Hello,

I received a message about striping White Sands in an effort to reduce speeds in the community. Excessive speed is a problem in this entire neighborhood (White Sands, Coast, and Island).

I'm in favor of doing Anything that will slow cars down in our neighborhood but would prefer speed bumps instead of a line. I dont paint and signs will do anything to slow traffic. Stop signs are already in place and are frequently ignored. Literally.

Active speed reducing measures are needed.

Thank you,  
Andrew
