Applicant: City of San Marcos

Request: The project consists of a proposed amendment to the Safety Element of the San Marcos General Plan in accordance with State law addressing new requirements related to potential and existing hazards in the city including fire hazards, climate adaptation, and resiliency planning and the addition of a new Environmental Justice Element to the General Plan, that includes goals and policies promoting a more equitable, safe, and healthy lifestyle for all residents.

Environmental Determination: The Draft Safety Element Update and the addition of a new Environmental Justice Element would result in no new significant impacts that were not analyzed in the General Plan FEIR (State Clearinghouse No. 2011071028), nor would the proposed Project cause a substantial increase in the severity of any previously identified environmental impacts.
