Dear San Marcos Community Foundation Board,

On behalf of Black Girls Mental Health Foundation (BGMHF), I am pleased to submit our grant application for the **Regular Grant Program**. This proposal reflects our commitment to advancing maternal mental health equity for Black and Brown birthing individuals in San Marcos through the delivery of culturally responsive, trauma-informed perinatal care.

Our request for \$10,000 will support therapy services for three birthing individuals and provide Perinatal Mental Health (PMH) training for six local providers or birth workers. This project is grounded in extensive community needs research and represents a strategic expansion of our proven BIRTH Network model, which has already served 127 families and delivered more than 660 hours of therapy.

As an organization led by Black women with lived experience and deep clinical expertise, BGMHF is uniquely positioned to deliver high-impact, culturally affirming services that address urgent community gaps. We are grateful for the opportunity to partner with the San Marcos Community Foundation in creating healthier outcomes for families.

Please contact us at [grants@bgmhfoundation.org](mailto:grants@bgmhfoundation.org) if additional information is needed. Thank you for your time and consideration.

Sincerely,

**Dr. Jaih Craddock**

Briefly describe your request for funds. BGMHF seeks \$10,000 from the San Marcos Community Foundation to expand access to culturally responsive perinatal mental health care. This project will provide free therapy to three Black and Brown birthing individuals in San Marcos and fund Perinatal Mental Health (PMH) training for six local providers or birth workers. Each participant will receive 12 weeks of trauma-informed therapy from licensed clinicians with lived experience and specialized training. Concurrently, six local providers will be equipped to deliver culturally affirming mental health support through PMH training. These dual strategies directly address two urgent gaps identified in our community research: 1) limited access to racially and culturally aligned providers and 2) a shortage of trained professionals who understand the unique mental health needs of Black and Brown mothers. BGMHF's model is rooted in lived experience and backed by data—127 families served and over 660 hours of therapy delivered. This project builds on that foundation to deepen care for San Marcos residents while growing a local workforce of culturally competent providers, ultimately improving maternal mental health outcomes for Black and Brown families.

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served. Black and Brown birthing individuals in San Marcos face elevated risks for perinatal mood and anxiety disorders (PMADs) and have limited access to culturally responsive care. Data from the California Department of Public Health (2025) show that nearly one-third of birthing people in the state experienced symptoms of anxiety or depression during or after pregnancy, with rates higher among those facing financial hardship—conditions common in small-to-midsize communities like San Marcos. At the same time, over 84% of birthing-aged women nationwide live in areas with maternal mental health resource shortages (Policy Center for Maternal Mental Health, 2025).

This initiative will directly serve **nine San Marcos residents**: three Black and Brown birthing individuals will receive 12 weeks of free, trauma-informed therapy, and six local providers will complete culturally responsive perinatal mental health training. Research confirms that culturally concordant care improves trust, engagement, and maternal health outcomes (Frontiers in Psychiatry, 2022). This project not only meets an immediate need but builds long-term capacity, equipping the San Marcos community with trained providers who reflect and understand those they serve. It's a scalable solution that bridges clinical gaps, reduces stigma, and improves outcomes for historically underserved families.

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents. Yes, we partner with 25+ groups, including doulas and therapists in San Marcos, to provide culturally affirming, wraparound maternal mental health care through our BIRTH Network and local coalitions.

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

BGMHF exists to bridge critical gaps in maternal mental health care by providing Black and Brown birthing individuals with access to **culturally responsive, trauma-informed therapy**, perinatal education, and a trusted network of Black and Brown providers. Our work is grounded in community-driven solutions and designed to dismantle systemic barriers that put Black and Brown families at disproportionate risk for poor mental health & birth outcomes. We center lived experience, data, and culturally concordant care to advance perinatal equity and healing.

## **Strategic Objectives**

### **1. Expand Access to Culturally Affirming Therapy**

We provide therapy vouchers for Black and Brown birthing individuals to receive care from clinicians who reflect their racial and cultural identities. Our model offers 12-week therapy increments, valued at \$150 per session, ensuring accessibility without compromising provider compensation.

### **2. Train the Workforce**

Through our **Clinical Birth Worker Internship Program**, we prepare future social workers to become dual-certified perinatal mental health clinicians and doulas, addressing the shortage of culturally competent providers.

### **3. Build the BIRTH Network**

We've cultivated a network of 25+ Black and Brown clinicians, doulas, lactation consultants, and nutritionists. This network strengthens the maternal health ecosystem and ensures holistic, wraparound care for our clients.

### **4. Foster Partnerships**

We work collaboratively with local and regional organizations, amplifying the voice of Black and Brown mothers to create systemic change.

## Community Need & Responsive Approach

Our model is rooted in both national and local data. According to a 2022 study, **56% of Black women** experience perinatal mood and anxiety disorders (PMADs)—over double the rate in the general population (Wisner et al., 2013). The COVID-19 pandemic has worsened these outcomes; one in three California birthing people reported symptoms of depression or anxiety during or after pregnancy, with elevated rates among those facing financial hardship (CDPH, 2025).

In our **2025 Community Needs Assessment** of 366 Black women, we found that:

- **88%** preferred Black providers, but only **56%** had access
- **89%** experienced emotional distress during/after pregnancy
- **72%** needed postpartum mental health support
- **55%** cited cost as a barrier

These numbers represent more than just statistics—they reflect **mothers in pain**, suffering silently due to stigma, fear, and a lack of culturally affirming care. One mother shared, “I lied on my postpartum survey every doctor visit. I was scared they’d take my baby.” These lived experiences fuel our work. By offering free therapy and training trusted providers, we not only alleviate distress—we empower families to thrive.

## Milestone Achievements

Between September 2024 and the present, BGMHF has:

- Served **127 families**
- Delivered over **660 hours** of culturally affirming therapy
- Trained **3 Clinical Birth Worker Interns**
- **Built a 25-member BIRTH Network** of Black and Brown clinicians, doulas, lactation consultants, and wellness practitioners
- **Invested \$156,050** in our therapy voucher program, making free care available to **101 Black and Brown birthing individuals**
- **Trained over 40 providers and birth workers** through Perinatal Mental Health training and our Clinical Birth Worker Internship Program
- **Raised \$674,925** in private and public funding over the course of 9 months to support maternal mental health care, workforce development, and organizational capacity.

**40% of therapy hours were covered by vouchers**, ensuring equitable access while maintaining therapist sustainability.

## Leadership Rooted in Lived Experience

Our leadership team is composed of three Black mothers and seasoned clinicians who bring personal and professional expertise to this work:

- **Dr. Jaih Craddock (Executive Director)**  
(<https://www.bgmhfoundation.org/dr-jaih>) is a public health social worker and researcher with expertise in implementation science and

social network analysis. She has published 24 articles and secured over \$5 million in funding throughout her career to advance health equity. Her experience on Google’s Responsible AI team and her own postpartum challenges fuel her passion for maternal justice.

- **Dr. Chyna Hill (Director of Partnerships & Community Engagement)** (<https://www.bgmhfoundation.org/dr-chyna>) is a licensed clinical and social worker and trauma specialist who has secured \$13 million in funding over the course of her professional career, focusing on community-based, trauma-informed solutions.
- **Breea Wainwright, LMFT (Clinical Director)** (<https://www.bgmhfoundation.org/breea>) is a licensed therapist and Infant-Family Mental Health Specialist with over a decade of experience delivering trauma-informed care to Black families. She oversees all clinical programming and ensures care's rooted in cultural humility and evidence-based practice.

Our full clinical team is 100% Black-women led, trained in Perinatal Child-Parent Psychotherapy, EMDR, and trauma-focused care. Together, we ensure that clients receive the skilled, affirming, and comprehensive mental health support they deserve.

## Testimonials & Community Voice

Our community partners and clients have shared powerful reflections on the impact of BGMHF’s work:

**“Thank you for helping me find my courage and voice again.”** – Client Testimonial

**“I didn’t realize I was dealing with postpartum mental health issues until I was deep into it. Therapy saved me.”** – Client Testimonial

**“I would recommend therapy to other moms because it helped me realize that I was struggling and that I was not alone.”** – BGMHF Survey Respondent

**“The program made a difference because it allowed me to talk to someone and get tools to help manage my feelings and experiences.”** – Therapy Voucher Recipient

**“BGMHF provides a safe space for Black women to receive culturally affirming therapy. It’s more than just therapy—it’s healing.”** – Community Partner

These testimonials affirm that BGMHF’s programs are more than services—they are a lifeline. Our clients feel seen, heard, and empowered, and the feedback reinforces the trust and impact we’ve built in Black and Brown communities.

## Alignment with San Marcos Community Goals

San Marcos and the surrounding region face high rates of maternal mental health concerns but limited provider resources. The 2025 Policy Center for Maternal Mental Health report confirms that **over 70% of U.S. counties**

**lack adequate maternal mental health resources**, including areas like San Marcos. Community interventions like therapy vouchers and workforce training—particularly when led by **trusted, culturally aligned providers**—are among the most effective strategies for improving maternal outcomes and advancing health equity.

By investing in BGMHF, the SMCF supports a **proven model** that:

- Removes financial and systemic barriers to care
- Strengthens the mental health workforce
- Improves mental health outcomes for mothers and infants
- Builds community trust, healing, and resilience

## Independent Auditor's Report

Board of Directors  
**Social & Environmental Entrepreneurs, Inc.**  
Calabasas, California

### Report on the Financial Statements

#### *Opinion*

We have audited the accompanying financial statements of Social & Environmental Entrepreneurs, Inc. (SEE), a nonprofit organization, which comprise the statement of financial position as of December 31, 2023, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of SEE as of December 31, 2023, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### *Basis for Opinion*

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of SEE and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### *Emphasis of Matter: Prior Period Restatement*

As discussed in Note 7 to the financial statements, the 2022 financial statements have been restated to correct reclassifications between net assets with and without donor restrictions.

#### *Responsibilities of Management for the Financial Statements*

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SEE's ability to continue as a going concern for one year after the date that the financial statements are issued.

#### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or

the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SEE's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SEE's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

#### **Other Matters**

##### *Supplementary Information*

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

#### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued report dated May 12, 2025, on our consideration of SEE's internal control over financial reporting, and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SEE's internal control over financial reporting and compliance.

**Notes to Financial Statements**  
**Year Ended December 31, 2023**

**Note 1—Organization and Summary of Significant Accounting Policies**

Organization—Social & Environmental Entrepreneurs, Inc. (SEE) was initiated in 1994 as nonprofit administrative support for community-based projects. In addition to providing necessary administrative support to the programs, this structure is a model of charitable initiative empowerment and mutual support. Through the years, SEE has grown to encompass over 200 projects, from one-person, start-up volunteer efforts to full-scale, long-term operations.

SEE's projects are funded primarily by grants from foundations, corporations, and government agencies, contributions from individuals, and earnings on investments. The management and general operations of SEE are funded primarily by an allocation of income on program revenues.

Financial Statement Presentation—The financial statements are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. SEE's net assets are classified based on the existence or absence of donor-imposed restrictions. As such, the net assets of SEE and changes therein are presented and reported as follows:

Net assets without donor restrictions—Net assets that are not subject to donor-imposed stipulations and that may be expended for any purpose in performing the primary objectives of SEE. These net assets may be used at the discretion of SEE's management and the board of directors.

Net assets with donor restrictions—Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; such restrictions that may or will be met either by actions of SEE and/or the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated that the funds be maintained in perpetuity. Generally, the donors of such assets permit SEE to use all or part of the income earned on related investments for general or specific purposes.

Donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restriction. When a time restriction expires or a purpose restriction is satisfied, net assets with donor restrictions are reclassified to net assets without donor restrictions and are reported in the statement of activities as net assets released from restrictions. Since the contributions relate to the various projects of SEE, essentially all contributions are net assets with donor restrictions. When a donor restriction expires, as the monies are spent, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported as released from restrictions. Net assets with donor restrictions at December 31, 2023 consisted of amounts restricted to funding specific expenses in future periods.

Measure of Operations—The statement of activities reports all changes in net assets, including changes in net assets from operating and nonoperating activities. Operating activities consist of activities attributable to SEE's ongoing fiscal sponsorship services and interest and dividends earned investments. Nonoperating activities are limited to resources that generate return from investments and other activities considered to be of a more usual or nonrecurring nature.

Income Taxes—SEE is a nonprofit organization exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code (Code) and Section 23701(d) of the California Revenue and Taxation Code. Accordingly, no provision for income taxes is included in the financial statements. In addition, SEE has been determined by the Internal Revenue Service not to be a private foundation within the meaning of Section 509(a) of the Code. Accounting standards require an organization to evaluate its tax positions and provide for a liability for any positions that would not be considered 'more likely than not' to be upheld under a tax authority examination. Management has evaluated its tax positions and has concluded that a provision for a tax liability is not necessary at December 31, 2023. Generally, SEE's information returns remain open for examination for a period of three (federal) or four (state of California) years from the date of filing.

**Social & Environmental Entrepreneurs, Inc.**  
**Notes to Financial Statements—Continued**

**Note 1—Organization and Summary of Significant Accounting Policies—Continued**

Cash and Cash Equivalents—SEE considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. Cash consists of balances in checking and savings accounts at banks.

Government Grants Receivable—Government grants receivable represents unconditional grants from government agencies not collected as of December 31, 2023. SEE has determined that no potential credit losses due to uncollectable government grants receivable was necessary at December 31, 2023 as all such receivables are considered to be fully collectible.

Grants and Contributions Receivable—Grants and contributions receivable that are expected to be collected within one year are recorded at net realizable value upon receipt of the award. Grants and contributions receivable that are expected to be collected in future years are recorded at fair value at the time of the award. SEE measures fair value of contributions receivable in more than one year as the present value of expected future cash flows. Amortization of the associated discount is included in contributions revenue. Management provides for probable uncollectible amounts based on its assessment of recent collection history and current donor relationships. Conditional contributions are not included as support until the conditions on which they depend are substantially met.

Investments—Investments are valued at fair market value. Investment income, gains, and losses are reported as unrestricted income unless use of the earnings is restricted by the donor. Gains and losses on investments are recognized as changes in their fair market values occur in the period reported and are reported on the statement of activities under the investment return, net caption.

Property and Equipment—Property, furniture, and equipment are stated at cost. Acquisitions in excess of \$3,000 are capitalized. Property, furniture, and equipment are depreciated on the straight-line method using useful lives ranging from five to 31.5 years. At December 31, 2023, SEE had no capitalized property and equipment.

Grants and Contributions—Grants and contributions received are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Grants and contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor-restricted contributions are reported as an increase in net assets with donor restrictions, depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

Concentration of Credit Risk—Financial instruments which potentially subject SEE to concentrations of credit risk consist of cash and cash equivalents, receivables, and investments in securities.

SEE places its cash and cash equivalents with high credit quality financial institutions where the funds are guaranteed by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per institution. Such cash balances may exceed FDIC insurance limits during the normal course of business. Cash held in investment accounts at securities brokerage firms is insured by the Securities Investors Protection Corporation (SIPC) up to \$250,000 and the investments in securities are insured up to \$500,000, per institution. SIPC insurance protects the custody function of the investment custodian; it does not provide protection against fluctuations in market value. At times, such balances are in excess of the SIPC coverage limits.

**Note 1—Organization and Summary of Significant Accounting Policies—Continued**

SEE's board, in consultation with professional investment advisors, determines the composition of the investment portfolio in accordance with a board-approved investment policy. SEE's management has assessed the credit risk associated with its cash deposits and investments held at December 31, 2023 and believes it is not exposed to any significant credit risk with its cash and cash equivalents and investments.

Grants and contribution receivable consist of balances from individuals, foundations and corporations. SEE has determined that no allowance for potential credit losses due to uncollectible receivables was necessary at December 31, 2023.

Recently Adopted Accounting Principle—In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards (ASU) No. 2016-13, *Financial Instruments—Credit Losses (Topic 326)*, which requires organizations to measure all expected credit losses for financial instruments held at the reporting date based on historical experience, current conditions, and reasonable supportable forecasts. This standard replaces the incurred loss methodology with an expected loss methodology that is referred to as the current expected credit loss (CECL) methodology. The new guidance affects organizations that hold financial assets and net investments in leases that are not accounted for at fair value with changes in fair value reported in net income, including loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposures, reinsurance receivables, and any other financial assets not excluded from the scope that have the contractual right to receive cash. SEE adopted ASU No. 2016-13 on a retrospective basis for the year ended December 31, 2023 with no resulting impact on the financial statement presentation.

Revenue Recognition—SEE's revenue recognition policies are as follows:

Program income—Revenue from program service fees and sales are recognized when services are provided and sale occur. Amounts received in advance of expenditure are reported as deferred revenue on the combined statement of financial position.

Membership income—Membership income is recognized as revenue when such income is received.

Interest and dividend income—Interest and dividend income earned on investments is recognized when received and reported.

Donated Services—SEE records the value of donated materials and services at their fair value at the date of donation. In-kind services are recorded only if the services (a) create or enhance nonfinancial assets, or (b) require specialized skills that are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. A substantial number of volunteers have donated a significant number of hours devoted to SEE's program services, management and general, and fundraising activities. However, these donated services are not reflected in the accompanying financial statements as they do not meet the criteria for recognition under current accounting standards. There were no donated services recorded during the year ended December 31, 2023.

Advertising and Promotion Expense—Advertising and promotion costs are expensed as incurred and amounted to \$246,807 for the year ended December 31, 2023.

**Note 1—Organization and Summary of Significant Accounting Policies—Continued**

Functional Expenses—The costs of providing the various program and supporting services have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated between the program services and supporting services benefitted. Equipment purchases, rental, and maintenance and occupancy are allocated on the basis of square footage. Salaries and wages, payroll taxes, workers’ compensation insurance and other employee benefits, contractor and professional fees, insurance, office expense, postage and shipping, print and publications, supplies and miscellaneous, telephone, and travel, conferences, and meetings are allocated on the basis of estimates of time and effort. All other functional expenses are charged directly to fiscally sponsored project.

Use of Estimates—The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Note 4—Investments and Fair Value Measurements**

In determining the fair value of investments, SEE utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs to the extent possible. SEE determines fair value based on assumption that market participants would use in pricing an asset or liability in the principal or most advantageous market. When considering market participant assumptions in fair value measurements, the following fair value hierarchy distinguishes between observable and unobservable inputs, which are characterized in one of the following levels:

Level 1—Unadjusted quoted prices in active markets for identical assets or liabilities accessible to the Organization at the measurement date.

Level 2—Valuations based on observable inputs (other than Level 1) such as quoted prices for similar assets at the measurement date; quoted prices in markets that are not active, or other inputs that are observable, either directly or indirectly.

Level 3—Valuations based on inputs that are unobservable and significant to the overall fair value measurement and involve management judgment.

SEE may utilize a practical expedient for the estimation of the fair value of investments in investment companies for which the investment does not have a readily determinable fair value. The practical expedient used by SEE to value private investments is the Net Asset Value (NAV) per share, or its equivalent. In some instances, the NAV may not equal the fair value that would be calculated under fair value accounting standards. At December 31, 2023, SEE had no investments for which fair value was estimated at NAV.

**Note 5—Operating Lease Liability**

Grants require the fulfillment of certain conditions as set forth in the instrument of the grant. Failure to fulfill the conditions could result in the return of the funds to the grantors. Although that is a possibility, the Board deems the contingency remote, since by accepting a grant and its terms, the Board is acknowledging the requirements of the grantor at the time of receipt of the grant.

SEE has a two-year lease agreement for an office unit in Calabasas, California, expiring August 2024. An operating lease right-of-use asset and an offsetting operating lease liability of \$12,124 were recorded for the year ended December 31, 2023 in relation to this lease, using a discount rate of 4% per year.

Additionally, SEE has a lease agreement for an alternative office unit in Calabasas, California, under an operating lease agreement expiring August 2024. An operating lease right-of-use asset and an offsetting operating lease liability of \$23,868 were recorded for the year ended December 31, 2023 in relation to this lease, using a discount rate of 4% per year.

<b>Total Net Assets Released from Donor Restrictions</b>	<b>\$ 50,772,863</b>

SEE administers two “donor-advised funds.” A donor-advised fund is a separately-identified fund established by a donor or group of donors with an instrument of gift describing the general or specific purposes of the funds; is owned and controlled by a sponsoring organization (SEE); and allows a donor, or person designated by the donor, advisory privileges with respect to the distribution of the charitable funds.

**Note 7—Prior Period Restatement**

Prior to January 1, 2023, SEE incorrectly recorded certain contributions and program income as net assets with donor restrictions. In addition, certain grants receivables were not recorded as net assets with donor restrictions. To correct these errors, grants receivable was debited \$4,982,196, net assets without donor restrictions was credited by \$6,943,368, and net assets with donor restrictions was debited \$1,961,172.

**Note 8—Risks and Uncertainties**

In late January 2025, the new administration of the federal government introduced sweeping policy changes designed to specifically target a number of government departments and agencies. Under the new administration’s directive, certain government contracts have been cancelled, and steps were taken to immediately reshape or eliminate certain departments and agencies of the government. The eliminations and restructurings resulted in reductions to the governmental infrastructure of several departments leading to the lay-off of a large number of government employees. Nonprofit partners of the government are also being impacted by these developments, and now face uncertainty regarding current and future government funding and contract agreements. At the time of this reporting, the cumulative financial impact of these policy shifts on SEE, if any, cannot be fully determined, therefore no related adjustment has been made to these financial statements.

**Note 9—Subsequent Events**

Management evaluated all activities of SEE through May 12, 2025, which is the date the financial statements were available to be issued, and concluded that, other than new government policies disclosed in Note 8, no material subsequent events have occurred that would require adjustment to the financial statements or disclosure in the notes to the financial statements.

**Independent Auditor's Report on Internal Control Over Financial Reporting  
and on Compliance and Other Matters Based on an Audit of Financial  
Statements Performed in Accordance with *Government Auditing Standards***

Board of Directors  
**Social & Environmental Entrepreneurs, Inc.**  
Calabasas, California

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Social & Environmental Entrepreneurs, Inc. (SEE), which comprise the statement of financial position as of December 31, 2023, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated May 12, 2025.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered SEE's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of SEE's internal control. Accordingly, we do not express an opinion on the effectiveness of SEE's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2023-001 to be a material weakness.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether SEE's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance, and the results of that testing, and not to provide an opinion on the effectiveness of SEE's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering SEE's internal control and compliance. Accordingly, this report is not suitable for any other purpose.

## **Independent Auditor's Report on Compliance for Each Major Federal Program and Report on Internal Control over Compliance in Accordance with the Uniform Guidance**

Board of Directors  
**Social & Environmental Entrepreneurs, Inc.**  
Calabasas, California

### **Report on Compliance for Each Major Federal Program**

#### *Qualified and Unmodified Opinions on Major Federal Programs*

We have audited Social & Environmental Entrepreneurs, Inc.'s (SEE) compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on each of SEE's major federal programs for the year ended December 31, 2023. SEE's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### *Qualified Opinion on Assistance Listing Number 93.686*

In our opinion, except for the noncompliance described in *Basis for Qualified and Unmodified Opinions* section of our report, SEE complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal award program Assistance Listing Number 93.686 for the year ended December 31, 2023.

#### *Unmodified Opinion on Assistance Listing Number 21.027*

In our opinion, SEE complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its other major federal award program Assistance Listing Number 21.027 for the year ended December 31, 2023.

#### *Basis for Qualified and Unmodified Opinions*

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of SEE and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified and unmodified opinions on compliance for each major federal program. Our audit does not provide a legal determination of SEE's compliance with the compliance requirements referred to above.

*Matter(s) Giving Rise to Qualified Opinion on Assistance Listing Number 93.686*

As described in the accompanying schedule of findings and questioned costs, SEE did not comply with requirements regarding Assistance Listing Number 93.686 *Ending the HIV Epidemic: A Plan for America – Ryan White HIV/AIDS Program Part A and B*, as described in finding number 2023-003 for *Allowed Activities*.

Compliance with such requirements is necessary, in our opinion, for SEE to comply with the requirements applicable to that program.

*Responsibilities of Management for Compliance*

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to SEE's federal programs.

*Auditor's Responsibilities for the Audit of Compliance*

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on SEE's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about SEE's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding SEE's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of SEE's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the SEE's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

*Other Matters*

The results of our auditing procedures disclosed an instance of material noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as item 2023-003. Our opinion on this major federal program is modified with respect to this matter.

*Government Auditing Standards* requires the auditor to perform limited procedures on SEE's response to the noncompliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. SEE's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Report on Internal Control over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be a material weakness.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying schedule of findings and questioned costs as item 2023-002 to be a material weakness.

*A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness internal control over compliance, yet important enough to merit attention by those charged with governance. We did not identify any such deficiencies in internal control over compliance during our audit.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

*Government Auditing Standards* requires the auditor to perform limited procedures on SEE's response to the internal control over compliance findings identified in our compliance audit described in the accompanying schedule of findings and questioned costs. SEE's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

### **Purpose of This Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance, and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**B. Findings— Financial Statements Audit**

**Finding 2023-001: Net Assets with Donor Restrictions**

*Material Weakness over Financial Reporting*

*Criteria:* Per FASB Topic: 958-605-25-2, Contributions Received, “a contribution made and a corresponding contribution received are generally recognized by both the donor and the donee at the same time, that is, when made or received, respectively, or if conditional when the barrier is overcome.” ASU 2018-08 states that a contribution is a transfer of cash or other assets, including unconditional promises to give, or a reduction, settlement, or cancellation of liabilities; ASU 2018-08 further states that donors may “impose restrictions that are temporary in nature”, for example, stipulating that resources must be used after a specified date. Per Accounting Standards Codification 606, or ASC 606, provides a standardized framework for revenue recognition, ensuring consistency and comparability across industries. Under ASC 606, revenue is recognized when control of goods or services is transferred to the customer, and it requires companies to disclose more detailed information about their revenue streams.

*Condition:* Certain exchange transactions were recorded as contributions with donor-imposed restrictions.

*Context:* In the preparation for SEE’s first single audit and first financial statement audit under government auditing standards, SEE noted certain beginning net assets should have been reported without donor restrictions. After extensive research, SEE prepared a beginning net asset adjustment.

*Cause:* SEE misinterpreted nonprofit revenue recognition standards, incorrectly recording exchange transactions as with donor restrictions until the contract was concluded.

*Effect or Potential:* Net assets at December 31, 2022 have been restated to correct the error, resulting in an increase of net assets without donor restrictions of \$1,480,458, and a decrease in net assets with donor restrictions in the same amount.

*Recommendation:* We recommend SEE stay up to date on GAAP issues related to revenue recognition by taking additional training classes.

*Views of the Responsible Officials and Planned Corrective Actions:* SEE agrees with the finding and will implement recommended procedures immediately.

C. Findings and Questioned Costs—Major Federal Award Program

**Finding 2023-002:**

Information on the Federal Program:

<i>Compliance Requirements:</i>	Other—Schedule of Expenditure of Federal Awards Preparation
<i>Type of Finding:</i>	Material Noncompliance and Material Weakness in Internal Control over Compliance.

*Criteria:* 2 CFR 200.510 indicates that the auditee must prepare a Schedule of Expenditures of Federal Awards (SEFA) for the period covered by the auditee’s financial statements which must include the total federal awards expended as determined in accordance with 200.502 *Basis for Determining Federal Awards Expended*. Per 2 CFR 200.502, the determination of when a federal award is expended should be based on when the activity related to the federal award occurs. Generally, the activity pertains to events that require the non-Federal entity to comply with federal statutes, regulations, and the terms and conditions of federal awards, such as: expenditure/expense transactions associated with awards. In addition, 2 CFR Part 200.303 requires the program establish and maintain effective internal controls over federal awards that provide reasonable assurance of compliance with federal statutes, regulations, and the terms and conditions of federal awards.

*Condition:* SEE did not include an existing federally funded contract during the preparation of the SEFA for the year ended December 31, 2023.

*Cause:* SEE was not aware that the contract should be included in the SEFA.

*Effect or Potential Effect:* Due to the control deficiencies described above, if not for auditor assistance, inaccurate expenditures would have been reported to the Federal government. In addition, these errors could result in improper selections of major program(s) for the single audit.

*Questioned costs:* No questioned costs were identified as a result of this compliance finding.

*Context:* SEE mistakenly omitted to report \$198,993 of federal award expenditures under the CCDF Cluster, Child Care and Development Block Grant, ALN 93.575.

*Recommendation:* We recommend that SEE establish formal procedures to ensure federally funded contracts are included in the SEFA as expenditures.

*Views of responsible officials and planned corrective actions:* Management acknowledges the omission of the federally contract from the auditee’s prepared SEFA. Management is committed to properly preparing the SEFA, and to address this oversight, management will identify trainings for accounting personnel related to SEFA reporting and for those reviewing the schedule, to ensure its accuracy.

**Social & Environmental Entrepreneurs, Inc.**  
**Schedule of Findings and Questioned Costs**  
**Year Ended December 31, 2023**

**C. Findings and Questioned Costs—Major Federal Award Program—Continued**

**Finding 2023-003:**

Information on the Federal Program:

*Assistance Listing Number:* 93.686—Ending the HIV Epidemic: A Plan for America—Ryan White HIV/AIDS Program Parts A and B.  
*Pass-Through Entity:* State of Mississippi.  
*Award Number:* SG-2199 R2.  
*Compliance Requirements:* Activities Allowed or Unallowed  
*Type of Finding:* Material Noncompliance and Material Weakness in Internal Control over Compliance.

*Criteria:* As stated in 2 CFR 200.430, part g, subsection 1, line vii, “budget estimates (meaning, estimates determined before the services are performed) alone do not qualify as support for charges to Federal awards.” 2 CFR 200.430 specifies that charges must be based on records that accurately reflect the work performed. 2 CFR 200.430, part g, subsection 1, line iii further specifies that “these records must reasonably reflect the total activity for which the employee is compensated by the recipient or subrecipient, not exceeding 100 percent of compensated activities.”

*Condition:* SEE charged personnel service costs to the contract based on budgeted estimates and did not track actual hours spent on the federally funded contract for the year ended December 31, 2023.

*Cause:* Exempt employees must track hours similar to non-exempt employees for federal grants.

*Effect or Potential Effect:* As a result of the identified control deficiencies, there is a risk that personnel service costs charged to federal awards may not accurately reflect the actual work performed. This could lead to unallowable or unsupported costs being billed to federal contracts, potentially resulting in questioned costs or noncompliance with federal regulations.

*Questioned costs:* \$72,765

*Context:* Of the \$165,794 total salaries charged to the federal contract, \$72,765 represents expenditures in which individuals’ allocated hours were not properly supported.

*Repeat Finding:* not applicable

*Recommendation:* We recommend that SEE establish and implement standardized timekeeping procedures requiring all employees whose salaries are charged to federal contracts to submit accurate and complete timecards that reflect the actual hours worked.

*Views of responsible officials and planned corrective actions:* Management acknowledges the oversight in not utilizing timecards for salaried employees whose compensation is charged to federal contracts. To strengthen internal controls and ensure compliance with applicable federal regulations, management is committed to implementing corrective measures. As part of this effort, management will update existing policies and procedures, and will identify and provide targeted training for accounting personnel responsible for allocating salary charges to federal contracts.

Dear Board of Directors and Grants Review Committee,

Boys & Girls Club of San Marcos (BGCSM) is most grateful for our continued partnership with the San Marcos Community Foundation. We appreciate the opportunity to submit a Regular Grant proposal in 2025. For 46 years, our organization has served as a place for our kids and teens to connect with their peers, find encouragement from mentors, explore new passions, and develop the skills and confidence that they need to reach their full potential. With 13 Club sites throughout San Marcos, we provide after-school and day camp programs and services to more than 2,000 youth, including more than 900 middle school- and high school-aged youth, each year.

**Our organization respectfully requests a Regular Grant of \$2,000 to support our Teen Life Readiness Program.** We recognize the importance of mentorship from caring adults and hands-on learning experiences that promote life skills, financial literacy, and character building and collaboration for our youth. Through our Suite of Teen Programs, including the Teen Life Readiness Program, we aim to successfully prepare our teens with the knowledge, skills, and confidence to pursue their dreams and grow to become the next generation of change-makers.

Through the Teen Life Readiness Program, our young people will learn to plan and prepare healthy meals, understand proper nutrition and how to fuel their body, and advance their collaborative skills. This program complements our other teen-focused programs: Career Pathways, a college and workforce development program; Leaders in Training, which promotes good citizenship and civic engagement; Money Matters, a financial literacy program; and technology-focused programs in our Best Buy Teen Tech Center powered by Sony.

With your support, we can provide a world-class Club experience that assures success is within reach of every young person who comes through our doors, with all Club members on track to graduate from high school with a plan for the future, demonstrating good character and citizenship, and living a healthy lifestyle. We appreciate your consideration of this request. Should you have any questions, please reach out to me at [christine@boysgirlsclubsm.org](mailto:christine@boysgirlsclubsm.org) or 760-539-3321. Thank you ensuring **Great Futures** are within reach for our youth in San Marcos!

Sincerely,

Christine Vaughan

Briefly describe your request for funds.

Boys & Girls Club of San Marcos (BGCSM) is dedicated to providing a safe and empowering space for all school-aged youth in our community to grow, learn, connect, explore interests, and thrive. Driven by its mission to inspire and enable all young people to realize their full potential as productive, responsible, and caring citizens, BGCSM offers high-impact and research-proven programs that focus on academic success, health and wellness, youth leadership development, and skill readiness to encourage and support young learners as they become the community's next generation of responsive, purposeful leaders.

Founded in 1979, BGCSM strives to empower youth to reach their academic and personal goals. We offer educational, recreational, and wellness programming to a diverse community, serving more than 2,000 school-age youth each year. Our collection of impactful programs are offered at 13 locations throughout San Marcos—including two stand-alone Clubhouses, 10 school-based sites, and one affordable housing community. We are connected for all 18 traditional K-12 schools in the San Marcos Unified School District, including seven Title I schools serving San Marcos' most underserved youth. We encourage our youth to realize the limitless possibilities within their reach and connect them to the resources and tools to achieve them.

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served.

Our Suite of Teen Programs connect middle school- and high school-aged youth to resources and support that encourage professional skill development, financial literacy, and life skills. These programs offer opportunities for leadership development, creative expression, personal growth, and future readiness.

The teenage youth our organization serves are part of underserved, marginalized communities, such as low-income households (82%) and youth of color (85%). Youth have limited access to mentorship with caring adults and learning opportunities that further their curiosity, critical thinking, and leadership skills. Our Teen Life Readiness Program includes educational cooking and goal setting as our teens learn to make responsible, healthful decisions and build a foundation of life skills. They will be able to grow and develop these skills as they move forward to the next stage of their lives. This program began in September 2023, offering education, guidance, and hands-on learning as teens prepared a variety of nutritious meals.

We propose to serve 40 middle school and teenage youth and encourage them to achieve the following goals through the Teen Life Readiness Program:

- Promote healthy lifestyles as they learn to make healthy meals with nutritious food ingredients.
- Instill self-confidence and leadership with character building, collaboration, and effective communication.

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

For 46 years, BGCSM has been dedicated to supporting and improving personal and professional development for youth in the San Marcos community. Our organization first opened at Woodland Park, serving several hundred Club members in modular classrooms. In 1995, BGCSM opened the Jennifer Loscher Branch (JLB), a 16,000-square-foot facility with a \$1M operating budget and nearly 1,000 members. In 2005, BGCSM opened its Teen Center, a space to serve high school-aged youth at JLB. A second teen-focused space in this facility opened in 2017, the Best Buy Teen Tech Center powered by Sony. BGCSM's growth has continued over the last two decades, opening 12 additional sites throughout San Marcos on school campuses, affordable housing communities, and a second stand-alone Clubhouse. By expanding our reach in the community, we serve more than 2,000 youth each year.

Programming is offered in the style of Specialty Clubs with 8- to 10-week programs that align with Club members' interests and goals. Each Specialty Club is designed and facilitated by a Youth Development Professional whose mutual interest, knowledge, and expertise align with the subject. Last year, members enjoyed learning and participating in more than 40 different themed clubs, which included Art Club, Cooking Club, Digital Literacy & Technology, STEM, Drama, and Chess. These Specialty Clubs incorporate youth-centered activities that provide members with opportunities to showcase their creativity, develop meaningful relationships with mentors and peers, and pursue their aspirations.

Our teen programs prepare middle school- and high school-aged members for academic success and professional excellence after their time with the Clubhouse. Teens learn leadership skills through the Leaders in Training Program, engage in career exploration and strengthen their hard and soft skills through the Career Pathways program, enhance financial literacy with the Money Matters program, and practice technical skills in the Best Buy Teen Tech Center powered by Sony. Through these activities, BGCSM ensures members are ready for the workforce and/or postsecondary education. Teens engage in activities such as community service, a mock interview process, and social entrepreneurship projects to build their portfolio of skills. These opportunities provide them with encouragement to expand and develop their career goals and pursue interests they are passionate about.

Our Suite of Teen Programs has achieved tremendous growth and success in recent years, and we are proud to facilitate after-school and day camp services year-round in our two teen-focused spaces at the Jennifer Loscher Branch. Teen enrollment is the highest in our organization's history, serving more than 900 teens in the last year. We achieved record participation (22 teens) in our Career Pathways program. Further, in the last five years, three of our Club teens have won the San Diego County Youth of the Year competition and moved forward to represent at the State competition. In the last two years, three of our teens have earned a \$40,000 college scholarship from Best Buy as they pursue degrees in business and law.

We aim to continue growing this program to equip our teens with a diverse set of skills they can further develop as they move on in the next phase of their lives. Investment in this project will allow our organization to promote meaningful life skills for our teens through the Teen Life Readiness Program and instill confidence in their own abilities and aspirations. One of our teen Club members shared, "Cooking is a life skill that everyone should have. I would love to have this in our program so I can bring these skills to my everyday life."

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Boys and Girls Club of San Marcos's ability to continue as a going concern within one year after the date that the financial statements are available to be issued

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Boys and Girls Club of San Marcos's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Boys and Girls Club of San Marcos's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

**BOYS AND GIRLS CLUB OF SAN MARCOS**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**

**A. ORGANIZATION**

The Boys & Girls Club of San Marcos (the "Club") was incorporated January 23, 1979 pursuant to the general nonprofit corporation law of the state of California. The specific purpose of the Club is to promote the social, educational, health, leadership, and character development of boys and girls during critical periods of their growth.

The Club maintains two primary facilities (Jennifer Loscher Branch and Walter J. & Betty C. Zable Foundation Branch) and various sub-sites in the San Marcos area.

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

New Accounting Standards/Change in Accounting Principles

*ASU 2016-02*

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842), which supersedes existing guidance for accounting for leases under Topic 840, Leases. The FASB also subsequently issued the following additional ASUs, which amend and clarify Topic 842: ASU 2018-01, Land Easement Practical Expedient for Transition to Topic 842; ASU 2018-10, Codification Improvements to Topic 842, Leases; ASU 2018-11, Leases (Topic 842): Targeted Improvements; ASU 2018-20, Narrow-scope Improvements for Lessors; and ASU 2019-01, Leases (Topic 842): Codification Improvements. The most significant change in the new leasing guidance is the requirement to recognize right-to-use ("ROU") assets and lease liabilities for operating leases on the balance sheet.

The Club adopted FASB Topic 842, Leases, using the modified retrospective approach with July 1, 2022 as the date of initial adoption (effective date method) and utilized all of the available practical expedients. The Club has elected to apply the short-term lease exception to all leases with a term of one year or less and therefore the adoption did not result in any changes to the Club's balance sheet as no recognition of ROU assets and lease liabilities for operating leases was required. The accounting for finance leases remained substantially unchanged.

*ASU 2016-13*

In June 2016, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2016-13, Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments ("ASU 2016-13" or "ASC 326"). ASU 2016-13 revises the accounting requirements related to the measurement of credit losses and requires organizations to measure all expected credit losses for financial assets based on historical experience, current conditions, and reasonable and supportable forecasts about collectability. Assets must be presented in the financial statements at the net amount expected to be collected. During 2019, the FASB issued additional ASUs amending certain aspects of ASU 2016-13.

On July 1, 2023, the Club adopted the new accounting standard and all of the related amendments using the modified retrospective method. There were no adjustments made by applying the new credit loss standard due to the immaterial effect on the financial statements.

**BOYS AND GIRLS CLUB OF SAN MARCOS  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Basis of Accounting

The Club's accounting records and the accompanying financial statements are prepared on the accrual basis in accordance with generally accepted accounting principles (GAAP) whereby all revenue is recognized when earned rather than received and expenses are recognized when incurred rather than when paid and, accordingly, reflect all significant receivables, payables and other liabilities.

Financial Statement Presentation

The financial statements are presented in accordance with the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2016-14, *Presentation of Financial Statements of Non-For-Profit Entities*. Under ASU 2016-14, the Club is required to report information regarding its financial position and activities according to two classes of net assets:

**Net assets without donor restriction:** net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the club. These net assets may be used at the discretion of the Club's Board of Directors.

**Net assets with donor restriction:** net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature; those restrictions will be met by actions of the Club or by the passage of time. Other donor restrictions are perpetual in nature, whereby the donor has stipulated the funds be maintained in perpetuity.

Donor restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets are reclassified from net assets with donor restrictions to net assets without donor restrictions in the statements of activities.

Investments

The Club carries investments in marketable securities with readily determinable fair values at their fair values based on quoted prices in active markets in the statement of financial position. Unrealized gains and losses are included in investment return, net in the statement of activities.

**Endowment Funds:** The Club's endowment was created with a restricted corpus of \$65,001 established in 1998. The corpus is part of the Club's investment account, which is governed by the Endowment Investment Policy adopted by the Board in April 2009. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. Earnings on the endowment fund are classified as without donor restrictions.

**BOYS AND GIRLS CLUB OF SAN MARCOS**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Investments (continued)

The Board of Directors of the Club has interpreted the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Club classifies as with donor restrictions net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund.

In accordance with UPMIFA, the Club considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the fund, (2) the purposes of the Club and the donor-restricted endowment fund, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Club, and (7) the Club investment policies.

**Investment Return Objectives, Risk Parameters and Strategies:** The investment goal is to achieve a total return that provides incremental value when benchmarked or compared to the relevant indexes. The Endowment Committee adheres to a total return policy in measuring investment performance. Total return is the sum of interest, dividends, and realized and unrealized gains and losses. The objective is for the portfolio to yield a total return (after fees and before distributions to current operations) of 3% over inflation, over a market cycle of usually 3-5 years, as measured by the Consumer Price Index (all urban CPI) annually. The Endowment Committee has the responsibility of determining the asset allocation guidelines that are the highest probability of achieving superior investment performance. The committee believes that the ultimate achievement of its investment mission statement is impacted most by the asset allocation decision. It is also the primary determinant of volatility of returns.

The endowment asset allocation guidelines are designed to portray the investment structure of the fund over a long time horizon. The advisors shall recommend an appropriate asset allocation mix for the portfolio within the following guidelines:

1. The equity portion of the portfolio will be managed within a range of 30% to 70%.
2. The fixed income portion will be managed within a range of 30% to 60%.

If the manager deems it necessary to vary from these ranges, such variance shall be discussed with the Club's Endowment Committee and approved by the Board of Directors if a change is to be made.

Investments (continued)

The following categories of securities transactions are not permissible within the Club's portfolio:

1. Short sales
2. Put and call options (except that calls may be written against securities owned)
3. Margin purchases or lending or borrowing money, except for publicly traded corporate debt
4. Letter stock, private placement, or direct placements
5. Equity securities of any company which has a record of less than three years continuous operation, including the operation of any predecessor
6. Purchase for purposes of exercising control of management
7. Derivatives of any other type
8. Stock loans
9. Commodities
10. Real estate properties
11. Oil or gas real property, without prior consultation with the Endowment Committee

The Endowment Committee is responsible for monitoring the investment management of the endowment funds' assets. The committee will hold formal meetings with the investment advisors periodically, at least semiannually. These meetings will include:

1. A summary of investment performance for the period measured against established performance benchmarks
2. A report of the portfolio's holdings showing individual security positions, at cost and market value
3. A review of all transactions, including a report of all capital gains and losses
4. Discussion on portfolio structure in light of current and anticipated market conditions and investment objectives of the funds

The investment advisors will furnish the Endowment Committee a quarterly report on a timely basis summarizing investment performance and showing individual security positions at cost and market. The report should also include a review of all transactions, including all capital gains and losses. The investment advisors are expected to notify the Endowment Committee whenever significant developments occur that may affect the portfolio. These developments include, but are not limited to, major changes in investment outlook, investment strategy, or any other matters affecting investing policy.

From time to time, the fair value of assets associated with individual or donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Club to retain as a fund of perpetual duration. In accordance with generally accepted accounting principles, a deficiency of this nature is reported as unrestricted net assets. There was no such deficiency as of June 30, 2024 and 2023.

Investments (continued)

**Spending Policy:** This concept calls for a specific dollar amount based on a percentage of endowed assets to be used for the annual operating budget of the Club regardless of interim market fluctuations, income and dividend levels or capital gains/losses. The board will designate which funds will be considered endowed for purposes of this policy. Any funds not a part of the Club's endowment may be subject to other donor or board spending restrictions.

The percentage of total endowed fund assets used annually by the Club is the spending policy. The Board of Directors will set this percentage. The spending policy percentage will be multiplied by the "adjusted asset base" to determine the dollar value available for club operations. The "adjusted asset base" figure will be a moving aggregate of the previous 12-quarter end market values of eligible assets.

For the purposes of this policy, the Club will use 5% of the eligible assets on an annual basis to support club operations. This spending policy will go into effect once the fund's total "eligible asset base" reaches \$5 million. However, this may be reviewed and/or changed by the Board of Directors.

Cash and Cash Equivalents

The Club considers instruments purchased with a fixed maturity date of three months or less to be cash equivalents for the purposes of the statement of cash flows.

Promises to Give

Unconditional promises to give in future periods are recognized as support in the period in which the promises are received and as assets, decreases of liabilities, or expenses depending on the form of benefit received. Promises to give are recorded at net realizable value if they are expected to be collected within one year and at net present value if they are expected to be collected in more than one year.

Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Accounts Receivable

Accounts receivable consist of program fees due and grant contracts and are stated at the amount management expects to collect from unpaid balances. Balances that are still outstanding after management has used reasonable collection efforts are written off to bad debt expense.

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Property and Equipment

Property and equipment are recorded at cost or, if donated, at the fair value at the date of donation. Generally, the Club capitalizes assets with a value of \$2,500 or more. Expenditures for maintenance, repairs, and improvements, which do not materially extend the useful lives of the assets, are charged to operations in the periods incurred. Depreciation is provided on the straight-line and double declining methods over the estimated useful lives of the assets as follows:

<u>Asset</u>	<u>Life</u>
Building	30 years
Building improvements – Autumn Drive	30 years
Computers and peripherals	5-7 years
Furniture and fixtures	5-15 years
Leasehold improvements	10-30 years
Office equipment	5-7 years
Software	3 years
Vehicles	5 years

Contributions of long-lived assets, cash, or other assets that must be used to acquire these assets, are reported as increases in temporarily restricted net assets. Restrictions are considered met, and an appropriate amount is reclassified to unrestricted net assets over the useful life of the long-lived assets as determined by the Club’s depreciation policy.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Donated Assets and Services

Contributions of donated non-cash assets are recorded at their fair value in the period received. Contributions of donated services that create or enhance non-financial assets or that require specialized skill, are provided by entities or persons possessing those skills, and would typically need to be purchased if they were not donated, are recorded at their fair value in the period received. See Note J for donated non-cash assets. There were no donated services for the year ended June 30, 2024.

Revenue and Revenue Recognition

Disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from revenue streams that fall under *Revenue from Contracts with Customers (Topic 606)* are as follows:

**Membership Fees** – Membership fees for access to the Club’s support services, which include admittance into the facility, access to technology resources, and access to sports and recreational activities, which are nonrefundable, are recognized over the membership period remaining based on when the fees are collected. Memberships are utilized for access to the Club’s support services, and as such, performance obligations include ensuring the Club has educators and other resources available over time in order to have activities for which individuals who pay such fees are participating. Membership fee revenue was \$42,121 and \$43,330 for the years ended June 30, 2024 and 2023, respectively and is included in general club revenue on the statements of activities.

**Program Fees** – The Club generates revenue from registration fees for after-school, teen, school holiday and summer programs, which are nonrefundable. Program fees are considered exchange transactions by nature and are recognized over the period the activity is provided. Program fee revenue was \$819,515 and \$889,399 for the years ended June 30, 2024 and 2023, respectively, and is included in general club revenue on the statements of activities.

Overall economic conditions can impact the nature, timing, and uncertainty of the Club’s revenues and cash flows.

The Club has additional revenue streams that are not within the scope of *Revenue Contracts with Customers (Topic 606)*:

**Contributions and Grants**, including unconditional promises to give, are recorded as net assets without donor restrictions or net assets with donor restrictions, depending on the existence and/or nature of any donor-imposed restrictions. Grants and contributions that are restricted by the donor are reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the contribution is recognized. All other donor restricted grants and contributions are reported as an increase in net assets with donor restrictions, depending on the nature of restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. When restrictions are satisfied in the same accounting period that the contribution is received, both the revenue and the related expense are reported as without donor restrictions.

**NOTES TO FINANCIAL STATEMENTS**

**B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Revenue and Revenue Recognition (continued)

The Club receives some grants, which are conditional upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized as contribution revenue when the Club has incurred expenditures in compliance with specific contract or grant provisions. Any amounts received prior to incurring qualifying expenditures would be reported as refundable advances in the statement of financial position. The Club had grants receivable in the amount of \$292,948 and \$239,344 at June 30, 2024 and 2023, respectively, for qualifying expenditures that have been incurred, but not yet reimbursed to the Club.

Deferred Revenue

Program fee revenue and membership fees collected prior to the fiscal year to which they apply are deferred and recognized over the periods to which the dues and fees relate. Special event donations that are collected prior to the fiscal year in which the events occur are also deferred and recognized in the periods where the related expenses and events occur. Grant revenue collected prior to the fiscal year of the project timeframe are deferred and recognized in the appropriate fiscal year.

Leases

The Company leases certain buildings. The determination of whether an arrangement is a lease is made at the lease's inception. Under ASC 842, a contract is (or contains) a lease if it conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is defined under the standard as having both the right to obtain substantially all of the economic benefits from use of the asset and the right to direct the use of the asset. Management only reassesses its determination if the terms and conditions of the contract are changed.

Operating leases are included in operating lease right-of-use ("ROU") assets, other current liabilities, and other long-term liabilities in the statements of financial position. Finance leases are included in property and equipment, other current liabilities, and other long-term liabilities in the statements of financial position. For the years ended June 30, 2024 and 2023, the Club did not have any finance lease or material long-term operating lease obligations.

Functional Allocation of Expenses

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of functional expenses which report certain categories of expenses that are attributable to more than one program or support function. The expenses include employee wages and salaries, which are allocated to program and support services based on payroll costs for those services. Scholarships are allocated based on the program they benefit. All other expenses are allocated based on management's estimate.

Advertising

The Club expenses advertising costs as they are incurred. The total advertising expense for the years ended June 30, 2024 and 2023 was \$39,030 and \$33,438, respectively.

Income Tax

The Club is a private not-for-profit corporation organized under the laws of the state of California. As a Section 501(c)(3) organization, it is exempt from income tax under the U.S. Internal Revenue Code and Section 23701(d) of the California State Revenue and Taxation Code, except for unrelated business activities or unrelated business income. During the years ended June 30, 2024 and 2023, there were no unrelated business activities or unrelated business income.

**C. FAIR VALUE MEASUREMENTS**

The Club follows guidance issued by the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, which provides the framework for measuring the fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements).

In January 2016 and February 2018, the FASB issued Accounting Standards Update (ASU) 2016-01 and ASU 2018-03, “Technical Corrections and Improvements to Financial Instruments—Overall: Recognition and Measurement of Financial Assets and Financial Liabilities” (ASU-2018-03), respectively. ASU 2016-01 changes accounting for equity investments, financial liabilities under the fair value option, and presentation and disclosure requirements for financial instruments. Equity investments with readily determinable fair values will be measured at fair value with changes in fair value recognized in net income instead of comprehensive income as was previously reported before the new standards.

Following is a description of the three input levels of the fair value hierarchy:

- Level 1 Unadjusted quoted prices for identical assets or liabilities in active markets
- Level 2 Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, and inputs other than quoted prices that are observable or that can be corroborated by observable market data by correlation or other means.
- Level 3 Unobservable inputs based upon the reporting entity’s internally developed assumptions that market participants would use in pricing the asset or liability.

**C. FAIR VALUE MEASUREMENTS (CONTINUED)**

Assets and liabilities are classified in their entirety based on the lowest level of any input that is significant to the fair value measurement. The Club's assessment of the significance of a particular input to the fair value measurement requires judgement, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels. There have been no changes in methodologies used at June 30, 2024.

Following is a description of the valuation methodologies used for assets measured at fair value:

Equities and exchange-traded: valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds: valued at the net asset value (NAV) of shares held by the Club at year end.

The following table sets forth by level, within the fair value hierarchy, the Club's investments, other than money market funds, included in cash at fair value as of June 30:

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**

**N. CONCENTRATIONS OF CREDIT RISK**

Financial instruments that potentially subject the Club to concentrations of credit risk consist principally of cash deposits and investment securities in banks and financial institutions.

The Club maintains cash and cash equivalents and short and long-term investments with major banks. Accounts at banks are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 at each institution. At June 30, 2024 and 2023, the Club did not have balances in excess of the FDIC coverage.

The Club also maintains accounts with a brokerage company. These accounts contain cash and securities and balances are insured up to \$500,000 (with a limit of \$250,000 for cash) by the Securities Investor Protection Company (SIPC). **O. OPERATING LEASE OBLIGATIONS**

The Club leases land for \$1 per year from the City of San Marcos for the Pico Avenue location in San Marcos, California, under an agreement expiring in September 2043. No amounts have been reflected in the financial statements for donated rent or a promise to give because there is no clear measurable and objective basis for determining its value.

The Club leases a space for \$1 per year from the City of San Marcos at 413 Autumn Drive, San Marcos, California, under an agreement expiring in April 2046 with an option of five years and an additional option of four years and eleven months. No amounts have been reflected in the financial statements for donated rent or a promise to give because there is no clear measurable and objective basis for determining its value.

**P. PENSION PLAN**

The Club has adopted a defined 401(k) profit sharing plan. The plan is open to all eligible employees. The Club makes a mandatory three percent (3%) safe harbor contribution per the requirements of the Boys and Girls Club of America. In addition, the Club matches 100% up to 4% of employees' compensation. Employees become vested in the plan based on a two-to-six year graded vesting scale. Dear San Marcos Community Foundation,

Mission Hills High School is fortunate to have a music program which boasts a marching band and color guard called the Cardinal Alliance during the Fall Semester of each school year. Every year, the Cardinal Alliance requires the students and staff to go through the Marching Health program to ensure that each student adheres to the safety of the band activity and keep their well being in check.

The purpose of applying for the San Marcos Community Foundation grant is to help cover the cost of the Marching Health program which is \$1,500.00. Your support will generously support the music program as a whole. Their musical and life skills will continue to be enhanced and grow.

We are hoping that you find in your budget to support the music program at Mission Hills High School. Please let me know if you have any questions and/or concerns about our request. Thank you for your consideration.

Musically,

Briefly describe your request for funds.

The Marching Health program Provides:

Education and Awareness: Ensure that all students and directors are educated about the

common injuries associated with marching band activities. This includes understanding the

types of injuries, their causes, and how to recognize early warning signs.

Warm-up and Cool-down Routines: Implement a structured warm-up routine before every

practice and performance. This should include dynamic stretching exercises to prepare muscles

and joints for physical activity. Similarly, have a structured cool-down routine after practices and

performances. This should include static stretching to improve flexibility and reduce muscle

tension

Proper Technique and Form: Emphasize the importance of maintaining proper technique and

form during rehearsals and performances. Incorrect posture or movement can lead to overuse

injuries or strains.

Injury Prevention Programs: Implement specific injury prevention programs recommended by

the Marching Health program. These may include exercises targeting core strength, flexibility,

and balance to reduce the risk of injuries.

By following these detailed instructions and utilizing the resources provided by the Marching

Health program, you can help create a safe and healthy environment for all students involved in

the instrumental music program.

Through mentorship and performances, students can showcase their talents and learn in a supportive environment that prepares them for success.

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents.

**Proposed Project**

Casa de Amparo respectfully requests \$5,000.00 to support the activities for foster youth in our Residential Services program.

With your support, Casa de Amparo will ensure the consistent availability of meaningful weekly activities that foster healing, personal growth, and independent living skills for the diverse foster youth we serve. These activities are thoughtfully designed to support emotional well-being, build trust, and encourage self-sufficiency as youth recover from trauma and prepare to transition into adulthood. By engaging in these experiences, youth gain critical tools that help them grow in confidence, resilience, and readiness for life beyond Residential Services.

Thank you for your consideration of this request.

Sincerely,

Heather Jenkins, M.A. CFRE

Project Details

Briefly describe your request for funds. Casa de Amparo requests \$5,000 from the San Marcos Community Foundation to support the activities for foster youth in our Residential Services program. Operating 365 days a year, this program provides comprehensive care for foster youth aged 12-18 who have experienced severe abuse and neglect trauma. The activities the program provides play a vital role in the developmental experience for our youth as they engage in pro-social, educational, and therapeutic events. This is a crucial outlet for our youth as they heal the trauma they have experienced. Activities are provided to about 75 at-risk youth annually. They include hiking trips, a ropes course, equine therapy—all staff and youth will attend the activities.

---

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served. The youth in our Residential Services Program are often healing from severe trauma, abuse, and neglect. Activity-based programming such as art classes, sports leagues, outings, and birthday celebrations offers them a sense of normalcy, joy, and belonging, experiences many have not consistently had.

Our Residential Services Program provides weekly activities, including group outings, team-building experiences, and therapeutic recreational programming. These activities foster self-esteem, support healthy relationships, and encourage emotional regulation, which are key components in healing from trauma and developing essential life skills.

Casa de Amparo is committed to ensuring that all youth, regardless of their background or placement circumstances, have equal access to meaningful and formative experiences that support their growth and well-being.

---

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents. Casa de Amparo collaborates with San Diego County Child & Family Well-Being, Juvenile/Family Court, local law enforcement, school districts, and school-based resources officers.

---

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

In December 2024, we received a \$1,000.00 grant from the Foundation that supported food purchases for youth in our Residential Services program.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

Casa de Amparo, established in 1978, was founded by a group of local San Diego County women concerned about domestic violence and the welfare of children. Initially guided by the Women's Resource Center with support from law enforcement, our founders championed the creation of a haven for youth known as The Crisis Center—now Casa de Amparo's Residential Services program. We have grown over the years and stand as a prominent force in treating and preventing child abuse and neglect with our mission to support those affected by and at risk of child abuse and neglect through a range of programs and services that promote healing, growth, and healthy relationships.

We work to (1) Break the cycle of family violence and prevent behaviors that endanger children by nurturing and helping to heal children victimized by abuse, equipping children and parents with life skills and resources that reduce the effects of abuse and neglect, and supporting, educating, and redirecting participating family members toward positive resolution of problems; and (2) Implement programs and services that further our mission, focusing on delivering services in a culturally sensitive and inclusive manner, providing education that prevents child abuse, and collaborating with organizations whose activities align with our mission.

Casa de Amparo currently delivers services through two primary programs: Residential Services and New Directions. Both provide evidence-based mental and behavioral healthcare focused on trauma recovery and include trauma-informed supplementary programming and therapeutic activities intended to enhance wraparound services that empower children and young adults to heal from abuse and neglect experiences and thrive as they transition out of the foster care system into independent living.

Residential Services is a CA Community Care-licensed Short-Term Residential Therapeutic Program that offers shelter, medical care, mental and behavioral health stabilization services, and individualized wraparound services for foster girls ages 12-18 (and their children ages 0–2) who have been removed from their homes due to severe abuse and neglect. Our transitional housing program, New Directions, provides housing and Independent Living Skills training and services for youth (ages 18–25 and

their children) transitioning from the foster care system into independent living. Each youth receives a fully furnished apartment and rent payment support, enabling them to learn budgeting skills and adapt to maintaining their own stable housing. This year, we served 64 youth through Residential Services.

To measure youth success through our programs, we use the Child and Adolescent Needs and Strengths assessment to evaluate the effectiveness of services provided. This enables enhanced care planning, quality improvement, and outcome monitoring. Last year, 100% of program participants received trauma-informed health care, including mental health, established a safe and trusting relationship with a supportive adult, were enrolled in an educational or job setting that met their individual needs, participated in Independent Living skills training, and received supplementary therapeutic activities that supported their overall well-being. 94% of our Residential Services youth successfully achieved mental and behavioral health stabilization, and 85% of our New Directions youth maintained stable housing within their first three months in the program.

We have many powerful stories of youth success at Casa de Amparo. One simple yet impactful program component, engaging youth in positive activities, has consistently proven to be a profound bridge between individuals. These shared experiences transcend cultural boundaries, spark meaningful memories, and nurture a sense of belonging for the youth in our Residential Services Program.

This truth is beautifully reflected in the story of Grace, a 15-year-old resident who came to Casa de Amparo during a time of crisis, as her mother faced a serious illness and she had no one else to turn to for support.

Through activities such as group outings to the movies, trips to the park, and attending community events, Grace found more than just distraction. She found connection and healing. These moments created safe spaces for our staff to build trust and engage her in meaningful dialogue, helping her express emotions, share her story, and begin to imagine a brighter future.

For youth like Grace, these outings go far beyond fun. They cultivate emotional resilience, foster relationships, and reinforce the idea that they are seen, valued, and supported. Each activity becomes a meaningful step in their healing journey, offering comfort, consistency, and hope for what's ahead.

Casa de Amparo substantially impacts the San Diego County community beyond just the youth we serve. Through our programs and services, as well as our established community partnerships, our influence extends throughout the region, including in the San Marcos community, in the following ways:

- Raises child abuse and neglect advocacy, awareness, and prevention rates.

- Influences public policy and community resource allocation toward child welfare initiatives.
- Alleviates economic burden on public systems through abuse and neglect prevention (i.e., reducing extensive needs for social services, healthcare, law enforcement intervention, helping to save taxpayer money).
- Increases community safety and breaks cycles of intergenerational abuse and neglect by providing services for youth that decrease their likelihood of future criminal activity and substance abuse.
- Improves youth graduation rates and job readiness, generating more educated and productive individuals to contribute positively to society and the local economy.
- Strengthens family units, promoting healthier family dynamics and creating more stable neighborhoods and communities.
- Engages community members in volunteer and employment opportunities, fostering a sense of greater community and civic responsibility.

Casa de Amparo's recent organizational accomplishments include:

2022: Opened our on-campus TrueCare & Lennar Foundation Health Center, providing youth with consistent access to medical care and providers they trust.

2023: Upgraded residential cottages and apartments, including the installation of behavioral health-grade furniture, painting, and mattress and bedding replenishment; implemented an on-campus EOS gym to provide youth with safe access to physical fitness that supports their overall wellness.

2024: Implemented market rate wage adjustments, increasing wages for all frontline program staff, and planned additional cost of living wage adjustments to be implemented by the end of the year.

2025: Received over \$20 million from California Department of Healthcare Services to begin construction of a Psychiatric Residential Treatment Facility (PRTF) on our 11.4-acre campus in San Marcos.

## INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
**Casa De Amparo**  
San Marcos, CA

### **Opinion**

We have audited the accompanying financial statements of Casa De Amparo (a nonprofit organization), which comprises the statement of financial position as of June 30, 2024, and the related statement of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements present fairly, in all material respects, the financial position of Casa De Amparo as of June 30, 2024, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Casa De Amparo and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Casa De Amparo's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Casa De Amparo's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Casa De Amparo's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Report on Summarized Comparative Information**

We previously audited Casa De Amparo's June 30, 2023, financial statements, and expressed an unmodified audit opinion on those audited financial statements in their report dated May 13, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2023, is consistent, in all material respects, with the audited financial statements from which it has been derived.

### **Supplementary Information**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 13, 2024 on our consideration of the Casa De Amparo's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Casa De Amparo's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Casa De Amparo's internal control over financial reporting and compliance.

**Casa De Amparo**  
**Notes to Financial Statements**  
**Year Ended June 30, 2024**

**Note 1.      Organization and Purpose:**

Casa de Amparo (the “Organization”) was established in 1978 in California as a non-profit corporation and is recognized as a 501(c)(3) Tax Exempt organization by the IRS. Casa de Amparo's mission is to support those affected by, and at risk of, child abuse or neglect through a range of programs and services that promote healing, growth, and healthy relationships.

Casa de Amparo is recognized as a major force in the field of child abuse prevention and treatment. Partnering with the greater San Diego community, it assures that children and their families receive unique and innovative services for healing, for stopping child mistreatment of any kind, and for ending generational cycles of abuse. The result is a community where child abuse and neglect are not tolerated, and where child abuse awareness and prevention are priorities.

The Organization offers four integrated child abuse prevention and treatment programs. Residential Services (Short Term Residential Therapeutic Program or “STRTP”) provides 24-hour care and supportive/therapeutic services for children, from birth to 18, removed from the home due to abuse or neglect, including pregnant and parenting teens and their babies, and youth with special healthcare needs. New Directions provides transitional housing and supportive services to help former foster youth, ages 18 to 25, make a successful transition from foster care to independent living. Counseling Services provides trauma-informed therapy and case management for children and families experiencing, or at-risk of, child abuse or neglect.

The Organization has two campuses. The Casa Kids Campus on 11.4 acres owned by the Organization in the Twin Oaks Valley area of San Marcos was opened in April 2012. This campus provides housing for up to 50 children including 12 infants, and has a basketball court, a volleyball court, walking trails, gardens, a library, a learning center, an art/activities room, training rooms and administrative/support offices. The second campus is in Oceanside and is used by New Directions with buildings owned by the Organization and a long-term land lease agreement with the City of Oceanside.

In 2016, Casa de Amparo responded to the growing need for intensive residential care for pregnant and parenting female foster youth and their babies by expanding its pregnant and parenting program capacity and space and also expanding overall clinical support space on the Casa Kids Campus. The cottage for pregnant and parenting female foster youth and their babies now serves up to 12 moms and 12 babies simultaneously.

In order to comply with the State of California’s Continuum of Care Reform (“CCR”), Casa de Amparo implemented STRTP standards and began the process of Joint Commission accreditation early in fiscal year 2017. Joint Commission accreditation was awarded May 19, 2017. Casa de Amparo received STRTP approval and its licensure from the State of California in January 2019.

In 2018, Casa de Amparo added the Transition Preparation Program (“TPP”) within its Residential Services program. The TPP serves older teenage foster youth, including youth who are pregnant or parenting. The TPP maintains all aspects of supervision and services provided in Residential Services while preparing teens to live independently by simulating apartment-style living.

In 2020, Casa de Amparo continued its campaign to raise funds to expand the Casa Kids Campus in San Marcos to include a Teen Wellness Center (“TWC”) for Foster Youth. The TWC will be licensed by California Community Care Licensing as a Community Treatment Facility, which is a secure STRTP.

**Casa De Amparo**  
**Notes to Financial Statements**  
**Year Ended June 30, 2024**

**Note 1.        Organization and Purpose (continued):**

The Teen Wellness Center will be the first of its kind in San Diego County and only the third in California. The TWC will serve foster youth who need a higher level of emotional, behavioral and mental health care. The TWC will play a vital role in the child abuse treatment and prevention services provided to children affected by complex trauma that would otherwise likely be placed out of state.

**Note 2.        Summary of Significant Accounting Policies:**

Basis of Accounting: The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Basis of Presentation: Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

*Net Assets without Donor Restrictions* – Net assets without donor restrictions are free of donor-imposed restrictions. All revenues, gains, and losses that are not restricted by donors are included in this classification. All expenditures are reported in the without donor restrictions class of net assets, including expenditures funded by restricted contributions. Expenditures funded by restricted contributions are reported in the without donor restrictions net asset class because the use of restricted contributions is in accordance with donors’ stipulations results in the release of such restrictions.

*Net Assets with Donor Restrictions* – Net assets with donor restrictions are limited as to use by donor-imposed stipulations that may expire with the passage of time or that may be satisfied by action of the Organization. The Organization reports gifts of cash and other assets as revenue with donor restrictions if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, the net assets are reclassified as net assets without donor restriction and reported in the statements of activities as net assets released from restrictions.

Some net assets with donor restrictions include a stipulation that assets provided be maintained permanently (perpetual in nature) while permitting the Organization to expend the income generated by the assets in accordance with the provisions of additional donor imposed stipulations or a Board approved spending policy.

Cash and Cash Equivalents: The Organization considers cash on hand and short-term investments with original maturities of three months or less to be cash and cash equivalents.

Contributions of financial assets - Contributions, including unconditional promises to give, are recorded when received. All contributions are available for unrestricted use unless specifically restricted by the donor. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized.

**Casa De Amparo**  
**Notes to Financial Statements**  
**Year Ended June 30, 2024**

**Note 2.        Summary of Significant Accounting Policies (continued):**

*Contributions of financial assets (Continued):*

All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. Expenses are reported as decreases in unrestricted net assets.

*Grants receivable:* Grants receivable arise in the normal course of operations. It is the policy of management to review the outstanding grants receivable at year-end, as well as the bad debt write-offs experienced in the past, and establish an allowance for doubtful accounts for uncollectible amounts. Management determined that no allowance is necessary on June 30, 2024 and 2023.

*Pledges Receivable* – Unconditional promises to give cash and other assets are recognized as revenue in the period received. Conditional promises to give are not recognized until donor stipulations are met. Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give, with payments due to the Organization beyond one year, are recorded as net assets with donor restrictions at the estimated present value of the expected future cash flows, using credit risk-adjusted rates applicable to the years in which the promises are expected to be received. Amortization of the discounts is recorded as contribution revenue in the appropriate net asset class.

An allowance for uncollectible pledges receivable is provided based upon management’s judgment of such factors as prior collection history and other relevant factors. Management determined that no allowance is necessary on June 30, 2024 and 2023.

*Funds held by Community Foundations* – The Organization transferred assets to community foundations holding them as endowed component funds for the benefit of the Organization. See Note 7 for additional detail.

*Investment* – The Organization records investment purchases at cost, or if donated, at fair value on the date of donation. Thereafter, investments are reported at their fair values in the statement of financial position. Net investment return/(loss) is reported in the statement of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less external and direct internal investment expenses.

*Property and Equipment:* Acquisitions of property and equipment of \$5,000 or more are capitalized. Property and equipment are stated at cost or, if donated, at the appropriate fair market value at the date of donation. Expenditures for maintenance and repairs are charged against operations.

Depreciation is computed using the straight-line method over the estimated useful lives of the related assets of 5 to 45 years.

Buildings	20 - 45 years
Furniture and equipment	5 - 7 years
Vehicles	5 years

Depreciation expense was \$427,082 and \$399,401 for the years ended June 30, 2024 and 2023, respectively.

**Casa De Amparo**  
**Notes to Financial Statements**  
**Year Ended June 30, 2024**

**Note 2.        Summary of Significant Accounting Policies (continued):**

*Valuation of Long-Lived Assets* – Accounting Standards Codification (“ASC”) Topic 360, Property, Plant, and Equipment requires that long-lived assets and certain identifiable intangibles to be held and used by the Organization be reviewed for impairment whenever events of changes in circumstances indicate that the carrying amount of an asset may not be recoverable.

Impairment, which is determined based upon the estimated fair value of the asset, is recorded when estimated undiscounted cash flows expected to be generated by the asset is insufficient to recover its net carrying value. As of June 30, 2024, the Organization did not identify any events or circumstances that would require recognition of an impairment loss under this standard.

*Contributions of Non-Financial Assets* – Contributed materials are recorded at their fair market value where an objective basis is available to measure their value. Such items are capitalized or charged to operations as appropriate. Certain contributed items are auctioned at the Organization’s special events. Contributed items are included in the statements of activities as contributions of non-financial assets and program and special event expenses. The Organization recorded a total of \$531,226 and \$526,767 in operational expenses related to contributions of non-financial assets for the years ended June 30, 2024 and 2023, respectively. The Organization receives a substantial number of services donated by volunteers in carrying out the Organization’s program services. The services do not meet the criteria as contributions and are, therefore, not recognized in the financial statements.

Contributed property and equipment are recorded at fair value at the date of donation. Contributions with donor-imposed stipulations regarding how long the contributed assets must be used are recorded as net assets with donor restrictions; otherwise, the contributions are recorded as net assets without donor restrictions.

The Organization has capitalized the value of the donated land lease as a contribution with donor restrictions. Each year the Organization reclassifies amortization of the land lease from net assets with donor restrictions to net assets without donor restrictions. For the years ended June 30, 2024 and 2023, the ending value of the land lease is \$806,758 and \$859,954, respectively.

*Functional allocation of expenses* – The Organization allocates its expenses on a functional basis among its various programs and supporting services. Expenditures which can be identified with a specific program or support service are allocated directly, according to their natural expenditure classification. Costs that are common to several functions are allocated among the program and supporting services based on time records, space utilized, and estimates made by the Organization’s management.

*Use of Estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America, requires the Organization to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. The Organization believes that the estimates utilized in preparing these financial statements are reasonable; however, actual results could differ from those estimates.

**Casa De Amparo**  
**Notes to Financial Statements**  
**Year Ended June 30, 2024**

**Note 2. Summary of Significant Accounting Policies (continued):**

Income Taxes – The Organization is a qualified nonprofit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701(d) of the California Revenue and Taxation Code.

The FASB issued Accounting Standards Notification No. 740-10, Accounting for Uncertainties in Income Taxes, which sets a minimum threshold for financial statement recognition of the benefit of tax position taken or expected to be taken in a tax return. The Organization uses a loss contingencies approach for evaluating uncertain tax positions and continually evaluates changes in tax law and new authoritative rulings. Management believes that the Organization has no uncertain tax positions.

Leases – the Organization determines if an arrangement is or contains a lease at inception. Leases are included in right-of-use (ROU) assets and lease liabilities in the balance sheet. ROU assets and lease liabilities reflect the present value of the future minimum lease payments over the lease term, and ROU assets also include prepaid or accrued rent. Operating lease expense is recognized on a straight-line basis over the lease term. Casa does not report ROU assets and leases liabilities for its short-term leases (leases with a term of 12 months or less). Instead, the lease payments of those leases are reported as lease expense on a straight-line basis over the lease term.

New Accounting Pronouncements – During the 2023 fiscal year the Organization adopted Accounting Standards Update (ASU) No. 2016-02, Leases, which requires lessees to recognize leases on the balance sheet and disclose key information about leasing arrangements. The Organization has elected not to restate the comparative period (2023). It also elected not to reassess at adoption (i) expired or existing contracts to determine whether they are or contain a lease, (ii) the lease classification of any existing leases, or (iii) initial direct costs for existing leases. At July 1, 2023 as a result of implementing ASU No. 2016-02, the Organization recognized right-of-use assets of \$54,532 and lease liabilities totaling \$54,532 on the statement of financial position as of July 1, 2023.

During the 2023 fiscal year the Organization adopted Accounting Standards Update (ASU) 2020-07, Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets. The new guidance requires nonprofit entities to present contributed nonfinancial assets as a separate line item in the statement of activities, apart from contributions of cash or other financial assets. The standard also increases the disclosure requirements around contributed nonfinancial assets, including disaggregating by category the types of contributed nonfinancial assets a nonprofit entity has received. Adoption of this standard did not have a significant impact on the financial statements, with the exception of increased disclosure.

Prior Period Adjustments - The Organization has recorded a prior period adjustment to net assets without donor restrictions in the amount of \$139,975 to write-off Grant Revenue Receivables that were paid in full during the year ended June 30, 2023. The below table details the corrected amounts:

	Original Amount	Corrected Amount
Accounts Recievable	\$ 1,572,348	\$ 1,432,373
Grant revenue	7,159,179	7,019,204
Net Assets without Donor Restrictions	\$ 10,398,314	\$ 10,258,340

**Casa De Amparo**  
**Notes to Financial Statements**  
**Year Ended June 30, 2024**

**Note 2. Summary of Significant Accounting Policies (continued):**

*Subsequent Events* – Subsequent events are events or transactions that occur after the statement of financial position date but before financial statements are available to be issued. The Organization recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at that date, including the estimates inherent in the process of preparing financial statements. The Organization’s financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of financial position but arose after that date and before the financial statements are available to be issued.

The Organization has evaluated subsequent events through November 12, 2024, which is the date the financial statements are available for issuance.

*Comparative Financial Information:* The financial statements include certain prior year summarized comparative information in total. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly, it should be read in conjunction with the Organization’s financial statements for the year ended June 30, 2023 from which the summarized information was derived.

**Note 4. Fair Value Measurements:**

The Organization defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value hierarchy is established that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

**Level 1:** Inputs are quoted market prices (unadjusted) in active markets for identical assets or liabilities that the entity has the ability to access at the measurement date.

**Level 2:** Inputs other than quoted prices within Level 1 that are observable, either directly or indirectly such as quoted prices for similar assets or liabilities in active markets or inactive markets, or inputs other than quoted prices that are observable for the asset or liability.

**Level 3:** Inputs are unobservable. Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

The Organization uses appropriate valuation techniques based on the available inputs to measure the fair value of their investments. When available, the Organization measures fair value using Level 1 inputs because it generally provides the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available.

The use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The valuation levels are not necessarily an indication of the risk or liquidity associated with the underlying investments.

The table below presents the balances of assets measured at fair value on a recurring basis at June 30, 2024:

	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Financial Assets:				
Cash and cash equivalents	\$ 3,653,020	\$ 3,653,020	\$ -	\$ -

Total Financial Assets	<u>\$ 4,454,906</u>	<u>\$ 4,454,906</u>	<u>\$ -</u>	<u>\$ -</u>

**Note 5. Concentration of Credit Risk:**

***Cash***

The Organization maintains cash balances at several financial institutions. Accounts at these institutions are secured by the Federal Deposit Insurance Corporation. At times, the balances may exceed federally insured limits. There have been no losses in such accounts as of June 30, 2024. Management believes that the Organization is not exposed to any significant credit risk with respect to its cash.

**Casa De Amparo**  
**Notes to Financial Statements**  
**Year Ended June 30, 2024**

**Note 5. Concentration of Credit Risk (continued):**

***Revenue and Receivables***

The Organization received approximately 66% of its revenue from government contracts for the year ended June 30, 2024, compared to 63% in the prior fiscal year. The Organization received \$4.2 million or 37% of its total revenue from Residential Services (STRTP) and \$2.3 million or 20% of its total revenue from its New Directions transitional housing program. For the year ended June 30, 2023, the Organization received \$4 million or 35% of its total revenue from Residential Services (STRTP) and \$12.9 million or 11% of its total revenue from its New Directions transitional housing program.

Pledges receivable totaled \$4,713 at June 30, 2024 and \$287 at June 30, 2023.

**Note 6. Pledges Receivable**

Pledges receivable consist of the following at June 30:

	2024
Net pledges receivable	\$ 5,000
Less imputed discount	(4,713)
	\$ 287
Contributions receivable consist of the following:	
Due in less than one year	\$ 5,000
Due in one to five years	-
	\$ 5,000

The net present value for the pledges due in more than one year is discounted at a rate of 3%.

**Note 7. Funds Held by Community Foundations:**

Funds held by community foundations consist of endowment funds held by The San Diego Foundation and the Jewish Community Foundation of San Diego (“the Foundations”) for the benefit of the Organization.

The Organization has granted The San Diego Foundation variance power, which gives their Trustees the power to use the Fund for other purposes in certain circumstances. The Funds are subject to The San Diego Foundation’s investment and spending policies.

The San Diego Foundation endowment funds are invested in the following assets classes:

Asset Class	%
Equity	40%
Hedge Funds	15%
Private Equity	15%
Fixed Income	10%
Real Estate	7%
Real Assets	3%
Private Credit	10%

**Casa De Amparo**  
**Notes to Financial Statements**  
**Year Ended June 30, 2024**

**Note 7. Funds Held by Community Foundations (continued):**

The funds held at the Jewish Community Foundation of San Diego have been designated by the Organization’s board of directors to be invested in their pool Organization funds, which have endowment like investment objectives.

The Jewish Community Foundation of San Diego pool Organization funds are invested in the following assets classes:

<b>Asset Class</b>	<b>%</b>
Equity	42%
Private Assets	28%
Fixed Income	17%
Hedge Funds	13%

The Organization reports the fair value of the Funds in the statement of financial position. Changes in the value of the Funds are reported as gains or losses in the statement of activities.

**Note 8. Contingencies and Commitments:**

*Government Contracts* – The Organization receives a significant portion of its revenues from government contracts, which are subject to audits. No provision has been made for any liabilities that may arise from such audits since the amounts, if any, cannot be determined. Management believes that any liability, which may result from these audits, is not significant.

*Litigation* - In conducting its activities, the Organization is occasionally named in various legal claims and litigations. Management believes that the ultimate resolution of such legal claims will not have a material effect on the financial statements of the Organization.

**Note 9. Operating Lease Commitments:**

Casa De Amparo evaluated current contracts to determine which met the criteria of a lease. The right-of-use (ROU) assets represent Casa De Amparo’s right to use underlying assets for the lease term, and the lease liabilities represent Casa De Amparo’s obligation to make lease payments arising from these leases. The ROU assets and lease liabilities, all of which arise from operating leases, were calculated based on the present value of future lease payments over the lease terms.

During the year ended June 30, 2024, the Company recognized lease expense in relation to the leases described above as follows:

Lease cost	
Operating lease cost	\$ 238,753
Total lease cost	<u>\$ 238,753</u>

**Casa De Amparo**  
**Notes to Financial Statements**  
**Year Ended June 30, 2024**

**Note 9. Operating Lease Commitments (continued):**

Casa De Amparo has elected to exercise the practical expedient permitting the use of the risk-free rate as the discount rate for its leases when it does not have access to the rate implicit in the leases. The weighted average remaining lease terms and weighted average discount rates for operating leases are as follows:

	<u>Operating</u>
Weighted average remaining lease term	2 years
Weighted average discount rate	2.85%
Cash paid for amounts included in the measurement of lease liabilities:	
Operating cash flows from operating leases	32,561

The Organization leases program facilities under non-cancelable operating leases, which expire at various dates through May 2025. Cash paid for operating leases for the year ended June 30, 2024, was \$249,983. There were no noncash investing and financing transactions related to leasing.

Future minimum lease payments under this operating lease as of June 30, 2024, are detailed below.

Year End June 30,	
2025	\$ 49,170
2026	2,407

**Note 10. Nature and amount of net assets with donor restrictions(continued):**

The Organization sponsors a non-contributory 403(b) retirement plan covering all employees who have completed 90 days of eligible service. Contributions to the retirement plan are at the discretion of each employee. There were no contributions by the Organization for the years ended June 30, 2024 and 2023, respectively.

**Note 11. Information Regarding Liquidity and Availability:**

Contract revenue from the federal, state and local governments historically represent approximately 71% of the Organization’s operational funding needs. Support without donor restrictions averaged 26%, and the remainder funded by contributions with donor restrictions and interest income.

The Organization’s cash flows have seasonal variations due to the concentration of contributions received at calendar and fiscal year-end. To manage liquidity, the Organization has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. The Organization invests cash in excess of its daily requirements in money market accounts and short-term investments. As of June 30, 2024, the Organization had \$379,198 available in its operating reserve accounts. Additionally, the Organization has Board Designated net assets without donor restrictions totaling \$523,239 that, while the Organization does not intend to spend for those purposes other than those identified, the amounts could be made available for current operations, if necessary.

The following table reflects the Organization’s financial assets as of June 30, 2024, reduced by amounts that are not available to meet general expenditures within one year of the statement of financial position date because of contractual restrictions or internal board designations. Amounts not available include certain donor-restricted investments as more fully described in Note 10.

**Note 12. Endowment Funds:**

Authoritative guidance related to not-for-profit entities provides guidance on the net asset classification of donor-restricted endowment funds for a not-for-profit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (“UPMIFA”) and requires additional disclosures about an organization’s endowment funds. The Organization’s endowment funds consist of four individual funds and includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as endowments. In accordance with the authoritative guidance, net assets associated with the funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Organization has interpreted UPMIFA as the prudent preservation of the fair value of the original gift of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies net assets with donor restrictions (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund and (d) the remaining portion of the donor-restricted endowment until those amounts are appropriated for expenditures by the Organization in a manner consistent with the standard of prudence prescribed by the State of California’s UPMIFA. As such, much of the net realized and unrealized appreciation in the fair value of the assets of an endowment fund over the historic dollar value of the fund is considered prudent, unless the donor’s intention is indicated in the endowment.

Changes in endowment net assets for the year ended June 30, 2024 are as follows:

	<u>Without Donor</u>	<u>With Donor</u>	<u>Total</u>
	<u>Restrictions</u>	<u>restrictions</u>	
Endowment assets, June 30, 2023	\$ 561,796	\$ 171,653	\$ 733,449
Investment return, net	53,059	15,378	68,437
Endowment assets, June 30, 2024	\$ <u>614,855</u>	\$ <u>187,031</u>	\$ <u>801,886</u>

Changes in endowment net assets for the year ended June 30, 2023 are as follows:

	<u>Without Donor</u>	<u>With Donor</u>	<u>Total</u>
	<u>Restrictions</u>	<u>restrictions</u>	
Endowment assets, June 30, 2022	\$ 523,239	\$ 160,489	\$ 683,728
Investment return, net	38,557	11,164	49,721
Endowment assets, June 30, 2023	\$ <u>561,796</u>	\$ <u>171,653</u>	\$ <u>733,449</u>

Endowment net assets without donor restrictions identified in the tables above represent Board designated net assets.

From time to time, the fair value of assets associated with donor-restricted endowment funds may fall below the level that the donor or UPMIFA requires the Organization to retain as a fund of perpetual duration. There were no deficiencies of this nature as of June 30, 2024 and 2023.

**Casa De Amparo**  
**Notes to Financial Statements**  
**Year Ended June 30, 2024**

**Note 12.           Endowment Funds (continued):**

Due to the relatively small size of its endowment, the Organization has not enacted a policy of spending principal or principal appreciation of the funds. The Organization invests the funds for total return and reinvests all interest and dividends to enhance the growth of the funds. The Organization believes it is beneficial to defer endowment spending and grow the endowment to a size that will have a meaningful impact in stabilizing the revenues of the Organization.

Endowment and board-designated endowment funds are invested with a strong equity bias towards significant diversification across investments with fundamentally different risk characteristics. In general, assets are invested in funds that provide liquidity and diversification of security specific risk at reasonable cost. The funds are invested with a long-term horizon without attempting to time market movements. Allocations to asset classes are maintained in accordance with the long-term policy targets and ranges approved by the Operations Committee and the Board of Directors.

**Note 13.           Loan Payable:**

On April 20, 2017, the Organization refinanced its loan agreement with Wells Fargo Bank for the purpose of financing the cost of construction of Casa Kids Campus. Interest is payable monthly at a fixed rate of 4.35% and the loan matures on May 5, 2024. The loan is secured by the Casa Kids Campus.

The Organization is subject to compliance with certain debt covenants under the loan agreement. The Organization received a waiver for covenant non-compliance for the year ended June 30, 2024. Effective May 30, 2024, Wells Fargo Bank removed all financial reporting, condition, or performance covenants with specific due dates or reporting and compliance periods for the loan.

The loan was fully paid on December 26, 2023.

**Note 14.           Contribution of Non-Financial Assets:**

The estimated fair value of donated goods and professional services is recorded in the financial statements. Donated goods are recorded at fair value. Donated professional services are recognized in the financial statements because the services require specialized skills, provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. Casa De Amparo may receive donated volunteer services which have not been reflected in the accompanying financial statements because such services do not meet the criteria requirements of creating nonfinancial assets or requiring specialized professional skills.

Casa De Amparo received contributions of non-financial assets from the various donors during the fiscal year consisting of food and gift certificate donations valued at \$531,450 as determined by the respective retail value of each item. The donations were used to support the Organization's programs. The contributions of non-financial assets have been recorded in the statement of activities.

**Note 1 - Basis of Presentation**

The accompanying Schedule of Federal, State and Other Awards (the “Schedule”) includes the federal grant activity of Casa de Amparo under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of Casa de Amparo, it is not intended to and does not present the financial position, changes in net assets or cash flows of Casa de Amparo.

**Note 2 - Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the Cost Principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Casa de Amparo has elected not to use the 10-percent de minimis indirect cost rate allowed under the Uniform Guidance.

**Note 3 - Comingled Funding**

The Foster Care Title IV- E - Foster award amounts that are passed through County of San Diego Health and Human Services are noted as major programs due to comingled funding from federal and state. The breakdown of federal and state Care funding was determined at the time of audit fieldwork.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors of  
**Casa De Amparo**  
**San Marcos, CA**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Casa De Amparo (a nonprofit organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 12, 2024.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Casa De Amparo's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Casa De Amparo's internal control. Accordingly, we do not express an opinion on the effectiveness of the Casa De Amparo's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified

## **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Casa De Amparo's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of This Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors of  
**Casa De Amparo**  
**San Marcos, CA**

**Report on Compliance for Each Major Federal Program**

***Opinion on Each Major Federal Program***

We have audited Casa De Amparo's compliance with the types of compliance requirements identified as subject to audit in the OMB Compliance Supplement that could have a direct and material effect on each of Casa De Amparo's major federal programs for the year ended June 30, 2024. Casa De Amparo's major federal programs are identified in the summary of Auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Casa De Amparo complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

***Basis for Opinion on Each Major Federal Program***

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 *U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Casa De Amparo and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Casa De Amparo's compliance with the compliance requirements referred to above.

***Responsibilities of Management for Compliance***

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Casa De Amparo's federal programs.

***Auditors' Responsibilities for the Audit of Compliance***

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion

on Casa De Amparo's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Casa De Amparo's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Casa De Amparo's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Casa De Amparo's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Casa De Amparo's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

### **Report on Internal Control Over Compliance**

In planning and performing our audit of the financial statements, we considered Casa De Amparo's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Casa De Amparo's internal control. Accordingly, we do not express an opinion on the effectiveness of Casa De Amparo's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Briefly describe your request for funds.

Coastal Roots Farm respectfully requests \$10,000 from the San Marcos Community Foundation to fund the Environmental STEM and Nutrition Education Program for students attending San Marcos schools. The Farm has a wonderful, established partnership with the San Marcos Unified School District to provide STEM education at no cost to the schools. With the support of entities like the San Marcos Community Foundation, Coastal Roots Farms covers over \$10,000 in field trip and transportation costs to give San Marcos students a one-of-a-kind experience on the Farm.

Here, students are active and hands-on, exploring soil under microscopes, interacting with chickens, observing pollinators in action, and discovering the abundant application of STEM topics in the world around them. They discover being outdoors, exploring, interacting with the natural world, and eating healthy food is fun and exciting. They learn where food comes from, why this matters, and what it means to be food insecure. Students discover the importance of taking care of nature through environmental stewardship, develop a greater sense of responsibility, and build confidence in their own abilities to make good choices for themselves, the environment, and their communities.

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served.

Research shows that experiential outdoor learning promotes social development, encourages healthy lifestyle choices, positively impacts academic performance, and contributes to the emotional and physical well-being of students. Getting youth outdoors matters and helps students thrive, but nature-based educational opportunities are not equally available for youth from low-income communities. Historic inequities in access to safe outdoor spaces like community gardens and outdoor enrichment opportunities exacerbate academic achievement gaps as well as physical and social development disparities for low-income youth.

At the Farm, children become environmental scientists for the day. They interact with soil, plants, animals, insects, and trees, and engage all their senses to better understand the natural world around them. Students harvest, prepare, and taste fresh, organically grown produce, witnessing first-hand the truly singular experience of “soil to fork” which can foster a life-long interest in food and healthy habits. Youth learn about where food comes from, why this matters, and how their eating choices can impact their health and the world.

We anticipate serving more than 300 students from schools in the San Marcos Unified School District. These visits will be held throughout the academic school year and follow a curriculum that meets NGSS standards.

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents.

[The Environmental STEM and Nutrition Education Program](#) collaborates with San Marcos Unified School District, High Tech High and other San Marcos school groups to bring San Marcos students to the Farm.

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

The Farm received \$1,000 from San Marcos Community Foundation for field trips and transportation for San Marcos students during the 2024-2025 school year; this reached 287 San Marcos students.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

[Coastal Roots Farm is a nonprofit community farm and education center that practices organic farming, shares the harvest with those who lack access, delivers unique farm-based STEM education, and fosters inclusive spaces for people of all ages and backgrounds to come together. The Farm aims to engage people in ways that catalyze a healthier, more vibrant community and a more sustainable future for the region.](#) The Farm is located in Encinitas, California on land traditional to the Kumeyaay and Luiseño peoples. The Farm manages 18 acres of organic farmland, harvested its first crop in 2014, and became a 501(c)(3) nonprofit in 2015.

The Farm strives to:

- Reduce food insecurity in San Diego County by ensuring equitable access to fresh, organic, nutrient-dense foods, regardless of ability to pay.
- Provide a platform for equitable, farm-based environmental education and wellness.
- Serve as a model for sustainable farming, build a local food system, and engage in meaningful food justice efforts.
- Catalyze a healthier, more vibrant, and welcoming community by creating inclusive access points for people of all ages, backgrounds, and cultures to come together to connect with their community, their food, and the land.

The Farm's key impact initiatives reach more than 60,400 community members annually, and include:

- **Regenerative Agriculture and Organic Food Production:** The Farm utilizes regenerative agricultural practices to sustainably grow organic nutrient-dense fruits, vegetables, herbs, and eggs, while actively working to restore soil health and fertility, sequester carbon, conserve water, improve watersheds, eliminate synthetic pesticides, enhance ecosystems, and increase biodiversity. This approach to farming is a meaningful contribution in the fight against climate change.
- **Organic Food Access Program:** The Farm's comprehensive food access initiatives ensure at-risk and low-income communities have equitable and dignified access to fresh, healthy food regardless of their ability to pay. Each year, the Farm grows more than 80,000 pounds of food for more than 45,200 (duplicated) community members, particularly low-income, food-insecure, and underserved BIPOC communities.

- **Environmental STEM, Nutrition & Workforce Development Programs:** Each year, the Farm provides 11,000+ (duplicated) San Diego County youth with barrier-free, outdoor environmental science, nutrition, and career pathway experiences, including 50%+ underserved, low-income, and BIPOC students on scholarships and bus transportation for School and Group Visits, After School on the Farm, and Farm Camps.
- **Jewish Life:** The Farm’s multigenerational community programming brings people of all ages and backgrounds together. Each year, the Farm engages more than 5,000 (duplicated) individuals through accessible and inclusive multigenerational and multicultural programs, including events, volunteering, workshops, and more.

Since its inception, Coastal Roots Farm has:

- Sustainably cared for 18 acres of organic farmland utilizing regenerative agricultural practices that help restore soil health, sequester carbon, conserve water, eliminate synthetic pesticides, enhance ecosystems, and increase biodiversity.
- Diverted 6.51 million pounds of food and green waste from the landfill through composting and turned it into rich, biodiverse soil.
- Grown and distributed more than 577,500+ pounds of food for 353,790+ individuals, of which, 75%+ has been donated to 264,310+ individuals.
- Offered farm-based educational programs that have reached 45,760+ Pre-K through college-age youth and provided them with barrier-free, outdoor environmental STEM, nutrition, and workforce development experiences, including 19,600+ low-income and underserved students on scholarships.
- Engaged 60,000+ community members of all ages in multigenerational and multicultural programming, including community events, Jewish agricultural festivals, workshops, volunteering, tours, and more.

A recent testimonial from a teacher underscores the opportunity that Farm field trips represent for underserved schools. Upon hearing that the Farm was able to cover their bus transportation cost, she exclaimed:

“Are you serious? WOW, I am going to cry. I cannot believe this news. I am speechless. Thank you so much! The students were so bummed when I told them that we would not be able to go because of the buses. We even had some kids cry because they had never been so far away and were excited for such a unique opportunity. This is amazing and we have been truly blessed by you and are so grateful for your generosity and kindness. My partner teacher, Mary Padilla, and I cannot thank you enough. The 5th graders are going to flip when they find out that we get to go to Coastal Roots Farm and visit all of the amazing things happening there. Thank you, thank you, thank you!” Veronica Schmitz, 5th Grade Teacher

## **PRESIDENT / FOUNDER'S NOTE:**

We are so glad you are taking time to know us and our mission. We Salute you for your due diligence.

**Welcome!** As the president and founder of Global Inter-Faith Charities Group Inc. I have been entrusted to share our global vision of this charity.

Inter-Faith Charities International Inc. (IFCII), is a division of the above charity. Why a division? Because we intend to add other services, and we want to keep every division separate to keep accountability simplicity and transparently.

You might have already seen my story by now (<https://interfaithcharity.org/about>) and My Card is attached too.

Even though we have been doing community service for a long time using our own money. But with your help we can grow much more quickly and serve many more needy people fast.

**Proof:** Even though we have had the Tax exemption since 2023 but on we did not take any deductions for ourselves thru the charity. Thus, there is No income to the charity for 2023 and 2024. Otherwise, we could have donated to the charity, then we could have taken Tax-deductions on the other end).

### **Our Initial Projects:**

#### **1<sup>st</sup> Project**

##### **Disaster Relief:**

As you can see from our website we can easily prepare and distribute prepared food (Langar) and distribute it on a budget. We have mastered this concept in our community.

But now, we want to do it on a bigger level on Inter-Faith level, involving other communities and religion also. Because we believe in the principal of:

“Consider all human race as ONE” – Guru Nanak.

**OUR BELIEF:** Even though I am a Sikh, but all my education was in Convent (Christian) Schools in India.

What I learned about Christianity, Sikhism and the other religions was they believe in ONE GOD.

Then, if LORD FATHER is the SAME, (*looking at it from different angle and a bigger vision*) then we are ALL brothers and sisters, Uncles and Aunts, nephews and nieces.

**THEN - WHY ALL THE HATRED, WARS & KILLINGS** in the world?

We have to change this and we will. Will you. Join us?

**GAME Plan:** We have to start looking at different religion's members as our long-lost brothers and sisters, uncles and aunts, nephews and nieces etc. and start embracing them - instead of ignoring them as Buddhist, Christian, Hindu, Jews, Muslim, Sikh etc.

How? With love, compassion, helping each other in need. **Breaking Bread** with them thru Inter-Faith Charity's feeding (Langar) efforts etc.

**EXAMPLE:** In India there was a very vocal, nationalist federal minister who did not have much good to say about any minority.

No one knows why? somehow one day in the parliament she delivered a very powerful speech, part of what she said:

"Her family was very poor growing up, but they survived with free 'Langar' food from the local Sikh Gurdwara/temple". Langar is a centuries old tradition of our community.

This is the tradition we want to start with Inter-Faith Charities International also. We want to start "Breaking Bread" tradition to unite, elevate everyone's thinking to higher levels with love, compassion, selfless service for others, standup with others in need.

With your support we can reach this goal faster and on a much bigger level,

Will You join us – **Donate now** (<https://interfaithcharity.org/donate>), and become involved with us as a constant Grants Funder.

We are fully Federal Tax-Exempt **501(C)3** Charity. So, all your deductions are Tax Deductible.

## **2<sup>nd</sup> Project:**

### **Safe Shelters for abused women & children!**

We believe in equality of women and children. If they are in abusive environment or living a traumatized life many cannot grow up with a normal - mentally healthy and happy lives.

Thus, the increase in crime. Because, children are our future, and women give birth to our coming generations. They both should grow-up in a happy, healthy and stress-free environment - for society to have a happy, healthy, crime-free growth.

Help us make this project a success.

## **3<sup>rd</sup> Project:** Remember the 1<sup>st</sup> disaster Relief project.

This will have far reaching effects for creating a Selfless Service next generation.

For the disaster relief food distribution, we will have “**Mobil Feeding Units**” so they can be deployed fast to the disaster locations. However, when they are done with the disaster assignment.

They return to their home base and then again prepare food daily and go to colleges and universities - serve FREE food for the needy students (most schools have lunch programs) thus, colleges & universities.

*(Remember the example above - of the federal minister who some called racist, with harsh unkind, redneck views - also appreciate the free food she and her family enjoyed during difficult times).*

Thus, some of the needy students who enjoy the ‘free’ food from ‘Mobile Feeding Units’ during their time of financial hardship, will remember and grow up with kindness and selfless service towards others in their hearts.

**This is How?** We intent to change the current culture of Me, Me, Me generation to thinking of serving other than selfless service.

These current students will be the future of our Society and be our future leaders, politicians, CEOs etc.

So planting the right seeds of giving and selfless service while they are in their growing stage in college will have far reaching effects for building a caring and giving society.

This is a humble effort on our part, better things will evolve as we grow.

Will you join us in the success of this Mission??

Project Details

Briefly describe your request for funds. We are requesting funding to support our three essential community programs:

- (1) Providing emergency shelter and supportive services for abused women and children.
- (2) Operating mobile feeding units to serve hot meals to underserved populations.
- (3) Delivering rapid disaster relief aid.

The requested funds will go toward operational costs such as shelter maintenance, food supplies, transportation, hygiene kits, and outreach initiatives. These programs are critical in offering safety, nourishment, and hope to vulnerable individuals and families in crisis. With this support, we will be able to extend our impact and ensure the continuity of services for those in urgent need within and around the San Marcos area.

---

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served. This funding will directly impact over 1,500 individuals annually in the San Marcos area offering meals through our mobile units, temporary shelter for abused women and children, and disaster relief supplies. San Marcos faces rising needs in housing insecurity, food scarcity, and emergency response support. Our programs aim to fill those gaps by providing consistent aid and reducing long-term hardship. This funding will allow us to expand our outreach, reduce waitlists for our services, and improve emergency preparedness for local residents. The result is a stronger, safer, and more compassionate community that supports its most vulnerable members.

---

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents. Yes. We work with local food banks, women's shelters, fire departments, and health clinics that serve San Marcos residents.

---

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

No, we have not previously received funding from the San Marcos Community Foundation.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

Our organization's mission is to uplift humanity by providing shelter, meals, and emergency relief to those most in need—regardless of background or faith. Strategically, we aim to reduce homelessness among abused women and children, end hunger through our mobile units, and build resilience through fast-acting disaster relief services. Over the years, we have served thousands through partnerships and community-driven programs. Our milestones include launching 24/7 shelter services, expanding our feeding units to operate in underserved neighborhoods, and providing immediate relief during recent natural disasters. Testimonials from clients often reflect how our organization helped them rebuild their lives, fed their families when they had no options, or gave them refuge from violence. With continued support, we aim to deepen this impact and create long-term change rooted in compassion and inclusivity.

This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Briefly describe your request for funds.

Emilio Nares Foundation (ENF) respectfully requests support for our *Continuum of Care*, beginning with our Family Resource Center—a hub where families receive multilingual case management, emotional support, education, and access to essential resources while their child undergoes cancer or other life-threatening diseases treatment. This wraparound support continues through services such as free medical transportation, caregiver materials, referrals to mental health, and emergency financial assistance.

Funding from the San Marcos Community Foundation would help us grow our reach in North County, including San Marcos, where families often face barriers such as language, lack of transportation, and complex healthcare systems. These challenges can result in missed appointments and treatment delays.

This grant would support staffing, program materials, and direct services, helping us respond quickly to urgent needs and coordinate care that honors each family's culture, values, and lived experience. By investing in ENF, the Foundation helps ensure that children continue treatment without interruption and that their families receive compassionate, comprehensive support throughout their cancer journey.

---

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served.

ENF's Continuum of Care plays a vital role in supporting San Marcos families facing a childhood cancer diagnosis. Our Family Resource Center serves as the central point of access, where families connect with multilingual staff for guidance, case management, emotional support, and assistance navigating the healthcare system. For many, this support makes the difference between continuing treatment or falling through the cracks.

We anticipate serving **10–15 families** in San Marcos this year through services such as free transportation to hospitals, help with filling out forms and accessing care, and support with emergencies like last-minute rides or funeral coordination.

San Marcos families often encounter logistical and language barriers that make navigating a cancer diagnosis overwhelming. ENF's culturally responsive care helps ensure these families are not alone—meeting them where they are with empathy, trust, and practical solutions. This grant will strengthen our ability to serve families in the San Marcos area, giving children a better chance at recovery and helping families stay together and focused on healing during one of the most difficult times in their lives.

---

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents.

We serve San Marcos families and are exploring a future Family Resource Center with Family Health Centers. We also work with CSUSM and SD River Park Foundation through Healing Through Nature program

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

The Emilio Nares Foundation (ENF) exists to ensure no child misses a life-saving medical appointment because of transportation, language, or access barriers. Through our Continuum of Care Initiative, ENF delivers wraparound support to families facing a child's cancer diagnosis or other life-threatening illness—support that includes free medical transportation, nutritional assistance, emotional healing programs, and connection to essential services.

We currently serve 10 families in San Marcos and are actively working to grow our footprint in the region. One such family is Maria and her daughter Migdalia, who was diagnosed with acute lymphoblastic leukemia at just 16 years old. The diagnosis came as a complete shock. Treatment was grueling—months in the hospital, the loss of mobility in her arm and leg, and isolation due to a compromised immune system.

Maria, like many of our parents, faced an impossible choice: care for her daughter or figure out how to navigate traffic, juggle work and appointments, and still keep the family afloat. With only one car and mounting stress, getting to treatment was often overwhelming. ENF's Ride with Emilio program changed everything.

Our trained, compassionate drivers not only got Migdalia to and from 49 appointments—covering 84 trips—but gave Maria the chance to be fully present for her daughter. As Maria shared, "ENF's transportation program

was a blessing. We could not have done it without them.” Today, Migdalia is preparing for her next chapter as a student at Cal State San Marcos.

Stories like theirs are why ENF is committed to expanding our services in San Marcos. While we currently do not have a formal partner in the city, our programs are open to all local families. We are also in active conversations with Family Health Centers of San Diego to establish a Family Resource Center (FRC) in North County, ideally in San Marcos, to better serve the growing need. To inform this vision, we are partnering with MBA students at Cal State San Marcos (CSUSM) to develop an economic impact report on how this collaboration could support local families facing serious medical challenges.

