REPORTS AND OTHER BUSINESS

3. Trails Advisory Committee Meeting Minutes

Chair Franklin noted the majority of the meeting was spent discussing e-bikes and the measure proposed by the Trails Advisory Committee (TAC) to allow class 1 & 2 e-bikes on trails. City staff presented an agenda with bullet items and a recommendation for which trails can accommodate the e-bikes and the few that would not be able to. TAC members thoroughly discussed the use, restrictions and mix of equestrian use on trails.

Vice-Chair Lindsay noted if you do a small amount of research you will see that there is very little difference between a mechanical bike versus and class 1 & 2 e-bike. Chair Franklin added the battery/pedal assists on the e-bikes allows members of our community to utilize the trails that would otherwise not be able to.

Commissioner Sensmeier appreciated how thorough the minutes were. Sensmeier noted she has had various opinions along the way but reading through the minutes and having conversations with individuals who have e-bikes, and also having a husband who is handicapped who would not be able use the trails without the assist, she is in favor of allowing e-bikes on the City trails. She is comforted to see TAC members saying they have seen them in use and people aren't speeding and there hasn't been any major issues or conflicts between uses so far.

Vice-Chair Lindsay noted what was not discussed by the TAC is the possible need for areas that might be solely dedicated for equestrian use possibly based on safety concerns. The issue heavily addressed by the TAC was whether bikes versus e-bikes are equivalent. Lindsay feels there are reasons why we may restrict certain features at a park for certain uses. We have facilities, fields and park features that are dedicated to specific uses and he feels the equestrian use was overlooked. He feels we need to look at if there should be

Commissioner Smith asked how would we tell the difference and regulate someone riding a Class 3 e-bike. Class 3 was not up for discussion because the Commission did not ask them to consider this use. Buck Martin said the State allows Class 1& 2 bikes in state parks and it was given to cities and municipalities to use if they didn't already have an ordinance in place.

Commissioner Smith understands there was a representative from the equestrian community who is in favor of e-bikes as she is also an e-bike user. Smith asked if we received other comments from the equestrian community and is this all the representation we can get at this time.

Vice-Chair Lindsay said the discussion at the TAC did not include a representation from the equestrian community however an equestrian was present at the meeting. Lindsay feels there is two issues at hand and they are being confused. One is whether mechanical bikes are equivalent to class 1 & 2 e-bikes. The other issue is whether the increase in mechanical and e-bikes on the trails be a safety issue or pose a hazard for the equestrians. Lindsay feels we need to focus on the concern and safety of the equestrian users and get a better representation of that user group.

Commissioner Prestinanzi asked if there was discussion on the speed limit on the e-bikes. Taylor Oshinski noted the maximum speed on the trails is 15 miles per hour.

4. E-Bike Recommendation to Council

Vice-Chair Lindsay reiterated that we have a recommendation from TAC to change the City ordinances to include class 1 & 2 e-bikes to be equivalent to a mechanical bike to be allowed in City parks and trails. Lindsay's concern is the equestrian community concerns were not addressed in this matter. Lindsay said the request from the equestrian community is whether there are areas in San Marcos that should be restricted from bicycle traffic, bicycle traffic being class 1 & 2 e-bikes and mechanical bikes. Lindsay feels what that an evaluation of whether or not it makes sense to have restrictions in certain areas that protect the nature of the equestrian community.

Lindsay's recommendation is to reject the recommendation from the TAC, not because e-bikes shouldn't be allowed but because we need to form a working group to determine if there is a reason to set aside some trail areas for equestrian use only and consider both parties' points of view. This group should be tasked with deciding how to implement e-bikes into the City trail system and consider any safety or traffic issues which could impact other trail users such as mechanical bikes, equestrians or pedestrians.

Commissioner Hernandez noted that trails are multi-purpose or multi use facilities already so he is not so sure that they fall under a category to exclude a certain use from them. He does feel it would be beneficial to discuss the safety and use issue further before a decision is made.

Chair Franklin noted this was a great discussion and feels it would be in our best interest to form a working group with mountain bike, equestrian, and City personnel such as a ranger and engineer. This item will be tabled and kept on the agenda.

MOVED BY COMMISSIONER SMITH, SECOND BY MOCKUS-VALENZUELA TO TABLE THIS ITEM TO A FUTURE MEETING.

