REPORTS AND OTHER BUSINESS

4. Annual Report, Pop Warner Football

Ryl Relatores, Vice President for San Marcos Pop Warner Football presented to the Commission. He noted Pop Warner football had a slight increase this year compared to previous years although the cheer program did loose attendance and only had two teams this year. The program uses Sunset Park and Connors Park for practices August – November. Several football and cheer teams went to national competitions this year and did very well.

Challenges for the league include parental aversion to tackle football and the cost for competitive cheer. Volunteers are lacking and the program is having to run at two separate locations which presents logistical challenges..

Ryl designed a new logo for the organization that included the football and cheer side as well as representation of the two San Marcos high schools and the compass from the City of San Marcos so all three entities are represented.

Chair Franklin thanked Ryl for his service to the community and asked if he received a guide on how to submit forms or requests to the City. Ryl noted the organization secretary handles all of that.

Commissioner Smith asked if there anything Pop Warner can do to make the parents feel safer about the sport. Ryl said increased training for the coaches and NFL is now way more involved. San Marcos follows the national rules and recommendations which really makes a difference.

5. Stroller Strides Commercial Park Use Application

COMMISSIONER SENSMEIER MOVED TO APPROVE STROLLER STRIDES COMMERCIAL PARK USE AS PRESENTED, SECONDED BY COMMISSIONER SMITH AND CARRIED UNANIMOUSLY TO APPROVE.

6. Youth Sports Council December Meeting Minutes

Chair Franklin attended the Sports Council meeting. He had a few questions for staff including the documents each group fills out and submits to the City and asked if there is a more efficient process for this. Andrea Gonzalez answered they are making all the documents a fillable form and will include those in the website link sent out to all the organizations. Franklin also asked about the field allocation process and Andrea explained how that works.

Chair Franklin asked if it is a requirement for the Youth Sports Council members to present to the Commission and it is a requirement in their handbook. Franklin would like staff to start tracking their attendance.

7. Youth Sports Council and Trails Advisory Committee Signup

One Commissioner is needed to attend the November 3rd Youth Sports Council Meeting.

8. Trails Advisory Committee Applications

Staff noted that the January hike was canceled due to the weather so Commissioners were unable to do an outreach for members. Commissioners discussed having a table at the February 1st hike to gain committee members. Commissioner Hernandez will attend the hike.

Commissioner Robles noted a need to look at other ways of promoting the Trails Advisory Committee because the City posts don't much "likes" or interaction from the citizens.

Commissioners requested the flyer for the Trails Advisory Committee be sent to them electronically so they can share it.

MOVED BY COMMISSIONER SMITH, SECOND BY COMMISSIONER HERNANDEZ AND CARRIED UNANIMOUSLY TO APPOINT TORREY OLSON TO THE TRAILS ADVISORY COMMITTEE.

9. Special Events List and Social Media

Andrea Gonzalez reported to the Commission that the department was granted access to setup a Facebook group under the City of San Marcos. It will be a public group in the next 30 days and Cheryl Salazar will oversee the group. She is currently adding members and organizations connected to the City.

ORAL COMMUNICATIONS

Parks & Recreation Manager Darren Chamow provided an update on the following items:

- Emergency Shelter and Cert training will be held on January 22nd at the Community Center.
- Tree Lighting and Breakfast with Santa went really well. The Mayor attended both events and each event went smoothly.
- A New Democracy in Action project will be beginning in January. We will be partnering with a geography class to do a community survey. The kickoff is February 11th and the final reports will be in April and Commissioners will be invited.
- At a recent council meeting recycling and sustainability was brought up. Our department is internally changing some practices like removing plastic water bottles from the classrooms and creating a sustainability plan for the Senior Activity Center to be more environmentally friendly.
- The Senior Activity Center was awarded a \$15,000 grant and they will use that money to replace furniture at the center.

COMMISSIONER COMMENTARY

Commissioner Robles appreciated the events being on two different dates. Robles heard the parade was really well attended this year.

Commissioner Smith attended the tree lighting and it was well attended and there were new vendors this year.

Commissioner Sensmeier will be in attendance at the holiday lunch at the Senior Center.

Commissioner Hernandez thanked all the Commissioners for their support.

Chair Franklin asked staff if we know the process on making a recommendation or asking for shade structures over the bus stops. Staff is pretty positive that North County Transit District is responsible for that. Franklin through research has learned that communities that are less affluent don't have the structures and they are the ones who use it.

Chair Franklin attended the Creek District groundbreaking. One bridge will begin in the winter of 2020 and the next one in the spring. In spring of 2021 the habitat and park construction will begin and the project should be complete by fall of 2021.

WRITTEN COMMUNICATION

Letter from Rick Gittings-

The Montiel Park Dog Run will be closed Dec. 16-17 while we make it more pleasant for your pups to play! A 500-square-foot section of decomposed granite will be converted to concrete in order to resolve issues with mud and wetness. Learn more: www.san-marcos.net/Home/Components/News/News/5053/24.

Now if they only added some artificial turf to a dog park, that would be amazing. More and more dogs are getting grass allergies due to the chemicals and fertilizer put on lawns. Even a small 500sft patch would be so appreciated
