- ■ Almost 6,000 highway deaths each year involve distracted driving.\*
- ■ Distracted driving includes driving while texting or while under the influence of drugs or alcohol.
- ■ The *Start Smart Teen Driving Safety Class* is designed to address teen and parental responsibilities related to driving and help reduce the number of preventable injuries and deaths.
- ■ Please plan to attend the upcoming class. Space is limited and pre-registration is required. A parent must accompany their teen driver through the presentation.
- ■ To enroll, please email:
