

From 1986 until 1994 it was my pleasure to serve on the San Marcos City Council as Councilmember and for most of that time, Vice-Mayor. Please see the attached for more specifics. I believe I represented the City of San Marcos with great respect for the needs of the people I represented as well as the entire council and staff. To this day I still consider this time frame as one of my most significant contributions to the community in which I lived and once again reside.

Over the years I have also made a point of giving back to my community in a variety of ways. Again, please see the attached accomplishments list.

Currently I am semi-retired. I'm not exactly sure what that means for me, other than now I can pick and choose how I want to invest my time. I still help my family and friends with any residential real estate needs they have and I am still very involved in my church as the Chairman of our Board. Through our church I have been very fortunate to be able to make over 10 Mission trips to some of the poorest Countries in the world. These trips have given me a different perspective on life, people and different cultures.

Professional Experience:

MRJR Inc. - 1999 to 2014 - Owner/Partner/CEO

Under the umbrella of our Corporation we ran a Real Estate company. Initially we started as a franchise of Fred Sands out of Los Angeles. In 2001 we changed franchises to Windermere out of Seattle and in 2011 we became Real Living. We started with 1 office and no agents in 1999 and by 2014 we had 8 offices and over 375 agents. I held virtually all positions through the 15 years; sales, recruiter, trainer, manager and handled all of the back office functions.

During these 15 years I gained experience in;

- Recruiting
- Training of agents and administrative staff
 - Over 100 agents
 - Over 50 support staff
 - Develop training materials
- Marketing
 - Developing materials
 - Implementing marketing programs
 - Negotiating with marketing partners
- Opening of new offices, from the bare walls of 7000 square feet into functioning and successfully operated businesses.
- Developing compensation packages for agents and staff
- Developing and implementing full accounting programs
- Developing lines of ancillary businesses to support our main business
- Negotiations with government entities, banks, insurance companies and other companies important to our business.
- Most all aspects of the back office functions for a highly successful real estate company

Prior Companies and positions:

Loscher, Mather, Effron - Land Use consulting – Owner/Partner – 1990s

Secure Companions – In home care – Owner, 1990s

Western Temporary Services – Admin and manufacturing temporary help – Owner/Operator 1970s/80s

Norrell Temporary Services – Temporary help – Manager – 1970s

Royal Business Machines –Office equipment sales and service – Manager – 1970s

Munderloh/Loscher Consulting – Audio Video production equipment sales – Partner 1970s

City Council Past Accomplishments:

Mark Loscher

I was first elected to the City Council in 1986. I served as Councilmember for 8 years, until 1994.

During my 8 years on the council I served in the following capacity as the representative of the City of San Marcos: Various length of terms;

- Vice-Mayor
- Chairman of the League of California Cities, San Diego County
- Chairman of the Local Agency Formation Commission, LAFCO
- Chairman of the San Marcos Fire Board
- Member of the San Marcos Rent Control Commission
- San Marcos representative to the State Board of the League of California Cities
- San Marcos representative to the State Board of LAFCO
- Chairman and founder of the joint project with SMUSD, Safe Routes to School
- Chairman and original concept initiator of the San Marcos Creek Project
- Member of the Design committee for the new San Marcos Community Center and City Hall
- Member of the team that helped to bring California State University San Marcos to town

In addition I served before and some during my term as;

- Board member to the Presidents Council at Palomar College.
- President of the San Marcos Boys and Girls Club
- Member of the San Marcos Kiwanis Club
- Legislative Chairman and Board member for the San Marcos Chamber of Commerce

It was my pleasure to interact, in a non-bias manner, with numerous developers and businesses to ensure we had a balanced growth plan. My goal was to balance orderly growth with maintaining needed infrastructure to handle traffic, fire protection, school needs and all other neighborhood support systems.

I am particularly proud that I was able to work with many different individuals and organizations to help achieve fair and balanced results for the citizens of the City of San Marcos.

I do not aspire to future political positions. I am offering my service to help with this interim need my City has at this time. Because of my experience I believe I can be an immediate contributor to the City Council.

I truly love the San Marcos Community and would appreciate the opportunity to give back to it one last time in this capacity.

Respectfully, Mark Loscher

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? Involving the community and youth to get involved within their neighborhood.
Ensuring that the community and public are fairly represented and community services are available and accessible

MOST CHALLENGING TO YOU? City Planning - Ensuring the growth and infrastructure of the city while maintaining the community ideology and maintaining/preserving the natural ecosystems

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

- Maintaining/ preserving the green space and nature preserves- while implementing the need for city growth/expansion. Expanding the walk, bike & horse trails accessibility of the community
- Increasing the accessibility to affordable housing

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

Improving and expanding the community and neighborhoods with more walkable/ bike friendly trails. Hosting community trail cleanups/ bike to work days, etc. Empowering the city and the local businesses to encourage environmental alternatives for transportation. Focusing on new developments to increase access to trails and public transportation.

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:**MOST INTERESTING TO YOU?**

Listening to those citizens within the city limits, understanding their needs, and bringing the necessary resources together to meet those needs as well as establishing the necessary relationships to bring the best ideas and methods of implementation together to ensure that all residents are receiving the highest value for the tax revenue they spend.