The primary outcome of ENF’s Continuum of Care is to ensure equitable access to life-saving care while relieving families’ emotional, financial, and logistical burdens. Our core objectives for 2024 include:

- **Family Resource Center:** Serve 250 families with multilingual case management and referrals that address social determinants of health including housing, food, and healthcare access.
- **Ride With Emilio:** Provide 250 children with safe, free, and reliable transportation to treatment centers.
- **Emilio’s Snack Bags:** Distribute over 3,000 hospital-approved nutritional snacks to children undergoing fasting or chemotherapy.
- **End-of-Life Program:** Provide compassionate support to 40 families facing the loss of a child, including assistance with burial and grief services.
- **Creating for Hope:** Offer therapeutic art and entrepreneurial activities to 50 families coping with the stress of ongoing treatment.
- **Healing Through Nature:** Host nature-based wellness activities for 120 pediatric cancer survivors and their families to help them heal and process trauma.

Our **Healing Through Nature (HTN)** program currently operates in partnership with the San Diego River Park Foundation and has welcomed families from San Marcos to participate in its outdoor healing events. These moments provide much-needed emotional restoration after months or years of hospital life. Many families leave HTN events saying it’s the first time they’ve felt “normal” again.

In 2024, our services to San Marcos families have already included:

- **Transportation for 3 families**, totaling 84 trips to treatment.
- **Support for 9 youth**, ranging in age from toddlers to teens, including help with CALFRESH renewals, rent aid referrals, school supplies, college and scholarship research, guardianship resources, and housing.
- **Support in English and Spanish**, with a strong focus on connecting families to stable housing, emergency financial relief, mold and pest mitigation, and school-readiness resources.

These services are managed and tracked through our case management system, where we log each service request, ride, appointment, and

referral. We also collect stories, surveys, and outcomes to evaluate impact and inform program improvements.

While we are proud of what we've accomplished, the need in San Marcos continues to grow. The city's families face many of the same challenges we see across the region—low-income households stretched thin by rising costs of living, limited transportation, and insufficient access to care. According to our service data, nearly every San Marcos family we serve is Hispanic/Latino, highlighting the importance of culturally and linguistically appropriate services.

Funding from the San Marcos Community Foundation would allow us to deepen our commitment to these families by:

- Expanding free transportation services for local children in treatment.
- Increasing access to snack support and wraparound care for families attending treatment at CHOC, Rady Children's, or other regional hospitals.
- Supporting groundwork for a future Family Resource Center in San Marcos through continued conversations with Family Health Centers of San Diego and local institutions like CSUSM.
- Growing nature-based healing opportunities through our Healing Through Nature program in partnership with the San Diego River Park Foundation.

Ultimately, this grant would help us build capacity to serve more families like Maria and Migdalia—with dignity, compassion, and consistency.

Every child deserves a fair chance at healing. And no parent should face the terrifying journey of serious illness alone. The Emilio Nares Foundation stands in that gap, providing hope, care, and tangible support for San Marcos families every step of the way.

Subject: Preparation of 2023 Tax Returns

Emilio Nares Foundation:

Thank you for choosing ONLINE BOOKKEEPING to assist with the 2023 taxes for Emilio Nares Foundation. This letter confirms the terms of the engagement and outlines the nature and extent of the services we will provide.

We will prepare the 2023 federal and state income tax returns for Emilio Nares Foundation. We will depend on management to provide the information we need to prepare complete and accurate returns. We may ask management to clarify some items but will not audit or otherwise verify the data submitted.

We will perform accounting services only as needed to prepare the tax returns. Our work will not include procedures to find defalcations or other irregularities. Accordingly, our engagement should not be relied upon to disclose errors, fraud, or other illegal acts, though it may be necessary for management to clarify some of the information submitted. We will inform management of any material errors, fraud, or other illegal acts we discover.

The law imposes penalties when taxpayers underestimate their tax liability. Call us if there are any concerns about such penalties.

Should we encounter instances of unclear tax law, or of potential conflicts in the interpretation of the law, we will outline the reasonable courses of action and the risks and consequences of each. We will ultimately adopt, on the behalf of Emilio Nares Foundation, the alternative selected by management.

Our fee is based on the time required at standard billing rates plus out-of-pocket expenses. Invoices are due and payable upon presentation. All accounts not paid within thirty (30) days are subject to interest charges to the extent permitted by state law.

We will return the original records to management at the end of this engagement. Store these records, along with all supporting documents, in a secure location. We retain copies of your records and our work papers from your engagement for up to seven years, after which these documents will be destroyed.

If management has not selected to e-file the returns with our office, management will be solely responsible to file the returns with the appropriate taxing authorities. The tax matters representative should review all tax-return documents carefully before signing them. Our engagement to prepare the 2023 tax returns will conclude with the delivery of the completed returns to management, or with e-filed returns, with the tax matters representative's signature and our subsequent submittal of the tax return.

To affirm that this letter correctly summarizes the arrangements for this work, sign the enclosed copy of this letter in the space indicated and return it to us in the envelope provided.

Thank you for the opportunity to be of service. For further assistance with your tax return needs, contact our office at (858)569-2425.

Sincerely,

MICHAEL LANIER

Briefly describe your request for funds. Freehab Therapy offers pro-bono 1:1 specialized neurologic physical, occupational, and speech therapy at home or at a pre-determined location. We are a qualified 501(c)(3) tax organization and we are able to provide pro-bono (free) PT/OT/SLP therapy services to our clients. We would like to partner with the San Marcos Community Foundation to fund our program "Therapy Kits to Promote Independence with Exercise." The goal of the program is to: Provide people with neurological deficits with access to exercise equipment (such as Therabands, stretch straps, foam rollers, exercise ball), community resources (discounts, brochures) and other fitness based items (water bottles, exercise mats, drawstring bags). This will empower them to continue their plan of care, advance their home exercise programs, and eliminate the out-of-pocket cost of equipment needs.

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served. We are a newly incorporated non-profit organization, as of August 2024, and we expect a high demand for our services as we continue to grow. We are based in Carlsbad and Oceanside and are planning to continue our expansion of services to Vista, San Marcos, Fallbrook, Escondido, and Encinitas. Our services are primarily mobile and providing these kits to our clients will ensure that they have the equipment necessary to participate in our services and to continue them when services have been completed.

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents. We are affiliated with the Parkinson's Association of San Diego (PASD), Rider Mobility, and Harmony Home Medical. We provide education to caregivers and access to durable medical equipment (DME).

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

Please upload the annual operating budget for your organization.

Project Details

Briefly describe your request for funds. Genesis Opera Theatre is delighted to present Puccini's comic gem Gianni Schicchi, September 5-7, 2025 at the TERI Campus' Bornemann Theatre. This vibrant production showcases a local cast of professional singers and a full creative team. This comedic, fast-paced one-act opera is a classic that has never been performed in San Marcos before! To bring this production of Gianni Schicchi to life, Genesis Opera Theatre is seeking support to cover essential production costs. These include rental fees for our performance space at TERI Campus of Life and the cost of the Bornemann Theatre, as well as fair compensation for our singers, instrumentalists, and stage management team. We anticipate a total project budget of \$25,000 depending on the final scale of production elements. We would be grateful for any level of support from the San Marcos Community Foundation Art & Cultural Grant Program to help underwrite these expenses—particularly our venue rental at TERI, which directly supports a San Marcos-based performance and all community engagement. In return, the San Marcos community will have their logo/credit in all printed programs, verbal thanks during the performances, acknowledgment on our website and social media platforms as a donor.

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served. We are excited to work with TERI to be the first opera company with roots in San Marcos and make the Bornemann Theatre our performance base. This opera will be performed in English with both English and Spanish supertitles to make it more accessible to everyone in the community. Our goal is to lower barriers to entry for both artists and audiences: general admission tickets for Gianni Schicchi will be under \$50—far below the cost of a major opera at the Civic Center—with additional discounts for students and military patrons. We also offer donation-based concerts throughout the year to ensure that no one is excluded due to financial constraints. By staging this opera in an accessible local venue, we anticipate a total audience of 600 community members. In addition, working with TERI for our seasonal productions allows us to create paid opportunities for local singers, instrumentalists, and staged professionals from the community, including individuals with disabilities supported by TERI's mission. The San Marcos Community Center and other local venues have agreed to promote the event, and we have reached out to local music programs, including those at Palomar College and CSUSM, to actively engage student interest.

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents. Treasurer Chelsea Gornall, currently lives in San Marcos, attended SMHS, and continues to collaborate with TERI, Straight from the Heart, SM Community and Senior Center, through music & donations.

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

No we have not, this is our first time applying.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

**Genesis Opera Theatre: where opera begins anew** — Genesis Opera Theatre is dedicated to illuminating the timeless power of opera through artistry, storytelling, and community. Inspired by the spirit of new beginnings, we cultivate emerging talent, honor the classical tradition, and forge new pathways that invite all to experience the beauty and relevance of opera in every generation. Our vision is to be a beacon for opera's renewal—where tradition meets innovation, new voices rise, and timeless stories find new light. We envision a community united by the power of performance, where every generation sees themselves reflected on stage and inspired for the future. Our production of Puccini's Gianni Schicchi embodies our strategic goals—namely, to:

- Expand access to live opera through affordable ticketing and bilingual supertitles
- Engage and support local artists with paid opportunities
- Develop lasting relationships with schools, organizations, and venues that serve the San Marcos and broader North County region.

We plan to fulfill these goals through the following directives:

- **Community Integration:** Establish San Marcos as a local arts hub by staging productions at accessible venues, like TERI Campus of Life, and collaborating with local organizations. We've already garnered support from the San Marcos Senior Center with Jennifer suggesting we apply for this grant and offered to promote our production to local seniors.
- **Youth Engagement:** Work with local schools and colleges—including Palomar College and Cal State San Marcos—to involve students in outreach capacities, cultivating a direct pipeline for arts education and professional mentorship. Treasurer of Genesis Opera Theatre, Chelsea Gornall, has deep ties to San Marcos High School and is passionate about inspiring the next generation of opera-goers and artists. She would be honored to launch a youth engagement initiative in her hometown.
- **Economic Accessibility:** Keep general admission ticket prices under \$50—well below traditional opera pricing—and offer additional

discounts for students, military personnel, and underrepresented groups to lower financial barriers. Additionally, we present donation-based concerts throughout the year to ensure no one is excluded due to cost. These outreach performances are often presented in partnership with local churches, community centers, and assisted living facilities across North County, allowing us to bring live opera directly to those who may not otherwise have access. Through these community-based concerts, we aim to give back to the region that supports us, while fostering cultural enrichment, connection, and joy for audiences of all ages and backgrounds.

Genesis Opera founder, Cynthia Leigh, brings a special presence to the main stage with her committed performances and directing. It has long been a dream of hers to bring her love of opera and theatre to life in her own company, hence Genesis Opera Theatre was born. Genesis Opera Theatre has been producing and performing operas locally since 2018 in Escondido, CA at the small Star Theatre on Grand. It is now our goal to expand to a larger theatre at TERI, expand our roots, and establish fruit in San Marcos. Cynthia also has an extensive theater background, having performed in hundreds of musicals and plays throughout Southern California, and is committed to nurturing the next generation of performers by sharing her experience and encouraging young artists to explore their creative potential. Her direction of Gianni Schicchi reflects this commitment—not only through her artistic leadership, but by creating inclusive opportunities for emerging performers and audiences to engage with opera in a fresh and accessible way.

This production of Gianni Schicchi reimagines Puccini’s classic through the lens of 1990s style and satire—bringing fresh, contemporary energy to the opera while preserving its biting humor and musical brilliance. This playful modernization offers both seasoned opera lovers and first-time audiences an entry point that feels familiar, bold, and wildly entertaining. This modernization makes the story more engaging for a new generation of audiences, particularly younger viewers and those less familiar with traditional opera. To further increase accessibility, the production will be performed in English with both English and Spanish supertitles, ensuring the humor and storytelling are clear and inclusive for our multilingual community. By combining timeless music with contemporary staging and thoughtful translation, we’re excited to present an opera experience that is truly for everyone in San Marcos.

Please upload the annual operating budget for your organization:

As a nonprofit performing arts organization, we operate on a project-based model rather than a fixed annual operating budget. Our revenue is reinvested directly into each production, allowing us to prioritize artistic quality and community impact. In prior seasons, the organization's president personally subsidized expenses using her retirement funds to ensure productions could continue; however, we are actively working to build sustainable financial practices and diversify our funding sources to avoid relying on personal contributions after our board changed as of 01/2025. We are happy to provide a breakdown of production-specific expenses attached.

Please upload your most recent year-end audited financial statements, including any management letters associated with the audit.

As a small non-profit 501C3 making well under 50K/year, we do not have any audits or formal financial statements outside of our annual tax filings, bank statements, and Quickbooks. Supplied in this application is our Form 990-N and our state tax form CTR12023. We have not filed our CT2024 yet as it is not due till October, however, our 990-N was filed in May 2024 and is current.

## INSTRUCTIONS FOR FILING ANNUAL TREASURER'S REPORT ATTORNEY GENERAL OF CALIFORNIA

Section 12586, California Government Code  
11 Cal. Code Regs., Section 301

(FORM CT-TR-1)

Form CT-TR-1 requires reporting of the organization's fiscal year-end financial information and is designed to provide information to be used by the Attorney General and the public for those organizations whose total revenue falls below the threshold for filing IRS Form 990-EZ.

### WHO MUST FILE FORM CT-TR-1?

Charitable organizations whose total revenue for the fiscal year is under \$50,000 must file Form CT-TR-1 and RRF-1 with the Attorney General's Office. Private foundations are not required to file Form CT-TR-1 and instead must file IRS Form 990-PF with the RRF-1. The CT-TR-1 filing requirement does not apply to nonprofit organizations exempt from registration with the Attorney General. These include:

- (1) a government agency,
- (2) a religious corporation sole,
- (3) a cemetery corporation regulated under Chapter 19 of Division 3 of the Business and Professions Code,
- (4) a political committee defined in Section 82013 of the California Government Code which is required to and which does file with the Secretary of State any statement pursuant to the provisions of Article 2 (commencing with Section 84200) of Chapter 4 of Title 9,
- (5) a charitable corporation organized and operated primarily as a religious organization, educational institution or hospital,
- (6) a health care service plan that is licensed pursuant to Section 1349 of the Health and Safety Code and reports annually to the Department of Managed Health Care,
- (7) corporate trustees which are subject to the jurisdiction of the Commissioner of Financial Institutions of the State of California or to the Comptroller of Currency of the United States.

Trustees of testamentary trusts should file a copy of a complete annual financial summary which is prepared in the ordinary course of business. See Probate Code sections 16060-16063.

### WHAT TO FILE

ALL REGISTERED charities with less than \$50,000 in total revenue, except for those listed above as being exempt, must file the Annual Treasurer's Report (CT-TR-1) along with Form RRF-1, no later than four months and fifteen days after the organization's accounting period ends (May 15 for calendar year filers).

Organizations whose total revenue is less than \$50,000 are not required to file IRS Form 990-EZ. However, if a charity does file the 990-EZ, the 990-EZ can be filed with the Attorney General's Office in lieu of the CT-TR-1.

### STATE CHARITY REGISTRATION NUMBER

The State Charity Registration Number is the Charitable Trust (CT) number assigned to an organization by the Registry of Charities and Fundraisers at the time of registration. If you do not know the organization's State Charity Registration Number, you may look it up using the "CT Number Search" on the Charitable Trusts Section pages of the Attorney General's website at [www.oag.ca.gov/charities](http://www.oag.ca.gov/charities). If you are unable to locate the State Charity Registration Number, leave that line blank and Registry staff will insert the number when the CT-TR-1 is received in the Registry of Charities and Fundraisers.

### OTHER IDENTIFICATION NUMBERS

The corporate number is a seven-digit number assigned by the Office of the Secretary of State and is stamped on the organization's articles of incorporation.

The organization number is a seven-digit number assigned by the Franchise Tax Board for non-corporate entities.

**INSTRUCTION FOR FILING  
ANNUAL REGISTRATION RENEWAL FEE REPORT  
TO ATTORNEY GENERAL OF CALIFORNIA**  
Section 12586 and 12587, California Government Code  
11 Cal. Code Regs. section 301-307, and 310

**(FORM RRF-1)**

The purpose of the Annual Registration Renewal Fee Report (Form RRF-1) is to assist the Attorney General's Office with early detection of charity fiscal mismanagement and unlawful diversion of charitable assets.

### WHO MUST FILE A FORM RRF-1?

Every charitable nonprofit corporation, unincorporated association or trustee holding assets for charitable purposes that is required to register with the Attorney General's Office is also required to annually file Form RRF-1, even if the corporation does not file Form 990s annually or is on extended reporting with the Internal Revenue Service. Only those charitable entities and trustees required by law to register with the Attorney General are required to file Form RRF-1. Entities exempt from the filing requirement include:

- (1) a government agency,
- (2) a religious corporation sole,
- (3) a cemetery corporation regulated under Chapter 12 of Division 3 of the Business and Professions Code,
- (4) a political committee defined in Section 82013 of the California Government Code which is required to and which does file with the Secretary of State any statement pursuant to the provisions of Article 2 (commencing with Section 84200) of Chapter 4 of Title 9,
- (5) a charitable corporation organized and operated primarily as a religious organization, educational institution or hospital,
- (6) a health care service plan that is licensed pursuant to Section 1349 of the Health and Safety Code and reports annually to the Department of Managed Health Care,
- (7) corporate trustees which are subject to the jurisdiction of the Commissioner of Financial Institutions of the State of California or to the Comptroller of Currency of the United States. However, for testamentary trusts, such trustees should file a copy of a complete annual financial summary which is prepared in the ordinary course of business. See Probate Code sections 16060-16063.

### WHAT TO FILE

ALL REGISTRANTS, regardless of the amount of total revenue, must file Form RRF-1 with the Attorney General's Registry of Charities and Fundraisers no later than four months and fifteen days after the organization's accounting period ends (May 15 for calendar year filers).

A copy of IRS Form 990, 990-PF, 990-EZ, or 1120 as filed with IRS, together with all attachments and schedules, must be filed with the Attorney General's Registry of Charities and Fundraisers, together with Form RRF-1. Schedule B is not required. Organizations whose revenue falls below the threshold for filing IRS Form 990-EZ shall file Form RRF-1 with the Registry, together with a treasurer's report (CT-TR-1) sufficient to identify and account for revenue, assets and disbursements. [See instructions for Form CT-TR-1.]

### EXTENSIONS FOR FILING

Extensions of time for filing Form RRF-1 will be allowed if an organization has received an extension from the Internal Revenue Service for filing the IRS Form 990, 990-PF, 990-EZ, or 1120. An organization shall file both forms (RRF-1 and IRS Form 990, 990-PF, 990-EZ, or 1120) with the Registry of Charities and Fundraisers at the same time, together with (1) the applicable renewal fee; and (2) a copy of all requests to IRS for an extension and, where approval of the extension is not automatic, a copy of each approved extension request. **IT IS NOT NECESSARY TO SEND A COPY OF THE EXTENSION REQUEST PRIOR TO FILING THE REPORT.**

### ANNUAL REGISTRATION RENEWAL FEE

All registrants must include with Form RRF-1 the appropriate registration renewal fee based on the registrant's total revenue (the reported total revenue on Form 990, 990-PF, 990-EZ, or CT-TR-1) for the preceding fiscal year, as follows:

Total Revenue	Fee
Less than \$50,000	\$25
Between \$50,000 and \$100,000	\$50
Between \$100,001 and \$250,000	\$75
Between \$250,001 and \$1 million	\$100
Between \$1,000,001 and \$5 million	\$200
Between \$5,000,001 and \$20 million	\$400
Between \$20,000,001 and \$100 million	\$800
Between \$100,000,001 and \$500 million	\$1,000
Greater than \$500 million	\$1,200

NOTE: A REGISTRATION FEE IS NOT DUE WITH AN AMENDED REPORT FOR ANY REPORT PERIOD IN WHICH A FEE HAS ALREADY BEEN PAID UNLESS AN AMENDED REPORT CHANGES THE AMOUNT OF THE FEE DUE.

## STATE CHARITY REGISTRATION NUMBER

The State Charity Registration Number is the Charitable Trust (CT) number assigned to an organization by the Registry of Charities and Fundraisers at the time of registration. If you do not know the organization's State Charity Registration Number, you may look it up using the Registry Search feature on the Attorney General's website at [www.oag.ca.gov/charities](http://www.oag.ca.gov/charities). If you are unable to locate the State Charity Registration Number, leave that line blank and Registry staff will insert the number when it is received in the Registry of Charities and Fundraisers.

## OTHER IDENTIFICATION NUMBERS

The corporation number is a seven-digit number assigned by the Office of the Secretary of State and is stamped on the organization's articles of incorporation.

The organization number is a seven-digit number assigned by the Franchise Tax Board for non-corporate entities.

The Federal Employer Identification Number is a nine-digit number assigned by the Internal Revenue Service.

The following will assist you in responding to the questions on Form RRF-1:

### PART A

Provide the beginning and ending dates of the most recent full accounting period (Month/Day/Year). An accounting period may be by calendar year (ex: 01/01/2016-12/31/2016) or by fiscal year (ex: 07/01/2016-06/30/2017).

For each amount, report only whole dollars without rounding (e.g., \$100.99 should be reported as \$100).

**Total Revenue** - is the amount earned and received during the current year and it includes all contributions (including noncash contributions), gifts, grants, investment income, membership dues, program service revenues, special event revenue, and other revenue. For charities reporting to the IRS it is the amount reported as total revenue on IRS Form 990, Part 1, line 12; IRS Form 990-EZ, Part 1, line 9; IRS Form 990-PF, Part 1, line 12.

**Noncash Contributions** - Are noncash donations made to a charity. Common examples are donations of food, clothing, equipment, pharmaceutical and medical supplies. Noncash contributions exclude contributions made by cash, check, electronic funds transfer, debit card, credit card, or payroll deduction. For charities reporting to the IRS it is the amount reported to the IRS Form 990, Part VIII, line 1g.

**Total Assets** - Are resources owned by the charity which have current or future economic value that can be measured. For charities reporting to the IRS it is the amount reported in IRS Form 990, Part X, line 16, column (B); IRS Form 990-EZ, Part II, line 25, column (B); and IRS Form 990-PF, Part II, line 16, column (B).

**Program Expenses** - Are expenses incurred by the organization to further its exempt purposes. For charities reporting to the IRS it is the amount reported in IRS Form 990, Part IX, line 25, column (B); IRS Form 990-EZ, Part III, line 32; and IRS Form 990-PF, Part 1, line 26, column (d). If you are not required to file Form 990, 990-EZ, nor 990-PF with the IRS because total annual revenue was under \$50,000, and are instead filing the required Form CT-TR-1, leave Program Expense blank.

**Total Expenses** - Are all expenses paid or incurred by the organization including program expenses, fundraising expenses, employee salary & wages, accounting, depreciation, management and administrative expenses. For charities reporting to the IRS it is the amount reported in IRS Form 990, Part IX, line 25, column (A); IRS Form 990-EZ, Part 1, line 17; and IRS Form 990-PF, Part 1, line 26, column (a).

If the line reporting net assets without donor restrictions is a negative number, and the line reporting net assets with donor restrictions is a positive number, answer "yes."

If "yes," provide the following information on the attachment:

- 1) A written statement confirming that all restricted funds were used consistent with their restricted purpose, and explaining why unrestricted net assets were negative at the end of the reporting period, and

The person(s) authorized to call such special meetings of the Board may also establish the place the meeting is to be conducted, so long as it is a reasonable place to hold any special meeting of the Board.

#### **Minutes**

The Secretary shall be responsible for the recording of all minutes of each and every meeting of the Board in which business shall be transacted in such order as the Board may determine from time to time. However, in the event that the Secretary is unavailable, the Chair of the Board shall appoint an individual to act as Secretary at the meeting. The Secretary, or the individual appointed to act as Secretary, shall prepare the minutes of the meetings, which shall be delivered to the Corporation/Organization to be placed in the minute books. A copy of the minutes shall be delivered to each Board member via either regular mail, hand delivered, emailed, or faxed within 14 business days after the close of each Board meeting.

#### **Action by Written Consent**

Any action required by law to be taken at a meeting of the Board, or any action that may be taken at a meeting of the Board, may be taken without a meeting if consent in writing setting forth the action so taken shall be signed by all Board members. The number of directors in office must constitute a quorum for an action taken by written consent. Such consent shall be placed in the minute book of the Corporation/Organization and shall have the same force and effect as a vote of the Board taken at an actual meeting. The Board members' written consent may be executed in multiple counterparts or copies, each of which shall be deemed an original for all purposes. In addition, facsimile signatures and electronic signatures or other electronic "consent click" acknowledgments shall be effective as original signatures.

#### **Quorum**

At each meeting of the Board of Directors or Board Committees, the presence of 2 persons shall constitute a quorum for the transaction of business. If at any time the Board consists of an even number of members and a vote results in a tie, then the vote of the Chair of the Board shall be the deciding vote. The act of the majority of the Board members serving on the Board or Board Committees and present at a meeting in which there is a quorum shall be the act of the Board or Board Committees, unless otherwise provided by the Articles of Incorporation, these Bylaws, or a law specifically requiring otherwise. If a quorum is not present at a meeting, the Board members present may adjourn the meeting from time to time without further notice until a quorum shall be present. However, a Board member shall be considered present at any meeting of the Board or Board Committees if during the meeting he or she is present via telephone or web conferencing with the other Board members participating in the meeting.

#### **Voting**

Each Board member shall only have one vote.

#### **Proxy**

Members of the Board shall not be allowed to vote by written proxy.

#### **Board Member Attendance**

An elected Board Member who is absent from 3 consecutive regular meetings of the Board during a fiscal year shall be encouraged to reevaluate with the Chair of the Board his/her commitment to the Corporation/Organization. The Board may deem a Board member who has missed 3 consecutive meetings without such a reevaluation with the Chair to have resigned

from the Board.

## **ARTICLE 6 – OFFICERS**

### **Officers and Duties**

The Board shall elect officers of the Corporation/Organization which shall include either a Chair of the Board (Chief Executive Officer) or a President (Executive Director) or both a Chair of the Board and a President, a Secretary, a Treasurer (Chief Financial Officer), and any other officers with any titles and duties as stated in these Bylaws. The same person may hold any number of offices, except that neither the Secretary nor the Treasurer may serve concurrently as the President. In addition to the duties in accordance with this Article, officers shall conduct all other duties typically pertaining to their offices and other such duties which may be required by law, Articles of Incorporation, or by these bylaws, subject to control of the Board of Directors, and they shall perform any other such additional duties which the Board of Directors may assign to them at their discretion.

The officers will be selected by the Board at its annual meeting, and shall serve the needs of the Board, subject to all the rights, if any, of any officer who may be under a contract of employment. Therefore, without any bias or predisposition to the rights of any officer that may be under any contract of employment, any officer may be removed with or without cause by the Board. All officers have the right to resign at any time by providing notice in writing to the Chair of the Board, President, and/or Secretary of the Corporation/Organization, without bias or predisposition to all rights, if any, of the Corporation/Organization under any contract to which said officer is a part thereof. All resignations shall become effective upon the date on which the written notice of resignation is received or at any time later as may be specified within the resignation; and unless otherwise indicated within the written notice, a stated acceptance of the resignation shall not be required to make the resignation effective.

Any and all vacancies in any office because of death, resignation, disqualification, removal, or for any other cause, shall be filled in accordance to the herein prescribed Bylaws for regular appointments to such office. The compensation, if any, of the officers shall be fixed or determined by resolution of the Board of Directors.

### **Chair of the Board (Chief Executive Officer)**

It shall be the responsibility of the Chair of the Board, when present, to preside over all meetings of the Board of Directors and Executive Committee. The Chair of the Board is authorized to execute, in the name of the Corporation/Organization, any and all contracts or other documents which may be authorized, either generally or specifically, by the Board to be executed by the Corporation/Organization, except when required by law that the President's signature must be provided.

### **President (Executive Director)**

It shall be the responsibility of the President, in general, to supervise and conduct all activities and operations of the Corporation/Organization, subject to the control, advice and consent of the Board of Directors. The President shall keep the Board of Directors completely informed, shall freely consult with them in relation to all activities of the Corporation/Organization, and shall see that all orders and/or resolutions of the Board are carried out to the effect intended. The Board of Directors may place the President under a contract of employment where appropriate. The President shall be empowered to act, speak for, or otherwise represent the Corporation/Organization between meetings of the Board. The President shall be responsible for the hiring and firing of all personnel and shall be responsible for keeping the Board informed at all times of staff performance and for implementing any personnel policies which may be adopted and implemented by the Board. The President, at all times, is authorized to contract, receive, deposit, disburse and account for all funds of the Corporation/Organization, to execute in the name of the Corporation/Organization all contracts and other documents authorized either generally or specifically by the Board to be executed by the Corporation/Organization, and to negotiate any and all material business transactions of the Corporation/Organization.

### **Vice President**

In the absence of the President, or in the event of his/her inability or refusal to act, it shall then be the responsibility of the Vice President to perform all the duties of the President, and in doing so shall have all authority and powers of, and shall be subject to all of the restrictions on, the President.

### **Secretary**

The Secretary, or his/her designee, shall be the custodian of all records and documents of the Corporation/Organization, which are required to be kept at the principal office of the Corporation/Organization, and shall act as secretary at all meetings of the Board of Directors, and shall keep the minutes of all such meetings on file in hard copy or electronic format. S/he shall attend to the giving and serving of all notices of the Corporation/Organization and shall see that the seal of the Corporation/Organization, if any, is affixed to all documents, the execution of which on behalf of the Corporation/Organization under its seal is duly authorized in accordance with the provisions of these bylaws.

### **Treasurer (Chief Financial Officer)**

It shall be the responsibility of the Treasurer to keep and maintain, or cause to be kept and maintained, adequate and accurate accounts of all the properties and business transactions of the Corporation/Organization, including accounts of its assets, liabilities, receipts, disbursements, gains, losses, capital, retained earnings, and other matters customarily included in financial statements.

The Treasurer shall be responsible for ensuring the deposit of, or cause to be deposited, all money and other valuables as may be designated by the Board of Directors. Furthermore, the Treasurer shall disburse, or cause to be disbursed, the funds of the Corporation/Organization, as may be ordered by the Board of Directors, and shall render to the Chair of the Board, President, and directors, whenever they request it, an account of all the Treasurer's transactions as treasurer and of the financial condition of the Corporation/Organization.

The Treasurer shall give the Corporation/Organization a bond, if so requested and required by the Board of Directors, in the amount and with the surety or sureties specified by the Board for faithful performance of the duties of the Treasurer's office and for restoration to the Corporation/Organization of all its books, papers, vouchers, money and other property of every kind in the Treasurer's possession or under the Treasurer's control upon the Treasurer's death, resignation, retirement, or removal from office. The Corporation/Organization shall pay the cost of such a bond.

## **ARTICLE 7 – COMMITTEES**

### **Committees of Directors**

The Board of Directors may, from time to time, and by resolution adopted by a majority of the directors then in office provided that a quorum is present, designate one or more committees to exercise all or a portion of the authority of the Board, to the extent of the powers specifically delegated in the resolution of the Board or in these Bylaws. Each such committee shall consist of at least two (2) directors, and may also include persons who are not on the Board but whom the directors believe to be reliable and competent to serve at the specific committee. However, committees exercising any authority of the Board of Directors may not have any non-director members. The Board may designate one or more alternative members of any committee who may replace any absent member at any meeting of the committee. The appointment of members or alternate members of a committee requires the vote of a majority of the directors then in office, provided that a quorum is present. The Board of Directors may also designate one or more advisory committees that do not have the authority of the Board. However, no committee, regardless of Board resolution, may:

- a) Approve of any action that, pursuant to applicable Law, would also require the affirmative vote of the members of the Board if this were a membership vote.
- b) Fill vacancies on, or remove the members of, the Board of Directors or any committee that has the authority of the Board.
- c) Fix compensation of the directors serving on the Board or on any committee.
- d) Amend or repeal the Articles of Incorporation or bylaws or adopt new bylaws.
- e) Amend or repeal any resolution of the Board of Directors that by its express terms is not so amendable or repealable.
- f) Appoint any other committees of the Board of Directors or their members.
- g) Approve a plan of merger, consolidation, voluntary dissolution, bankruptcy, or reorganization; or a plan for the sale, lease, or exchange of all or considerably all of the property and assets of the Corporation/Organization otherwise than in the usual and regular course of its business; or revoke any such plan.
- h) Approve any self-dealing transaction, except as provided pursuant to law.

Unless otherwise authorized by the Board of Directors, no committee shall compel the Corporation/Organization in a contract or agreement or expend Corporation/Organization funds.

### **Meetings and Actions of Committees**

Meetings and actions of all committees shall be governed by, and held and taken in accordance with, the provisions of Article 7 - Committees of these Bylaws concerning meetings and actions of the directors, with such changes in the context of those bylaws as are necessary to substitute the committee and its members for the Board of Directors and its members, except that the time for regular meetings of committees may be determined either by resolution of the Board of Directors or by resolution of the committee. Special meetings of committees may also be called by resolution of the Board of Directors. Notice of special

meetings of committees shall also be given to any and all alternate members, who shall have the right to attend all meetings of the committee. Minutes shall be kept of each meeting of any committee and shall be filed with the Corporation/Organization records. The Board of Directors may adopt rules not consistent with the provisions of these bylaws for the governance of any committee.

If a director relies on information prepared by a committee of the Board on which the director does not serve, the committee must be composed exclusively of any or any combination of (a) directors, (b) directors or employees of the Corporation/Organization whom the director believes to be reliable and competent in the matters presented, or (c) counsel, independent accountants, or other persons as to matters which the director believes to be within that person's professional or expert competence.

#### **Executive Committee**

Pursuant to Article 7 - Committees, the Board may appoint an Executive Committee composed of a minimum of two (2) directors, to serve on the Executive Committee of the Board. The Executive Committee, unless limited in a resolution of the Board, shall have and may exercise all the authority of the Board in the management of the business and affairs of the Corporation/Organization between meetings of the Board, provided, however, that the Executive Committee shall not have the authority of the Board in reference to those matters enumerated in Article 7 - Committee of Directors. The Secretary of the Corporation/Organization shall send to each director a summary report of the business conducted in any meeting of the Executive Committee.

#### **Audit Committee**

The Board, at its sole discretion, may create an Audit Committee, which may review any other committee's operations, and may be comprised of one or more persons including persons other than directors of the Corporation/Organization. The Audit Committee shall make recommendations to the Board of Directors regarding the hiring and termination of an auditor, who shall be an independent certified public accountant, and may be authorized by the Board to negotiate the auditor's salary. The Audit Committee shall consult with the auditor to assure its members that the financial affairs of the Corporation/Organization are in order, and after review shall determine whether to accept the audit. It shall also be the responsibility of the Audit Committee to ensure that the auditor's firm adheres to the standards for auditor independence, as set forth in the latest version of the Government Auditing Standards, which have been published by the Comptroller General of the United States, or any standards established and published by the Attorney General of California. The membership of the Audit Committee, if created, shall not include the following persons:

- a) The Chair of the Board of the Board;
- b) The Treasurer of the Corporation/Organization;
- c) Any employee of the Corporation/Organization; or
- d) Any person with a material financial interest in any entity doing business with the Corporation/Organization.

#### **Finance Committee**

The Finance Committee, if created, shall be responsible for making sure the Company/Organization's financial reports are accurate. It shall also oversee the budget and perform other duties like establishing reserve funds, lines of credit and investments. In the event that the Board should appoint a Finance Committee, the members of said Finance Committee must comprise less than one-half (1/2) of the membership of the Audit Committee, and the Chair of the Finance Committee shall not serve on the Audit Committee.

#### **Internal Affairs Committee**

The Board, at its sole discretion, may create an Internal Affairs Committee, which shall handle all internal and operational issues of the Corporation/Organization including but not limited to those related to finance, human resources, and facilities. This Committee may be staffed by the CFO and the Director of Human Resources, among others.

#### **Governance Committee**

The Governance Committee, if created, shall be responsible for the health and functioning of the Board. It shall be in charge of recruiting new members, conducting orientations, producing board materials, and evaluating the performance of the Board itself. The Governance Committee shall also be responsible for ensuring the effectiveness of the current Board, establishing priorities for Board composition, plan for Board director recruitment and succession, oversee Board development and take the lead in performing Board evaluations.

#### **Communications and Public Relations Committee**

If created, a Communications Committee shall handle all matters that relate to communicating with donors, stakeholders and others. This Committee shall also oversee all newsletters, official communications, social media platforms, online presence and contacts with the media.

### **Fundraising Committee**

The Board, at its sole discretion, may also create a Fundraising Committee which shall ensure and contribute well-planned fundraising initiatives for the Company/Organization. In addition this Committee shall identify potential sources of funds, take an active role in enhancing the Board's awareness of fundraising opportunities, explore opportunities for enhanced public relations and fundraising, and provide an annual review of the performance of the Organization's fundraising plan.

## **ARTICLE 8 - STANDARD OF CARE**

### **General**

A director shall perform all the duties of a director, including, but not limited to, duties as a member of any committee of the Board on which the director may serve, in such a manner as the director deems to be in the best interest of the Corporation/Organization and with such care, including reasonable inquiry, as an ordinary, prudent, and reasonable person in a similar situation may exercise under similar circumstances.

In the performance of the duties of a director, a director shall be entitled to rely on information, opinions, reports, or statements, including financial statements and other financial data, in each case prepared or presented by:

- a) One or more officers or employees of the Corporation/Organization whom the director deems to be reliable and competent in the matters presented;
- b) Counsel, independent accountants, or other persons, as to the matters which the director deems to be within such person's professional or expert competence; or
- c) A committee of the Board upon which the director does not serve, as to matters within its designated authority, which committee the director deems to merit confidence,

so long as in any such case the director acts in good faith, after reasonable inquiry when the need may be indicated by the circumstances, and without knowledge that would cause such reliance to be unwarranted.

Except as herein provided in Article 8 - Standard of Care, any person who performs the duties of a director in accordance with the above shall have no liability based upon any failure or alleged failure to discharge that person's obligations as a director, including, without limitation of the following, any actions or omissions which exceed or defeat a public or charitable purpose to which the Corporation/Organization, or assets held by it, are dedicated.

### **Loans**

The Corporation/Organization shall not make any loan of money or property to, or guarantee the obligation of, any director or officer, unless approved by the California Attorney General; provided, however, that the Corporation/Organization may advance money to a director or officer of the Corporation/Organization or any subsidiary for expenses reasonably anticipated to be incurred in the performance of the duties of such officer or director so long as such individual would be entitled to be reimbursed for such expenses absent that advance.

### **Conflict of Interest**

The purpose of the Conflict of Interest policy is to protect the Corporation/Organization's interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of one of its officers or directors, or that might otherwise result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable corporations/organizations and is not intended as an exclusive statement of responsibilities.

### **Restriction on Interested Directors**

Not more than 100%% (percent) of the persons serving on the Board of Directors at any time may be interested persons. An interested person is (1) any person currently being compensated by the Corporation/Organization for services rendered to it within the previous twelve (12) months, whether as a full-time or part-time employee, independent contractor, or otherwise, excluding any reasonable compensation paid to a director; and (2) any brother, sister, parent, ancestor, descendent, spouse, brother-in-law, sister-in-law, son-in-law, mother-in-law, or father-in-law of any such person. However, any violation of the provisions of this section shall not affect the validity or enforceability of any transaction entered into by the interested person.

### **Duty to Disclose**

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors who are considering the proposed transaction or arrangement.

### **Establishing a Conflict of Interest**

After the disclosure of the financial interest and all material facts, and after any discussion with the interested person, the interested person shall leave the Board meeting while the potential conflict of interest is discussed and voted upon. The remaining Board members shall decide if a conflict of interest exists.

### **Addressing a Conflict of Interest**

In the event that the Board should establish that a proposed transaction or arrangement establishes a conflict of interest, the Board shall then proceed with the following actions:

- a) Any interested person may render a request or report at the Board meeting, but upon completion of said request or report the individual shall be excused while the Board discusses the information and/or material presented and then votes on the transaction or arrangement proposed involving the possible conflict of interest.
- b) The Chair of the Board of the Board shall, if deemed necessary and appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.
- c) After exercising due diligence, the Board shall determine whether the Corporation/Organization can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.
- d) If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the Board shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the best interest of the Corporation/Organization, for its own benefit, and whether it is fair and reasonable. It shall make its decision as to whether to enter into the transaction arrangement in conformity with this determination.

### **Violations of Conflict of Interest Policy**

Should the Board have reasonable cause to believe an interested person has failed to disclose actual or possible conflicts of interest, the Board shall then inform the interested person of the basis for such belief and afford the interested person an opportunity to explain the alleged failure to disclose.

If, after hearing the interested person's explanation, and after making further investigation as may be warranted in consideration of the circumstances, the Board determines the interested person intentionally failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

### **Procedures and Records**

All minutes of the Board Meetings, when applicable, shall contain the following information:

- a) The names of all the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the Board's decision as to whether a conflict of interest in fact existed.
- b) The names of the persons who were present for discussions and any votes relating to the transaction or arrangement, the content of the discussions, including any alternatives to the proposed transaction or arrangement, and a record of any vote taken in connection with the proceedings.

### **Acknowledgement of Conflict of Interest Policy**

Each director, principal officer, and member of a committee with Board delegated powers shall be required to sign a statement which affirms that such person:

- a) Has received a copy of the conflict of interest policy;
- b) Has read and understands the policy;
- c) Has agreed to comply with the policy; and
- d) Understands that the Corporation/Organization is charitable, and in order to maintain its federal tax exemption, it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

### **Violation of Loyalty - Self-Dealing Contracts**

A self-dealing contract is any contract or transaction (i) between this Corporation/Organization and one or more of its Directors, or between this Corporation/Organization and any corporation, firm, or association in which one or more of the Directors has a material financial interest ("Interested Director"), or (ii) between this Corporation/Organization and a corporation, firm, or association of which one or more of its directors are Directors of this Corporation/Organization. Said self-dealing shall not be void or voidable because such Director(s) of corporation, firm, or association are parties or because said Director(s) are present at the meeting of the Board of Directors or committee which authorizes, approves or ratifies the self-dealing contract, if:

- a) All material facts are fully disclosed to or otherwise known by the members of the Board and the self-dealing contract is approved by the Interested Director in good faith (without including the vote of any membership owned by said interested Director(s));
- b) All material facts are fully disclosed to or otherwise known by the Board of Directors or committee, and the Board of Directors or committee authorizes, approves, or ratifies the self-dealing contract in good faith—without counting the vote of the interest Director(s)—and the contract is just and reasonable as to the Corporation/Organization at the time it is authorized, approved, or ratified; or
- c) As to contracts not approved as provided in above sections (a) and/or (b), the person asserting the validity of the self-dealing contract sustains the burden of proving that the contract was just and reasonable as to the Corporation/Organization at the time it was authorized, approved, or ratified.

Interested Director(s) may be counted in determining the presence of a quorum at a meeting of the Board of Directors or a committee thereof, which authorizes, approves, or ratifies a contract or transaction as provided for and contained in this section.

#### **Indemnification**

To the fullest extent permitted by law, the Corporation/Organization shall indemnify its "agents," as described by law, including its directors, officers, employees and volunteers, and including persons formerly occupying any such position, and their heirs, executors and administrators, against all expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred by them in connection with any "proceeding," and including any action by or in the right of the Corporation/Organization, by reason of the fact that the person is or was a person as described in the Non-Profit Corporation Act. Such right of indemnification shall not be deemed exclusive of any other right to which such persons may be entitled apart from this Article.

The Corporation/Organization shall have the power to purchase and maintain insurance on behalf of any agent of the Corporation/Organization, to the fullest extent permitted by law, against any liability asserted against or incurred by the agent in such capacity or arising out of the agent's status as such, or to give other indemnification to the extent permitted by law.

### **ARTICLE 9 – EXECUTION OF CORPORATE INSTRUMENTS**

#### **Execution of Corporate Instruments**

The Board of Directors may, at its discretion, determine the method and designate the signatory officer or officers, or other person or persons, to execute any corporate instrument or document, or to sign the corporate name without limitation, except when otherwise provided by law, and such execution or signature shall be binding upon the Corporation/Organization.

Unless otherwise specifically determined by the Board of Directors or otherwise required by law, formal contracts of the Corporation/Organization, promissory notes, deeds of trust, mortgages, other evidences of indebtedness of the Corporation/Organization, other corporate/organization instruments or documents, memberships in other corporations/organizations, and certificates of shares of stock owned by the Corporation/Organization shall be executed, signed, and/or endorsed by the President, Vice President, Treasurer, Secretary.

All checks and drafts drawn on banks or other depositories on funds to the credit of the Corporation/Organization, or in special accounts of the Corporation/Organization, shall be signed by such person or persons as the Board of Directors shall authorize to do so.

#### **Loans and Contracts**

No loans or advances shall be contracted on behalf of the Corporation/Organization and no note or other evidence of indebtedness shall be issued in its name unless and except as the specific transaction is authorized by the Board of Directors. Without the express and specific authorization of the Board, no officer or other agent of the Corporation/Organization may enter into any contract or execute and deliver any instrument in the name of and on behalf of the Corporation/Organization.

## **ARTICLE 10 – RECORDS AND REPORTS**

### **Maintenance and Inspection of Articles and Bylaws**

The Corporation/Organization shall keep at its principal office the original or a copy of its Articles of Incorporation and bylaws as amended to date, which shall be open to inspection by the directors at all reasonable times during office hours.

### **Maintenance and Inspection of Federal Tax Exemption Application and Annual Information Returns**

The Corporation/Organization shall keep at its principal office a copy of its federal tax exemption application and its annual information returns for three years from their date of filing, which shall be open to public inspection and copying to the extent required by law.

### **Maintenance and Inspection of Other Corporate Records**

The Corporation/Organization shall keep adequate and correct books and records of accounts and written minutes of the proceedings of the Board and committees of the Board. All such records shall be kept at a place or places as designated by the Board and committees of the Board, or in the absence of such designation, at the principal office of the Corporation/Organization. The minutes shall be kept in written or typed form, and other books and records shall be kept either in written or typed form or in any form capable of being converted into written, typed, or printed form. Upon leaving office, each officer, employee, or agent of the Corporation/Organization shall turn over to his or her successor or the Chair of the Board or President, in good order, such corporate/organization monies, books, records, minutes, lists, documents, contracts or other property of the Corporation/Organization as have been in the custody of such officer, employee, or agent during his or her term of office.

Every director shall have the absolute right at any reasonable time to inspect all books, records, and documents of every kind and the physical properties of the Corporation/Organization and each of its subsidiary corporations/organizations. The inspection may be made in person or by an agent or attorney, and shall include the right to copy and make extracts of documents.

### **Preparation of Annual Financial Statements**

The Corporation/Organization shall prepare annual financial statements using generally accepted accounting principles. Such statements shall be audited by an independent certified public accountant, in conformity with generally accepted accounting standards. The Corporation/Organization shall make these financial statements available to the California Attorney General and members of the public for inspection no later than 30 days after the close of the fiscal year to which the statements relate.

### **Reports**

The Board shall ensure an annual report is sent to all directors within 30 days after the end of the fiscal year of the Corporation/Organization, which shall contain the following information:

- a) The assets and liabilities, including trust funds, of this corporation at the end of the fiscal year.
- b) The principal changes in assets and liabilities, including trust funds, during the fiscal year.
- c) The expenses or disbursements of the Corporation/Organization for both general and restricted purposes during the fiscal year.
- d) The information required by Non-Profit Corporation Act concerning certain self-dealing transactions involving more than \$50,000 or indemnifications involving more than \$10,000 which took place during the fiscal year.

The report shall be accompanied by any pertinent report from an independent accountant or, if there is no such report, the certificate of an authorized officer of the Corporation/Organization that such statements were prepared without audit from the books and records of the Corporation/Organization.

## **ARTICLE 11 – FISCAL YEAR**

The fiscal year for this Corporation/Organization shall end on December 31.

## **ARTICLE 12 – AMENDMENTS AND REVISIONS**

These bylaws may be adopted, amended, or repealed by a simple majority of the directors then in office. Such action is authorized only at a duly called and held meeting of the Board of Directors for which written notice of such meeting, setting forth the proposed bylaw revisions with explanations therefore, is given in accordance with these bylaws. If any provision of

these bylaws requires the vote of a larger portion of the Board than is otherwise required by law, that provision may not be altered, amended or repealed by that greater vote.

**ARTICLE 13 – CORPORATE/ORGANIZATION SEAL**

The Board of Directors may adopt, use, and alter a corporate/organization seal. The seal shall be kept at the principal office of the Corporation/Organization. Failure to affix the seal to any corporate/organization instrument, however, shall not affect the validity of that instrument.

**ARTICLE 14 – CONSTRUCTION AND DEFINITIONS**

Unless the context otherwise requires, the general provisions, rules of construction, and definitions contained in the Non-Profit Corporation Act as amended from time to time shall govern the construction of these bylaws. Without limiting the generality of the foregoing, the masculine gender includes the feminine and neuter, the singular number includes the plural and the plural number includes the singular, and the term "person" includes a Corporation/Organization as well as a natural person. If any competent court of law shall deem any portion of these bylaws invalid or inoperative, then so far as is reasonable and possible (i) the remainder of these bylaws shall be considered valid and operative, and (ii) effect shall be given to the intent manifested by the portion deemed invalid or inoperative.

**CERTIFICATE OF SECRETARY**

I, Emma Karp, certify that I am the current elected and acting Secretary of the benefit Corporation/Organization, and the above bylaws are the bylaws of this Corporation/Organization as adopted by the Board of Directors on May 17, 2021, and that they have not been amended or modified since the above.

Project Details

Briefly describe your request for funds.	HOME supports individuals who are committed to securing stable housing and becoming self-sufficient members of the community. HOME will sponsor an individual to stay in transitional housing for 2 months, during which time they can access support in securing long-term housing, employment, and education. The housing facility must have clear guidelines and align with the values of HOME. The sponsorship will cover 2 months of housing costs, clothing, hygiene products, and basic life skills training to help prepare for independent living and employment.
--	--

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served.	The significance of this request lies in its direct contribution to reducing housing insecurity and promoting self-sufficiency among vulnerable individuals in the San Marcos community. By providing short-term sponsorships for transitional housing, HOME helps individuals stabilize their lives and transition toward permanent housing and employment. This not only improves individual outcomes but also strengthens the community by reducing homelessness, increasing workforce participation, and promoting dignity and independence. We anticipate serving approximately 12–15 individuals annually through this program, each of whom will receive housing support, essential supplies, and life skills training tailored to their path toward stability. Specifically with this grant, we intend to house 3 individuals, for 2 months each.
--	---

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents.	We partner with Family Health Center, the Recovery Residence Association, and CHIP to connect San Marcos residents with housing, health services, and support for long-term stability.
---	--

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

HOME (Homeless Outreach and Mitigation Effort) is dedicated to supporting individuals experiencing homelessness by promoting housing stability, self-sufficiency, and community reintegration. Our mission is to connect vulnerable populations with essential services, transitional housing, and pathways to independence through direct outreach and collaborative support.

Strategically, our organization focuses on three key objectives:

1. **Conducting consistent outreach** to identify and engage unsheltered individuals in San Marcos and surrounding areas.
2. **Providing direct housing support and resource navigation** to those ready to pursue stable living environments.
3. **Strengthening community partnerships and resource access** through innovative tools and coordinated efforts.

One of our most impactful tools is the **North County Resource Guide**, which HOME developed and distributed to help individuals and service providers easily navigate available housing, healthcare, food, and employment resources. This guide has become a valuable asset across North County and has significantly improved connection rates to local services.

In addition, a major milestone was our **successful canned food drive last year**, which provided hundreds of meals to individuals and families in need. This community-led initiative not only addressed immediate food insecurity but also deepened public engagement in our mission.

Our impact is reflected in the lives we touch—one resident shared, *“Without HOME’s guidance and support, I wouldn’t have found the housing and stability I have today.”* Through every effort, we remain committed to building a stronger, more compassionate community where everyone has the opportunity to thrive.

To Whom It May Concern at the San Marcos Community Foundation,

As the Chair of the Board of the Interfaith Shelter Network of San Diego (ISN), I authorize and support the ISN staff to seek appropriate funding, consistent with the organization's mission, that will be used to support the Rotational Shelter Program.

The Rotational Shelter Program has served the North County for decades and has partnered with congregations throughout San Diego County to provide shelter and resources for thousands experiencing situational homelessness.

ISN has previously received foundation grants and Emergency Services Grants to operate the Rotational Shelter and the services provided therein in the North County.

The ISN Executive Director, Brandon Duran and the ISN Development Director, James Skeet, are authorized to submit a formal application for funds from the San Marcos Community Foundation in 2025.

Funds awarded will be combined with other funding, including, but not limited to, private foundations and individual donors in order to further ISN's ability to provide shelter and services through the Rotational Shelter Program to unhoused persons within the City of San Marcos and the neighboring North County communities in accordance with the mission of the organization.

Project Details

---

Briefly describe your request for funds. The Rotational Shelter Program provides emergency winter shelter, empowering situationally homeless individuals to obtain stable housing and employment. By collaborating with congregations of all faith traditions, social service agencies, and governmental programs, the Rotational Shelter Program can provide one of the lowest costs per bed night in the county. While staying at the shelter, homeless individuals and families receive meals, hygiene assistance, transportation assistance, budget and life skills workshops, and case management. It is through our partnerships with approximately 100 congregations (of all faiths and denominations) across San Diego County that the Rotational Shelter can provide regionally specific services across the county. The shelters enable families to remain together and within the chosen region, maintaining continuity with schools and support systems. Over the 39 years this program has served the county, close to 60% of guests entering the shelter exit to more stable housing, and a high percentage can obtain or maintain employment. The Interfaith Shelter Network (ISN) is requesting \$5,000 to help cover the cost of case management and transportation assistance for the Rotational Shelter located in North County.

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served. The 2025 Point-in-Time-Count registered 30 unsheltered persons in San Marcos. The North County Rotation of the Rotational Shelter Program serves the situationally homeless in San Marcos. These low-income households are often employed and/or in school but have been hit by a life-altering event that has destabilized their housing. A death in the family, a medical emergency, or a significant rent increase are all precipitating factors that drive families to live in their car or other unsafe shelter. These individuals need a bridge to prevent falling into chronic homelessness, and it will help them reach stable housing. In the Rotational Shelter, local congregations provide rooms, meals, and more within a compassionate, safe, and inclusive space. Shelter guests come to the program via a case manager who conducts a screening, creates a case plan, and regularly connects with guests onsite throughout their journey in the program. Each congregation in a region hosts the shelter for 2-4 weeks. Afterwards, guests rotate to the next nearby congregation, which hosts for another 2-4 weeks. The total rotation can last 8-12 weeks, depending on the number of participating congregations. Each regional rotation can host up to 12 individuals at a time.

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents. ISN contracts with Lifeline Community Services. Host or support congregations: SM United Methodist, St. Mark's Roman Catholic Church, Grace Episcopal, and many others in SM neighboring communities.

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

ISN was founded with a mission to enable those we serve to move toward self-sufficiency by coordinating the efforts of congregations, social service agencies, and governmental programs to provide shelter and resources to people experiencing homelessness. Over the last 39 years, ISN has consistently engaged the community in a successful collaboration that has met the needs of over 10,900 people experiencing situational homelessness.

*"We were living in an apartment, but my landlord raised the rent considerably, so I could no longer afford to pay my rent and bills with my disability check. I ran out of money paying for food and motels, and slept in my car with my daughter. That's when I heard about Interfaith, and my life changed. This was so special for me and my daughter, to be treated so kind by caring people who understood that being poor and homeless isn't a crime" – Rachel*

In addition to shelter, the program provides workshops on budgeting and job-seeking skills.

*"Thank you for everything in this workshop, it helped me for a future interview and also made me realize that there is more I want in life" – Susan*

ISN empowers those actively seeking a new, fresh start.

## **Independent Auditor's Report**

To the Board of Directors  
Interfaith Shelter Network of San Diego

### **Opinion**

We have audited the accompanying financial statements of Interfaith Shelter Network of San Diego (a nonprofit organization), which comprise the statements of financial position as of December 31, 2023 and 2022, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Interfaith Shelter Network of San Diego as of December 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Interfaith Shelter Network of San Diego, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Interfaith Shelter Network of San Diego's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Interfaith Shelter Network of San Diego's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Interfaith Shelter Network of San Diego's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Note 1 - Organization:**

The Interfaith Shelter Network of San Diego (the “Organization”) is a non-profit, public benefit corporation, incorporated on August 1, 2010 (formerly Ecumenical Council of San Diego County, incorporated April 24, 1970), under the laws of the state of California, to work collaboratively, through its Rotational Shelter Program, with local human service agencies, local governments and local congregations to provide winter shelters and other services and resources to homeless individuals and families at congregational shelter sites throughout the San Diego region.

In addition, the Organization’s El Nido Transitional Living Program provides housing, case management, education, counseling, transportation, childcare and other resources and services to homeless battered women with children at an eleven-unit apartment complex owned by the Organization. As an adjunct to these programs, in 2014 the Organization was contracted to provide a Housing Assistance service that allocated move-in and rental financial assistance for program participants. As of March 13, 2023, the Housing Assistance program has been suspended due to lack of funding.

### **Note 2 - Significant Accounting Policies:**

#### **Accounting Method**

The financial statements of the Organization have been prepared on the accrual basis of accounting, which is in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), and, accordingly, reflects all significant receivables, payables, and other liabilities.

#### **Financial Statement Presentation**

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes thereon are classified and reported as follows:

- Net Assets Without Donor Restrictions - Net assets available for use in general operations, and not subject to donor (or certain grantor) restrictions.
- Net Assets With Donor Restrictions - Net assets subject to donor (or certain grantor) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires—that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

#### **Estimates**

The preparation of a financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## **Note 2 - Significant Accounting Policies: (Continued)**

### **Fair Value Measurements**

Fair value accounting standards define fair value, establish a framework for measuring fair value, outline a fair value hierarchy based on inputs used to measure fair value, and enhance disclosure requirements for fair value measurements. The fair value hierarchy distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Level 1 or 2 of the hierarchy), and the reporting entity's own assumptions about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

- Level 1 inputs are quoted prices in active markets for identical investments that the investment manager has the ability to access at the measurement date.
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the investment, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the investment.

The Organization's statements of financial position includes the following financial instruments that are required to be measured at fair value on a recurring basis:

- Investments in corporate stock and mutual funds are considered Level 1 assets and are reported at fair value based on quoted prices in active markets for identical assets at the measurement date.

### **Allowance for Credit Losses**

The Organization recognizes an allowance for credit losses on grants receivable to present the net amount expected to be collected as of the statement of financial position date. Such allowance is based on the credit losses expected to arise over the life of the asset which is based on the expectation as of the statement of financial position date, aging reports and historical information. Grants receivable are written off when the Organization determines such receivables are deemed uncollectible. Write-offs are recognized as a deduction from the allowance for credit losses. Management believes that all grants receivable were fully collectible; therefore, no allowance for credit losses on grants receivable were recorded at December 31, 2023 and 2022.

### **Capitalization and Depreciation**

The Organization capitalizes all expenditures in excess of \$1,000 for property and equipment at cost, while donations of property and equipment are recorded at their estimated fair values. Such donations are reported as support without donor restrictions, unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use, and contributions of cash that must be used to acquire property and equipment, are reported as support with donor restrictions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies net assets with donor restrictions to net assets without donor restrictions at that time.

## **Note 2 - Significant Accounting Policies: (Continued)**

### **Capitalization and Depreciation (Continued)**

Property and equipment are depreciated using the straight-line method over the estimated useful asset lives as follows:

Building and building improvements	27.5 years
------------------------------------	------------

Depreciation totaled \$37,738 and \$37,737 for the years ended December 31, 2023 and 2022, respectively.

Maintenance and repairs are charged to operations as incurred. Upon sale or disposition of property, furniture, or equipment, the asset account is reduced by the cost, and the accumulated depreciation account is reduced by the depreciation taken prior to the sale. Any resultant gain or loss is then recorded as income or expense.

### **Impairment of Real Estate**

The Organization reviews its investment in real estate for impairment whenever events and changes in circumstances indicate that the carrying value of such property may not be recoverable. Recoverability is measured by a comparison of the carrying amount of the real estate to the estimated proceeds from the eventual disposition of the real estate. If the real estate is considered to be impaired, the impairment to be recognized is measured at the amount by which the carrying amount of real estate exceeds the fair value of such property. There were no impairment losses recognized in 2023 and 2022.

### **Compensated Absences**

Accumulated unpaid vacation totaling \$12,195 and \$18,328 at December 31, 2023 and 2022, respectively, is accrued when earned, and included in accounts payable and accrued expenses.

### **Revenue Recognition**

Government grants are recognized in the period in which the related work is performed in accordance with the terms of the agreement. Grants receivables are recorded when revenue earned under a grant exceeds the cash received. Grants receivables totaled \$60,336 and \$76,684 at December 31, 2023 and 2022, respectively.

Contributions are recognized when the donor makes a promise to give to the Organization that is in substance, unconditional. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions. Contributions to be received in future periods are discounted at an appropriate discount rate. Amortization of discounts is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions.

Rental revenue attributable to residential leases is recorded when due from residents, generally upon the first day of each month. Leases are for periods of up to one year, with rental payments due monthly. Other revenue includes fees for late payments, cleaning, damages, laundry facilities and other charges and is recorded when earned. Rental income is shown at its maximum gross potential. Vacancy loss is shown as a reduction in rental income. Rental units occupied by employees are included in rental income and as an expense of operations.

Special event revenue is recognized in the period that the event occurs.

**Note 2 - Significant Accounting Policies: (Continued)**

**Donated Materials and Services**

The Organization utilizes the services of many volunteers throughout the year. This contribution of services by the volunteers is not recognized in the financial statements, unless the services received (a) create or enhance nonfinancial assets, or (b) require specialized skills which are provided by individuals possessing those skills and would typically need to be purchased if not provided by donation. The donated services for the years ended December 31, 2023 and 2022 did not meet the requirements above, therefore no amounts were recognized in the financial statements.

The Organization received in-kind donations of program supplies and food totaling \$33,546 and \$15,523 for the years ended December 31, 2023 and 2022, respectively, which have been recorded as in-kind contributions and functional expenses in the statements of activities.

The following table summarizes donated goods measured at fair value received for the years ended December 31:

2023				
<b>Items Donated</b>	<b>Revenue Recognized</b>	<b>Utilization in Programs/Activities</b>	<b>Donor Restrictions</b>	<b>Valuation Techniques and Inputs</b>
Program supplies and food	\$33,546	Various program services	No associated donor restrictions	Estimated the fair value on the basis of estimate of current market price that would be received for selling similar products in the United States.

2022				
<b>Items Donated</b>	<b>Revenue Recognized</b>	<b>Utilization in Programs/Activities</b>	<b>Donor Restrictions</b>	<b>Valuation Techniques and Inputs</b>
Program supplies and food	\$15,523	Various program services	No associated donor restrictions	Estimated the fair value on the basis of estimate of current market price that would be received for selling similar products in the United States.

**Functional Allocation of Expenses**

The statements of functional expenses present expenses by function and natural classification. The Organization allocates its expenses on a functional basis among its various programs and supporting services. Expenditures which can be identified with a specific program or support services are allocated directly, according to their natural expenditure classification. Costs that are common to several functions are allocated among the program and supporting services on the basis of time records, space utilized, and estimates made by the Organization's management.

## **Note 2 - Significant Accounting Policies: (Continued)**

### **Leases**

The Organization determines if an arrangement is a lease at inception. Operating leases are included in right-of-use (“ROU”) assets – operating and lease liability – operating, and finance leases are included in right-of-use (“ROU”) assets – financing and lease liability – financing in the statement of financial position.

ROU assets represent the Organization’s right to use an underlying asset for the lease term and lease liabilities represent the Organization’s obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at the lease commencement date based on the present value of lease payments over the lease term. Lease terms may include options to extend or terminate the lease when it is reasonably certain that the Organization will exercise that option. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term. The Organization has elected to recognize payments for short-term leases with a lease term of 12 months or less as expense as incurred and these leases are not included as lease liabilities or right of use assets on the statement of financial position.

The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, the Organization has elected to use a risk-free discount rate determined using a period comparable with that of the lease term for computing the present value of lease liabilities.

### **Income Taxes**

The Organization is a public charity, and is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and Section 23701(d) of the California Revenue and Taxation Code. The Organization believes that it has appropriate support for any tax positions taken, and, as such, does not have any uncertain tax positions that are material to the financial statements. The Organization is not a private foundation.

The Organization’s Return of Organization Exempt from Income Tax for the years ended December 31, 2023, 2022, 2021 and 2020 are subject to examination by the Internal Revenue Service and State taxing authorities, generally three-to-four years after the returns were filed.

### **Concentration of Credit Risk**

The Organization maintains its cash in bank deposit accounts and money market funds which, at times, may exceed federally insured limits. The Organization has not experienced any losses in such accounts. The Organization believes it is not exposed to any significant credit risk on cash and cash equivalents.

### **Cash and Cash Equivalents and Restricted Cash**

For purposes of the statements of cash flows, the Organization considers all highly liquid investments available for current use with an initial maturity of three months or less to be cash equivalents. Certificates of deposits that may be redeemed without a significant penalty are considered cash and cash equivalents regardless of the maturity. The Organization has not experienced any losses in such accounts.

## **Note 2 - Significant Accounting Policies: (Continued)**

### **Cash and Cash Equivalents and Restricted Cash (Continued)**

The following is a reconciliation of cash, cash equivalents and restricted cash reported within the statements of financial position that sum to the total in the statements of cash flows at December 31:

	<u>2023</u>	<u>2022</u>
Cash	\$ 301,798	\$ 608,088
Certificates of deposit	110,100	-
Tenant security deposits	4,150	3,050
Total Cash and Cash Equivalents and Restricted Cash	<u>\$ 416,048</u>	<u>\$ 611,138</u>

### **Accounting Pronouncement Adopted**

In June 2016, the Financial Accounting Standards Board (“FASB”) issued ASU No. 2016-13, *Financial Instruments – Credit Losses (“Topic 326”)* to provide financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. FASB ASU 2016-13 affects loans, debt securities, accounts receivables, net investments in leases, off-balance-sheet credit exposures, reinsurance receivables, and any other financial assets not excluded from the scope that have the contractual right to receive cash.

The standard requires a financial asset (or a group of financial assets) measured at amortized cost basis to be presented at the net amount expected to be collected. The allowance for credit losses is a valuation account that is deducted from the amortized cost basis of the financial asset(s) to present the net carrying value at the amount expected to be collected on the financial asset.

FASB ASU 2016-13 was adopted January 1, 2023 on a prospective transition approach. With respect to grant receivables, ASU 2016-13 did not have a material impact on the financial statements.

### **Subsequent Events**

The Organization has evaluated subsequent events through June 4, 2024, which is the date the financial statements are available for issuance, and concluded that there were no events or transactions that needed to be disclosed.

### **Reclassification**

The Organization has reclassified certain prior year information to conform with the current year presentation.

### **Note 3 - Liquidity and Availability**

The Organization regularly monitors the availability of resources required to meet its operating needs and other contractual commitments. For purposes of analyzing resources available to meet general expenditures over a 12-month period, the Organization considers all expenditures related to its ongoing programs, as well as, the conduct of services undertaken to support those activities, to be general expenditures.

The table below presents financial assets available for general expenditures within one year at December 31:

	<u>2023</u>	<u>2022</u>
Cash and cash equivalents	\$ 416,048	\$ 611,138

Financial assets available to meet general expenditures within one year	<u>\$ 476,384</u>	<u>\$ 751,271</u>

### **Note 4 - Fair Value Measurements:**

There were no assets measured at fair value by classification within the fair value hierarchy at December 31, 2023.

The following table summarizes assets measured at fair value by classification within the fair value hierarchy at December 31, 2022:

	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>	<u>Balance at December 31, 2022</u>

Property and Equipment, Net	<u>\$ 1,443,954</u>	<u>\$ 1,283,997</u>

**Note 7 - Notes Payable:**

The Organization purchased and rehabilitated an apartment complex (the Project) on March 7, 1996. The Organization obtained a promissory note from the San Diego Housing Commission totaling \$964,427. The promissory note is comprised of a loan in the amount of \$100,013 and a grant in the amount of \$864,414.

The \$100,013 loan from the San Diego Housing Commission is required to be repaid in March 2026, along with accrued interest at 3% per year. The San Diego Housing Commission has the option to extend the due date of March 2026 for a period of up to 30 years. Annual payments up to the annual interest are required if residual receipts are earned in any year. Residual receipts are defined as all income remaining annually after the payment of all expenses of the Project, including mortgage payments, interest expenses, management expenses, utility fees, improvements, case management expenses, and other costs reasonably related to the operation of the Project. The Organization has not earned residual receipts in any month and no interest payments have been paid. Interest accrued totaled \$84,561 and \$81,519 at December 31, 2023 and 2022, respectively.

The \$864,414 grant from the San Diego Housing Commission will be forgiven in 2026 unless the Organization is determined to be in breach or default of the promissory note. A breach or default is defined by the grant to occur, if the Interfaith Shelter Network of San Diego agrees to or actually sells, conveys, transfers or disposes of the property described in the Deed of Trust securing the note or any part of it or any interest in it, or further encumbers the property, without first obtaining the written consent of the San Diego Housing Commission. If such a breach or default occurs, the Organization will be responsible for repaying the grant amount of \$864,414 plus interest accrued at 10% per year from the date of breach.

Since repayment is only required in the event of a breach, the loan was recorded as a grant in 1996 from the San Diego Housing Commission and no accrued interest is being recorded.

Accumulation of annual receipts is extremely unlikely, given the income level of the population served, and the Organization expects that default and/or breach on any provisions of the promissory note are also extremely unlikely.

**Note 8 - Net Assets With Donor Restrictions:**

Net assets with donor restrictions represent contributions and other inflows received by the Organization, which are limited in their use by the donor-imposed stipulations. Net assets with donor restrictions are available for the following purposes at December 31:

	<u>2023</u>	<u>2022</u>
<b>Subject to Expenditure for Specified Purpose:</b>		
El Nido Housing Program	\$ 9,651	\$ 15,855
Rotational Shelter Program	<u>3,804</u>	<u>5,257</u>
Total Subject to Expenditure for Specified Purpose	<u>13,455</u>	<u>21,112</u>
Total Net Assets with Donor Restrictions	<u>\$ 13,455</u>	<u>\$ 21,112</u>

Net assets released from donor restrictions by incurring expenses satisfying the restricted purpose or by the occurrence of the passage of time or other events specified by the donors are as follows for the years ended December 31:

	<u>2023</u>	<u>2022</u>
<b>Purpose Restrictions Accomplished:</b>		
El Nido Housing Program	\$ 128,330	\$ 204,095
Rotational Shelter Program	<u>1,454</u>	<u>10,867</u>
Total Net Assets Released from Restrictions	<u>\$ 129,784</u>	<u>\$ 214,962</u>

**Note 9 - Commitments:****Operating Leases**

The Organization subleases certain office space from another nonprofit organization (the sublessor) under a sublease agreement which matured on July 31, 2023. The Organization has signed an extension to the sublease agreement through July 31, 2026. The sublessor has a master lease agreement with a lessor for this office space. Rent expense totaled \$47,098 and \$45,924 for the years ended December 31, 2023 and 2022, respectively, and is included with rent.