AYES: FRANKLIN, HERNANDEZ, LINDSAY, MOCKUS-VALENZUELA, PRESTININZI, ROBLES, SMITH
NAYES: SENSMEIER

5. Park Naming Subcommittee Recommendation to Council

Commissioner Robles mentioned the committee drafted two recommendations being Paseo del Arroyo and Creekside Park and they were asked to make three name recommendations but only two were chosen.

Vice-Chair Lindsay noted the City solicited input from its City residents and did not reach outside of the City for the park naming process. During the committee discussions it was brought up to look at Native American naming as we did with Innovation Park. Lindsay swayed toward a historical name which is why they suggested Paseo del Arroyo as their first choice.

Commissioner Mockus-Valenzuela noted the submissions for The People's Park were included and provided to the park naming subcommittee along with 100 submissions.

Chair Franklin noted the names before us to vote on are Paseo del Arroyo and Creekside Park.

MOVED BY SENSMEIER, SECOND BY MOCKUS-VALENZUELA AND CARRIED UNANIMOUSLY TO RECOMMEND THE NAMES OF PASEO DEL ARROYO AND CREEKSIDE PARK TO THE CITY COUNCIL.

ORAL COMMUNICATIONS

YOUTH SPORTS COUNCIL MEETING

Tuesday, May 4, 2021

1 Civic Center Drive

Attendance: All members present except San Marcos Girls Softball and San Marcos Youth Rugby.

Staff present: James Daza, Eric Leichliter, and Stew Rutledge.

Parks & Recreation Commissioner: N/A

Call to order

James Daza called the Youth Sports Council meeting to order at 6:08pm.

San Marcos Unified School District Update

San Marcos Unified School District update was given by Procoro Pena.

Procoro informed all members that San Elijo Middle School is the only approved location for YSC access. Procoro confirmed that all SMUSD fields will be closed from June 10 through August 16. Ryl (San Marcos Pop Warner) asked if they would still be approved for their game days at Mission Hills and San Marcos High School for their fall season. James notified Ryl that they would have to submit the request through Facilitron and SMUSD to gain approval when those school sites are open.

Sport Field Updates

The sports fields update was given by Stew Rutledge.

Stew informed all members that most of the multipurpose fields are in poor condition. All natural grass multipurpose fields except Walnut Grove South, Las Posas Upper and Multipurpose #2 at Bradley Park will be closed from June 1 through July 31 for rest and renovation. Stew gave updates for ongoing projects at various parks. Public Works had a light check done for sports field lighting and is waiting on parts to repair field #2 at Mission Sports Park. One pole of lights is out that is causing a dark spot on the field, he is hopeful to have parts in early June and work completed by the middle of June.

Cell phone tower projects at Sunset and Las Posas are complete. The Sunset Park soccer arena plexiglass will be replaced on May 12 and May 13, the current plexiglass is hazy and in poor condition. The Bradley Park soccer arena shade structure project is moving forward and should be completed by at the end of May. The shade structure will cover spectator seating areas.

The Connors Park multipurpose field is scheduled for grooming the 4th Thursday of each month from 7am to 10am. Stew also mentioned that the new synthetic turf at Mission Sports Park is holding up well since being installed.

Park Rangers

James provided the Park Ranger hotline phone number (760-744-9494 ext 3707) to all members. He reminded all members that if they need assistance with another organization on their allocated fields to contact City staff or the Park Ranger hotline. If they encounter any public safety issues at the parks to contact the Sheriff's Department non emergency line (760-510-5200) or 911 depending on the severity of the incident.

Registration Numbers

James reminded all YSC soccer organizations that he needs to collect all club numbers broken down by teams and age groups. James reminded all soccer organizations that the recreation participation numbers are due on the third Monday in June.

Summer Soccer Allocation

With the multipurpose field closure and still not having access to Palomar College or SMUSD fields, James stated all organizations will have to work together to come up with a field use solution for June and July.

Youth Sports Guidelines & Protocols

James reminded all YSC members that all sports in San Marcos are still in the Orange Tier. The City of San Marcos is waiting for updated guidance from the State before approving any special event permits for tournaments this year.

Next regularly scheduled meeting will be Tues, June 1 @ 6pm. Meeting adjourned at 6:40pm.