MOST CHALLENGING TO YOU?

Dealing with the future is the most challenging. The uncertainty of the future can be mitigated by understanding the past with the confidence that most problems the city faces, have been dealt with before by many other cities. Although all problems have unique characteristics and the resources available may change, correctly identifying the need and applying successful solutions provide a good framework for solving current ones.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

Three projects that can be improved upon are increasing affordable housing, reducing traffic, and increasing quality of life. The city has a good track record regarding all of these areas, but improvements can always be made. Focusing on the objective in each category and managing toward a solution help build unity. Most projects require multiple resources from multiple entities, so focusing on the objective will produce the best results with the limited resources available. Focusing on the objective will also help reduce possible personality conflicts and prevent secondary priorities that can hinder good decision-making.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

Regarding affordable housing, I would focus on producing a multiple rung approach, using a ladder analogy. The goal is to provide everyone with the opportunity to make it to the top of the ladder, regardless where they may start. Working with different developers would provide various attractive housing types from lower to mid-level incomes. This approach would provide smaller multi-unit apartments on a lower rung to larger condominiums on the upper rungs. This multi-unit three to five story urban approach would enable more individuals and families to build equity and establish a sense of community that would enhance the quality of life for all residents.

Regarding traffic, I would investigate the concept of timing all traffic lights on major arterials during rush hour to the speed limit. This would enable the most cars per hour to flow through the city and cut down on the number of stops and wasted idling time. No gain would be derived by not obeying the posted speed limit, which would increase safety as well as reduce pollution. This change could also help improve quality of life, as driving time would be reduced.

Regarding quality of life, which is a general term, I would continue to increase and maintain the various hiking trails, parks and other city amenities. Offering community activities create a sense of belonging and attachment to the city that offers many dividends and helps establish an identity. Encouraging business growth within the city enables more residents to work near where they live, which also increases quality of life and provides more tax revenue. Properly maintaining roads is also a contributor to increasing the quality of life of its residents.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

I am currently a board member of the San Marcos Unified School District.

OTHER RELEVANT EXPERIENCE/EXPERTISE

General Contractor, Eugene, Oregon 5 years

I managed various construction teams for mostly new and remodeled residential projects in the areas of roofing, painting, dry wall, concrete and carpentry. I also designed and built a new private school on seventy acres in Dexter, Oregon that taught about seventy young adult students and housed about thirty staff. Projects consisted of dormitories, a cafeteria and kitchen, bathing facilities, tool sheds, irrigation for farming with water, sewer lines and roads for daily operation.

APPLICATION FOR CITY COUNCIL APPOINTIVE POSITION

2 years

I managed a national quarterly magazine for a non-profit organization consisting of five staff members for writing copy, taking and developing photos, with in-house printing, post production and plate development capability.

Hewlett-Packard Corporation, Portland, OR and San Diego, CA 25 years

I had various management positions as an engineer, sales representative, OEM manager, product marketing manager and new product launch manager. I was responsible for working with various functional areas like R&D, Manufacturing, Customer Assurance, Finance and Personnel to ensure products success. In addition, I was responsible for computer products specifications, distribution channel, pricing and promotional activities worldwide

Graham Consulting, San Marcos, CA 10 years

I worked primarily with Hewlett-Packard designing and tabulating market surveys and performing competitive analysis. I also conducted a study to determine if a new bridge product was necessary and developed relationships with major customers and manufacturing divisions to provide those products in a profitable manner worldwide.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

My understanding of the council's role is to serve the citizens of the city in an honest and transparent manner, bringing one's experience and knowledge to make the best decisions for the most people. It is ensuring that the budget is balanced annually and that citizens' needs are met in the most efficient and productive manner. It also includes listening to the concerns of those within the city boundaries and making decisions that will meet short-term needs and well as look toward the future to increase affordable housing, reduce traffic and increase the quality of life for all residents.

Fortune 500 Marketing Leadership: I have been fortunate to enjoy a classic marketing career that has included key positions with Hewlett-Packard and Flextronics International. Career track: Professional growth involving divisional field support, developing a new distribution channel, promoting existing product family, deciding new product features with R&D, introducing an over \$100M new product line worldwide, and performing competitive analysis. I received divisional recognition for the best worldwide product launch since division's founding in 1958.

Entrepreneurial Experience: Over the past 15 years, I have been utilizing marketing expertise gained within major corporations in building small and midsize businesses. I have a track record of increasing sales, reducing costs, and streamlining operations in a wide range of situations. I also assisted in the founding of a new HP division, developed new partnerships with an engineering design firm, started a market research company, and developed a new distribution channel.

Customer Satisfaction: For over 12 years, I have worked in all aspects of customer interaction from a commissioned sales representative, a marketing consultant, and a European major account manager for 51 companies. I have worked with major OEMs understanding their needs and developing successful long-term relationships involving new technologies. I also received a national **First Place Quota Performance** award from Hewlett-Packard.

International Experience: My career has given me the opportunity to grow businesses in more than 20 countries in the Far East and Europe.