The following summarizes the line items on the statements of financial position for the operating lease at December 31:

The following is a schedule of future minimum lease payments under the leases:

<u>Years Ended</u> <u>December 31</u>

2025	35,581
2026	<u>21,114</u>
Total	91,239
Less: Discount	<u>(4,916)</u>
Present Value of Lease Liabilities	<u>\$ 86,323</u>

**401k Plan**

In December 2014, the Organization established a qualified 401(k) profit sharing plan (Plan) for its employees. Employees must be at least twenty-one years of age and must be employed for twelve consecutive months in which at least 1,000 hours of service are completed in order to be eligible to participate in the plan. Employer contributions are discretionary and may reach the maximum of 3% of each employee's base compensation. Participants become fully vested in employer discretionary contributions after two years of service. The Organization's Board of Directors annually determines if a contribution will be made based on the financial position of the Organization. The Organization made employer discretionary contributions to the Plan totaling \$2,899 and \$5,205 for the years ended December 31, 2023 and 2022, respectively.

**Note 10 - Litigation:**

The Organization is subject to claims that arise out of the normal course of business. The Organization maintains insurance coverage and uses various risk management activities which, combined, management believes are sufficient to ensure that the final outcome of any claims or proceedings will not have an adverse material effect on the financial position, operations, or liquidity of the Organization.

To the San Marcos Community Foundation:

**Fifty young people in our community are at a crossroads.** These students at North County Tech Academy have faced challenges that derailed their traditional education—but they haven't given up. Neither have we.

Outside the Lens (OTL) transforms lives through media arts education, igniting confidence in young people to pursue creative pathways and drive meaningful social change. We are requesting \$1,500 to amplify our Juvenile Court and Community Schools (JCCS) Media Arts Integration program—an investment that will create ripple effects throughout San Marcos.

### **The Challenge is Real**

These 50 high school students have experienced academic setbacks, family instability, or justice system involvement. Traditional classroom approaches have failed them, but media arts integration breaks through where other methods cannot. When students create documentaries about homelessness or design campaigns for mental health awareness, they don't just learn—they heal, grow, and lead.

### **Your Investment Multiplies Impact**

Every dollar you invest generates extraordinary returns:

Student Transformation: Youth develop critical thinking, technical skills, and resilience while mastering core academic concepts through hands-on media creation

Community Voice: Biannual exhibitions showcase student perspectives on pressing issues like environmental sustainability and social justice, sparking vital community conversations

Funding Leverage: Your support demonstrates local commitment, encouraging San Diego County Office of Education to sustain their investment in this proven program

### **What \$1,500 Accomplishes**

Your grant provides essential program materials, equipment maintenance, and exhibition resources that bridge the gap between basic funding and excellence. This isn't just about keeping a program running—it's about ensuring these young voices are heard and valued.

### **A Partnership for Change**

The San Marcos Community Foundation has consistently championed initiatives that strengthen our community's foundation. By supporting OTL, you're investing in young leaders who will shape San Marcos's future. These students have stories to tell and solutions to offer. With your partnership, they'll have the platform and skills to share both.

We invite you to be part of their transformation.

Sincerely,

Briefly describe your request for funds.

Outside the Lens (OTL) respectfully requests a \$1,500 grant to support our Juvenile Court and Community Schools (JCCS) Media Arts Integration program at North County Tech Academy (NCTA). With your support, OTL will provide instruction to 50 JCCS students who, due to challenging life circumstances, have not found success within traditional classroom environments. These students face profound obstacles that extend far beyond academics. Many struggle with chronic truancy, incarceration, or treatment for substance addiction. Some have recently arrived in the United States as refugees, navigating language barriers alongside cultural adaptation. Additional students have experienced abuse, neglect, or inadequate housing that disrupts their ability to focus on learning through conventional methods. OTL's professional Media Educators engage these youth through project-based curriculum rigorously aligned with California State Visual and Performing Arts standards, National Core Art Standards, Common Core State Standards, and Career Technical Education frameworks. Through this comprehensive approach, JCCS students develop media literacy and creative, technical, and life skills directly applicable to diverse career pathways. The program deepens their understanding of core academic content through real-world applications. Most significantly, they harness media arts as powerful tools for creating positive change that extends into the broader community.

---

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served.

OTL will serve 50 high school students enrolled at NCTA through transformative media arts programming that creates lasting positive impact. Students develop artistic and technical skills, media literacy, and digital technology knowledge they would not encounter elsewhere. The program enriches academic experiences while building 21st century digital, technical, and life skills relevant to diverse career paths, enhancing employability and economic opportunities.

Through meaningful relationships with peers and instructors who reflect their cultural backgrounds, youth develop resilience and a sense of belonging. For students who have struggled in traditional learning environments, OTL offers an alternative approach through motivating media arts activities that bridge achievement gaps and improve educational outcomes.

The program extends its impact to the broader community through biannual media arts exhibitions where students showcase their work to peers, family, and community members. By sharing perspectives on mental health, environmental sustainability, homelessness, and other critical topics, youth spark intergenerational dialogue and inspire civic action. These exhibitions transform students into community voices, creating ripple effects that benefit everyone while empowering young people to shape conversations about issues that matter most to them.

---

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents.

OTL's most important collaboration for this program is with the San Diego County Office of Education (SDCOE), which provides oversight of Juvenile Court and Community Schools (JCCS), including NCTA.

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

Yes, we are so grateful to have received a SMCF mini-grant in 2024 for this same program. We provided transformational media arts integration programming to 60 youth at North County Technology Academy.

Please upload the annual operating budget for your organization.

Project Details

Briefly describe your request for funds. Pawsitive Teams, a nonprofit serving all of San Diego county, seeks to continue growing its Facility Dog program, from which Cal State University San Marcos will soon be benefiting. In late 2023, the Pawsitive Teams staff specifically addressed the need it was seeing for Facility Dogs in San Diego county as demonstrated by the number of applications it was receiving but could not fill. At that time, our Facility Dogs were pups in the service dog program that had great skills but could not be placed with a mobility limited individual. By following the model we have used for 28 years for our therapy dog program, we created the Facility Dog Academy for citizens with exceptionally well trained dogs who worked at an organization that welcomed the addition of a dog to its staff, helping its clients achieve their goals. One such attendee of the Facility Dog Academy is a professor at CSUSM and she will soon be bringing her dog to work, assisting the students of CSUSM who are having any number of troubles accomplishing their goals at the University. This request is for operations funding for this and our other programs.

---

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served. It is our understanding that Cal State University San Marcos has over 15,000 students. CSUSM represents the first time we have established a placement of one of our programs in San Marcos, although another Pawsitive Teams Facility Dog is placed with a San Marcos resident who works at Camp Pendleton. We know from the quarterly reports of our Facility Dog handlers that they regularly interact with dozens, hundreds, or thousands of individuals annually through their work at their organizations using their highly trained dogs. Facility Dogs go to work each day with their owner/handler who is a professional in their given field and who uses their dog to assist their clients in meeting their goals. The goals for each program are agreed to by the handler, the management of the organization, and by Pawsitive Teams. We expect to touch at least 2,500 additional citizens at CSUSM. We seek operations funding for our programs so we are able to support the 100 volunteers who carry out our mission of enhancing the lives of individuals who live in San Diego county by using the skills of highly trained service, facility, and therapy dogs.

---

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents. Pawsitive Teams carries out its mission through the work of its volunteers and collaborates with the organizations that have applied to us for either our therapy dog or facility dog programs.

---

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

We have not applied for or received funding from the San Marcos Community Foundation in the past.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

The mission of Pawsitive Teams is to enhance the lives of individuals with special needs living in San Diego County by using the skills of highly trained service, facility, and therapy dogs. We accomplish this with a very small part-time paid team and the talent, time, and compassion of 100 volunteers who, in 2024, contributed over 11,000 service hours. In 2024, we estimate we touched over 6,200 citizens through our three programs. Our three dog programs can be considered in the following way in terms of service to San Diego: (1) One to one: one service dog is trained to and assists one individual. (2) One to many: one facility dog is trained to work specifically in a single workplace and with its professional owner/handler assists many individuals to accomplish their goals. (3) Many to many: many therapy dogs bring therapeutic support and comfort to individuals and groups in many locations.

Each year, our all volunteer Board reviews the work accomplished over the last year, and updates our strategic plan which is a three-year rolling plan in existence for close to two decades. Its three major Goals are: (I) Assure the Long-term Financial Viability of Pawsitive Teams; (II) Assure Program and Services Leadership, Quality and Development; and (III) Administratively Assure the Efficient and Monetarily Sound Operation of Pawsitive Teams. Following the COVID pandemic, we focused on Goal II and rebuilt our basic management structure as well as our therapy dog program after having lost almost half of our volunteers. The reorganization of our leadership team was achieved in late 2023. Since then, we now have 60 active therapy dog volunteers who carry out therapy dog programs at 11 sites across the county, including schools, the court system, and with active duty military at Naval Hospital San Diego. In addition, some 40 individuals volunteer in the Service and Facility Dog programs, and in our general operations.

It was clear to us in late 2023 that we were not well known for our Facility Dogs, an artifact of that program having previously been a subset of the Service dog program. The Facility Dog program was elevated to be freestanding alongside the Service Dog and Therapy Dog programs, another achievement following the reorganization. In early 2024, a team including former facility dog handlers, service dog trainers, and therapy dog

volunteers created the Facility Dog Academy allowing owner-trained teams the ability to become certified. Previously, our Facility Dogs were only career changers from our Service Dog program (usually due to being unable to place a well trained dog with a mobility limited individual due to medical issues and the like). From its first offering, the Academy has been very successful in providing both education and experience as well as testing and certification to those who would like to use their dog in their work. We now have 13 facilities where Pawsitive Teams' certified Facility Dogs go to work every day with their owners who are professionals in their field, assisting clients in meeting their goals. We are seeking funding to expand that program, step by step, thereby expanding Pawsitive Teams' reach across the county. Our facility dogs are currently placed with professionals at schools, Camp Pendleton, the VA Hospital, the Youth Transition Center (part of the County Department of Probation), the Vista courthouse, at a pediatric occupational therapy office, at two dental offices serving children and the disabled, and recently at Cal State San Marcos.

The years following COVID have proven to be difficult financially, and the current year is no different. This is reflected in the objectives and activities associated with Goals I and III, which have changed the most in the last five years. Achievements included funding our Endowment to achieve a goal of \$500,000, which occurred in 2023; interest earnings from the Endowment fund (which in 2024 showed funds over \$600,000) are now used to help with salary expenses each year which was its original purpose. We have also achieved goals of fully utilizing our Salesforce CRM system by, among other things, implementing the Volunteer Management module to make it easy for volunteers to input their time and activities each month and easier for us to tell our story through data. As individual donations declined (like all nonprofits the past several years), we began applying for small to mid-size grants and in 2024 we were able to balance our giving sources more evenly so as not to be as dependent on individuals. We were very excited to have received the NBC Universal Local Image Grant in 2024. We also were blessed with two very large gifts in 2023, one an estate gift and the other from a philanthropic service organization. These funds will not last forever, but have greatly assisted us in rebuilding our five restricted funds. This includes that used for our Training Center's maintenance; our Center needed an entirely new roof and a new HVAC system within six months of each other! We also use the funds to help cover operations such as salaries and unplanned expenses, and we began managing all our accounts including Operating to allow us to obtain interest on the funds. There are costs that are not apparent when operating a nonprofit such as ours, including the insurance we provide to the certified dogs in our programs when they are working, and we are mindful about ensuring that our expenses are in line with activities to fulfill our mission and to support our volunteers and their dogs.

These achievements aside, we are still working hard on a number of other goals, including trying to obtain new donors, embarking on our first ever "company" matching sponsor program, and developing marketing materials for small to midsize businesses. We simply cannot afford to hire a P.R. firm so we will be moving forward on our own to create momentum, step by step.

Three Pawsitive Teams trained service dogs were placed in 2024; one Pawsitive Teams trained Facility dog was placed in 2024; and five owner-trained Facility Dog Academy graduates were placed in 2024. In addition, the therapy dog program welcomed nine new certified therapy dog teams to our program. We now have 13 sites across the county with active Facility Dogs and 11 sites with active therapy dog programs.

To whom it may concern:

In the state of CA, only charitable corporations with gross revenues of \$2 million or more must prepare annual financial statements audited by an independent certified public accountant (CPA). Because Pawsitive Teams has gross revenues well below this threshold and the cost for an audit is high, we do not have our financial statements audited.

Subj: PAWSITIVE TEAMS' CONTRIBUTIONS

1. My name is LCDR Sierra. I am the Department Head of Military Patient Personnel Administration under the Directorate for Warrior Transition. My department administratively oversees a total of 170 personnel in support of 88 Navy Sailors on a medical status and processes medical boards across the Southwest Region. Due to our success with managing such a high risk population, other Navy shore commands and operational commands often send us their most complicated Sailors. On 27FEB2024, one of my Sailors completed suicide. I returned one day earlier from caregiver leave to find my Staff and teammates in an emotional disarray. This is where I serendipitously met Pawsitive Teams. Carol and her team immediately came to the Staffs' and Sailors' aid while I was coordinating the standard Navy responses to a suicide. Pawsitive Teams walked our hallways with their therapy dogs and were emotionally present for Sailors experiencing grief from a fallen shipmate. They also joined us during my Sailor's memorial, which was the second hardest moment in my Naval Career.
2. Towards the end of the memorial, Pawsitive Teams informed me of the Canine Inspired Community Reintegration (CICR) program. Based on my experience as a Clinical Psychologist, I knew this would help the Sailors find a renewed sense of purpose, socialize, and learn to trust others. The program launched towards the beginning of summer and during our human factors board, which is a meeting to discuss high risk sailors and what command can do to better support them, I was informed by my Division Officer and Leading Petty Officer that CICR was improving morale, increasing adherence to military standards, and most importantly, decreasing intermittent suicidal ideation.
3. I have two powerful examples of the effect of CICR on Sailors with invisible wounds. One of my sailors, who recurrently experienced seizure like events in response to increased anxiety, stopped experiencing events after attending two CICR cohorts. Another Sailor, who faced a significant traumatic event and could only speak Mandarin due to her desire to avoid communication with others, started communicating in English. These are only a few examples of the power of dogs on Sailors who often feel alienated and lost from the rest of society.
4. The Sailors and I are grateful for the existence of the Pawsitive Teams. Without Pawsitive Teams, I know my Department would not have healed and this would have impacted our mission of serving service members with medical conditions. The Sailors and Marines significantly benefit from this program, especially those who do not respond to conventional forms of mental health treatment.
5. Should you have any further questions, you can reach me at [linett.a.sierra.mil@health.mil](mailto:linett.a.sierra.mil@health.mil).

The effects of our Pawsitive Teams' **Facility Dogs** who work with children every day are legendary. After their initial training of 18 to 24 months, each dog with its handler must also learn specific skills required by the workplace in which they are placed. Examples include:

- Ollie works with the Victim's Advocate at the Vista **courthouse**. Ollie will lay in the witness stand when children are fearful because they have to testify in court. Ollie must be unseen by the jury and his owner must sit in the audience. Ollie also plays with kids to help calm them before having to go into court or meet with a lawyer or Advocate.
- Duchess, a yellow lab who is the niece of a Pawsitive Teams service dog, works **at Helix High School**, a very large campus. The therapists that come on campus told her Handler that their job has been so much easier since Duchess joined the team because the children appear to talk more freely while petting her.
- Charlie is a Labrador retriever, trained by his dad who is the School Psychologist **at Scripps Ranch High**, another large high school in San Diego. The Psychologist was having trouble getting a student to talk. He decided to bring the student out for a walk, and they took Charlie up to the field to play fetch. Quite readily, the student started to talk....and talked and talked and talked, while playing with Charlie.
- Sandy is a Golden Retriever, working with a **pediatric occupational therapist**. After a traumatic event, one of his young clients had basically stopped walking. When Sandy joined the organization, they started having him join in this young boy's OT sessions. One day while visiting, our Program Manager witnessed the young boy race Sandy down the hallway - without the use of any devices!
- The following is an email from Dr. Laura Alles about her facility dog Copper, directly quoted:

My name is Laura Alles and I am the School Psychologist for University City High School, a comprehensive, high achieving, fast paced school with many assets and quirks in the best possible way. My dog Copper is a 2-year-old goldendoodle who graduated from Pawsitive Team's Facility Dog Program and began working at UCHS in January of this academic school year. The training he and I went through at Pawsitive Teams was extensive and invaluable. He is an unexpected and enchanting asset on this campus. The difference he has made in only a few months with students is astounding.

Copper works two days a week and is on call for additional appointments. The area in which he is the most valuable is supporting students through difficult conversations. As the school psychologist I participate in a lot of IEP meetings for students with disabilities. At the high school level the students is expected to attend their meeting and often run it as well. There is typically resistance and a lot of pre coaching work that is done for the student to be able to meaningfully participate. Copper is a great assistance with reducing anxiety and allowing the students to be focused and remain calm resulting in an increase cooperation and learning from the student. Copper has done so well in this environment that he has been requested to be a part of our Restorative Justice Department on campus in which he participates in restorative circles which are designed to mend and improve relationships that have been harmed. These circles are often incredible anxiety producing for the students but when done effectively have powerful results. Copper is able to sit in the circle and acts as a calming agent for students who are doing the work outside of their comfort zone. He knows who needs support and always sits next to the student and puts his head near for petting or lays on their feet which creates a grounding effect for the student. Lastly, Copper enjoys working with our Extensive Needs Students. For many students he is their reward for hard work and in working with our Physical Therapist and Occupational Therapist he is the reinforcement for engagement. For example students needing to move a certain way are asked to brush him or throw a ball for him, the options are endless.

I never expected so many opportunities for growth coming from adding a facility dog on campus. He has opened up relationships with students that may not have otherwise come in for support just under the guise of "can I pet your dog?". The impact Copper has had on the students and staff is immeasurable. Pawsitive teams has made this all happen.

The effects of our Pawsitive Teams' **Therapy Dog** programs are also legendary. A few of our partners have provided the following comments:

**From The Winston School:** Pawsitive Teams has made such a meaningful impact on the well-being of our students at The Winston School. The volunteers bring a compassionate and warm energy to our campus, which our students sincerely appreciate. Our students delight in the companionship of the service pets and the kindness of the volunteers. Through this program, our students acquire essential skills of communication, teamwork, and trust. Pawsitive Teams fosters self-advocacy and independence among our students, providing tailored, inclusive opportunities for learning and personal growth. Pawsitive Teams' volunteers have made a profound impact on the lives of our students, and we are grateful to be a part of such an exceptional program. Manny Ocaña, M.A., Student Affairs Coordinator and Facilities Coordinator

**From YTC:** The Youth at the San Diego County Probation Department Youth Transition Campus (YTC) have experienced multi-layered trauma as a result having been exposed to high stress community environments. YTC follows the Youth in Custody Practice Model and incorporates trauma informed and rehabilitative services and programming into the milieu. YTC aims at providing programming that is innovative, trauma informed, and focuses on whole person wellness. The Pawsitive Teams Dog Therapy Program has offered a therapeutic and healing opportunity for our youth through a structured 6-week curriculum. The Pawsitive Teams volunteers come with a non-judgmental approach, compassion, and an empathetic approach to healing. This in turn has allowed the youth to learn to trust, build health communication patterns, and increase self-esteem and confidence. The youth at YTC have reported that they "love" the program and having the opportunity to work with their own dog team is awesome. YTC is appreciative and grateful to have the amazing opportunity to be able to implement such an amazing and innovative program. Thank you Pawsitive Teams! Ariceli Ramos, LSW, Behavioral Health Manager, Youth Transitions Campus

**From Rock Springs elementary:** ... we were able to begin our first six-week Pawsitive Teams session in February of 2023. ... I monitored the students in the areas of attendance, classroom discipline referrals, as well as response to weekly school-based counseling. The most immediate impact was the student's attendance on days they were scheduled to work with Pawsitive Teams. We can also correlate an increase in overall daily attendance beyond the completion of their 6-week session. We attribute this to a few factors including our second largest finding, a sense of connectedness and reported increase in self-confidence.

Most of the students who participated in the program had a high rate of behavioral referrals. Many referrals were for class disruption and attention-seeking behaviors. Following participation in the program, each student showed a significant decrease in referrals, and an increase in class participation. Teachers reported these students demonstrated a stronger ability to acknowledge their negative behaviors. During school-based counseling sessions, students were able to better identify how their negative behaviors affected others. This in turn also enabled the school social worker to address the cause, or trauma, that was the source of the negative attention seeking. I personally am grateful that we are able to offer this unique resource to some of our most vulnerable students and will continue to support the efforts of the Pawsitive Teams organization. ### Project Details

Briefly describe your request for funds. Our program will provide a safe and nurturing environment for local at-risk youth, who may otherwise join violent gangs in the area. Our Scoutreach program will serve 75 youth ages 5-10 and their parents by providing them a program that takes place in their own community in partnership with the existing San Diego Sheriff's *Rise Above* program. Scoutreach reflects the diversity of San Marcos' urban and rural neighborhoods and uses that strength to enhance positive experiences by offering youth and their families the opportunity to participate together in a program that keeps their children off the streets. Registration will open upon the start of the *RiseAbove* program to ensure the right families are able to participate. Staff will use the successful and fun Scouting America curriculum for Cub Scouts, which is grade level specific. Sessions will be designed to align with the *RiseAbove* program. Scoutreach will include topics such as the importance of community, family, life skills, and staying physically fit. There will also be guest speakers who will cover important topics (Police, Fire, and other professionals). We are requesting \$5,000 from the San Marcos Community Foundation, with the additional funding coming from other sources.

---

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served. Starting a Scoutreach program in San Marcos will be a significant step that allows youth to participate in engaging educational activities that prepare them with life skills while keeping them off the streets. We promote responsible citizenship, strong character, and personal fitness. The youth will grow up to be better citizens in their communities. We believe that our program will greatly impact the community of San Marcos and its youth. We plan on serving 75 youth who live in and around San Marcos. Our Scoutreach program will provide positive benefits that will last a lifetime and will instill positive values for generations to come. There are countless stories from adults whose lives have been turned around by their early experiences as Scouts. Experiences that built self-confidence, life skills, leadership, community service, resourcefulness as well as valuable friendships and association with positive adult role-models. We believe that Scoutreach will be a vital adjunct to the Sheriff's *RiseAbove* program in that it reinforces the same values and goals and fills the gaps between their sessions so that the desired behavioral outcomes are more likely to be achieved.

---

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents. We plan to partner with the San Diego Sheriff's *RiseAbove* anti-gang program. It provides positive instruction for 7-12 years olds in a series of eight sessions, at the Boys & Girls Club in San Marcos.

---

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

Yes, in 2024 we received \$1000 for our Day Camp program in San Marcos. The funds were used to purchase Day Camp supplies that enhanced the program and to reduce the cost for San Marcos families.

---

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

The mission of Scouting America is to prepare young people to make ethical choices over their lifetime by instilling in them the values of the Scout Oath and Law. Scouting has long been integral to our region, partnering with churches, schools, businesses, and civic organizations to promote responsible citizenship, strong character, and personal fitness to meet future challenges. Our council's vision is to be recognized as the premier youth organization within our communities. We will make outstanding, exciting, and innovative programs available to all young people. Program results will have dramatic, positive effects on the youth, adult leaders, and families we serve, building strong communities with more caring citizens. We achieve this by working with families and community organizations in each of the many communities throughout San Diego and Imperial Counties. In this way, the program can be adapted to meet the unique needs of those in particular neighborhoods, like San Marcos.

We are proposing a synergistic partnership with the San Diego Sheriff's *Rise Above* program, where we augment their sessions with additional instruction and activities from our proven, age-appropriate programs. This augmentation is expected to reinforce the current *Rise Above* lessons and to produce even more enduring outcomes. We will deliver this instruction with trained staff using the Scouting curriculum that has proven successful over many years, but we will not require the youth to join a traditional Scouting unit.

The *Rise Above* program aims to encourage positive peer relations, develop life skills in collaboration with local businesses and civic organizations, participate in community service, provide mentors and role models, and teach conflict resolution, leadership, and career planning. These goals align perfectly with those of Scouting and with the instruction and activities of our programs.

The effectiveness of our program will be measured via (a) the number of participants in our Scoutreach to show the coverage of the program, (b) the topics covered during our sessions to illustrate the positive experiences provided, (c) feedback from the youth and their parents about the program and the activities, and (d) feedback from the *Rise Above* staff to demonstrate the benefits of this partnership.

### INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of  
**San Diego-Imperial Council, Boy Scouts of America**

#### **Opinion**

We have audited the accompanying financial statements of San Diego-Imperial Council, Boy Scouts of America (a nonprofit organization), which comprise the statement of financial position as of December 31, 2022, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of San Diego-Imperial Council, Boy Scouts of America as of December 31, 2022, and the changes in net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of San Diego-Imperial Council, Boy Scouts of America and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about San Diego-Imperial Council, Boy Scouts of America's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of San Diego-Imperial Council, Boy Scouts of America's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about San Diego-Imperial Council, Boy Scouts of America's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### **Report on Summarized Comparative Information**

We have previously audited San Diego-Imperial Council, Boy Scouts of America's 2021 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated February 11, 2023. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2021, is consistent, in all material respects, with the audited financial statements from which it has been derived.

## San Diego-Imperial Council, Boy Scouts of America

Notes to Financial Statements

December 31, 2022

### Note 1. Organization and Nature of Activities

The San Diego-Imperial Council, Boy Scouts of America (the Council), operates in California, including the counties of San Diego and Imperial. The Council's website address is [www.sdicsa.org](http://www.sdicsa.org). The Council has four camping facilities located within its service area. The Council also maintains control of a trust fund with a corporate trustee, which was established for the benefit of the Council. The Council is an independent not-for-profit organization devoted to promoting, within the territory covered by the charter from time to time granted it by the Boy Scouts of America and in accordance with the Congressional Charter, Bylaws, and Rules and Regulations of the Boy Scouts of America, the Scouting programs of promoting the ability of boys and girls, and young men and women to do things for themselves and others, training them in Scoutcraft, and teaching them patriotism, courage, self-reliance, and kindred virtues, using the methods which are now in common use by the Boy Scouts of America. In addition to support for organizational and programmatic Scouting activities, the National Council of the Boy Scouts of America (the "National Council") provides components of the Council's employee benefit plans and liability insurance as well as components of the Council's technology, software, and other items. The Council delivered Scouting to 6,507 youth members in 2022. Scouting programs include the following:

The Council's programs are classified as follows:

Lion Scouts - A fun introduction to the Scouting program for kindergarten-age youth eager to get going! Lions do adventures with their adult partners and other Lions every month. This program introduces youth and their families to Scouting and the outdoors as it builds a foundation of character. A Lion den is part of the Cub Scout pack.

Tiger Scouts - One-year, family-oriented program for a group of teams, each consisting of a first-grade (or 7-year-old) boy or girl and an adult partner (usually a parent). A Tiger den is part of the Cub Scout pack.

Cub Scouting - Family- and community-centered approach to learning citizenship, compassion, and courage through service projects, ceremonies, games, and other activities promoting character development and physical fitness.

Scouts BSA - Scouts BSA is a year-round program for youth 11-17 years old that provides fun, adventure, learning, challenge, and responsibility to help them become the best version of themselves.

Venturing Provides experiences to help young men and women, ages 14 - or 13 with completion of the eighth grade-through 20, become mature, responsible, caring adults. Young people learn leadership skills and participate in challenging outdoor activities, including having access to Boy Scout camping properties, a recognition program, and Youth Protection training.

Sea Scouts - For over 100 years Sea Scouting has promoted better citizenship and improved members' boating skills through instruction and practice in water safety, boating skills, outdoor, social, service experiences, and knowledge of our maritime heritage.

Learning for Life - Program that enables young people to become responsible individuals by teaching positive character traits, career development, leadership, and life skills so they can make ethical choices and achieve their full potential.

**Note 1. Organization and Nature of Activities (continued)**

Families can choose to sign up their sons and daughters who are ages 5-10 for Cub Scouts. Chartered organizations may choose to establish a new girl pack, establish a pack that consists of girl dens and boy dens or remain an all-boy pack. Cub Scout dens will be single gender - all boys or all girls. In February 2019, using the same curriculum as the former "Boy Scout" program, Scouts BSA launched its new program enabling all eligible youth ages 11-17 to earn the Eagle Scout rank. This unique approach allows the organization to maintain the integrity of the single-gender model while also meeting the needs of today's families.

**Note 2. Summary of Significant Accounting Policies**

**Fund Accounting**

To ensure observance of limitations and restrictions placed on the use of available resources, the accounts of the Organization are maintained in accordance with the principles of fund accounting. Under such principles, resources for various purposes are classified for accounting and reporting purposes into funds that are in accordance with specified activities or objectives. The accounts of the Council are maintained in three self-balancing fund groups according to their nature and purposes as follows:

General Operating Fund – The general operating fund is used to account for the Council's operating activities.

Capital Fund – The capital fund is used to account for property, buildings, equipment, and legally restricted cash that is to be expended for property, buildings, and equipment and related debt payments. Also, included in this fund are investments either restricted or designated for capital repair and improvements where the income is either designated or restricted for those particular items. Revenues and expenses related to the capital fundraising campaign are also included in this fund.

Endowment Fund – The endowment fund is normally used to account for amounts of gifts and bequests accepted with legal restrictions based on donor stipulation that the principal be maintained intact in perpetuity, until the occurrence of a specified event or for a specified period, and that only income from the investment thereof be expended either for general purposes or for purposes specified by the donor. Investment funds with and without donor restrictions are also included in the endowment fund.

Certain donor-restricted net assets have been restricted by donors to be maintained by the Council in perpetuity.

**Basis of Presentation**

The financial statements are presented in accordance with Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 958-205, Not-for-Profit Entities, Presentation of Financial Statements. During 2018, the Council adopted the provisions of Accounting Standards Update ("ASU") 2016-14: Not-for-Profit-Entities (Topic 958) Presentation of Financial Statements of Not-for-Profit Entities, which improves the current net asset classification and the related information presented in the financial statements and notes about the Council's liquidity, financial performance, and cash flows.

**San Diego-Imperial Council, Boy Scouts of America**  
Notes to Financial Statements  
December 31, 2022

**Note 2. Summary of Significant Accounting Policies, (continued)**

**Prior Year Summarized Comparative Information**

The financial statements and certain notes include certain prior year summarized comparative information in total, but not by fund balance. Such information does not always include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America (“U.S. GAAP”). Accordingly, such information should be read in conjunction with the Council’s financial statements as of and for the year ended December 31, 2021, from which the summarized comparative information was derived.

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

The Council considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.

**Restricted Cash**

At December 31, 2022 and 2021, restricted cash consists of cash received from donor contributions restricted for capital projects. The funds are placed into a separate bank account and as payments are made for the capital projects, operating funds are reimbursed through restricted cash. Fund 2 restricted cash totaled \$456,110 and \$1,450,000, respectively, for the years ended December 31, 2022, and 2021.

**Concentration of Credit Risk**

The Council maintains its cash and cash equivalents in financial institution accounts, which may, at times, exceed the federally insured limit of \$250,000 set by the Federal Deposit Insurance Corporation. The Council has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash held in such institutions.

**Accounts Receivable**

Accounts receivable are recorded primarily for product sales and are reported at net realizable value if the amounts are due within one year. An allowance for doubtful accounts is based on an analysis of expected collection rates determined from experience. No allowance for doubtful accounts was considered necessary as of December 31, 2022, and 2021.

**Interfund Loans**

The Council records interfund loans on a single line in the asset section of the statement of financial position, and classifies them as current or long-term based on the intended repayment date of the loan. The total of all three interfund loan accounts must be zero in the totals column of the statement of financial position.

**Inventories**

Inventories, which consist primarily of Scouting supplies, are stated at the lower of average cost or net realizable value.

**San Diego-Imperial Council, Boy Scouts of America**  
Notes to Financial Statements  
December 31, 2022

**Note 2. Summary of Significant Accounting Policies, (continued)**

**Land, Buildings, Equipment, Construction in Process and Related Depreciation**

Purchased property and equipment are stated at cost. Maintenance and repairs are charged to operations when incurred. Betterments and renewals of \$2,000 or more are capitalized. When property and equipment is sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved, and any gain or loss is included in the change in net assets.

Depreciation of property and equipment and amortization of leasehold improvements are computed using the straight-line method based on the shorter of the estimated useful lives or lease terms of the assets as follows:

<u>Assets</u>	<u>Estimated Useful Lives</u>
Land improvements	25 – 40 years
Buildings and leasehold improvements	25 – 40 years
Furniture, fixtures and equipment	5 – 10 years

Donations of property and equipment are recorded as contributions at the date of donation. Such donations are reported as increases in net assets without donor restrictions unless the donor has restricted the donated asset to a specific purpose based on its fair value. Assets donated with explicit restrictions regarding their use, absent donor stipulations regarding how long those donated assets must be maintained, are recorded as net assets with donor restrictions. The Council reports expirations of donor restrictions when the donated or acquired assets are placed into service as instructed by the donor. The Council reclassifies net assets with donor restrictions that are temporary in nature to net assets without donor restrictions at that time.

**Long-lived Assets**

Long-lived assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the fair value of the assets. Assets to be disposed of are reported at the lower of the carrying amount or fair value less costs to sell. No impairment charges were recorded during the years ended December 31, 2022, and 2021.

**Investments**

Investments with readily determinable fair values are measured at fair value in the statement of financial position. The fair value of investments in the BSA Commingled Fund have been calculated using the net asset value (NAV) of the Council's ownership in the partners' capital. Interest, dividends, realized and unrealized gains and losses on investments, net of fees, are recorded as investment return in the statement of activities and changes in net assets. Realized gains and losses are determined on a specific identification basis. Realized and unrealized gains and losses, interest, and dividends on investments are recorded as net assets without donor restriction unless such amounts are restricted by the donor or by law. Investments received as gifts are recorded at the estimated fair value at the date of the gift. Investments are classified based on their original maturities. Investments with original maturities of less than 12 months are classified as short-term investments.

**Note 2. Summary of Significant Accounting Policies, (continued)**

**Revenue Recognition**

Revenue Recognition Revenue from Exchange Transactions: The Council recognizes revenue in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. The Council records the following exchange transaction revenue in its statement of activities and changes in net assets for the years ending December 31, 2022, and 2021:

Trading Post sales - The Council operates Trading Posts at its summer camps, which sell Scouting-related merchandise on a retail basis to customers. The performance obligation is the delivery of the good to the customer. The transaction price is established by the Council based on retail prices suggested by the suppliers. As each item is individually priced, no allocation of the transaction price is necessary. The Council recognizes revenue as the customer pays and takes possession of the merchandise. Some merchandise is sold with a right of return. If probable customer returns exist at the end of an accounting period, the Council estimates and records in its financial statements a liability for such returns, which offsets revenue. No liability for probable customer returns was considered necessary as of December 31, 2022, and 2021.

Product sales - To help Scout packs and troops raise the money they need to fund programs and activities throughout the year, the Council participates in the Trail's End Popcorn program. Scout packs and troops purchase popcorn from the Council, which they then resell to customers. The Scout packs and troops earn a commission of 35% on each sale they make, which may be used to offset the price of the popcorn they purchase from the Council. The popcorn sale also helps the Council raise money in support of its programs. Popcorn sales to Scout units start in the fall of each year, with the units placing their orders online through the Trail's End website. The price the Scout unit pays for the popcorn is established by the Council, and each item is individually priced, so no allocation of the transaction price is required. Many BSA units are allowed to purchase popcorn "on account" with payment due at a later date. Per FASB ASU 2014-09, the Council is required to assess the probability of collecting these accounts receivable in order to determine whether there is a substantive transaction between the council and the unit. In making this collectability assessment, the Council exercises judgment and considers all facts and circumstances, including its knowledge of the customer. The Council uses the Trail's End website to track and manage unit accounts receivable. With popcorn sales, the performance obligation is delivery of the product, which is fulfilled by the Council at predetermined times and locations. Revenue recognition occurs when the product has been delivered.

