ALSO PRESENT:

Director Buck Martin, Assistant Director Andrea Gonzalez, Management Analyst, Evan Hoenig and Commission Secretary Krystal Mainprize.

ORAL COMMUNICATIONS

Volunteer Recognition Awards-

Chair Franklin on behalf of the Parks and Recreation Commission formally recognized Sonja Olson for her part in naming San Marcos' newest park, Paseo Del Arroyo which means creek walk in Spanish. With more than 100 names submitted, Paseo Del Arroyo was immediately relatable as it represents the areas heritage, structure and location of the park. This name will live in perpetuity in San Marcos and will be a part of Sonja and her family's legacy.

Sonja Olson noted her family moved here in 2003 and lived near the area being developed and when her and her father would drive around San Marcos thinking of names and his suggestion was friendship park. Sonja noted only two other parks in San Marcos are in Spanish and California used to be Mexico and we have a large Hispanic population and thought we should honor that and kept coming back to Paseo Del Arroyo and its initials is PDA and though it is something people can remember. Sonja gave her dad a shout out as he was a community leader in La Habra and lived next to an empty lot and after 15 years he was able to get the City to designate that area as a park for his City.

CONSENT CALENDAR

COMMISSIONER MOCKUS-VALENZUELA MOVED TO APPROVE CONSENT CALENDAR ITEMS AS PRESENTED, SECOND BY COMMISSIONER HERNANDEZ AND CARRIED UNANIMOUSLY.

REPORTS AND OTHER BUSINESS

3. Mission 316 Use Request

Commissioners discussed the use request, including insurance, how the ongoing use has been going and whether to approve for 6 months or 12 months.

COMMISSIONER SENSMEIER MOVED TO APPROVE MISSION 316 FACILITY USE REQUEST FOR ONE YEAR, SECOND BY COMMISSIONER HERNANDEZ AND CARRIED UNANIMOUSLY.

4. Annual Report- San Marcos Youth Baseball

Stephanie Walker, League President told commissioners that it has been a quiet year as they can imagine. The spring season was touch and go and started out as practices only and towards the end they were able to play some games. They did not participate in All Stars. They are hoping to have a normal upcoming season and as of now they have 315 registered players and are ready to hit the group running.

Buck Martin thanked Stephanie for her commitment to the organization and that she runs a great program and is a great partner to work with.

Chair Franklin thanked Stephanie for her work in the community.

5. Discovery Lake Solar Aeration Installation

Rafe Cesmat is with the City Watershed Program and provided a presentation on the Discovery Lake solar aeration installation project. On June 28th when the installation occurred and the water temperature was 78 degrees which is fairly warm and is probably warmer now that we are in mid-summer. The unit circulates water in the top water column and the dividing column is the thermocline. Some parts of the lake are up to 7 feet deep and other areas are between 3-5 feet deep. The unit is putting oxygen into the top layer of the lake and so far the unit is doing its job. Over the next couple months it is typically the worst months for water quality. Rafe is constantly checking the algae levels and properties of the water and will now monitor the dissolved oxygen levels which should be around 6 parts per million.

Chair Franklin thanked Rafe for his wonderful presentation.

Vice-Chair Lindsay asked if Rafe is involved with other departments like City Planning of permeable surfaces that the water is going into and also other development projects? Rafe said yes they handle that priority developments and track those and they try to improve water quality as the project is going.

Vice-Chair Lindsay noted we receive lots of questions about this lake regarding recreational fishing and the lake wasn't specifically intended for that purpose and asked if there is in there prevue pertaining to the fish population.

Rafe said the City does not stock the lake but there is a variety of fish that live in the lake. Rafe said they can look into the fish population and anglers at the lake have told him they would like to have a trout competition but the lake is pretty balanced how it is. Lindsay asked if the lake gets to a sustainable level maybe there is other actions we can take and if it would make sense to stock the lake.

Chair Franklin asked with the system in place now if he thinks it will maintain the lake or help improve the lake water or even sustain a larger fish population. Rafe said the lake is so shallow that we have more algae growth than a deeper lake would. The unit doesn't cool the water and the unit itself is a progression of making the water better and will definitely be an improvement but we will need to wait a year to see the full potential.

Commissioner Mockus-Valenzuela suggested having information available to the public about the aeration unit and share how we are working to control the lake water quality.

Isaac Etchamendy, City Engineer, expressed his gratitude towards his working relationship with the parks and Recreation Department as they have helped deliver this project to the Community.

6. Staff Report- Budget

Evan Hoenig, Management Analyst presented his annual report on the budget for fiscal year 2021-22. Evan shared a diagram of the operational revenue distribution for the department. Most areas have stayed fairly status quo but classes and facility rentals have seen an increase over the past 3 years. Evan reported on the operational expense distribution noting we are almost exactly status quo to pre pandemic levels. This is what we are predicting and it will be heavily dependent on County and State pandemic guidelines.

