ADJOURNMENT

STATE OF CALIFORNIA)

AFFIDAVIT OF POSTING

COUNTY OF SAN DIEGO) ss.

CITY OF SAN MARCOS)

Agenda packets are available for public inspection 72 hours prior to scheduled meetings at City Hall: 1 Civic Center Drive, San Marcos, CA 92069. Any agenda-related writings or documents provided to a majority of the commission after distribution of the agenda packet are available for public inspection at the time of distribution in the Council Chambers. I, Krystal Mainprize, Parks & Recreation Commission Secretary, City of San Marcos, hereby certify that I caused the posting of this agenda at the entrance of City Hall Council Chambers on Thursday, April 14, 2022.

Date: April 14, 2022

Krystal Mainprize, Commission Secretary

The City of San Marcos is committed to making its programs, services and activities accessible to individuals with disabilities. If you require accommodation to participate in this meeting or any other City programs, service or activity, please contact the City Clerk's office at 1 Civic Center Drive, San Marcos, CA 92069, or call (760) 744-1050.

MINUTES

Regular Meeting of the Parks and Recreation Commission

DATE - WEDNESDAY, MARCH 16, 2022

LOCATION OF MEETING - City Council Chambers
1 Civic Center Drive, San Marcos, CA 92069

CALL TO ORDER

At 6:02 p.m. Parks and Recreation Commission Chair Franklin called the meeting to order.

PLEDGE OF ALLEGIANCE

Chair Franklin led the Pledge of Allegiance.

ROLL CALL

PRESENT: COMMISSIONERS: DIAZ, FRANKLIN, LINDSAY, MOCKUS-VALENZUELA, PRESETININZI, ROBLES, SMITH

ABSENT: COMMISSIONERS: SENSMEIER

Also present were: Parks and Recreation Director, Buck Martin, Assistant Director, Andrea Gonzalez, Commission Secretary, Krystal Mainprize, and City Engineer, Isaac Etchamendy.

ORAL COMMUNICATIONS

There were no requests to speak.

VOLUNTEER RECOGNITION

Chair Franklin recognized Dorian Deptuch for the naming suggestion of Abeja Park. Dorian has lived in San Marcos for 30 years and has seen the town grow before his eyes. Dorian is an avid outdoorsman and has spent countless hours hiking and biking in the trails of San Marcos especially in the area where he lives in Santa Fe Hills.

Chair Franklin presented Dorian with a volunteer recognition award.

Dorian told the Commission he is looking forward to seeing the park built and spending time there and loves the nature that San Marcos provides and hopes to see everyone out on the trails.

CONSENT CALENDAR

1. Approval of Minutes, 02/16/2022

MOVED BY COMMISSIONER MOCKUS-VALENZUELA, SECOND BY COMMISSIONER PRESTININZI AND CARRIED TO APPROVE CONSENT CALENDAR ITEM #1 AS AMENDED WITH ONE SPELLING CORRECTION. COMMISSIONER SMITH ABSTAINED.

2. Approval of General Facility Scheduling, 03/17 - 4/20/2022

Vice-Chair Lindsay didn't see the Archipelago Ride starting at San Elijo Hills on the list. They are expecting 350 participants and curious if someone has reach out the local businesses to give them a heads up so they can prepare. Director Martin said he just approved the special event permit today and he will notify the applicant so he can notify the local businesses.

Chair Franklin asked what the permitting timeline is for special event permits. Director Martin noted the application should be submitted at least 30 days in advance and if it is less than that there is an expedited fee. Each application is routed to all City Departments for approval and some external entities as well including the Sheriff's Department. Martin will review the timeline with the department analyst and report back to the Commission.

Chair Franklin remembers from past years we go through great effort to conceal full names when our customers reserve parks and facilities and asked if there is a way to omit this information or to notify the customer that this field is public. Staff noted that we will look into this request and see what the options are and report back to the Commission.

MOVED BY COMMISSIONER MOCKUS-VALENZUELA, SECOND BY COMMISSIONER SMITH AND CARRIED UNANIMOUSLY TO APPROVE CONSENT CALENDAR ITEM #2 AS PRESENTED.

REPORTS AND OTHER BUSINESS

3. Development Services Park CIP Update

Isaac Etchamendy, City Engineer gave the presentation.

Isaac provided the Commission with a broader look into development in the City including private development land in construction, capital improvement plan (CIP) parkland in construction, and future projects including both private and public. Isaac reported on projects including Las Abejas Park, El Dorado, University District and Knoll Park area, Rancho Tesoro, Bradley Park Pump Track and South Lake Park.

Isaac explained the unique situation with the El Dorado development park that will be accessible to the City as a whole but will be maintained by El Dorado for 15 years until the City takes ownership of the park at that time.