AAS: SUNY at Farmingdale, **BE:** SUNY at Stony Brook, **MBA:** University of Oregon (34% complete)

Selected Achievements & Skills

- Helped start a new HP division.** Instrumental in initiating a new IP licensing division working with legal to develop contracts and the necessary policies to become self-funded in less than six months. Generated over \$26M in new business from scratch and helped develop several new bridging products to pioneer the use of new technology. After competition with other HP divisions, my team received a \$50M grant to start a new R&D operation in Spain, complete with technology transfer, product plans and corresponding 5-year financials.
- Developed a new distribution channel.** Responsible for developing policies and procedures to increase OEM sales, which resulted in a 1305% improvement with support from 92% of the targeted companies.
- Successful worldwide product introduction.** Lead a cross-departmental marketing team to introduce an over \$100M product line worldwide. Coordinated all sales promotion, user documentation, distribution channel training and pricing activities. Introduction was the most successful since the division's founding in 1958 based on sales results.
- Skills:** Strong written and verbal communication skills. Personable and capable of working cross-functionally with finance, R&D, manufacturing, customer assurance, sales and marketing, as well as with upper management, in medium to Fortune 500 companies. Proficient in solving technical business problems and implementing solutions under tight deadlines. A hands-on manager capable of efficiently managing budgets in the consumer electronics market.

Career overview / Entrepreneurial and Fortune 500 Experience

- Flextronics International** --- Business Development Manager, 2001-2004
- Hewlett-Packard** --- European Account Manager, 1997-2000, New Product Launch Manager, 2007-2009
- Graham Consulting** --- Director, 1992-1997, 2004-2007, 2009- present

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? Economic Development, Building & Code, Land Planning, Real Property Services, Annual Budgets, CFD, Fair Housing, Home Rehabilitation Loan, Manufactured Home, Rental Assistance, Mobile Home Park Rent, Community Block Grant, Business License, Capital Improvement, Arts & Cultural

MOST CHALLENGING TO YOU? Aquatics, Outdoor Adventures, Sports.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

- 1) ECONOMICS - Create the first Asian shopping plaza and electric auto center.
- 2) EDUCATION - Add the orchestra classes and promote schools/colleges to international students.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

- 1) ECONOMICS – San Marcos is central to Carlsbad, Oceanside, Vista, and Escondido. By working with the City Council, City Manager, Development Services, and San Diego/local Asian business leaders, my proposed Asian shopping mall will bring more sales tax revenue to San Marcos by providing convenience to 78 Corridor shoppers from traveling down to San Diego. My other proposed project is the electric auto center that comprised of domestic and foreign made electric vehicles. I will promote San Marcos to foreign electric auto manufacturers.
- 2) EDUCATION – I have network with China educational firms and I will promote San Marcos schools and colleges to students from China. Moreover, I've been working with the Community Center staff for 10 years and I will continue to working closely with the staff by introducing the orchestra program to the Enrichment Classes.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

None.

OTHER RELEVANT EXPERIENCE/EXPERTISE

I had tagged along with the San Marcos Youth Commission for 10 years due to the fact that all my three children were YC Chairpersons. I was the Adult Supervisor for the San Marcos Youth Orchestra for 10 years as well. I also attended numerous YC meetings and participated in many YC events such as Kids Connected to Culture, July 4th, Casa De Amparo, Halloween Carnival, and Santa's Village, etc.

The San Marcos City Council
1 Civic Center Drive
San Marcos, CA 92069

January 9th, 2019

Dear Mayor Jones, Councilwoman Jenkins, Councilwoman Nuñez, & Councilman Walton,

I am writing in response to your posting for a City Council member position. I am extremely interested in exploring the possibility of working for the City of San Marcos with my high energy, integrity, and 27 years of diversified work experience.

I am currently a Realtor with Keller Williams Realty. Last year, I earned a Bronze Medallion Award for my achievements. Also, I have demonstrated my abilities in applying good practices in business analysis, management, international joint venture, manufacturing, environmental preservation, technical development, and customer service support in my past employments. Having volunteered and participated in the San Marcos City's events for the past 10 years, I am confident that I can serve the San Marcos public well. Moreover, my ability to speak multiple languages will put San Marcos on the map and take the City to the next level. I feel that I can be an asset to the City of San Marcos if I am granted with this City Council member opportunity.

I am looking forward to meeting you to further discuss my qualifications. Thank you very much.

Respectfully,

Houa Vongsachang

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? What most interests me about the City Council is participating in the review, evaluation and decision-making processes regarding issues before the city I live in and love. It's really an opportunity to participate, be a part of the city's future and to give back.

MOST CHALLENGING TO YOU? I imagine the most challenging activities of the City Council are: (1) ensuring that the citizens have a voice when it comes to issues at hand - and making sure those voices are heard; and (2) putting aside your own opinions and positions on a matter to alleviate bias(es) you might have.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

There are many programs and projects I would like to see improved and implemented. Some of these include: (1) Improving police (Sheriff) enforcement in communities and on the roads of San Marcos; (2) Creating a managed or balanced approach when it comes to residential growth and development; (3) Developing a way to bring better jobs to our city with new entrepreneurs, businesses, etc.; and (4) Working on Public Safety in terms of disaster preparedness.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

Nothing is done in a vacuum in the world of business, government or life for that matter, so the approach needs to be collaborative and inclusive. This would begin with identifying the specific issues or problems first. Once that is done, it's then a matter of identifying the scope around that issue, which also includes determining the right stakeholders associated with the project or program. Next, you gather the interested or affected parties and work together to create the project or program and work it through its phases until its natural end. This may end up being a phased or an iterative process because of the extent of the overall scope, but that's one effective way to start your approach.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

I have no current involvement in organizations or activities that would result in a conflict of interest.

OTHER RELEVANT EXPERIENCE/EXPERTISE

My career experiences (e.g., Coaching, Healthcare, past municipal work) have allowed me to work with people from all walks of life and at all levels of an organization. This is absolutely relevant and valuable experience in terms of working as a council member because you will work with people across the spectrum of a city organization, as well across a city in general. I also have experience in Lean Six Sigma with a Yellowbelt certification.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

I believe the roles and responsibilities of the City Council are to: support the mission and values of the city; guide the vision of the city and its residents; promote the interests of the citizenry; work collaboratively with other city officials and staff; and to participate actively in the city's matters to ensure we're providing a good, safe, secure environment in which to live and work.

Have you ever attended a meeting of this City Council?

NO YES If so, how many? _____

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? Decisions regarding land use issues and transportation improvements. This would include choices regarding implementation of the land use, housing and mobility elements of the general plan, and decisions regarding the capital improvement budget priorities.

MOST CHALLENGING TO YOU? Balancing the budget while providing the best possible services to the citizens of San Marcos. This requires tough choices regarding priorities and scheduling of improvements to City programs, services and infrastructure.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

It has been encouraging to see the increase in retail businesses in the last several years, but I would like to see a further increase. Additional retail provides more jobs for residents, reduces length of drives to obtain services, and creates a healthier tax base for the City. Since over half of the City revenues come from sales and property taxes, an improvement in sales and property values can only benefit the City. More revenues increases our ability to provide public safety, parks, better roads and other amenities.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

One method of increasing retail types of businesses is to provide venues where residents and tourists can have an enjoyable and memorable experience. Increases in online purchasing over the last few years have created challenges for conventional retail, but the businesses that provide experiences are not affected by online purchasing. Businesses that provide food service, group activities, musical and theatrical entertainment and other venues for socializing can be, and are, successful even in today's economy.

One method of providing the venue for this type of business is to create walkable communities that are attractive to live in and for visitors. It will encourage residents to avoid getting in their cars and will encourage visitors to get out of their cars and walk around and enjoy the area.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

As a civil engineer, I occasionally provide services to clients who are improving property in the City of San Marcos. I would need to recuse myself from any City Council decisions involving those clients or their projects.

OTHER RELEVANT EXPERIENCE/EXPERTISE

As a Civil Engineer and Land Use Planning Consultant, I have attended dozens of City Council, Planning Commission, Community Planning Group and Design Review Board meetings throughout San Diego County. I have served on boards and committees for Escondido Unified School District, Palomar College, Oceanside Chamber of Commerce and two different churches. During the last several years, I have traveled to Mexico, Guatemala and Uganda to provide volunteer civil engineering services to orphanages, churches and schools.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

The City Council is to provide overall guidance for the direction of the City. This includes setting priorities for services, liaison with other agencies, budgeting, ordinances, land use decisions, litigation matters, some general decisions regarding personnel, etc. However, the City Council leaves the details of daily City management to the City Manager and his departments.

Have you ever attended a meeting of this City Council?

NO YES If so, how many? 2 _____

Since I purchased a new home in San Marcos in 1992, I have watched San Marcos grow and become a great place to live with several new public parks, additional schools, road improvements and a growing and healthy economic base.

PUBLIC HEARING EXPERIENCE

As a Civil Engineer and Land Use Planner, I have attended and/or participated in hundreds of City Council, County Board of Supervisors, Planning Commission, Community Planning Group and Design Review Board Meetings. The purpose of my attendance was generally to present projects in public hearings for land use decisions or to learn about land use matters at public workshops.

CONCLUSION

If appointed to the San Marcos City Council, my goal would be to work toward a solution to a group of interrelated issues: provision of a wide range of housing types and prices for all residents, provision of sufficient transportation for the residents and visitors and provision of education for all students living in the City. It is important to provide housing and education for our children and grandchildren. This will require patient and persistent coordination and cooperation with Innovate 78, Caltrans, the San Marcos Unified School District and SanDAG and the involvement of builders and educators and our full community.

Along with these important issues, I will work towards an even stronger business base to provide more jobs. Local jobs will mean shorter commutes for our residents. Businesses that provide an enjoyable experience for local residents and visitors could be built in walkable communities, such as the Creek District.

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? Protecting the natural open space and local parks. These areas to include our community hiking trails which bring the community together and must be protected.

