4. **NEW BUSINESS**

#### **A) Parking changes to Carmel Street.**

Michael Gordon discussed the Traffic Commission Report of 4/4/18 and explained the proposed parking changes to Carmel Street. The Traffic Engineers recommendation was for two-hour parking on the south side and no parking at all on the north side for safety reasons. The Traffic Commission

recommended two-hour parking on the north side and it appears they'll move forward with that. The City contacted the businesses and they were supportive of two-hour parking.

Commissioner Brown inquired if CSUSM was contacted? Gordon indicated he wasn't sure of the outreach to the student community and currently the north side parking is unrestricted. Traffic staff reminded him that the signal at Carmel Street will eventually be removed when the North City area is more developed. Heading south, you won't be able to make a left on Carmel Street. Commissioner's asked questions and discussed. Field commented that it's mostly students parking there; both during the day and overnight, although some businesses are growing and parking there also.

Chair Quinn asked if a press release can be provided by the City so students can be notified? Gordon responded that the City will provide advance notice. Field added that they'll give warnings first then start writing tickets.

Commissioner Zamora feels students are parking there due to the high cost of parking at CSUSM and would like to see that subject added to a future agenda and discussed. More tickets will be another burden.

Chair Quinn mentioned a new parking structure under developer control as part of North City. Gordon commented that it's not a City parking structure and unfortunately the City can't dictate the parking rates at CSUSM. Suggested they could inquire with the private developer about possibilities. Field added that the two-hour time span is consistent with other areas of the City.

## **5. REPORTS**

### **A) Sheriff's Department Report**

Chair Quinn reviewed the report provided by Sheriff's Department, showing number of calls for service, "party calls," received within a one mile radius of both CSUSM and Palomar College. It was noted that an error was made; the call location addresses and counts were shown on the wrong college area. The data needs to be switched, with Armorlite Drive, etc., on the Palomar report and Paseo Dorado/Twin Oaks Valley Road on CSUSM report. Gordon indicated he'd ask for a corrected report then send to commission.

### **B) Code Compliance Report**

Eric Field provided an update regarding the number of rooming house violations issued in past years. The ordinance was passed in August 2008; however, records prior to 2012 are not available. Number of violations by year: 2012/2013- None; 2014- 2; 2015- 3; 2016- 4; 2017- 5; 2018- none so far.

Commissioner Cavanaugh asked how long it takes to resolve a violation? Field explained that the City's goal is to respond initially via phone or drive-by within 72 hours. If a Notice of Violation is issued, the timeframe can vary depending on several things, where property owner is located, etc. They're given 5-

7 days to respond to the City. If it's confirmed there's no violation, they're often closed within three days. The rooming house violations are typically resolved within 30 days.

Chair Quinn asked if there's any way to know if its college students and are there repeat violations? Field indicated in most cases its college students and yes there are a few repeats. He searched for "rooming house" to look up the data. The complaints often come in as a party call, and then it's determined to be a rooming house violation. The property owner is ultimately responsible and is issued the citation.

Commissioner Brown inquired if the ordinance is just against rooming houses that create nuisances in neighborhoods, and not just against students? Field explained it's geared toward students, but they can't have an ordinance that singles anyone out. It's the number of non-related persons in the home, four or less. If there's no lease agreement and there's ten people in the house, they can't do anything. Courts have ruled against that. Gordon clarified it's the number of unrelated people with individual leases in one home, a maximum of four, or one lease with four people on it.

#### **STAFF COMMENTS**

None.

#### **COMMISSIONER COMMENTS**

Chair Quinn reminded group that the next meeting is September 10<sup>th</sup>.

Commissioner Cavanaugh commented that San Elijo Middle School 8<sup>th</sup> grade promotion is June 14<sup>th</sup>, same as the high school graduations.

Commissioner Brown stated the San Marcos Historical Society was a recipient of the Cesar Chavez Day of Service. A group of 25 students came out and assisted with the Luiseno learning garden. They're always looking for students to volunteer. They can help with summer projects and learn about local history.

Commissioner Meum commented she's on Richland PTA and noticed CSUSM students at the school working on a mural. She's wondering if this commission can coordinate volunteers at other schools? Parents are always looking for volunteers to assist at events so they can be with their children.

Commissioner Brown mentioned a CSUSM application to get on a community service partner list and obtain volunteers. Chair Quinn added it's through the Community Service Learning Department and she can also share information with student organizations.