Evan stated there is a slight drop in both operating expenses and total revenues and we are planning to leverage our existing resources and be more efficient with how we do things. New for this year since is the introduction of an E-Sports program that people can participate from home, Pop-Up Rec program that is free to the public. In an effort to keep expenses down the department Recreation Guide magazine is now designed in house.

The City is always seeking additional grants, sponsorships and donations. Projects with alternate funding include the new Bike Park, temperature check stations at City facilities, Senior Technology grant, County Senior Nutrition grant that we continue to partner with.

Chair Franklin thanked Evan for his thorough presentation.

Vice-Chair Lindsay noted Belgian Waffle Ride event was a night and day difference from the last time the event was held. All the signage was placed appropriately and taken down after the event and the facilities were left immaculate. Lindsay asked if they pay any additional fees with being such a large event.

Evan noted the application fee is the same for everyone and with the routing process fees such as trash cleanup, street sweeping and a larger deposit that can be withheld.

Vice-Chair Lindsay noted when Richmar Park was built it was under very skim budget circumstances and asked if we could have a park sign/marquee placed as a wishlist item. Evan noted the current budget is already approved but we can certainly keep this item in the forefront as a request.

Commissioner Sensmeier congratulated the team on managing the budget as this past year was challenging to manage and it seems like the City came through pretty well. Evan noted it was fairly tough as the budget is developed months in advance but we had to predict as best as we could. Buck Martin noted it starts at the top and the City Manager was always there to support us and was very forward thinking in the early stages of the pandemic.

7. Park Naming Application Review

Chair Franklin noted the Commission is reviewing this item tonight to discuss and determine if there is a gap in the naming process and if as part of the process there should be additional notifications to the community or certain community members and organizations. Chair Franklin noted although community outreach workshops are held, social media posts, and notifications to a set range we try to reach as many as possible however there is no way to reach everyone.

Commissioner Mockus-Valenzuela when park naming opportunities come up it is a wonderful opportunity for community engagement and gathering for the community to learn about the park naming process and for groups to cross each other and have communication. Hosting an event to bring people together to start conversations and think about the other facets of the park system might be a good idea. When we have booths at the community fairs we need to have this information to engage the community.

Buck Martin noted a Citizens Academy will be taking place and part of the curriculum will include this and other processes in Parks and Recreation.

Vice-Chair Lindsay feels the entire City has made great strides in communications to the citizens and at some level there is a responsibility for the citizens to participate. We went through a very thorough process and made possible considerations and we can always look at ways to improve but the problem they are speaking of exists in all facets in the City.

Chair Franklin is looking forward to implementing those improvements and having information at our booths at the Chamber festivals and for the information provided at the Citizens Academy. Franklin thanked the Commission in participating and trying to improve the communication process.

8. Trails Advisory Meeting Minutes

Chair Franklin noted it was a lively group and a packed room with the most attended meeting in years. The group discussed the ways to communicate to the community about yielding to a horse on the trail system.

Vice-Chair Lindsay viewed a testimonial from a mountain biker talking about their ignorance of horses and how they never thought about the importance of yielding to a horse and how they are glad they know this information now. Having a video on the City website would be very informative.

9. Fireworks Update

Andrea Gonzalez reported for 2021 the goal was to raise \$30,000. The online campaign raised \$3,459 with three more donors than last year. The Malan campaign raised about \$13,225 and several large donors donated less than they have in years past. We did get four new large business donor sponsors this year. Total donors this year was 142 donors which is 62 less than 2019 and no funds were collected the day of as gathering was not encouraged. Grand total raised is \$21,684.

Chair Franklin noted we normally set aside money for the following year and asked what we will do for this year. Andrea noted we are not using these donations right now but all the donation money will be rolled over and we will recognize all these sponsors again at the next show.

Chair Franklin noted community members have posted if we have considered looking at other alternatives such as a drone show. Andrea noted we have bounced around ideas however the town is very married to the fireworks display but it could be included down the line.

Commissioner Hernandez asked if the fireworks company will be reimbursing the City as well as provide another event for the community. Andrea noted we have a meeting with the company in the next couple of weeks and we will be negotiating with them.

Commissioner Sensmeier asked how we will communicate with the donors on what will happen with their funds. Andrea noted once we have solid direction on what will happen we will reach out to the donors and communicate with them. Sensmeier wants to retain them as donors in the future.

Commission Mockus-Valenzuela suggested a new year's event so we can engage with the residents and encourage them to get excited and hopefully when we start our fundraising campaign they will remember the event we made up to them.

Vice-Chair Lindsay noted the drone shows are remarkably impressive and some are even in combination with fireworks and this might be an opportunity for a signature event.