MOST CHALLENGING TO YOU? The most challenging activity will be the protection of the city's financial viability for future generations. Being stewards of the city's resources is a tremendous responsibility. Your personal integrity must be above reproach. Listening is the key to governance.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

I would like to continue to ensure smart community growth and planning. The growth of the city has been well managed and planned. The city seems to always stay ahead of the growth. The traffic plan will always need improvements however this can only be done with an informed electorate and a proactive city government. The traffic plan is only successful with a collaborative of local, state, and federal players work as a team in tandem with the community to develop a safe and viable plan. The city has always had a successful approach with SANDAG and NCTD to ensure the safe planning of the 78 corridor as it runs through San Marcos. I would like to continue and hope to contribute to this smart growth of the city.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

The city has always had a successful transportation plan. The city has built collaboratives with federal, state, and local community governments (League of Cities). These strong collaboratives, key groups, and leaders within these groups are important to ensuring the city future remain successful. A nonpartisan approach to government is key to developing and maintaining successful and safe growth. Leaders need to set their personal opinions aside and remember the citizens and the electorate must come first. The current and former members of San Marcos Council members have always put the city and citizens first. I would hope to build on the collaboratives developed over the years by the current and past council members. I would use my years of experience in government from the federal, state, and military roles to continue the incredible tradition of building collaborative to strengthen the City of San Marcos with the San Diego County Region. Servant leadership has always been in my heart. I had the pleasure of serving the country in the USAF for 32 years. I wish to continue serving my community.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

I have no involvement in any organizations or activities that may result in a conflict of interest to the San Marcos City Council.

OTHER RELEVANT EXPERIENCE/EXPERTISE

As a staff member for Congressman Ron Packard and Assembly Patricia Bates, I served as principal representative in local district issues, acted with broad discretion on behalf Congressman/Assembly Member. With Assembly Member Bates my overall responsibility was to manage both two district office operations in San Diego and Orange Counties. I worked with former Mayor Corky Smith and many others community leaders to ensure their information was transmitted to the members. I planned and managed key community meetings daily.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

"City government is the purest form of government", Ret Congressman Ron Packard. Local city council government protects financial viability, improves local policy and acts as a steward of city resources to ensure availability for current and future generations. Respect and trust of community is paramount for city leaders to ensure the integrity of the city.

Have you ever attended a meeting of this City Council?

NO YES If so, how many? 8

WHAT ACTIVITIES OF THE CITY COUNCIL ARE:

MOST INTERESTING TO YOU? I love the process of developing projects that make a positive difference in the lives of people. What would interest me most is being part of a team that continues to find the win-win options for Leadership, City Staff, Developers and Citizens both today and for future generations.

MOST CHALLENGING TO YOU? I love rubbing elbows with people and working together to find solutions to today's concerns so tomorrow can be a bit better. The challenge would be to finding the right balance between the public and private meetings so we can effectively move our City forward.

WHAT CITY PROGRAMS/PROJECTS WOULD YOU LIKE TO SEE IMPROVED OR IMPLEMENTED?

1) We must continue to grow formative, youth activities and programs. We need to not only keep kids occupied but develop them into the leaders of tomorrow. These programs have to be affordable and attainable. 2) We have to explore and develop the positive aspects of being a "college town." 3) We must have our eyes on traffic. We are a growing City and a pass through corridor for thousands. The transient traffic must be managed so our City is more peaceful for those who call it home. 4) Keeping citizens safe is a fundamental purpose of government. We must be safe at home, at work and at play. We also must be safe when disaster strikes, so continuing to communicate the emergency disaster plan to our citizens is critical.

HOW WOULD YOU APPROACH THESE PROJECT(S) OR PROGRAM(S)?

Leaders should make decision after carefully and thoroughly investigating the issues to be solved and vetting the options to their solution. A key factor in these decisions involves input from the citizens of San Marcos through public gatherings as well as commission and councils meetings. A City Council Member must be available to listen to the public, and there should be a clear and communicated process so the public opinion can be heard. In addition to public input, projects should be developed and programs implemented only after the professional expertise, capacity, resources, and opinions of the City Manager and Staff are considered. Finally, the City Council itself will not always agree on the issues, but they must be committed the greater good of the City we all love. So, I would make sure to dialogue openly and honestly with other Council Members, respect each others opinions and positions and to make sure we are collectively making the best decision to move our beloved City is an example for others to follow and a place we are proud to call home.

PLEASE PROVIDE INFORMATION ABOUT INVOLVEMENT IN ANY ORGANIZATIONS OR ACTIVITIES THAT MAY RESULT IN A CONFLICT OF INTEREST IF YOU ARE APPOINTED TO THE CITY COUNCIL?

I am on the Board of Directors of San Marcos Mega Game Plex. If our project moves forward in a significant way, I am willing to recuse myself from any official vote or change my role with San Marcos Mega Game Plex in order to serve on the City Council.

OTHER RELEVANT EXPERIENCE/EXPERTISE

San Marcos is my home town. I was grew up here and was educated in this City. I also developed a 30 acre, 24 million dollar project in the City, so I understand the process from the "customer side." I grew a successful business in town from 1 staff to 50 staff over a 16 year period. Being bilingual (English/Spanish), growing up in a blended Hispanic family, and having two advanced degrees in cross-cultural leadership uniquely gives me a sensitivity, ability to communicate, and insights into the cultures and needs and many of our citizens.