Commissioner Zamora provided a CSUSM student update. Their Lobby Core Team, students who lobby at local, state, and national levels, have been working on the tuition increase because they aren't getting enough funding from the state. They're doing local district visits and talking about basic needs as well

as Project Rebound. As tuition rises, housing and food insecurity also rise. Cougar Pantry is providing food services for students, but they haven't found a solution for housing issue. They're trying to implement more resources for them rather than disciplining them. Their new board has been elected, and the new VP will be at the September meeting. Indicated she'll be graduating, hopes to intern for a year at the state capitol, with a goal of getting into law school to work in child-family law, politics and advocate for youth.

Commissioner Rungaitis commented that the Chamber hosted the Spring Street Fair last Sunday with 220 vendors. It was a huge success and everyone thought a larger turnout than past years. They will host Taste of San Marcos in September at North City, and Fall Street Fair in October.

Chair Quinn provided a CSUSM update. On Cesar Chavez Day of Service, staff, faculty and over 300 students volunteered and served 1,000 hours at 12 North County non-profits. They constructed murals, cleaned community centers, provided gardening, beautified a horse ranch and organized donations at a charity thrift store. Cougar Pantry is addressing food insecurity and is a huge undertaking. There's a lot of education behind it, resources provided to the students and how to serve them long-term. "Discover CSUSM Day" was held last Saturday, with over 4,000 future Cougars and their families touring the campus. The "Festival 78" concert was held on Sunday with over 1,000 students, one of the few events where alcohol is served by outside vendors. The CSUSM commencement dates are May 18<sup>th</sup> and May 19<sup>th</sup>. Suggested everyone avoid the area due to high traffic. There are over 3,800 students graduating and they anticipate 18,000 guest over two days.

<b>Status:</b> From committee: Do pass and re-refer to Com. on APPR. (Ayes 10. Noes 0.) (April 2). Re-referred to Com. on APPR.						
<b>Vote Summary:</b> <ul style="list-style-type: none"><li>No votes have been taken yet</li></ul> <b>District Voting Record</b> <ul style="list-style-type: none"><li>Senator Feinstein: No votes taken yet</li><li>Senator Harris: No votes taken yet</li><li>Congressman Hunter: No votes taken yet</li></ul>						
<b>Description</b> <p>This bill would require a community college campus that has parking facilities on campus to grant overnight access to those facilities, on or before July 1, 2020, to any homeless student who is enrolled in coursework, has paid any enrollment fees that have not been waived, and is in good standing with the community college, for the purpose of sleeping in the student’s vehicle overnight. The bill would require the governing board of the community college district to determine a plan of action to implement this requirement, as specified.</p>			<b>Analysis</b> <p>An estimated 20 percent of the state’s 2.1 million community college students have experienced homelessness or don’t have a stable place to live. Many of them rely on their vehicles for shelter. Existing law establishes the California Community Colleges to grant the use of college facilities or grounds for specified purposes. It also requires a community college campus that has shower facilities for student use to grant access, as specified, to those facilities to any homeless student who is are enrolled in coursework and are in good standing with the college, as well as requires the community college to determine a plan of action to implement this requirement.</p> <p>This new bill aims to help community college students across the state by ensuring they have a secure place to stay in their cars at night. The “Safe Lots bill” would allow community college students to use campus parking lots overnight, as long as they have paid their fees, are enrolled in coursework and are in good standing with the college. A 2018 report by the California speaker’s office of research and floor analysis showed that 11 percent of students at California State Universities are homeless, as are 5 percent of University of California students. And in some community college districts, the rates of homelessness far exceed the statewide average. While homelessness impacts students at all colleges, those at Palomar Community College could be particularly vulnerable as it does not have on-campus housing options. Another reason is the cost of attending. Even though the sticker price of community college is lower than for Universities of California and Cal States, the amount that low-income students end up paying—after subtracting available grant aid and adding other expenses such as housing, transportation and food—can be higher per year at community colleges than four-year institutions. Four-year institutions typically offer more grant aid than community colleges. The California Community Colleges Chancellor’s Office does not currently have a position on the bill.</p>			
<b>Supporters:</b> Faculty Association of California Community Colleges, LifeMoves, National Association of Social Workers-California Chapter, NextGen California, Student Senate for California Community Colleges						
<b>Opposition:</b> None on file.