The Council presents separately in its statements of activities and changes in net assets gross revenues from popcorn sales, cost of goods sold, and unit commissions (retained by or paid to the unit). Scout units have the right to return to the Council any unsold product, subject to a return-by date of October 31, 2023. As of December 31, 2022, and 2021, no probable popcorn returns existed. Accordingly, no liability for probable customer returns was considered necessary.

**Note 2. Summary of Significant Accounting Policies, (continued)**

Camping and Activity revenue - The Council conducts program-related experiences such as Day Camps, Day Hikes, Weekend Overnights, Camporees, and Summer Camps where the performance obligation is delivery of the program. Fees for camps and activities are set by the Council. For resident camps, fees include program supplies, meals, lodging, recognition items, staffing, and facility costs. As is customary, these items are not separately priced and are therefore considered to be one performance obligation. Activities such as the National Scout Jamboree may include a transportation component in the transaction price. Some special camp programs do incur additional fees (shooting sports, for example), which are separately priced. BSA activities such as Wood Badge may involve program supplies, recognition items, and meals, and are also considered to be one performance obligation. Fees collected in advance of delivery of the camp or activity are initially recognized as liabilities (deferred revenue) and are only recognized in the statements of activities after delivery of the program has occurred.

Special fundraising event revenue: The Council conducts special events in which a portion of the gross proceeds paid by the participant represents payment for the direct cost of the benefits received by the participant at the event—the exchange component, and a portion represents a contribution to the Council. Unless a verifiable objective means exists to demonstrate otherwise, the fair value of meals and entertainment provided at special events is measured at the actual cost to the Council. The contribution component is the excess of the gross proceeds over the fair value of the direct donor benefit. The direct costs of the special events, which ultimately benefit the donor rather than the Council, are recorded as costs of direct donor benefits in the statement of activities and changes in net assets. The performance obligation is delivery of the event, which is usually accompanied by a presentation. The event fee is set by the Council. FASB ASU 2014-09 requires allocation of the transaction price to the performance obligation(s). Accordingly, the Council separately presents in its statement of activities and changes in net assets or notes to financial statements] the exchange and contribution components of the gross proceeds from special events. Special event fees collected by the Council in advance of its delivery are initially recognized as liabilities (deferred revenue) and recognized as special event revenue after delivery of the event. For special event fees received before year-end for an event to occur after year-end, the Council follows AICPA guidance where the inherent contribution is conditioned on the event taking place and is therefore treated as a refundable advance along with the exchange component.

Other Revenue: Other revenue consists primarily of rent revenue and is recognized on a monthly basis as earned.

**Contributions Receivable**

Unconditional promises to give (pledges) that are to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are initially recorded at the fair value of their estimated future cash flows as of the date of the promise to give through the use of a present value discount technique. In periods subsequent to initial recognition, unconditional promises to give are reported at the amount management expects to collect and are discounted over the collection period using the same discount rate as determined at the time of initial recognition. The discount rate determined at the initial recognition of the unconditional promise to give is based upon management's assessment of many factors, including when the receivable is expected to be collected, the creditworthiness of the other parties, the Council's past collection experience and its policies concerning the enforcement of promises to give, expectations about possible variations in the amount or timing, or both, of the cash flows, and other factors concerning the receivables collectability. Amortization of the discounts is included in support from contributions. Conditional promises to give are recognized when the conditions on which they depend are substantially met. An allowance for uncollectible pledges is recorded when the Council determines, based on historical experience and collection efforts, that a contribution receivable (carried over from a prior year) is uncollectible. As of December 31, 2022, and 2021, contributions receivable was approximately \$149,000 and \$65,000.

**Donated Materials and Services**

Donated land, buildings, equipment, investments, and other noncash donations are recorded as contributions at their fair market value at their date of donation. The Council reports the donations in the net assets without donor restrictions category, unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets must be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported in the net assets with donor restrictions category. Per FASB ASU 2016-14 and absent explicit donor stipulations about how long those long-lived assets must be maintained, the Council reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

Donated services are recognized as contributions if the services (a) create or enhance nonfinancial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Council. Some members of the Council have donated significant amounts of time to the Council in furthering its programs and objectives. However, no amounts have been included in the financial statements for donated member or volunteer services since they did not meet the criteria for recognition.

**Functional Expenses**

The costs of providing the Scouting program and supporting services have been summarized on the statement of activities and changes in net assets on a functional basis. Most expenses can be directly attributed to the program or supporting functions. Certain categories of expenses are attributed to more than one program or supporting function. Therefore, these expenses require allocation on a reasonable basis that is consistently applied. The expenses in this category include occupancy, depreciation, office expenses, insurance, salaries and wages of support personnel, including the Scout executive's, accounting, information technology personnel, and payroll taxes. The basis of allocation of these expenses is the result of a time study of staff performed every three years. The percentage of time allocated to each of the programs and the supporting functions is based on the average of the results of three separate studies and is applied to the expenses that are allocated. In accordance with the policy of the National Council of the Boy Scouts of America (the "National Council"), the payment of the charter fee to the National Council is not allocated as a functional expense. The financial statements report expenses by function in the Statement of Functional Expenses.

**Advertising Costs**

Advertising costs are expensed when incurred.

**Custodial Accounts**

Custodial accounts represent amounts held by the Council as custodian for a trust for which they are trustee, registration fees for member units, amounts on deposit for affiliated Scouting associations for their future use, and amounts on deposit by member units for purchases of uniforms and supplies. From time to time, transactions occur wherein certain funds deposited in the Custodial Accounts are properly funds of the Council. In such instances, after account reconciliation, those funds are transferred to the Council's operating account.

**Income Taxes**

The Council is a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes. The Council is subject to federal income tax on any unrelated business taxable income. The Council evaluates its uncertain tax positions, if any, on a continual basis through review of its policies and procedures, review of its regular tax filings, and discussions with outside experts. No uncertain tax positions were identified by the Council as of December 31, 2022, and 2021.

The Council's policy is to classify income tax penalties and interest as interest expense in its financial statements. During the years ended December 31, 2022 and 2021, respectively, the Council incurred no penalties and interest. The Council's Federal Return of Organizations Exempt from Income Tax (Forms 990) for 2020, 2021 and 2022 are subject to examination by the IRS, generally for the three years after they were filed. The Council's CA Exempt Organization Annual Information Returns (Forms 199 and RRF-1) for 2019, 2020, 2021, and 2022 are subject to examination by CA, generally for the four years after they were filed. As of the date of this report, the Council's 2022 returns were previously filed.

**Fair Value Measurement**

The FASB established a framework for measuring fair value and disclosing fair value measurements to financial statement users. Fair value is the price that would be received to sell an asset or paid to transfer a liability (referred to as the “exit price”) in an orderly transaction between market participants in the principal market, or if none exists, the most advantageous market, for specific assets or liabilities at the measurement dates. The fair value should be based on assumptions that market participants would use, including consideration of nonperformance risk.

In determining fair value, the Council uses various valuation approaches. The FASB established a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Council. Unobservable inputs are inputs that reflect the Council’s assumptions about assumptions market participants would use in pricing the assets or liabilities developed based on the best information available in the circumstances.

The hierarchy is broken down into three levels based on the observability of inputs as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets to which the Council has access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in inactive markets; inputs other than quoted market prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The availability of observable inputs can vary and is affected by a wide variety of factors, including, for example, the type of asset or liability, the liquidity of markets and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised by the Council in determining fair value is greatest for instruments categorized in Level 3.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

**San Diego-Imperial Council, Boy Scouts of America**  
Notes to Financial Statements  
December 31, 2022

**Note 2. Summary of Significant Accounting Policies, (continued)**

Fair value is a market-based measure considered from the perspective of a market participant rather than an organization-specific measure. Therefore, even when market assumptions are not readily available, the Council's own assumptions are set to reflect those that the Council believes market participants would use in pricing the asset or liability at the measurement date.

**Recently Issued Accounting Standards**

In 2019, the Council adopted the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers (Topic 606), as amended. ASU 2014-09 applies to exchange transactions with customers that are bound by contracts or similar arrangements and establishes a performance obligation approach to revenue recognition. Results for reporting the years ending December 31, 2022 and 2021 are presented under FASB ASC Topic 606. The ASU has been applied retrospectively to all periods presented, with no effect on net assets or previously issued financial statements.

During 2021, the Council adopted the provisions of FASB ASU 2018-13, Fair Value Measurement (Topic 820) Disclosure Framework—Changes to the Disclosure Requirements for Fair Value Measurement. The amendments in this Update modify the disclosure requirements on fair value measurements in Topic 820, Fair Value Measurement. Adoption of this pronouncement had no effect on the Council's current or previously issued financial statements.

During 2022, the Council adopted Leases (Topic 842) Discount Rate for Lessees That Are Not Public Business Entities (ASU-2021-09)— Topic 842 currently provides lessees that are not public business entities with a practical expedient that allows them to elect, as an accounting policy, to use a risk-free rate as the discount rate for all leases. The amendments in this Update allow those lessees to make the risk-free rate election by class of underlying asset, rather than at the entity-wide level. An entity that makes the risk-free rate election is required to disclose which asset classes it has elected to apply a risk-free rate. The amendments require that when the rate implicit in the lease is readily determinable for any individual lease, the lessee use that rate (rather than a risk-free rate or an incremental borrowing rate), regardless of whether it has made the risk-free rate election. Entities, including local councils, that have not yet adopted Topic 842 as of November 11, 2021, are required to adopt the amendments in this Update at the same time that they adopt Topic 842.

During a prior year, the Council adopted Revenue from Contracts with Customers (Topic 606) and Leases (Topic 842), Effective Dates for Certain Entities (ASU 2021-05). In order to give immediate relief to certain entities as a result of the widespread, adverse economic effects caused by the COVID-19 pandemic, on June 3, 2021, the FASB issued ASU No. 2021-05, This Accounting Standards Update defers the effective dates of FASB ASC Topics 606 and 842 to fiscal years beginning after December 15, 2019 and December 15, 2020, respectively, for certain entities that had not issued their financial statements (or made them available for issuance) as of June 3, 2021. The Council adopted FASB ASC 606 with no effect on its net assets.

Notes to Financial Statements

**Note 2. Summary of Significant Accounting Policies, (continued)**

During 2021, the Council adopted Not-for-Profit Entities (Topic 958) Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets (ASU 2020-07)— Effective in 2022, the amendments in this Update apply to nonprofit organizations that receive contributed nonfinancial assets. Contribution revenue may be presented in the financial statements using different terms (for example, gifts, donations, grants, gifts-in-kind, donated services, or other terms). The amendments address presentation and disclosure of contributed nonfinancial assets. The term nonfinancial asset includes fixed assets (such as land, buildings, and equipment), use of fixed assets or utilities, materials and supplies, intangible assets, services, and unconditional promises of those assets.

During a prior year, the Council adopted Not-for-Profit Entities (Topic 958) Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made (ASU 2018-08). Effective in 2019, this accounting standard is meant to help not-for-profit entities evaluate whether transactions should be accounted for as contributions or as exchange transactions and, if the transaction is identified as a contribution, whether it is conditional or unconditional. ASU 2018-08 clarifies how an organization determines whether a resource provider is receiving commensurate value in return for a grant. If the resource provider does receive commensurate value from the grant recipient, the transaction is an exchange transaction and would follow the guidance under ASU 2014-09 (FASB ASC Topic 606). If no commensurate value is received by the grant maker, the transfer is a contribution. ASU 2018-08 stresses that the value received by the general public as a result of the grant is not considered to be commensurate value received by the provider of the grant. Adoption of this standard had no effect on the Council's net assets.

During a prior year, the Council adopted ASU 2016-18, Statement of Cash Flows (Topic 230). Effective in 2019 this ASU requires that a statement of cash flows explain the change during the period in the total cash, cash equivalents, and amounts generally described as restricted cash or restricted cash equivalents. Therefore, amounts generally described as restricted cash and restricted cash equivalents should be included with cash and cash equivalents when reconciling the beginning-of-period and end-of-period total amounts shown on the consolidated statement of cash flows. The amendments in the ASU do not provide a definition of restricted cash or restricted cash equivalents. The Council has applied the provisions of ASU 2016-18 to retrospectively to all periods presented with no effect on net assets or previously issued financial statements.

During a prior year, the Council adopted FASB ASU 2016-01, Financial Instruments – Overall Recognition and Measurement of Financial Assets and Financial Liabilities (Topic 825-10) allows an NFP to choose, on an investment-by-investment basis, to report an equity investment without a readily determinable fair value, that does not qualify for the practical expedient fair value in accordance with FASB ASC 820-10-35-59, at its cost minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issue. The FASB ASU requires additional disclosures about those investments. Adoption of this accounting pronouncement had no effect on the Council's financial statements.

**San Diego-Imperial Council, Boy Scouts of America**  
Notes to Financial Statements

**Note 2. Summary of Significant Accounting Policies, (continued)**

During 2022, the Council adopted FASB issued ASU No. 2016-02, Leases (Topic 842). This ASU requires that a lease liability and related right-of-use-asset representing the lessee's right to use or control the asset be recorded on the statement of financial position upon the commencement of all leases except for short-term leases. Leases will be classified as either finance leases or operating leases, which are substantially similar to the classification criteria for distinguishing between capital leases and operating in existing lease accounting guidance. As a result, the effect of leases in the consolidated statement of activities and changes in net assets and the statement of cash flows will be substantially unchanged from the existing lease accounting guidance. In 2021, the FASB delayed the effective date for nonpublic entities to fiscal years beginning after December 15, 2021.

In prior years, the Council adopted FASB issued ASU 2016-14, Not-for-Profit Entities (Topic 958): Presentation of Financial Statements for Not-for-Profit Entities, which changed the previous guidance for net asset classification, governing board designations, investment return, underwater endowment funds, expenses, liquidity, and presentation of operating cash flows. ASU 2016-14 reduced the required number of classes of net assets from three to two: net assets with donor restrictions and net assets without donor restrictions. ASU 2016-14 also requires not-for-profit entities to provide enhanced disclosures about the amounts and purposes of governing board designations and appropriations. ASU 2016-14 requires not-for-profits to report investment return net of external and direct internal investment expenses. The requirement to disclose those netted expenses was eliminated. ASU 2016-14 requires not-for-profit entities to disclose the aggregate fair value of underwater endowment funds as well as the aggregate original gift amounts to be maintained. ASU 2016-14 also requires an NFP to disclose its interpretation of the ability to spend from underwater endowment funds including its policy, and any actions taken during the period, concerning appropriation from underwater endowment funds. All underwater endowment funds are classified as part of net assets with donor restrictions rather than as a charge to unrestricted net assets as per the previous rules. In the absence of explicit donor restrictions, ASU 2016-14 requires not-for-profit entities to use the placed-in-service approach to account for capital gifts. The option to use the over-time approach has been eliminated. ASU 2016-14 requires expenses to be reported by nature in addition to function and include an analysis of expenses by both nature and function. The methods used by not-for-profit entities to allocate costs among program and support functions must be disclosed. ASU 2016-14 requires not-for-profit entities to provide both qualitative and quantitative information on management of liquid available resources and the ability to cover short-term cash needs within one year of the balance sheet date. For statements of cash flows, ASU 2016-14 eliminates the requirement to present or disclose the indirect method of reconciliation if the entity decides to use the direct method. ASU 2016-14 was effective for annual reporting periods beginning after December 15, 2017. The Council adopted the provisions of ASU 2016-14 in 2018.

**Note 3. Liquidity and Availability of Funds**

The Council's financial assets available for general expenditure, that is, without donor or other restrictions limiting their use, within one year of the statement of financial position date, are as follows:

**San Diego-Imperial Council, Boy Scouts of America**

Notes to Financial Statements

December 31, 2022

**Note 3. Liquidity and Availability of Funds, (continued)**

	2022	2021
Cash—Operating Fund	\$1,843,638	\$ 717,172
Contributions receivable—Operating Fund	149,687	65,000

<b>Total financial assets available to meet general expenditures within the next 12 months</b>	<b>\$2,048,988</b>	<b>\$ 946,103</b>

The Council’s endowment funds consist of donor-restricted endowments and a quasi-endowment. Income from donor-restricted endowments is restricted for specific purposes and, therefore, is not available for general expenditure. As described in Note 15, the quasi-endowment has a spending rate of 5 percent. The Board has not identified the appropriations from the quasi-endowment that will be available within the next 12 months as of December 31, 2022, and 2021, respectively.

As part of the Council’s liquidity management, it has a policy to structure its financial assets to be available as its general expenditures, liabilities, and other obligations come due. In addition, the Council invests cash in excess of daily requirements in short-term investments. To help manage unanticipated liquidity needs, the Council has a quasi-endowment of approximately \$329,000. Although the Council does not intend to spend from its quasi-endowment other than amounts appropriated for general expenditure as part of its annual budget approval and appropriation process, amounts from its quasi-endowment could be made available if necessary. However, both the quasi-endowment and donor-restricted endowments contain investments with lock-up provisions that would reduce the total investments that could be made available (see Note 15 for disclosures about investments).

**Note 4. Fund Balance Transfers**

Certain cash transfers between funds were made during the year to properly report all funds on a basis consistent with executive board designations and the Council’s accounting policies.

**Note 7. Investments, (continued)**

Investments, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with various investments, it is reasonably possible that changes in the values of certain investments will occur in the near term and that such changes could materially affect the amounts reported on the financial statements.

The following schedule summarizes the investment return in the Statement of Activities and Changes in Net Assets for the years ended December 31, 2022 and 2021:

	2022	2021
Interest	\$ 51,831	\$ 41,265
Net realized gains	29,543	93,617
Net unrealized gains (losses)	(377,313)	88,789
Trustee and other fees	(21,774)	(21,503)
<b>Total investment return, net</b>	<b>\$(317,713)</b>	<b>\$202,168</b>

The above investment return is classified in the 2022 and 2021 Statement of Activities and Changes in Net Assets as follows:

	2022	2021
Investment return recorded:		
Within net assets without donor restrictions	(317,713)	202,168
<b>Total investment return, net</b>	<b>\$(317,713)</b>	<b>\$ 202,168</b>

Income from interest and dividends on investments and realized and unrealized gains and losses on the sales of investments (“investment income, gains, and losses”) are recorded initially in the Endowment Fund. Distributions of investment income and net realized gains from the Endowment Fund are recorded as income by the Operating and Capital funds in the period in which the distributions are made in accordance with the Council’s spending policy (Note 17).

**Note 8. Assets Held and Liabilities Under Split-Interest Agreements**

***Charitable Trusts***

We act as trustee for an irrevocable trust. The trust is governed by a trust agreement, which generally provide for a future distribution of cash or other assets to us, in whole or in part upon the occurrence of a specific event, The trust assets are recorded at fair value, and a related liability for future payments to be made to the specified eight beneficiaries is recorded at fair value using present value techniques and risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the liability. The liability for future trust payments to the donor is reduced by payments made to the donor and is adjusted to reflect amortization of the discount and changes in assumptions at the end of the year.

**Note 8. Assets Held and Liabilities Under Split-Interest Agreements, (continued)**

The liabilities for this trust are recorded at the net present value, which is calculated using a risk-adjusted discount rate of 3% and applicable mortality rates for the 8 named beneficiaries in the trust. The beneficiaries each receive \$7,500 each year until their death. When all 8 beneficiaries de cease, the Council will be entitled to the remaining funds in the trust, if any. Factors that impact the potential collectability of this amount are the passage of time of the beneficiaries and the investment performance of the trust. If the beneficiaries live beyond their expected life mortality tables and/or the investment performance of the trust declines, this could adversely impact the amount that the Council must cover with other funds. The trust is recorded in the Endowment Fund.

**Note 9. Beneficial Interest In Charitable Remainder Trusts Held by Others**

We have been named as an irrevocable beneficiary of several charitable trusts held and administered by independent trustees. These trusts were created independently by donors and are administered by outside agents designated by the donors. Therefore, we have neither possession nor control over the assets of the trusts. At the date we receive notice of a beneficial interest, a contribution with donor restrictions is recorded in the statements of activities, and a beneficial interest in charitable trusts held by others is recorded in the statements of financial position at fair value using present value techniques and risk-adjusted discount rates designed to reflect the assumptions market participants would use in pricing the expected distributions to be received under the agreement. Thereafter, beneficial interests in the trusts are reported at fair value in the statements of financial position, with changes in fair value recognized in the statements of activities. Upon receipt of trust distributions or expenditures, or both, in satisfaction of the donor-restricted purpose, if any, net assets with donor-imposed time or purpose restrictions are released to net assets without donor restrictions. Trust distributions with donor-imposed restrictions that are perpetual in nature are transferred to the endowment, in which case, net assets with donor-restrictions are not released.

**Note 10. Paycheck Protection Program**

On February 7, 2021, the Organization obtained a Payroll Protection Program loan totaling \$492,757. The interest rate is 1% per annum and matures 5 years from the note date. If the Organization spends the funds on allowable costs, the loan becomes a forgivable loan. If not fully forgiven, then monthly payments of \$8,423 would be required over the 60 months. The Payroll Protection Program loan was fully forgiven in the amount of \$492,757 during the 2022 year and is included in Other Revenue in the statement of activities and changes in net assets for the year ended December 31, 2022.

**Note 11. Lawsuit**

The Council has been named as a defendant or has been made aware of personal injury claims against it. These claims are covered by the National Council, Boy Scouts of America's general liability insurance program ("GLIP").

**Note 11. Lawsuit, (continued)**

The National Council has been named as a defendant in lawsuits alleging sexual abuse, including claims for compensatory and punitive damages. Some of these claims arise out of conduct occurring on Council property and/or were committed by Council employees or volunteers, and in some cases the Council is named as a codefendant with the National Council. The National Council has disclosed that in the event that its GLIP or its reserves are insufficient to resolve such claims, it is their opinion that the total amount of payments to resolve current and future claims could have a significant impact on the financial position or results of operations of the National Council.

The National Council provides the Council with a charter, program materials and support for administration as well as sponsoring certain benefit plans for Council employees. Since 1978 the National Council has operated a GLIP in which the Council participates. On February 18, 2021, the National Council filed for protection under chapter 11 of the United States Bankruptcy Code. The National Council continues to operate its business in the ordinary course and has received bankruptcy court approval to continue its relationship with the Councils including the benefit and insurance programs noted above. Neither the Council nor any other local council are currently parties to the bankruptcy proceeding. The National Council has sought to stay litigation against both the National Council and local councils; a plan of reorganization that would protect local councils from any further legal exposure for abuse claims arising prior to February 18, 2021 has been confirmed. Previously, the Council deposited \$2,408,701 into an escrow account. In early 2023, the Chapter 11 reorganization plan became “effective” within the meaning of the United States Bankruptcy Code. Subsequently, all escrowed settlement funds deposited by local councils were transferred to the Settlement Trustee appointed under the reorganization plan, and distributions to claimants have commenced. Certain appeals as to the effectiveness of the reorganization plan are pending.

Notes to Financial Statements

**Note 17. Endowment Fund**

The Council's endowment includes both donor-restricted endowment and funds designated by the Board of Directors to function as endowments. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds, including funds designated by the Board of Trustees to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

**Interpretation of relevant law**

The Council is subject to the State Prudent Management of Institutional Funds Act (SPMIFA) and, thus, classifies amounts in its donor-restricted endowment funds as net assets with donor restrictions because those net assets are time restricted until the Board of Directors appropriates such amounts for expenditure. Most of those net assets also are subject to purpose restrictions that must be met before reclassifying those net assets to net assets without donor restrictions. The Council's Board of Directors has interpreted SPMIFA as not requiring the maintenance of purchasing power of the original gift amount contributed to an endowment fund, unless a donor stipulates the contrary. As a result of this interpretation, when reviewing its donor-restricted endowment funds, the Council considers a fund to be underwater if the fair value of the fund is less than the sum of (a) the original value of initial and subsequent gift amounts donated to the fund and (b) any accumulations to the fund that are required to be maintained in perpetuity in accordance with the direction of the applicable donor gift instrument. The Council has interpreted SPMIFA to permit spending from underwater funds in accordance with the prudent measures required under the law. Additionally, in accordance with SPMIFA, the Council considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the organization and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the organization
- (7) The investment policies of the Council.

**Funds With Deficiencies**

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or applicable state law requires the Council to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States of America, deficiencies of this nature are reported in net assets with donor restrictions. There were no such deficiencies as of December 31, 2022 and 2021. The Council has interpreted the SPMIFA and applicable state trust law to permit spending from underwater endowments in accordance with prudent measures required under law.

**Return Objectives and Risk Parameters**

The Council has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Council must hold in perpetuity or for a donor-specified period(s) as well as board-designated funds. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that it will earn a base return of 4.0 percent of the original principal, expressed in dollars, above the trailing three-year average of the Consumer Price Index. Asset allocations should be targeted to produce expected returns consistent with this target using long term historical returns of assets classes as a guide. Actual returns in any given year may vary from this amount.

**Strategies Employed for Achieving Objectives**

To satisfy its long-term rate-of-return objectives, the Council relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Council targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints.

**Spending Policy and How the Investment Objectives Relate to Spending Policy**

The Council has a total return spending policy approved by the Board of Directors that allows the operating fund to receive and recognize investment earnings originating from the endowment funds. The Board of Directors approved spending policy was to distribute the unrestricted dividend, interest and realized gains at a rate of \$16,667 per month for the years ended December 31, 2022 and 2021, in addition to releases on donor-restricted dividend and interest earned on endowment assets during the year, which was \$200,000 for both of the years ended December 31, 2022 and 2021. This is consistent with the Council's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

**Note. 18.     Employee Benefit Plans**

**Retirement Plan**

The National Council has a qualified defined benefit pension plan (“the plan”) administered at the National Service Center that covers employees of the National Council and local councils, including the Local Council, Inc. The plan name is the Boy Scouts of America Master Pension Trust – Boy Scouts of America Retirement Plan for Employees. Effective December 31, 2018, the plan was frozen to employees with less than 15 years of vesting service, and whose age plus vesting service equaled less than 60 as of December 31, 2018 (non-grandfathered employees). From January 1, 2021 through July 31, 2021, employees with at least 15 years of vesting service and whose age plus vesting service equaled 60 or more as of December 31, 2018 (grandfathered employees) contributed 4.25 percent of compensation to the plan. Effective August 1, 2021, the plan was frozen to grandfathered employees, thereby freezing the plan for all BSA employees. The Council contributes 7.75 percent of eligible employees’ compensation to the BSA retirement program. Pension expense (excluding the contributions made by employees) was approximately \$73,000 and \$13,000 for the years ending December 31, 2022 and 2021, respectively, and covered current service cost. The actuarial information for the plan as of February 1, 2021, indicates that it is in compliance with ERISA regulations regarding funding.

**Thrift Plan**

The Council has established a Thrift Plan covering substantially all of the employees of the Council. Participants in the Thrift Plan may elect to make voluntary before-tax contributions based on a percentage of their pay, subject to certain limitations set forth in the Internal Revenue Code of 1986, as amended. The Council has elected to match employee contributions to the Thrift Plan up to 50 percent of contributions from each participant, limited to 3 percent of each employee’s gross pay. The Council did not contribute to the Thrift Plan in 2022 and 2021.

**Health Care Plan**

The Council’s employees participate in a health care plan provided by the National Council. The Council pays a portion of the cost for the employees, and the employees pay the remaining portion and the cost for any of their dependents participating in the plan. During the years ended December 31, 2022 and 2021, the Council remitted approximately \$39,000 and \$32,000, respectively, on behalf of its employees to the National Council related to the health care plan.

**Note. 19     Operating Leases**

**Facilities**

The Council has operating lease agreements for its facilities that are essentially rent free and are located in Balboa Park, Fiesta Island and Camp Bashor in San Diego County. The Balboa Park lease was originally established in 1957. The lease for Balboa Park continues through March 31, 2027, with an option to extend for an additional 15 years. The lease also requires the Council to complete Development Plan improvements. In 1987, the Fiesta Island lease commenced and was a term of 25 years. The lease expired and the Council is on a month to month agreement with the City of San Diego at zero cost. Camp Bashor’s lease is essentially rent free as well and continues through 2045 with two additional lease options. These leases have been excluded from implementation of ASU Topic 842 as being rent free or essentially rent free with no value.

Note. 19 Leases, (continued)

Equipment

The Organization has an equipment lease that terminates in June 2024.

Included in the determination of the right-of-use asset and lease liability are any renewal options when the option is reasonably certain to be exercised. The operating lease does not have any that provides for an increase in future minimum annual rental payments.

The weighted-average discount rate is based on the discount rate implicit in the lease. The Organization has elected the option to use the risk-free rate determined using a period comparable to the lease terms as the discount rate for leases where the implicit rate is not readily determinable. The Organization has applied the risk-free rate option to the facility and office equipment classes of assets.

The Organization has elected the short-term lease exemption for all leases with a term of 12 months or less for both existing and ongoing operating leases to not recognize the asset and liability for these leases. Lease payments for short-term leases are recognized on straight-line basis.

Total right-of-use asset and lease liability at December 31, 2022 are as follows:

Lease Assets – Classification in Statement of Financial Position

Operating right-of-use asset – equipment	<u>28,115</u>
Total operating right-of-use assets	<u>\$ 28,115</u>

Lease Liability – Classification in the Statement of Financial Position

Operating lease liability – equipment, current	19,388
Operating lease liability – equipment, noncurrent	<u>9,918</u>
Total lease liability	<u>\$ 29,376</u>

Total lease costs for the year ended December 31, 2022 are approximately \$30,000.

The following summarizes the weighted-average remaining lease term and weight-average discount rate:

Weighted-average remaining lease term in years:		Weighted-average discount rate:	
Operating lease-equipment	1.50	Operating leases	4.0%

**Note 20. Scout Shop**

The National Council operates a Scout shop within the Balboa Park facility of the Council. The National Council manages the Scout shop and pays the Council an 8 percent commission on gross sales up to \$750,000 and 13 percent on sales greater than \$750,000. The commissions earned (before expenses) by the Council during 2022 and 2021 amounted to approximately \$53,000 for both years, which are included in other revenue in the Statement of Activities and Changes in Net Assets.

**Note 21. Related Party Transactions**

The Council purchases supplies and program materials from the National Council. The Council also incurs expenses from the National Council related to certain administrative services. Total expenses to the National Council were approximately \$328,000 for both years ended December 31, 2022 and 2021, respectively. The accounts payable balance includes payables to the National Council of \$0 and \$0 as of December 31, 2022, and 2021, respectively.

**Note 22. Donated Materials and Services**

The Council is dependent upon donated materials from diverse groups to fulfill its mission. For the years ended December 31, 2022 and 2021, donated materials recorded in the financial statements as in-kind contributions totaled \$0 and \$0, respectively.

**Note 23. Subsequent Events**

The Council has evaluated subsequent events through January 11, 2024, the date the financial statements were available to be issued. Management is aware of the following subsequent event that would require adjustment to, or disclosure in, the financial statements.

Lawsuit as noted in Note 11, funds required to satisfy the “lawsuit payable” referenced above, in the amount of \$2,408,721, were deposited into escrow in 2021 and have now been transferred to the Settlement Trustee for distribution to claimants. Certain appeals of the effectiveness of the reorganization plan are pending. Additionally, the Council sold certain surplus lands at a gain to cover a portion of its required settlement contribution. Further, during 2022, a donor permitted the Council to redesignate approximately \$1,000,000 from a prior restricted gift to assist in funding its required settlement contribution. The balance of the amount placed into escrow was provided from the Council’s operating fund.

Dear Mr. Scollick,

We are deeply grateful for the San Marcos Community Foundation's steadfast support of The Elizabeth Hospice since 1999. Your long-standing partnership has played a vital role in ensuring that children and adults facing the challenges of advanced illness or grief receive compassionate, high-quality care and support.

Briefly describe your request for funds. The Elizabeth Hospice delivers compassionate medical care and emotional support to individuals facing advanced, serious illnesses. A cornerstone of our mission is ensuring that people who are grieving have the support they need. Comprehensive grief support is available to anyone in the community, not just those with a hospice connection, regardless of the cause of death, financial circumstances, or diagnosis. Whether a loss occurred due to illness, accident, or self-inflicted injury, The Elizabeth Hospice is here to help people navigate through their grief and healing journey in a safe, supportive environment.

Support from the San Marcos Community Foundation would help fund a comprehensive range of grief services, including individual and group counseling, educational and therapeutic workshops, community events, outreach activities, and programs specially designed for veterans, children, and families.

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served. Grief is a deeply personal and often overwhelming experience that affects people in different ways, even when the loss is shared. Common responses include sadness, anger, guilt, anxiety, and difficulty functioning in daily life. Without support, these emotions can become long-term obstacles to emotional well-being.

The Elizabeth Hospice provides compassionate, professional grief counseling to help children and adults in San Marcos and neighboring communities process their loss, develop healthy coping strategies, and find renewed hope in their life.

As a nonprofit originally rooted in North San Diego County, we offer our grief services at little or no cost to ensure that support is accessible to all, regardless of age, income, or when or how a death occurred. All of our programs for children and teens are offered free of charge.

With support from the San Marcos Community Foundation, we anticipate serving more than 200 local children, teens, and adults through one-on-one counseling, support groups, school-based grief programs, as well as community and educational events. This investment will ensure the community has readily accessible grief support while navigating one of life's most difficult journeys.

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents.

We partner with K-12 school districts like San Marcos Unified and with health and social service agencies to identify people in need of services. Our team also presents regularly at CSU San Marcos.

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

The San Marcos Community Foundation has awarded grants totaling \$9,250 over the past six years to support hospice care and community grief services provided by The Elizabeth Hospice.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

Since 1978, The Elizabeth Hospice has been a trusted community-based nonprofit dedicated to improving the quality of life for those facing the challenges of serious advanced illness and loss. Our mission is to enhance the quality of life for those nearing the end of life's journey and for those who grieve. We provide hospice and palliative care services, as well as comprehensive grief support to people of all ages in San Diego and Southwest Riverside Counties.

Our impact is far-reaching. In the last 47 years, we have touched the lives of more than 150,000 individuals. Our services extend beyond our patients and their families. Grief support is available to anyone in the community, regardless of how their loved one died or was a patient of The Elizabeth Hospice.

### **Hospice and Palliative Care Services**

For individuals living with advanced, serious illnesses, we provide expert hospice and palliative care designed to support their physical, emotional, and spiritual needs. Our interdisciplinary care teams—comprised of physicians, nurses, social workers, chaplains, aides, and trained volunteers—work together to deliver personalized care that prioritizes comfort, dignity, and quality of life.

We also offer specialized services for veterans and military families, honoring their unique needs and experiences.

### **Grief Support for All Ages**

We recognize that grief is not a linear process. Each person's journey is unique, and our programs are designed to meet people wherever they are. We offer individual and group counseling, school-based support groups, educational and therapeutic workshops, and remembrance events that help children, teens, and adults express their grief and connect with others who have experienced loss.

Our licensed counselors, child grief specialists, and trained graduate-level interns provide compassionate, expert care. Grief support is available in

person, by phone, and virtually, making it accessible to a wide range of individuals regardless of transportation, scheduling, or mobility challenges.

Our team is also available for crisis support after a tragedy occurs in the community.

### **Children's Bereavement Program**

Services include:

- Age-appropriate peer support groups for ages 3 to 17, and concurrent groups for caregivers offered bi-weekly at our grief centers in Escondido and Mission Valley
- School-based support groups for 2nd-12th graders on school campuses in 25 K-12 districts
- Camp Spero for ages 7 to 17 in July in the Julian Mountains
- Grief Untamed, a new day camp facilitated in collaboration with San Diego Safari Park for teens ages 13+ who have participated in Camp Spero at least three times, was piloted in June 2025
- Bereavement training for professional school staff

Through our services, we help children develop healthy coping skills, improve emotional expression, and reduce isolation following the death of a loved one. Caregivers and school professionals gain the skills needed to help support their grieving child.