WHAT IS YOUR UNDERSTANDING OF THE ROLE/RESPONSIBILITY OF THE CITY COUNCIL?

The City Council establishes the vision and plan for a beautiful today and better tomorrow; establishes policies and procedures that keep our denizens safe and enrich our lives; represents the concerns of citizens and communicates the plans for the future; and supports the City Manager and Staff with resources to make us a place we are proud to call our home.

Have you ever attended a meeting of this City Council?

NO YES If so, how many? 15 _____

Subject: endorsement for vacant council seat

Dear Mayor Jones and members of the San Marcos City Council,

My name is Carol Gendel and I am a resident of San Marcos. I am unable to attend the January 15 council meeting when you will be hearing community input regarding selection of a replacement for the vacant city council seat but would like to offer my input nonetheless for a candidate who I believe is well qualified for the position.

Alan Geraci has been a long time resident of San Marcos, and is a business man located right in the heart of our community. he has shown strong dedication to the community and its citizens, from our children to seniors. His dedication to community service has been evidenced throughout his career, working for the San Diego District Attorney, and a consumer affairs advocate. Over the last few years I have had the privilege of observing Mr. Geraci as he has taken on the issues of protecting voter rights, saving the Escondido library, and generally speaking out for the citizens of North County.

I believe that Alan Geraci would be an outstanding choice for our city council and hope you will see fit to appoint him to fill this vacant position.

Sincerely,

Carol Gendel

Dear Mayor Rebecca Jones and San Marcos City Council Members,

It is with tremendous pride and enthusiasm that I write a personal reference for my friend, Mark Loscher, who desires to be appointed to the San Marcos City Council for a remaining period of two years. I was absolutely elated when Mark expressed his interest, in again, devoting his time and talents to our city. My experience knowing Mark is widespread, as I have observed him in many different capacities of his and his family life throughout the past thirty-four years. I first met Mark when I was a Teacher at Woodland Park Elementary, as I was honored to have his two children, Steven in 5th Grade and Jennifer in Summer School. His wife, Maureen, was on the staff at Woodland and our friendship both professionally and personally also grew deeply with our connection in the San Marcos Jr. Women's Club and Gateway Community Church in San Marcos. Mark supported limitless community service projects in San Marcos organized by this club and he has been on our Church Board and Chairman for years. He has also led a team from our church on mission's trips for ten years. Consequently, our friendship and my observations of him are varied.

I became very involved in our city government when I moved here in 1976. Mark ran for Mayor, as a complete unknown, and only lost by 76 votes to someone who had been in city politics and resided in our city for decades. I was absolutely honored when he asked me to run his successful Campaign for SM City Council. His accolades and contributions to San Marcos made him highly respected by everyone. His tenure on the council was at the most critically important time of our city because of the rapid growth issues and his responsibilities related to the initial development of our great city. Mark quickly became well respected and admired throughout the city by young new families and Senior Citizens alike. Just one indication of this support was the overwhelming devotion he and his family experienced during a traumatic time. Thousands of citizens reached out to his family and also attended services to honor their precious Jennifer when she tragically lost her life in the school bus accident in 1992. This was such a clear and real example of the positive affect that Mark and his family had gained on our citizens. The entire community truly mourned their loss and the love that was demonstrated was deeply displayed. His undying devotion to our city came back to him ten fold.

There are numerous exceptional qualities of Mark that are vitally important to someone serving on our Council and I have been witness to all of these amazing personal traits that

are a part of his being. As indicated on his resume, he has extensive experience as a leader, trainer, encourager, negotiator, business owner and mediator to name a few. Mark is masterful at listening to all sides before making logical and thoughtful decisions and conclusions that will benefit the majority. He can respectfully bring together people of all views and backgrounds. He is fair, just and honest in all situations and continually and consistently conducts himself with dignity. Mark stays true to himself and his integrity is demonstrated in every action and decision he makes. While he takes his responsibilities very seriously, his sense of humor is a welcomed and upbeat part of his personality that is always appropriate and well received! During challenging times in his life, Mark turns to his faith and perseveres with determination to come to conclusions through careful problem solving. All of these traits are demonstrated in every aspect and situation Mark faces. These qualities are what we need in a Council Member to help, lead and assist our city into the future.

I have personally experienced something that gives an example of why you should choose Mark. After being retired from the San Marcos Unified School District, I was asked to fill in for Counselors who were on Maternity Leave. I taught at Richland 20-25 years ago, Mission Hills High School 7-11 years ago. (Starting soon I will be at Twin Oaks High School where I worked 12-15 years ago.) When I recently stepped on the campuses of Richland and MHHS, it was as though I had never been away. (The same will happen at TOHS) All of the procedures and everything about these positions and responsibilities came back to me instantly. Aside from some questions here and there I didn't need to be trained. Instinctively I knew exactly what to do. This was a blessing of the Administration, staff and students for obvious reasons. I am positive that this is exactly the transition that will occur when you give Mark the opportunity to come back to a position that he loved so much. He will have not missed a beat!