Isaac reported that the University District Knoll Park Area is being graded right now event though there is no plans for this park yet. The Specific amenities will happen with the permitting stage and the park will be named in the future.

Commissioners had several questions for Isaac that he answered for them.

Commissioners expressed their concerns with the City placeholder/working names for the parks before they are complete. Isaac explained from a staff perspective that it's more efficient to work with placeholder names and also told Commissioners it is not meant to confuse anyone.

Chair Franklin thanked Isaac for his presentation and answering all of the Commission questions.

4. Annual Staff Report, Youth Programs

Brian Thill, Recreation Supervisor gave the presentation.

Brian gave the youth programs report for this school year which included the Raggedy Ann & Andy Preschoolers Program (RAA), Adventure Day Camp, and various youth events that are held throughout the year including Halloween Party, Mother's Day Tea and a Graduation Luau.

RAA has five sessions throughout the year with a morning and afternoon option at three locations with a Tuesday/Thursday and Monday/Wednesday/Friday for Kindergarten Readiness. Revenue is \$367,000 and the program has 330 students enrolled. New this year is a contactless software program for check-in of students called HiMama.

Commissioner Diaz asked if the teachers are provided any professional development for curriculum or Pedagogy teaching practices. Brian noted we have a curriculum we follow and he has 4 site leaders that train the staff on the curriculum and we continually go through training.

Commissioner Robles asked how much funding is available for scholarships. Brian noted the scholarship is department wide and not just for preschool. Director Martin noted that when he arrived the department did not have a scholarship program and the Friends of San Marcos Parks and Recreation has donated \$10,000 to provide scholarships to our participants. Martin also noted that we have been working closely with the school district and the Richmar community to spread the word on our scholarship opportunities.

The Adventure Camp Program for 2021 brought in \$145,000 and the program is for ages 6-12 and will offer a few offsite field trips and onsite field trips including fire department and sheriff's presentations, traveling tide pools and Amazing Dana musician.

Chair Franklin thanked him for the presentation.

Vice-Chair Lindsay suggested taking a field trip to Jack's Pond Nature Center as it is renovated.

Commissioner Mockus-Valenzuela was excited to get the summer camp preview but looking through the guide there is only two programs that go past age 12. Brian noted we have a Councilor in Training program that we have offered in the past but those teens are counted in the ratio numbers for the camp and we are already at capacity and have staffing challenges. Brian also noted that we will offer other summer programming for teens in the summer that are not included in the preview. Commissioner Mockus-Valenzuela wants to engage more of the adolescents and would like them to be able to get work experience and help with contracted classes or other programs.

Chair Franklin asked Brian to explain the registration process for Raggedy Ann & Andy and how the priority registration works. Brian explained the system and also noted that the program is curriculum based and we want the children to have priority to learn throughout the year but new registrations happen throughout the year. Our program is not a licensed daycare program so we can only offer certain hours and days per

session. All of our registration dates are listed far in advance and listed on the City website and the Recreation Guide.

Commissioner Robles noted the times and pricing of this program does not work for all and through the school district she sees kindergarteners with no preschool experience and they are already at a disadvantage and feels we need to look at this more and make it more equitable for all of our community.

Commissioner Mockus-Valenzuela noted the Governor's budget may address this issue with offering preschool at the district level for three and up. Space for childcare is so limited right now that most all programs have continued enrollment so you don't lose your spot.

Chair Franklin asked if data can be pulled to see participant data possibly based off area or zip code. Director Martin noted we can run some reports and see what data we can pull. There is also a resource through CPRS that we can access to gain data overall in California.

5. 2022 YSC & TAC Meeting Signups

Chair Franklin will always attend the TAC meetings if he is available. Vice-Chair Lindsay noted it is a good experience to attend the TAC meeting so if Commissioners haven't attended they should.

Commissioners signed up for the meetings listed. A few meetings are still available and we will bring it back at the next meeting so the people who are absent can sign up as well.

6. NRPA Equity Language Guide

Chair Franklin mentioned at a previous meeting it was noted that Parks and Recreation staff have had some training on equity and asked if there is a reason why human resources (HR) is not internally offering training or support on this. Andrea Gonzalez noted HR is very equitable as far as language use and model equitable language. There has not been an internal EDI committee or training on this as well. Director Martin noted he will pass this along to HR.

Commissioner Robles noticed the document was recently updated but it didn't speak to "weightism" which is included in equity training now.

Mockus-Valenzuela noted the last issue in the CPRS magazine had a great article about equity and inclusivity in the LGBTQ community and how to incorporate and reach out to more folks.

Commissioner Robles wondered if a language access plan was considered in a City environment. It is used by many other organizations including school districts and it is a tool on how to reach out to non-English speakers and HR might want to implement something like this.