Many of our participants are referred by schools, social services and healthcare providers, or by word of mouth. All services for children and their caregivers are offered free of charge.

### **Testimonials of Hope and Healing**

The true impact of our work is best expressed through the words of those we serve:

*My son and daughter both found community in the bi-weekly peer support groups offered at the children's grief center in Escondido. They have expressed feeling less alone and finding comfort in knowing they are not the only kids who have experienced a significant loss. As a parent, I have noticed that they have both learned ways to express their grief and are able to ask me questions to help them better understand their loss.*

*I personally participated in the concurrent caregiver group that meets while the kids are meeting. I found these also to be helpful in meeting other parents who are raising grieving kids and normalizing the grief that our children are experiencing, and will continue to experience throughout their lives.*

**-Grateful Parent & San Marcos Resident with children in the 2024-25 Littles (ages 3-6) and Elementary (ages 7-10) Peer Support Groups**

**Commitment to Community Partnership**

We are proud to work alongside organizations, schools, health and social services agencies, and local foundations—including the San Marcos Community Foundation—to ensure that all who need our specialized care have access to it. With your continued partnership, we can extend our reach, remove barriers to service, and provide healing for more individuals and families navigating serious illness or loss.

### **Strategic Objectives and Program Growth**

We remain committed to expanding access to care for underserved and vulnerable populations, including low-income families, children, seniors, and members of the military. Strategic priorities include:

- **Removing financial barriers:** We provide grief support at little or no cost and ensure that nobody is turned away based on inability to pay.
- **Community-based delivery:** We bring services to schools, senior centers, and community gathering places.
- **Investing in the workforce:** We actively train and mentor the next generation of grief and mental health professionals through internship and residency programs.
- **Increasing awareness:** Through public education and community outreach, we reduce stigma surrounding grief, illness, and end-of-life care.

### **Recent Milestones and Impact**

In the previous fiscal year, ending June 30, 2024, we provided compassionate hospice care to 2,079 patients and grief support to 3,649 individuals. Services were delivered in person, via Zoom, and over the phone, ensuring accessibility for all. Between July 2024 and May 2025, we provided care to 71 hospice patients, 21 palliative care patients, and grief support to 206 San Marcos residents, including facilitating on-campus support groups for 30 students at three K-12 schools in the San Marcos Unified School District, demonstrating continual demand and impact.

## INDEPENDENT AUDITORS' REPORT

Board of Directors  
The Elizabeth Hospice, Inc.  
Escondido, California

### Report on the Financial Statements

#### **Opinion**

We have audited the financial statements of The Elizabeth Hospice, Inc. which comprise the balance sheet as of June 30, 2024, the related statements of operations and changes in net assets, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of The Elizabeth Hospice, Inc. as of June 30, 2024, and the results of its operations, changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Elizabeth Hospice, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **2023 Financial Statements**

The 2023 financial statements of The Elizabeth Hospice, Inc. were audited by other auditors whose report dated November 2, 2023 expressed an unmodified opinion on those statements.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Elizabeth Hospice, Inc.'s ability to continue as a going concern for one year from the date the financial statements are available to be issued.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Elizabeth Hospice, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Elizabeth Hospice, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**THE ELIZABETH HOSPICE, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**

**NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES**

**Organization**

The Elizabeth Hospice, Inc. (Organization) is organized under the charitable public benefit nonprofit corporate laws of the state of California. The Organization's primary purposes are to provide end-of-life care services to terminally ill patients, contribute to the sense of well-being of terminally ill patients and their families, and to train professionals and volunteers in the hospice concept.

Since August 2017, through a management service agreement (MSA), the Organization partners with Elizabeth Supportive Medical Services (ESMS), an aligned physician medical group, that allows for expansion of reimbursable services provided by the Organization. Revenue from this agreement for the years ended June 30, 2024 and 2023 was \$13,553 and \$52,633, respectively, and is included in other revenue in the statements of operations and changes in net assets. As part of the agreement, the Organization provides a line of credit to ESMS with an available principal amount of up to \$750,000, with interest at the current prime rate and secured by the assets of ESMS. The line of credit expires in July 2027. ESMS had no borrowings outstanding on the line of credit at June 30, 2024 and 2023.

Since July 2022, through a consulting services agreement (CSA), the Organization provides consulting and financial management to Snowline Hospice in return for compensation equal to a monthly fee, travel expenses, and business expenses incurred in the performance of the services. Revenue from this agreement for the years ended June 30, 2024 and 2023 was \$25,320 and \$34,117, respectively, and is included in other revenue in the statements of operations and changes in net assets. The agreement was terminated in February 2024.

**Basis of Accounting**

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

**Financial Statement Presentation**

The financial statements report the changes in and totals of each net asset class based on the existence of donor restrictions, as applicable. Net assets are classified as without donor restrictions or with donor restrictions and are detailed as follows:

*Net Assets Without Donor Restrictions* – Net assets that are not subject to donor-imposed restrictions and may be expended for any purpose in performing the primary objectives of the Organization. Net assets without donor restrictions are comprised of Board designated and undesignated amounts. As of June 30, 2024 and 2023, board designated net assets consist of \$19,215,125 and \$14,886,883, respectively, designated for an endowment created during the year ended June 30, 2017.

*Net Assets With Donor Restrictions* – Net assets subject to stipulations imposed by donors and grantors. Some donor restrictions are temporary in nature and will be met by the passage of time or the actions of the Organization. Other donor restrictions are perpetual in nature, where the donor has stipulated the funds be maintained in perpetuity. As of June 30, 2024 and 2023, purpose or time restricted net assets consisted of donor restricted funds designated for various programs and unspent endowment earnings.

**Cash and Cash Equivalents**

Cash and cash equivalents consist of bank deposits in accounts that are federally insured up to \$250,000. At times, the Organization may have cash balances in excess of the FDIC coverage. Management regularly monitors the financial condition of the institutions they partner with and believe the risk of loss is minimal. Additionally, for purposes of the statements of cash flows, the Organization considers all highly liquid investments of operating cash purchased with an original maturity of three months or less to be cash equivalents.

**Patient Accounts Receivable and Allowance for Credit Losses**

The patient accounts receivable balance represents the unpaid amounts billed to patients and third-party payors. Contractual adjustments and discounts are recorded to report receivables for patient care services at their net realizable value. Past due receivables are determined based on contractual terms. The Organization does not accrue interest on any of its accounts receivables. The Organization provides an allowance for credit losses based on an analysis of historical activity, the payor source, the aging of the receivable, and the consideration of future economic conditions.

**Investments**

All investments are valued at their fair values in the balance sheets. Unrealized gains and losses are included in the change in net assets. See Note 4 for additional information on the nature of the Organization's investments.

**THE ELIZABETH HOSPICE, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**

**NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

**Property and Equipment**

Property and equipment are stated at cost or, if donated to the Organization, at their fair value on the date of the gift. Additions and improvements over \$2,000 are capitalized; expenditures for routine maintenance are charged to operations. Depreciation is computed on the straight-line basis over the estimated useful lives of the assets, which range from 3 to 40 years.

Gifts of long-lived assets such as land, buildings, and equipment are reported as support without donor restrictions unless explicit donor stipulations specify how the donated assets are to be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash and other assets that must be used to acquire long-lived assets are reported as support with donor restrictions. Absent explicit donor stipulations about how long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service.

**Impairment of Long-Lived Assets**

On an ongoing basis, the Organization reviews long-lived assets for impairment whenever events or circumstances indicate that the carrying amounts may be overstated. The Organization recognizes impairment losses if the undiscounted cash flows expected to be generated by the asset are less than the carrying value of the related asset. The impairment loss adjusts the assets to fair value. As of June 30, 2024 and 2023, management believes that no assets were impaired.

**Net Patient Service Revenue**

Net patient service revenues are reported at the amount that reflects the ultimate consideration the Organization expects to receive in exchange for providing patient care. These amounts are due from third-party payors, primarily commercial health insurers and government programs (Medicare and Medicaid) and includes variable consideration for revenue adjustments due to settlements of audits and reviews, as well as certain hospice-specific revenue capitations. For the years ended June 30, 2024 and 2023, approximately 93% and 92%, respectively, of the Organization's net patient service revenue was derived from the Medicare and Medicaid programs. Amounts are generally billed monthly or subsequent to patient discharge. Subsequent changes in the transaction price initially recognized are not significant.

**Net Patient Service Revenue (Continued)**

Hospice services are provided on a daily basis and the type of service provided is determined based on a physician's determination of each patient's specific needs on that given day. Reimbursement rates for hospice services are on a per diem basis regardless of the type of service provided or the payor. Reimbursement rates from government programs are established by the appropriate governmental agency and are standard across all hospice providers. Reimbursement rates from health insurers are negotiated with each payor and generally structured to closely mirror the Medicare reimbursement model. The types of hospice services provided and associated reimbursement model for each are as follows:

*Routine Home Care* – occurs when a patient receives hospice care in their home, including a nursing home setting. The routine home care rate is paid for each day that a patient is in a hospice program and is not receiving one of the other categories of hospice care. For Medicare patients, the routine home care rate reflects a two-tiered rate, with a higher rate for the first 60 days of a hospice patient's care and a lower rate for days 61 and after. In addition, there is a Service Intensity Add-on payment which covers direct home care visits conducted by a registered nurse or social worker in the last seven days of a hospice patient's life, reimbursed up to four hours per day in 15 minute increments at the continuous home care rate.

*General Inpatient Care* – occurs when a patient requires services in a controlled setting for a short period of time for pain control or symptom management which cannot be managed in other settings. General inpatient care services must be provided in a Medicare or Medicaid certified hospital or long-term care facility or at a freestanding inpatient hospice facility with the required registered nurse staffing.

*Continuous Home Care* – is provided to patients while at home, including a nursing home setting, during periods of crisis when intensive monitoring and care, primarily nursing care, is required in order to achieve palliation or management of acute medical symptoms. Continuous home care requires a minimum of eight hours of care within a 24-hour day, which begins at midnight. The care must be predominantly nursing care provided by either a registered nurse or licensed nurse practitioner. While the published Medicare continuous home care rates are daily rates, Medicare pays for continuous home care in 15 minute increments. This 15 minute rate is calculated by dividing the daily rate by 96.

*Respite Care* – permits a hospice patient to receive services on an inpatient basis for a short period of time in order to provide relief for the patient's family or other caregivers from the demands of caring for the patient. A hospice can receive payment for respite care for a given patient for up to five consecutive days at a time, after which respite care is reimbursed at the routine home care rate.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**

**NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

**Net Patient Service Revenue (Continued)**

Each level of care represents a separate promise under the contract of care and is provided independently for each patient, contingent upon the patient's specific medical needs as determined by a physician. However, the clinical criteria used to determine a patient's level of care is consistent across all patients, given that each patient is subject to the same payor rules and regulations. As a result, the Organization has concluded that each level of care is capable of being distinct and is distinct in the context of the contract. Furthermore, the Organization has determined that each level of care represents a stand ready service provided as a series of either days or hours of patient care. The Organization believes that the performance obligations for each level of care meet criteria to be satisfied over time. The Organization recognizes revenue based on the service output. The Organization believes this to be the most faithful depiction of the transfer of control of services as the patient simultaneously receives and consumes the benefits provided by the Organization's performance. Revenue is recognized on a daily or hourly basis for each patient in accordance with the reimbursement model for each type of service. The Organization's performance obligations relate to contracts with an expected duration of less than one year. Therefore, the Organization has elected to apply the optional exception provided in Accounting Standards Codification (ASC) 606 and is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period. The unsatisfied or partially satisfied performance obligations referred to above relate to bereavement services provided to patients' families for up to 12 months after death of patient.

Generally, patients who are covered by third-party payors are responsible for related deductibles and coinsurance which vary in amount. The Organization also provides service to patients without a reimbursement source and may offer those patients discounts from standard charges. The Organization estimates the transaction price for patients with deductibles and coinsurance, along with those uninsured patients, based on historical experience and current conditions. The estimate of any contractual adjustments, discounts, or implicit price concessions reduces the amount of revenue initially recognized. Subsequent changes to the estimate of the transaction price are recorded as adjustments to patient service revenue in the period of change. Subsequent changes that are determined to be the result of an adverse change in the patients' ability to pay (i.e., change in credit risk) are recorded as credit loss expense. The Organization has no material adjustments related to subsequent changes in the estimate of the transaction price or subsequent changes as the result of an adverse change in the patient's ability to pay for any period reported.

**THE ELIZABETH HOSPICE, INC.**  
**NOTES TO FINANCIAL STATEMENTS**

**NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

**Net Patient Service Revenue (Continued)**

Laws and regulations concerning government programs, including Medicare and Medicaid, are complex and subject to varying interpretation. Compliance with such laws and regulations may be subject to future government review and interpretation. Additionally, the contracts the Organization has with commercial health insurance payors provide for retroactive audit and review of claims. Settlement with third party payors for retroactive adjustments due to audits, reviews or investigations are considered variable consideration and are included in the determination of the estimated transaction price for providing patient care. The variable consideration is estimated based on the terms of the payment agreement, existing correspondence from the payor and our historical settlement activity. These estimates are adjusted in future periods, as new information becomes available. Management intends to fully cooperate with any governmental agencies in requests for information. Noncompliance with laws and regulations can make the Organization subject to regulatory action, including fines, penalties, and exclusion from the Medicare and Medicaid programs. The Organization currently does not have select claims under a post-pay review by government agencies. The Organization previously received demand letters in December 2022 and January 2023, noting overpayment amounts for paid claims totaling approximately \$1,524,000 and as a result, recorded a reduction in net patient service revenue for such an amount during the year ended June 30, 2023. These amounts are to be recouped over time through future Medicare payments. At June 30, 2023, approximately \$840,000 was owed under these demand letters. The Organization has accrued for this amount on the balance sheet within accrued expenses. At June 30, 2024, all overpayment amounts for paid claims have been recouped through Medicare payments.

For the Organization's patients in the nursing home setting in which Medicaid pays the nursing home room and board, the Organization serves as a pass-through between Medicaid and the nursing home. The Organization is responsible for paying the nursing home for that patient's room and board. Medicaid reimburses the Organization for 95% of the amount paid to the nursing home. The Organization has concluded that the 5% difference between the amount paid to the nursing home and the amount received from Medicaid is an adjustment to transaction price and, as a result, the 5% is recognized as a reduction to revenue recognized in the accompanying financial statements.

Hospice organizations are subject to two specific payment limit caps under the Medicare program. One limit relates to inpatient care days that exceed 20% of the total days of hospice care provided for the year. The Organization did not exceed the 20% cap related to inpatient days in June 30, 2024 and 2023. The second limit relates to an aggregate Medicare reimbursement cap calculated by the Organization. The Organization did not exceed the Medicare reimbursement cap for the years ended June 30, 2024 and 2023.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**

**NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

**Charity Care**

The Organization determines each patient's ability to pay during the admission process. When a patient meets certain criteria, part or all of the patient's charges are deemed charity care and are not billed for collection. Because the Organization does not pursue collection of amounts determined to qualify as charity care, those amounts are excluded from net patient service revenue. The cost of charity care provided was approximately \$66,000 and \$150,000 for the years ended June 30, 2024 and 2023, respectively. This cost estimate was based on the Organization-wide cost to charge ratio.

**Pledges Receivable**

Pledges receivable expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in greater than one year are recorded at the present value of estimated future cash flows. The discounts on those amounts are computed using risk-free interest rates applicable to the years in which the promises are received. Conditional promises to give are not included as support until the conditions are substantially met. Management believes all pledges are collectible, and as such, has not recorded an allowance for uncollectible pledges.

**Contributions**

Contributions received and unconditional promises to give are recorded as revenue without donor restrictions or revenue with donor restrictions depending on the existence of donor restrictions and the nature of such restrictions, if they exist.

When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of operations and changes in net assets as net assets released from restriction.

If a restriction is fulfilled in the same accounting period in which the contribution is received, the contribution is reported as without donor restrictions.

**Performance Indicator**

The statements of operations and changes in net assets present the Organization's changes in net assets without donor restrictions. Changes in net assets that are excluded from this performance indicator, consistent with industry practices, include net assets released from restrictions for capital purposes.

**Leases**

ASU 2016-02 - *Leases* (ASC 842) requires lessees to recognize a lease liability and a right-of-use (ROU) asset on the balance sheet for most operating leases, except for those leases with an original term of 12 months or less. Accounting for finance leases is substantially unchanged.

**THE ELIZABETH HOSPICE, INC.**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2024 AND 2023**

**NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

**Leases (Continued)**

At the inception of an arrangement, the Organization determines if an arrangement is lease based on all relevant facts and circumstances. Leases are classified as operating or finance leases at the lease commencement date. Operating leases are included in operating lease ROU assets, short-term operating lease liabilities and long-term operating lease liabilities on the balance sheets. Leases are classified between short-term and long-term liabilities based on their payment terms. Lease expense for operating leases is recognized on a straight-line basis over the lease term. Leases with a term of 12 months or less (short-term leases) are not recorded on the balance sheets.

ROU assets represent the Organization's right to use an underlying asset for the lease term and lease liabilities represent the obligation to make lease payments arising from the lease. ROU assets and lease liabilities are recognized at the lease commencement date based on the estimated present value of lease payments over the lease term. ROU assets also include prepaid rent and are adjusted by the unamortized balance of lease incentives.

As the implicit rate is generally not readily determinable for all of the Organization's leases, the Organization utilized the risk-free rate, which is derived from information available at the lease commencement date, in determining the present value of lease payments.

Some leases include one or more options to extend the lease, with extension terms that can extend the lease term by one to five years. The exercise of lease extension options is at the Organization's sole discretion. The lease term includes options to extend or terminate the lease when it is reasonably certain that the Organization will exercise that option. The Organization generally concludes options to extend the lease are reasonably certain to be exercised when it is cost prohibitive to relocate operations or pursue alternative leased assets.

Real estate leases comprise the majority of the Organization's leasing activities. The Organization accounts for the lease and non-lease components of these leases as a single lease component.

**Functional Allocation of Expenses**

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of operations and changes in net assets. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

**New Accounting Pronouncement**

During the year ended June 30, 2024, the Organization has adopted ASU 2016-13, *Financial Instruments - Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, as amended, which modifies the measurement of expected credit losses. The Organization adopted this new guidance utilizing the modified retrospective transition method. The adoption of this Standard did not have a material impact on the Organization's financial statements but did change how the allowance for credit losses is determined.

**THE ELIZABETH HOSPICE, INC.  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 1 NATURE OF ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES  
(CONTINUED)**

**Income Taxes**

The Organization is exempt from income taxes on income from related activities under Section 501(c)(3) of the U.S. Internal Revenue Code and corresponding state tax law. Accordingly, no provision has been made for federal or state income taxes.

U.S. GAAP requires that a tax position is recognized as a benefit only if it is "more likely than not" that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that is greater than 50% likely of being realized on examination. For tax positions not meeting the "more likely than not" test, no tax benefit is recorded.

The Organization's Form 990 has not been subject to examination by the Internal Revenue Service or the state of California for the last three years. The Organization does not expect the total amount of unrecognized tax benefits to significantly change in the next 12 months. The Organization recognizes interest and/or penalties related to income tax matters in income tax expense. The Organization did not have any amounts accrued for interest and penalties at June 30, 2024 and 2023.

**Subsequent Events**

Management has performed an analysis of the activities and transactions subsequent to June 30, 2024 to determine the need for any adjustments to and/or disclosures within the financial statements for the year ended June 30, 2024. Management performed their analysis through October 16, 2024, which is the date the financial statements were available to be issued.

**NOTE 2 LIQUIDITY AND AVAILABILITY (CONTINUED)**

As part of the Organization's liquidity management plan, management invests cash in excess of daily requirements in short-term investments, treasury sweeps, and money market instruments. In addition to cash on hand, the Organization has two lines of credit available in the amount of \$2,500,000 and \$1,000,000; the latter secured by unrestricted investments.

The Organization also manages a pool of funds invested in the public securities markets. Management of these funds are governed by the Organization's Investment Policy Statement. The board of directors has delegated authority to supervise these investments to the Finance Committee. The Organization's primary objective is to preserve and protect its assets by earning a total return for each category of assets (a Fund), which is appropriate for each Fund's time horizon, distribution requirements, and risk tolerance.

The Organization currently maintains the following funds:

- Intermediate Fund
- Long-Term Fund
- Endowment Fund
- Board Directed Endowment
- Anonymous Endowment

The Intermediate and Long-Term Fund are unrestricted and have a value of \$6,345,000 and \$8,552,632 as of June 30, 2024 and 2023, respectively. The Endowment Fund, Board Directed Endowment, and Anonymous Endowment are Board designated and donor restricted with a value of \$28,215,395 and \$22,996,220 as of June 30, 2024 and 2023, respectively.

**NOTE 4 INVESTMENTS AND FAIR VALUE MEASUREMENTS OF FINANCIAL INSTRUMENTS**

U.S. GAAP defines fair value as the price that would be received for an asset or paid to transfer a liability (an exit price) in an Organization's principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date.

A fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. There are three levels of inputs that may be used to measure fair value:

*Level 1* – Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Organization has the ability to access as of the measurement date. The fair values of money market funds, common stocks, exchange traded funds, mutual funds, and hedge funds that are readily marketable are determined by obtaining quoted prices from nationally recognized securities exchanges.

*Level 2* – Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data. The Organization had no investments measured using Level 2 inputs at June 30, 2024 and 2023.

*Level 3* – Significant unobservable inputs that reflect a reporting entity's own assumptions about the assumptions that market participants would use in pricing an asset or liability. The Organization had no investments measured using Level 3 inputs at June 30, 2024 and 2023.

**NOTE 4 INVESTMENTS AND FAIR VALUE MEASUREMENTS OF FINANCIAL INSTRUMENTS  
(CONTINUED)**

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

Assets measured at fair value on a recurring basis are summarized below:

	2024			
	Total	Level 1	Level 2	Level 3
Investments:				
Money Market Funds	\$ 846,665	\$ 846,665	\$ -	\$ -
Exchange Traded Funds	416,138	416,138	-	-
Equity Mutual Funds	23,847,874	23,847,874	-	-

Hedge Funds	1,091,968	1,091,968	-	-
Total	<u>\$ 31,548,852</u>	<u>\$ 31,548,852</u>	<u>\$ -</u>	<u>\$ -</u>

The following schedule summarizes return on investments for the years ended June 30:

	2024	2023
Interest and Dividends, Net of Fees	\$ 882,963	\$ 452,990
Realized Gains (Losses) on Investments	43,458	(450,815)
Total	926,421	2,175
Unrealized Gains (Losses) on Investments	3,523,262	2,751,934
Total Return on Investments	<u>\$ 4,449,683</u>	<u>\$ 2,754,109</u>

Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would result in material changes in the fair value of investments and net assets of the Organization.

**NOTE 9 ENDOWMENT ASSETS**

**Endowment**

Overview

The Organization's endowments consist of various investment securities, most of which are traded on public markets. The endowments are made up of board designated, purpose or time restricted, and perpetually restricted assets. As required by U.S. GAAP, net assets associated with these endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Interpretation of Relevant Law

The Organization's board of directors has determined the requirements of California's version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) to center around the preservation of the fair value of the original investment as of the date of the asset transfer. The investments resulting from donations directing that they be invested in perpetuity are classified as perpetually restricted. The earnings generated by these investments are classified as purpose or time restricted. The purpose or time restricted earnings are reclassified as without donor restrictions upon their appropriation for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by California's version of UPMIFA. The Organization considers the following factors in making a determination to appropriate or accumulate its endowment funds:

- the duration and preservation of the fund
- the purposes of the Organization and the donor-restricted endowment fund
- general economic conditions
- the possible effect of inflation and deflation
- the expected total return from income and the appreciation of investments
- other resources of the Organization
- the investment policies of the Organization

Return Objectives and Risk Parameters

The Organization has adopted investment and spending policies for endowment assets that attempt to provide funding for operating expenses of programs supported by its endowments, while maintaining the original corpus of the endowments. In order to meet this objective, the endowment asset portfolio is structured to achieve a compound annual return, net of investment management expenses, of 4% to 6% for the Intermediate Fund portfolio and 6% to 8% for the Long-Term, Endowment, and Board Directed funds. Risk parameters are set so that reasonable volatility, including larger potential fluctuations of principal, will be tolerated over the investment horizon, in as much as it is consistent with the volatility of a comparable market index. Endowment assets include assets of donor-restricted funds that the Organization must hold in perpetuity and assets of the Organization that the Board of Directors has designated for endowment purposes.

**THE ELIZABETH HOSPICE, INC.  
NOTES TO FINANCIAL STATEMENTS  
JUNE 30, 2024 AND 2023**

**NOTE 9 ENDOWMENT ASSETS (CONTINUED)**

**Endowment (Continued)**

Strategies Employed for Achieving Objectives

To satisfy its long-term rate-of-return objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a broadly diversified portfolio to achieve its long-term return objectives within prudent risk constraints.

Spending Policy and How the Investment Objectives Relate to Spending Policy

The Organization disburses funds as needed within the guidelines of the endowments. Over the long-term, the Organization expects the current spending policy to allow its endowment to grow at the average annual rate of inflation over 10 years. This is consistent with the Organization's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return.

Fund with Deficiencies

A donor-restricted endowment fund is considered to be underwater if the fair value of the fund is less than the original gift amount or the amount required to be maintained by the donor or by law. At times, the Organization may have individual donor-restricted endowment funds that are underwater. The Organization has a policy that permits spending from underwater funds depending on the degree to which the fund is underwater, unless specifically prohibited by the donor or relevant laws and regulations. There were no such deficiencies as of June 30, 2024 and 2023.

## Grief Doesn't Undo Us – It Reshapes Us

Kintsugi, the Japanese art of repairing pottery with gold, reminds us that healing can create something even more beautiful than before. It's a symbol of resilience—embracing our cracks and scars as part of a meaningful story, not something to hide.

The art of Kintsugi is deeply meaningful in the context of grief and loss because it reflects the truth that healing doesn't mean returning to what once was—it means moving forward with the cracks still visible, honored, and integrated into who we are.

### Family Testimonial

*This Kintsugi project was one of the activities from my daughter's elementary-age peer group. She broke this pot, decorated it, and glued it back together. She wants people to notice the piece with various shapes and the phrase "grief is different," which symbolizes to her that everyone experiences grief in a different way.*

*Kids in these groups are all allowed to participate and express their grief in their own individual way. This is so important, as I have learned that children who experience loss will process their grief throughout their lives as they develop and go through different stages of life.*

San Marcos Community Foundation  
City of San Marcos  
1 Civic Center Drive  
San Marcos, CA 92069

Dear San Marcos Community Foundation Board,

Write Out Loud has been delighted to provide Kamishibai performances in the San Marcos Library this past year, with funds provided by the San Marcos Community Foundation. The response has been overwhelming, with large audiences of enthusiastic children and parents.

Write Out Loud's Board is wholeheartedly in favor of applying, in this new funding cycle, for support from the San Marcos Community Foundation, enabling us to continue to bring this unique form of Japanese storytelling to even more young people in the San Marcos community.

We hope you will look favorably upon our request.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Spuck", written over the printed name.

Briefly describe your request for funds. Write Out Loud (WOL) is requesting a Regular Grant to support one of its most popular educational literary programs, offered to the San Marcos community. *Kamishibai* is a Japanese tradition combining live storytelling with illustrations mounted in a miniature theatre. Illustrations are changed as the story unfolds, making it possible to see the images and experience the storytelling at the same time. *Kamishibai* holds children's attention, helping them focus and learn vocabulary, igniting curiosity and inspiring imagination, while simultaneously encouraging understanding and empathy for other cultures.

*Kamishibai* will be presented in libraries and classrooms, and students will create their own stories to be presented to family, friends, and the community. WOL offers some *Kamishibai* stories in both Spanish and English, side by side, enhancing the experience for English language learners and giving primary grade students exposure to Spanish. Worksheets to support understanding of Spanish/English words used in the story are provided.

Briefly describe the significance of your request to the San Marcos community, including anticipated numbers served. Storytelling is a powerful and unifying tradition. It engages the imagination, inspiring respect for others and tolerance of other cultures.

Write Out Loud will: 1) present 20 *Kamishibai* performances at the San Marcos Library and in preschool and elementary classrooms in San Marcos, serving between 800-1,000 children. *Kamishibai* is an especially effective foundation for learning to read while capturing children's attention, helping them focus and comprehend vocabulary at a higher level than trying to read on their own. This interactive presentation ignites curiosity and inspires imagination while introducing a culturally distinctive art form.

Do you collaborate with other organizations to achieve your mission? If so, briefly describe those partnerships highlighting any that are located in or serve San Marcos residents. WOL's long history of partnering with SD County school districts and county libraries, including San Marcos Library and High Tech Elementary, brings *Kamishibai* to approximately 15,000 people annually.

Has your organization received funding from the San Marcos Community Foundation in the past? If yes, please briefly describe the most recent project which received funding and the outcomes you achieved. If you have not received funding in the past, you can leave this section blank.

Yes which enabled us to provide Kamishibai at San Marcos library on ten occasions through April 2025 for a typical audience of 50 children & parents each visit, introducing a new form of storytelling.

Please provide a detailed narrative of your organization's mission and impact to the community. Include details such as strategic objectives, milestone achievements, and testimonials.

Founded in 2007, Write Out Loud (WOL) is the only organization of its kind in San Diego County (and perhaps in the country) that offers literary readings for all ages, from toddlers to seniors, as well as an interactive literary festival and many literary-based educational programs. Through the prism of reading literature aloud, storytelling, page to stage theatre and promoting original writing, Write Out Loud succeeds in its mission to inspire, challenge and entertain through literature.

**Our Work:** *KAMISHIBAI* (Japanese storytelling form) presenting international folktales and Japanese incarceration stories in classrooms and libraries; *RIPPLES FROM WALDEN POND* (one-man play about Henry David Thoreau and his ideas) presented in schools and libraries; *STORIES FOR SENIORS* (literature read aloud to seniors) in assisted living, memory care and senior centers; *SENIOR READERS THEATRE* provides opportunities for seniors to serve as readers; *POETRY OUT LOUD* (regional coordinator for national poetry recitation competition); and two programs designed to give youth a voice: *READ IMAGINE CREATE* (encourages students to create a personal expression of their experience with a specific work of literature) via free books and visual art and writing workshops; *LET YOUR VOICE BE HEARD* (poetry writing initiative) K-12 grade students compose original works of poetry in any form (e.g. sonnet, blank verse, haiku) via poetry writing workshops; poetry performance event and poetry displays in neighborhoods. These programs are typically offered at no cost to the school/venue/participant. WOL's ticketed events include: *STORY CONCERTS* (short stories and poetry read aloud) presented six+ times a year for adults; and *POEFEST* (literature of the macabre) fully staged interactive performances for families each October since 2018.

In March of 2020, in response to the lockdown mandated by the Covid-19 pandemic, WOL launched LISTEN TO THIS, recording and distributing via the internet, short stories and poetry, every day, through July 2022, to 3,000+ people in San Diego and across the country who were unable to be out and about - many of whom were alone and isolated. Also, during the pandemic, WOL and three partner organizations produced a SAN DIEGO DACAMERON PROJECT, inviting original stories about pandemic experiences from county residents. Entries were adjudicated, all made

available on partner websites, the top ten were videotaped and live streamed at a public (virtual) event (viewed internationally), and the top 100 entries were published in an anthology.

Kamishibai (translation: paper theatre) captures students attention and sparks imagination while introducing a culturally distinctive art form. Presented in libraries, parks, pre-schools, senior centers, classrooms, etc. in culturally diverse neighborhoods, Kamishibai primarily serves young children (age 1-12) with international folktales, some in Spanish.

Write Out Loud has received positive feedback about the impact of Kamishibai:

*Walter, aka Grandpa Grumpy, is an amazing storyteller. Not only does he tell his stories here in Descanso with great enthusiasm, but he engages with the children so well that they cannot help but stay enthralled with everything he is saying. Anyone that is privileged enough to see Walter perform Kamishibai is always in for a wonderful treat.*

*The Kamishibai Storybox is greatly appreciated at the Pine Valley Library, introducing our community to the origins of Kamishibai storytelling from Japan. Kamishibai offers a unique and captivating way to share stories which many have never seen before, and our community has embraced it wholeheartedly.*

*Each month, families look forward to this special story time, led by our beloved storyteller affectionately known as "Grandpa Grumpy." His engaging performances and vibrant storytelling style have made him a local favorite. Children are especially drawn to the colorful illustrations which bring each tale to life.*

*Parent Comments:*

*"My son has enjoyed the Kamishibai Storybox so much that we're making our own theatre box at home. He's even creating his own story and drawing the pictures."*

*"I heard all about the Kamishibai Storybox from one of the other moms. I heard it was great and we're not missing the next one. When does he come next?"*

*It has been a wonderful experience, we're very thankful for Walter and Write Out Loud for bringing their special storytelling, Kamishibai, to the community of Potrero! Write Out Loud's performance helped create an exciting celebration for Día de los Niños.*

*~Arianna Rossetti, Librarian II, Rural East County Mountain Region.*

Discovered by one of WOL's founders researching literature to share with children, *Kamishibai* is now one of WOL's most popular programs and has grown exponentially. Its impact is seen through its steady expansion, regularly inspiring audiences. In 2016 WOL produced a Roald Dahl centenary celebration (partnering with the Dahl estate) using *Kamishibai* to present two Dahl stories (one about gun violence) in museums throughout Balboa Park. WOL has also created *Kamishibai* stories about Japanese

incarceration and civil liberties violations. At the request of teachers for American *Kamishibai* stories, WOL has adapted Native and African American folk tales to the *Kamishibai* form.

Write Out Loud is so committed to this art form that it launched the World *Kamishibai* Forum in 2020 in partnership with two world-renowned *Kamishibai* scholars, Donna Tamaki and Tara McGowan. Funded by the Japan Foundation, the *World Kamishibai* Forum virtual workshops are hosted 10 months a year, engaging 600+ *Kamishibai* artists from 52 countries on six continents. In February, 2025 WOL hosted the first in-person World *Kamishibai* Forum, including a day of international *Kamishibai* performers presenting in area classrooms, and two days of *Kamishibai* workshops for an audience from across the globe.

Write Out Loud received a 10 News Leadership Award; Veronica Murphy, WOL co-founder and Artistic Director received the California Teachers of English Award of Merit and the Deborah Salzer Excellence in Education Award.

Re: Alliance for California Traditional Arts – Living Cultures Grants

Dear Walter and Veronica,

I am delighted and honored to provide a letter of support for Write Out Loud's Kamishibai program.

I recently encountered your presentation of Kamishibai at the Japanese Friendship Garden in Balboa Park, and was pleased to learn of this traditional Japanese storytelling form that I had not previously been exposed to. Since then, I have been following you on social media and have been impressed by the amount of Kamishibai programming you do – it seems like you are everywhere!

As a retired family practice physician, I was fascinated by the response of the children as they watched, listened and reacted to the Kamishibai stories at the Doyle Elementary School International Festival. With so much going on all around them, the children seemed spellbound through story after story. I am proud that this vestige of Japanese culture has found a place in San Diego.

As you know, I am involved in several organizations that serve the local Asian American and Japanese American communities. I currently serve on the board of the San Diego chapter of the Japanese American Citizens League, am a member of the Japanese American Historical Society of San Diego, am a member of the Japanese Friendship Garden, and am a member of the Yokohama Sister City Society.

With Warm Regards,