Mark is so devoted to the City of San Marcos and it would be such an asset to have his presence on our Council. He has all of the skills needed to fill this position responsibly and wisely. He is a team player and so experienced in the procedures of our city government. It would simply be a seamless and smooth transition for him and all of you. I am 100% sure and strongly believe that it would benefit our Council at this moment in time to appoint Mark. He truly wants to be a servant and has the time to devote to this very rigorous schedule. Trust his proven history by appointing him to this position and take advantage of his wisdom and capabilities. He is ready right now and his positivism and energy will be a blessing to all of you!

Sincerely,

Joyce Brandon

CITY COUNCIL APPLICANT SUPPLEMENTAL QUESTIONS
DUE MONDAY, JANUARY 14, 2019 AT 12:00 P.M. TO THE CITY CLERK

Applicant Name: DIMITRIS MAGEMENEAS

DPM

1/11/2019

1. The Council often has meetings/events during the day. Will you be able to meet during the day as needed?

YES! There is absolutely no problem attending daytime meetings/events. I have 100% control of my work schedule, and can easily allocate my time as needed. Furthermore, since my office is already in City Hall (Suite 350), there are potential efficiencies such as reduced travel time, availability at short notice, easier document delivery, etc.

2. What is your expectation of the time commitment of this position in terms of hours/week?

My expectation is that the time commitment will vary from week to week, depending on council/staff/committee meeting attendance, volume of phone calls & emails, reviewing staff reports, meeting with residents and making public appearances. My career background demonstrates the ability to allocate as much time as needed. I've already, proactively reduced other personal commitments, and am able to even allocate 20+ HOURS/WEEK if needed.

3. Current City Councilmember compensation is \$11,732 annually, plus benefits. Does this level of compensation cause you any concern regardless of the time commitment?

There is NO CONCERN about compensation whatsoever. My understanding of City Council Compensation (as of July 1, 2016) is that there is an Annual Salary of \$11,732, a car allowance of \$300/mo, an FSA of \$950/yr, city paid life-insurance premiums, city 92%-paid PERS contributions, and city 90%-paid health care premiums. Any monetary compensation pales in comparison to the opportunity to make a positive difference in my community!

4. California law requires public officials to file an Annual Statement of Financial Interest. This reporting is focused on financial disclosures of a personal or business nature. Please confirm by checking the following box that you are aware of this requirement.

I acknowledge that I understand that I will be required to file an Annual Statement of Financial Interest with the California Fair Political Practice Commission.

If you have any questions on this matter, please feel free to contact the City Clerk or the California Fair Political Practice Commission (FPPC) who oversees this requirement and has information regarding the nature of information that must be reported.

DUE MONDAY, JANUARY 14, 2019 AT 12:00 P.M. TO THE CITY CLERK

Applicant Name: Christopher Carroll

1. The Council often has meetings/events during the day. Will you be able to meet during the day as needed?

I work in a small remote office so I have some flexibility in my hours. With some planning I can attend meetings during the day.

2. What is your expectation of the time commitment of this position in terms of hours/week?

I expect that the time commitment depending on the time of year of be anywhere from 5-10 hours a week. Potentially more while the budget is being reviewed/developed.

3. Current City Councilmember compensation is \$11,732 annually, plus benefits. Does this level of compensation cause you any concern regardless of the time commitment?

I'm not motivated to be on the City Council by money. I have no concerns.

CITY COUNCIL APPLICANT SUPPLEMENTAL QUESTIONS

DUE MONDAY, JANUARY 14, 2019 AT 12:00 P.M. TO THE CITY CLERK

Applicant Name: Rob Gaebe

1. The Council often has meetings/events during the day. Will you be able to meet during the day as needed?

As a young retiree, I would be able to attend day time activities/meetings as needed. However, I am on several civic service committees so, I would need advance notice for scheduling meetings.

2. What is your expectation of the time commitment of this position in terms of hours/week?

My time commitment would be whatever is needed to fulfill my duties on the city council. Ideally, the maximum would be 40 hrs/week. I have willingly volunteered my time for SM School District, our Community, SD County Fair, Food Drives, Ag in the Classroom, and other worthwhile causes over the past 28 years and continuing into the future.

3. Current City Councilmember compensation is \$11,732 annually, plus benefits. Does this level of compensation cause you any concern regardless of the time commitment?

CITY COUNCIL APPLICANT SUPPLEMENTAL QUESTIONS
DUE MONDAY, JANUARY 14, 2019 AT 12:00 P.M. TO THE CITY CLERK

Applicant Name: Victor Graham

1. The Council often has meetings/events during the day. Will you be able to meet during the day as needed?

Yes I will be able to meet during the day if needed. My part-time business offers me this flexibility.

2. What is your expectation of the time commitment of this position in terms of hours/week?

I expect the position to be like a part-time job and may take up to 20 hours per week. Fortunately my part-time business allows me the time and both of my adult children are independent so no longer live at home. Both of these factors give me the opportunity to donate my time and experience to helping San Marcos citizens.