Commissioner Mockus-Valenzuela noted the County uses 5 threshold languages and the City can look at the population and see what the most predominant languages spoken are and have materials published in those languages.

Chair Franklin noted when he was first on the Commission the City didn't have translators but now we do and it keeps coming up at the commission level and asked if we have get insight on this. Director Martin will discuss this with HR and get back to the Commission.

7. Q2 Statistics

Chair Franklin said Brian mentioned the revenue in 2020 was \$400,000 and in 2021 it had dropped just a tad and was curious why. Andrea Gonzalez noted in 2021 we had to work in cohorts due to Covid which was smaller groups than usual.

PARKS AND RECREATION DIRECTOR REPORT

Director Buck Martin informed the Commission on department events and updates.

Director Martin informed the Commission that the City Council passed the E-Bike ordinance and was pleased with the public outreach process conducted by the Commission and the TAC. The Youth Sports Council has training for officiates 12 and over for eight of the youth organizations. Eric will touch a little more on this in his report to the Commission next month. The City continues to have challenges with the homeless at the parks so we are working closely with the Sheriff's Department to provide services and resources. The Summer Camp preview brochure has been printed and posted online and the department refund policy has been updated.

Fun Parks and Recreation events include the Family Night leprechaun trap, Walnut Grove Park Ribbon Cutting, Mix and Mingle at the SAC, hula hoop Pop Up Rec, Chamber of Commerce Street Fair, Spring Egg Scramble and Bunny Breakfast, Hike up to P Mountain, and Bags and Brews cornhole tournament. Martin also invited commissioner on a park tour if they are available next Monday, March 21st.

Director Martin asked for assistance from the Commission to pass the word along that the City is hiring for many summer positions including recreation leaders, lifeguards, swim instructors, cashiers and the age range is 15 ½ - 18 plus. More information can be found at www.san-marcos.net/jobs.

WRITTEN COMMUNICATIONS

Commissioner Sensmeier emailed her absence for tonight.

ORAL COMMUNICATIONS

Commissioner Mockus-Valenzuela stated she was excited to see the Woodland Pool is filled up again. She was at Mulberry Park last weekend and the play equipment hasn't been changed out in a while and over the years the graffiti and etching is not desirable. This park would be a great park for equipment checkout because it has the large grass field.

Chair Franklin said Mr. Chamow was not comfortable with sharing information on the specific date for playground replacement due to budget constraints but next time he presents if he can just provide an anticipated date.

Vice Chair Lindsay asked if there is training for the youth positions. Andrea Gonzalez noted yes we train the staff and provide certifications for the positions that require them. Lindsay will pass this information along to the Scout Troops.

Chair Franklin met with Director of Boys and Girls Club about access to broadband Wi-Fi access. She provided him with additional folks to contact and so he will be moving forward to gain Wi-Fi for the communities that need it. Franklin asked to be notified in advance for the ribbon cuttings so they can block out there schedule. Franklin asked if Friends can help us find volunteer recognition recipients. Franklin asked if when the city hike is cancelled due to weather if it can be rescheduled. Andrea Gonzalez noted the hikes are scheduled in advance to make sure we have adequate staff and volunteers to run the hike.

ADJOURNMENT

Chair Franklin adjourned the meeting at 8:12 p.m.

JAY FRANKLIN, CHAIR
PARKS AND RECREATION COMMISSION

ATTEST:

KRYSTAL MAINPRIZE, RECREATION COORDINATOR

CITY OF SAN MARCOS, CALIFORNIA
CITY COUNCIL POLICY

SUBJECT: Naming of Municipal Facilities

PURPOSE: To provide guidelines for the selection of names for all municipal facilities, including parks, recreational facilities, amenities within those facilities and other structural and land areas owned by the City of San Marcos.

BACKGROUND: The City is frequently approached to consider recognizing various achievements by individuals or groups. Most of these achievements can and should be accomplished by written or verbal recognition. Within our parks and recreational facilities, as well as significant municipal structural facilities - occasional permanent recognition may be appropriate.

POLICY: It is the policy of the City Council that applications may be submitted to the Community Services Department to be acted upon and forwarded to the City Council with a recommendation by the Community Services Commission for final Council action and approval for the naming of municipal facilities within the City of San Marcos. Some of the criteria to be considered for naming facilities may be as follows:

A) Specific Amenities Within Parks and Facilities:

1. A name of an individual may be used if that individual has:
 - a) Contributed significantly to the quality of life in San Marcos and has been a San Marcos resident.
 - b) Provided a substantial donation toward the cost of construction of a park facility or maintenance of said facility.
2. An organization name may be used if the organization provides a substantial donation towards construction or maintenance of the park or facility.

B. Parks

1. An identifiable geographic location or feature.
2. A name that provides a link with our municipal heritage.

Documents Relating to this Policy

1. Resolution No. 90- 3392 .