ORAL COMMUNICATIONS

Parks & Recreation Director Buck Martin provided an update on the following items:

- Internally we are working on communication collateral and working with San Diego Mountain Bike Association and we have an event coming up with them and we will have written communication to educate folks about trail etiquette and safety on the trails.
- The Fulton house near the Woodland Park Tennis Courts will be going away as it has served its life's purpose. The fire and sheriff's departments will use it as a training tool.
- Pop-Up Rec kite flying event took place yesterday at Walnut Grove Park.
- The Hero Award went to Leona Koeckert who has been a volunteer at the Senior Activity Center for 28 years. She turns 90 years year and her whole family came in from Ohio, Minnesota and Florida to see her receive the award.
- Family Campout goody bags will be handed out on July 28th.
- Frist movie in the park at the Wood House is Mighty Ducks and is free to the public.
- Fan Halen first concert in the park at Wood House will take place on August 7th.
- Evan Hoenig was commended for his assistance and communication with the organizations who apply for Special Event Permits.

WRITTEN COMMUNICATIONS

Commissioner Prestininzi emailed her absence for tonight's meeting.

Andrea Gonzalez noted an email came through in the Commissioner Inbox with a subject of "cancelled Fourth of July fireworks show?" and Andrea reached out to them via email and asked if she could call them so they could discuss via telephone.

COMMISSIONER COMMENTARY

Commissioner Smith is happy to be back in the chambers and glad the City is able to still hold events for the Community.

Commissioner Sensmeier is excited to celebrate Parks and Recreation month and liked seeing all the posts recognizing staff. She thanked staff for the tour of the Senior Center.

Commissioner Hernandez is glad to see everyone in person.

Vice-Chair Lindsay complimented everyone involved in the Belgian Waffle Ride event as well as the City for following through and leaving the facilities used in great condition.

ADJOURNMENT

CHAIRPERSON FRANKLIN ADJOURNED THE JULY 21, 2021 SAN MARCOS PARKS & RECREATION COMMISSION MEETING AT 7:29 P.M.

ATTEST:

Jay Franklin, Chairperson
Parks & Recreation Commission
City of San Marcos

Krystal Mainprize, Secretary
Parks & Recreation Commission

YOUTH SPORTS COUNCIL MEETING

Tuesday, September 7, 2021

1 Civic Center Drive

Attendance: All members present except San Marcos United/Albion, San Marcos Youth Basketball, San Elijo AYSO 1505 and San Marcos Youth Rugby.

Staff present: James Daza and Eric Lechlitter.

Parks & Recreation Commissioner: N/A

Call to order

James Daza called the Youth Sports Council meeting to order at 6:08pm.

Approval of Minutes

Torry Schoch (San Marcos Youth Lacrosse) motioned to approve the minutes from the June 1, 2021 meeting. Ryl Relatores (San Marcos Pop Warner) seconded the motion.

Motion carried 7-0.

San Marcos Unified School District Update/Facilitron

No San Marcos Unified representatives were present at the meeting. James reminded all members that they must submit all permits and insurance documents through Facilitron before they have access to any school facilities.

Sport Field Updates

City sports field updates were provided by Stew Rutledge.

The Public Works department replaced 27,000 square feet of sod at various parks during the July and August field closure dates to repair bare spots. Stew said the field lights at Mission Sports Park have all been repaired and are now fully operational. Public Works is planning to fertilize most fields in the coming weeks to help the grass remain healthy through the busy fall season.

James informed all members that the City is planning to continue with the traditional lighted multipurpose field closure from January 1, 2022 through February 28, 2022.

Park Rangers

James provided the Park Ranger hotline phone number (760-744-9494 ext 3707) to all members. He reminded all members that if they need assistance with another organization on their allocated fields to contact City staff or the Park Ranger hotline. If they encounter any public safety issues at the parks to contact the Sheriff's Department non emergency line (760-510-5200) or 911 depending on the severity of the incident.

City SC Revolution Cup Tournament

Sean Houshmandi (City SC President) stated that their tournament hosted 170 teams with approximately 130 playing throughout San Marcos. He said the tournament went smooth with no major issues.

Fall/Winter Field Allocation

James reminded all members to return any unused field space they were allocated in case other organizations are in need of extra practice or game times. James thanked all soccer organizations for meeting and working out their club soccer game times and fields for the upcoming season which runs from September 2021 through March 2022.

James asked that all organizations remind coaches to work through their field coordinators to find access for practices during each organizations allocated fields and times.

Eric reminded all members that if they are going to have any mobile food trucks or mobile vendors that they must submit a special event permit. The permits are good for up to 4 dates as long as they are requested at the time the permit is submitted.

Next regularly scheduled meeting will be Tues, November 2 @ 6pm. Meeting adjourned at 6:32pm.