3. Current City Councilmember compensation is \$11,732 annually, plus benefits. Does this level of compensation cause you any concern regardless of the time commitment?

No concern. I currently am serving on a board that pays about \$2,400 annually and requires about the same number of hours per week. I understand that this position is not a money-maker, but I would like to do it to give back for the many benefits I have received.

4. California law requires public officials to file annual an Annual Statement of Financial Interest. This reporting is focused on financial disclosures of a personal or business nature. Please confirm by checking the following box that you are aware of this requirement.

CITY COUNCIL APPLICANT SUPPLEMENTAL QUESTIONS
DUE MONDAY, JANUARY 14, 2019 AT 12:00 P.M. TO THE CITY CLERK

Applicant Name: Jim Pennock

1. The Council often has meetings/events during the day. Will you be able to meet during the day as needed?

Yes: I am self employed and very flexible with my schedule, including daytime hours.

2. What is your expectation of the time commitment of this position in terms of hours/week?

I expect the time commitment to be at a minimum 20-30 hours a week. But my profession and social activities in and around the city will make it very natural. I am considering this a volunteer opportunity that takes a lot of time :).

3. Current City Councilmember compensation is \$11,732 annually, plus benefits. Does this level of compensation cause you any concern regardless of the time commitment?

No concern whatsoever.

CITY COUNCIL APPLICANT SUPPLEMENTAL QUESTIONS
DUE MONDAY, JANUARY 14, 2019 AT 12:00 P.M. TO THE CITY CLERK

Applicant Name: Houa Vongsachang

1. The Council often has meetings/events during the day. Will you be able to meet during the day as needed?

Yes! I am able to meet any day due to the flexibility of my real estate business. In fact, I am available 7 days a week at any time. Should there a City emergency arises, I can be ready to meet in minutes. Personally, I feel the quality of lives of the San Marcos residence would be compromised if the City is not well served.

2. What is your expectation of the time commitment of this position in terms of hours/week?

Although this position is a part-time job, my commitment to the City is full-time and will extend to over-time as needed. All my three children are in colleges which mean I am an empty nester. I like to meet and help people. I strive to be always available.

3. Current City Councilmember compensation is \$11,732 annually, plus benefits. Does this level of compensation cause you any concern regardless of the time commitment?

It's not about needing the money. It's about serving the City. My ancestor was a city council member in China 200 years ago, and all my three children were involved in the San Marcos Youth Commission for 10 years. This time, I want to be a public servant as a City Council member to provide a sizable contribution to the City of San Marcos.

4. California law requires public officials to file annual an Annual Statement of Financial Interest. This reporting is focused on financial disclosures of a personal or business nature. Please confirm by checking the following box that you are aware of this requirement.

CITY COUNCIL APPLICANT SUPPLEMENTAL QUESTIONS

DUE MONDAY, JANUARY 14, 2019 AT 12:00 P.M. TO THE CITY CLERK

Applicant Name: Robert M. Banks, III

1. The Council often has meetings/events during the day. Will you be able to meet during the day as needed?

Answer: Yes, but I would need a week or more advanced notice in order to modify my work schedule to accommodate these meetings/events. I work a fulltime schedule Monday through Friday.

2. What is your expectation of the time commitment of this position in terms of hours/week?

Answer: My understanding from researching the position, and from speaking with Phil Scollick (City Clerk/Business Process Director), is that the city council meets bimonthly (2nd and 4th Tuesdays of each month) and the sessions are approximately 2 hours each. Based on this information, my expectation of the time commitment would be 1-2 hours per week to accommodate these meetings and also other civic events.

3. Current City Councilmember compensation is \$11,732 annually, plus benefits. Does this level of compensation cause you any concern regardless of the time commitment?

CITY COUNCIL APPLICANT SUPPLEMENTAL QUESTIONS
DUE MONDAY, JANUARY 14, 2019 AT 12:00 P.M. TO THE CITY CLERK

Applicant Name: Michael "Chico" Goff

1. The Council often has meetings/events during the day. Will you be able to meet during the day as needed?

Yes. As the Executive Director of Green Oak Ranch, I am in charge of my schedule, and we have staff that can take care of the operation when I am absent. The Ranch is located off of Sycamore Ave. in Vista, just two exits on the 78 Freeway from SM City Hall, so getting to an emergency meeting would only take a few minutes.

2. What is your expectation of the time commitment of this position in terms of hours/week?

I would estimate the position requires somewhere between 20-25 hours a week. Some weeks more and some less. There will be required meetings, suggested gatherings, and even some travel involved to nearby events, trainings, and assignments. All are doable. All my children are grown and 4/5 are out of the house, so there is extra time to get it all done!

3. Current City Councilmember compensation is \$11,732 annually, plus benefits. Does this level of compensation cause you any concern regardless of the time commitment?

No concerns about the compensation. The motivation for applying for this position is about serving my community and not about making a living.

4. California law requires public officials to file an Annual Statement of Financial Interest. This reporting is focused on financial disclosures of a personal or business nature. Please confirm by checking the following box that you are aware of this requirement.
